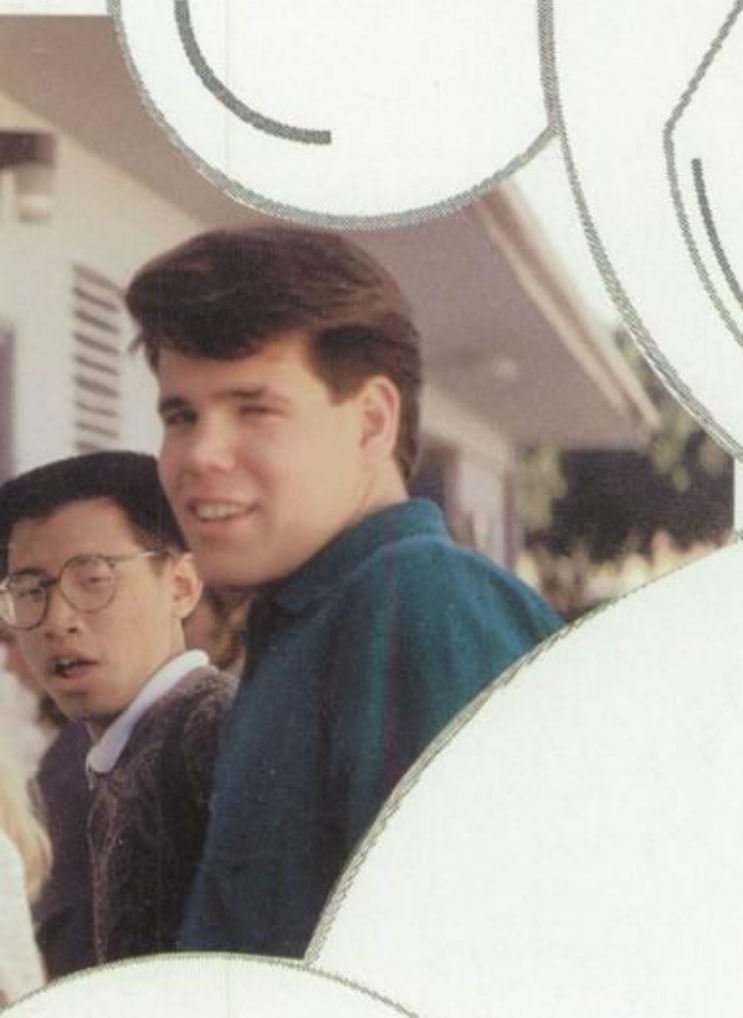
MATER DEI HIGH SCHOOL

Crown 1988
Volume 32

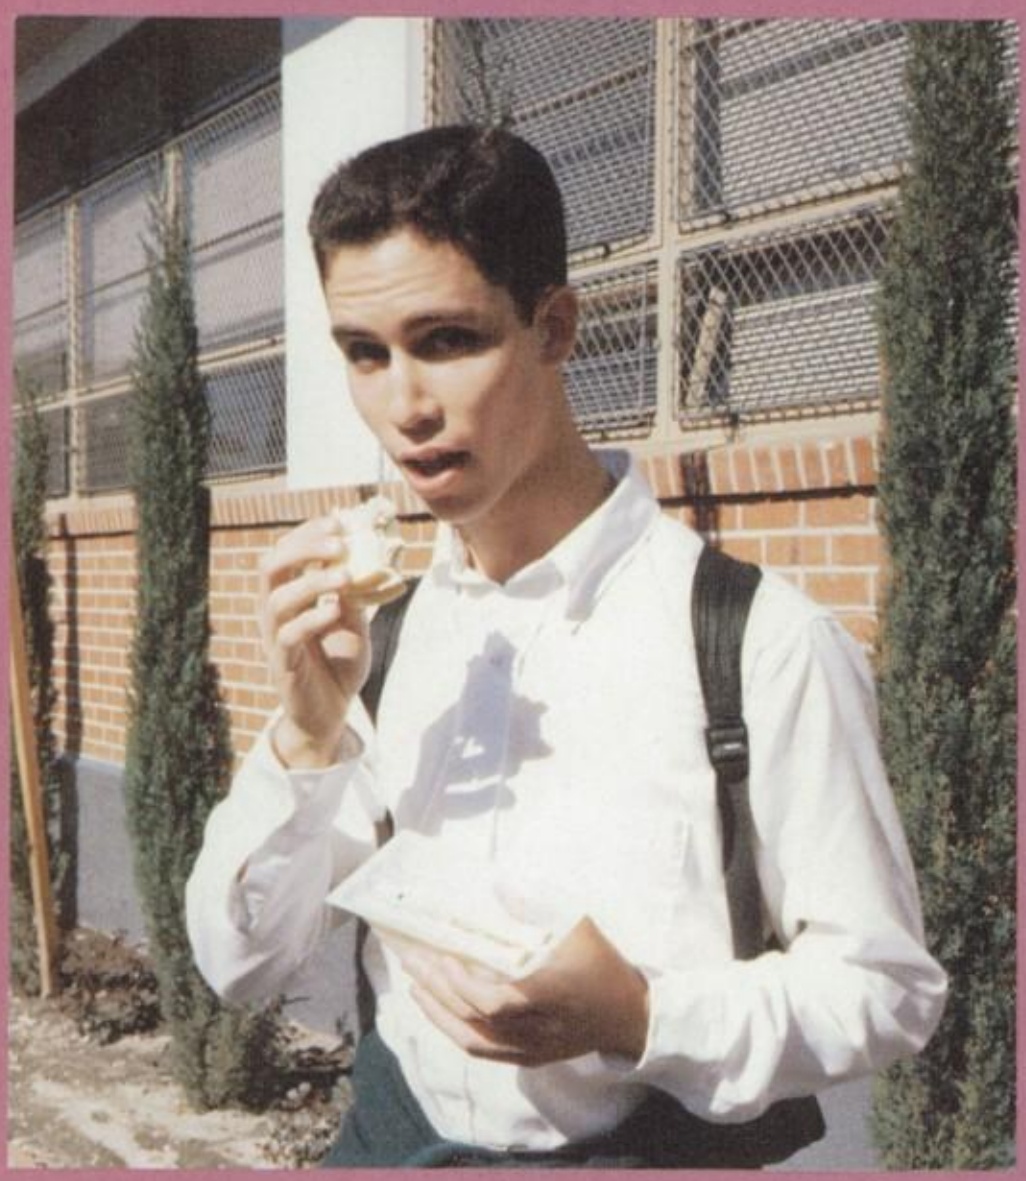
1202 W. Edinger Ave.
Santa Ana, California 92707

A CAST OF . . .

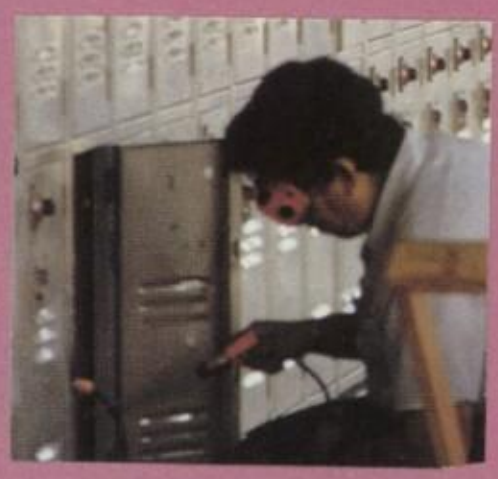


. . . CHARACTERS

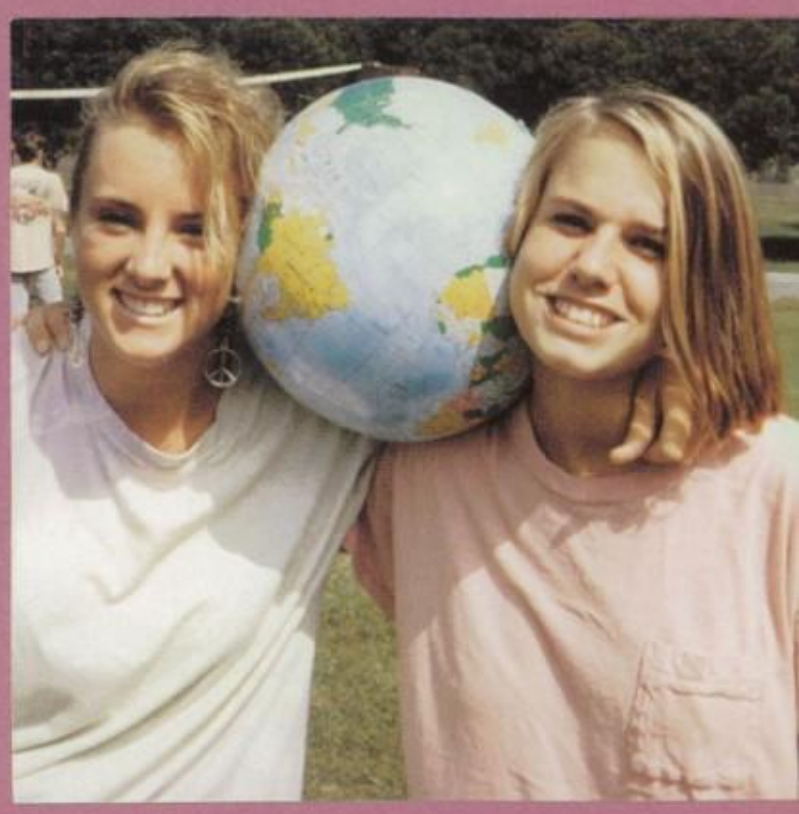
"Don't hide behind your friends."



"It's the simple pleasures of a sandwich that make it the most enjoyable."



"Some people will stick their nose into anything."

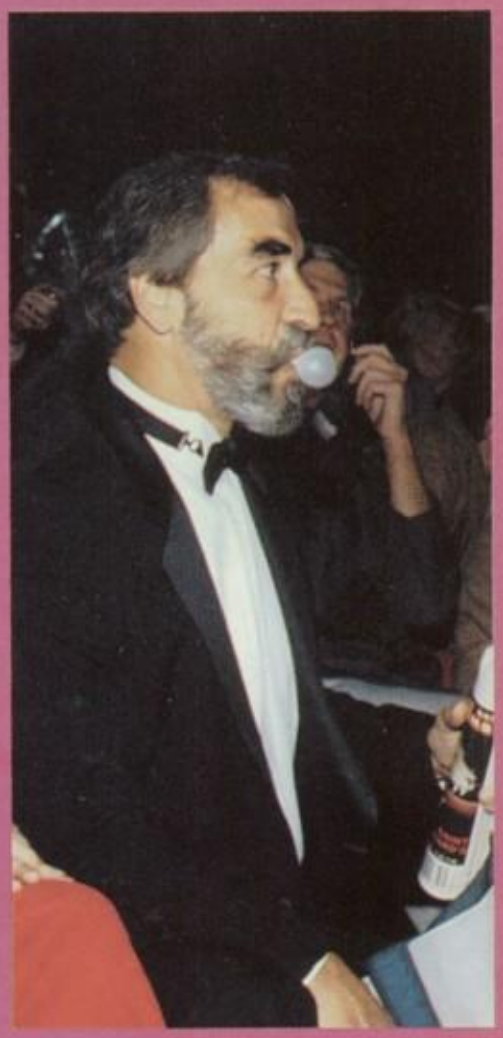


"Love makes the world go 'round."

WORDS OF WISDOM

"I began to wonder just why I had agreed to this."

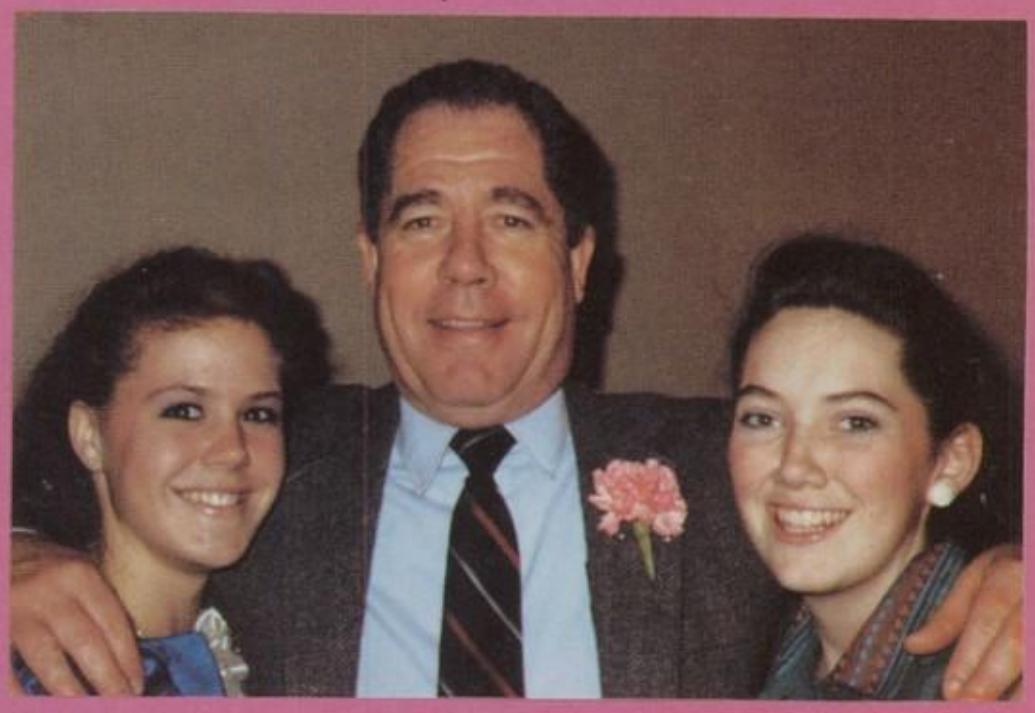
"Some people have all the fun."



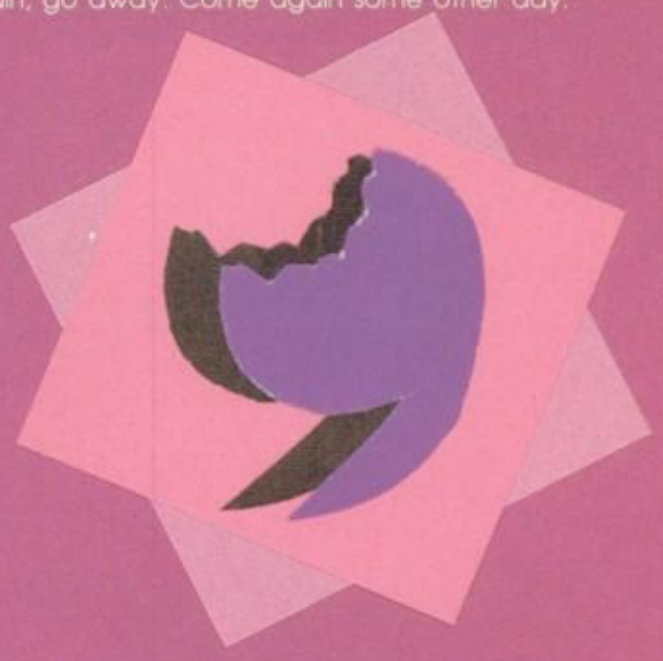
"There are certain ways that one can best appreciate a football game."

"Don't close your eyes. You may miss something."

"Choose your role models carefully."



"Rain, rain, go away. Come again some other day."

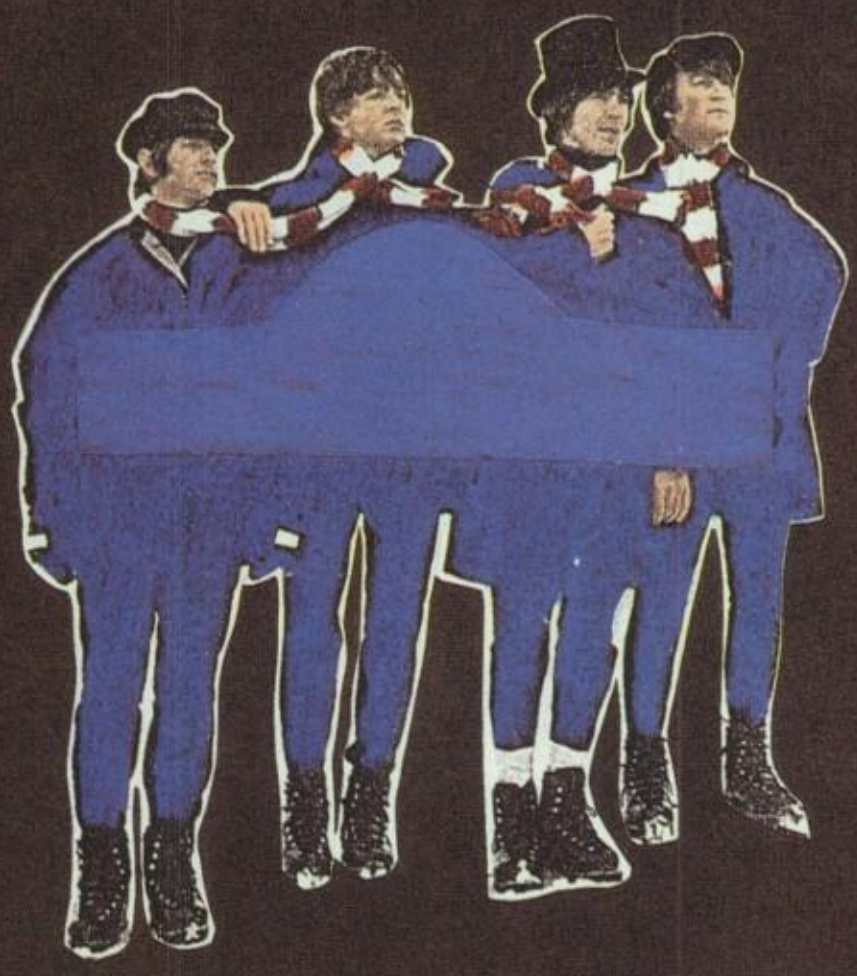


These aesthetically pleasing faces are all members of the Homecoming Court. Last year's queen, Kelly Reinhart, passes her crown on to this year's queen, Gabriella Lengua.

NOTE-ABLE FACES

Fallen victim to the elements, Mr. Golden is forced to use an umbrella upon viewing the Homecoming Game. Mr. Golden is a familiar face on campus as the head of the equestrian club, director of academics, and the assistant principal of Mater Dei.

Pausing before entering the bus, Naomi Castillo is about to embark on the senior retreat. Naomi is a senior leader of the Drill Team.



Relaying his words of wisdom to the students, Father Weling delivers an awe inspiring speech. Father Weling often gives speeches on a number of topics.

ALLUSIONS OF GRANDEUR

Every day of our lives, we are bombarded with the faces, voices, and words of people who have somehow become elevated above the rest of society. Through movies, television, radio, books, music, magazines, billboards, and newspaper, these notables have left their mark of fame, fortune, and glory.

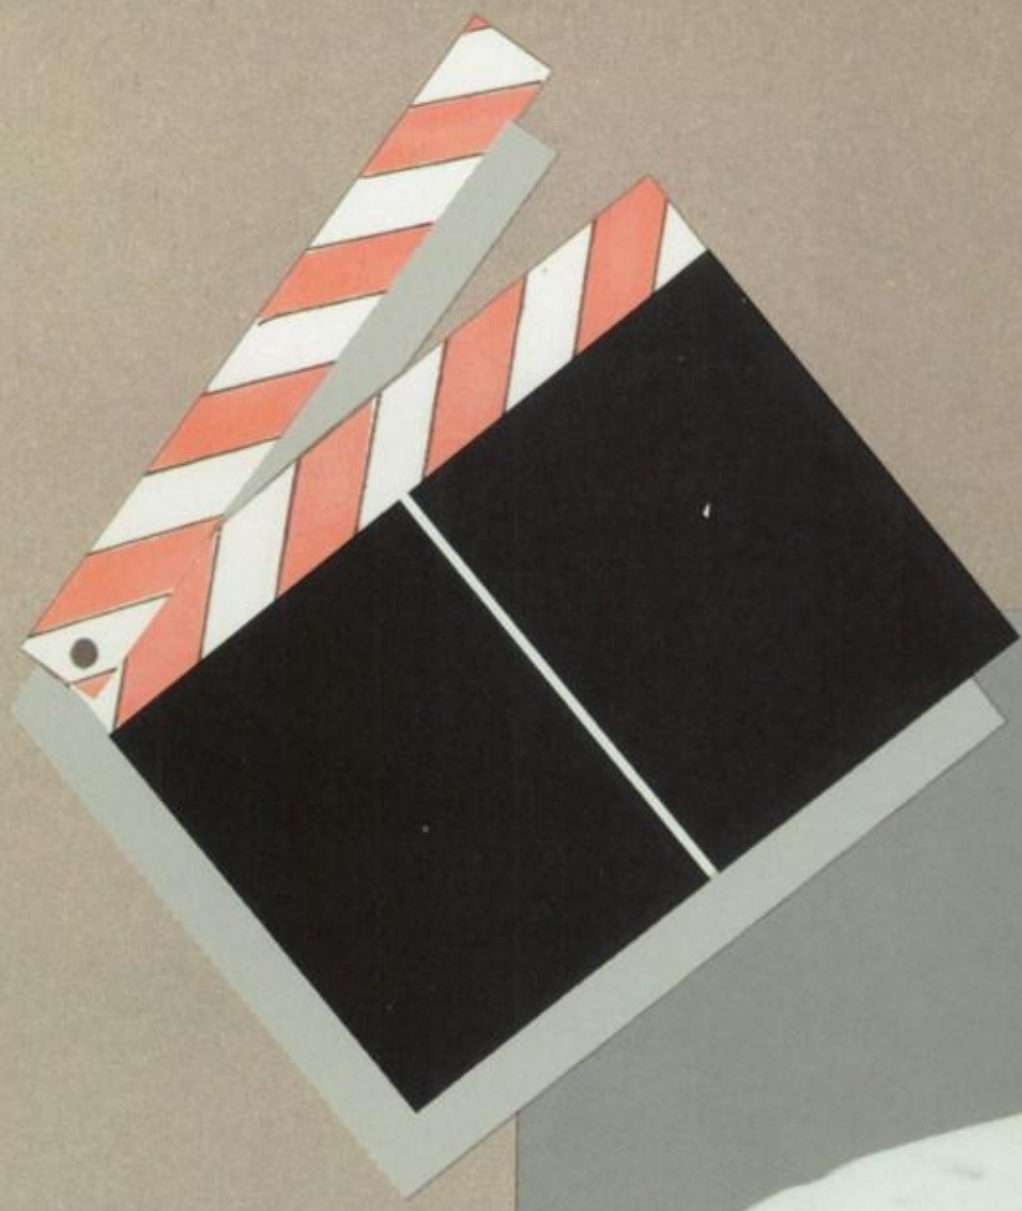
Everyone has a favorite celebrity. One might be particularly fond of a talented singer, an attractive actor or actress, a controversial politician, a dedicated humanitarian, or even a successful businessperson. People are fond of admiring someone who has overcome the odds and made it big. These "stars" are often the starting point for dreams of hope and glory; that, somehow, we too might become a household name.

What is often forgotten, however, is that each of these movers and shakers has to endure the same challenges everyone else does. Each of them has had to persevere through personal doubt and crisis. In fact, many of them have gone through four years of high school wondering what they were going to do with their lives and worried that they might never accomplish anything noteworthy.

It is common for people to dream of fame, fortune, and glory. Many especially talented dreamers spend an entire life thinking about what it would be like to be respected and admired by people they have never met. What is not common, however, is the initiative to act on these dreams and turn a fantasy into a feasable goal. These are the people who can discern what they want from life and who are willing to struggle and persevere to achieve their hopes and dreams.

Many of the students who have gone through the halls of Mater Dei have dreamed of making it out of high school and into the world at large. Several hundred more of these students have succeeded in reaching the end of their four years at Mater Dei. They may have doubted whether or not they would make it, but they did. Now they move on to their next set of dreams.

Aiming to boost the spirit at Mater Dei, head cheerleader Kevin Kelly sets the pace for the homecoming rally. This year's cheerleading squad will go in the history books as National Champions once again.



Enjoying a pleasant feast together in the lunch shelter, Midge Layton and Scott Martin pose readily for the camera. Through close friendships, people can get to know themselves and others much better.

YOU OUGHT TO BE IN PICTURES

Dressed up and ready to go, senior Mike Whitaker enjoys the company of Grainne McEvoy and Marie Grimely. These three yearbook staffers are excellent examples of the close unity found in the yearbook class

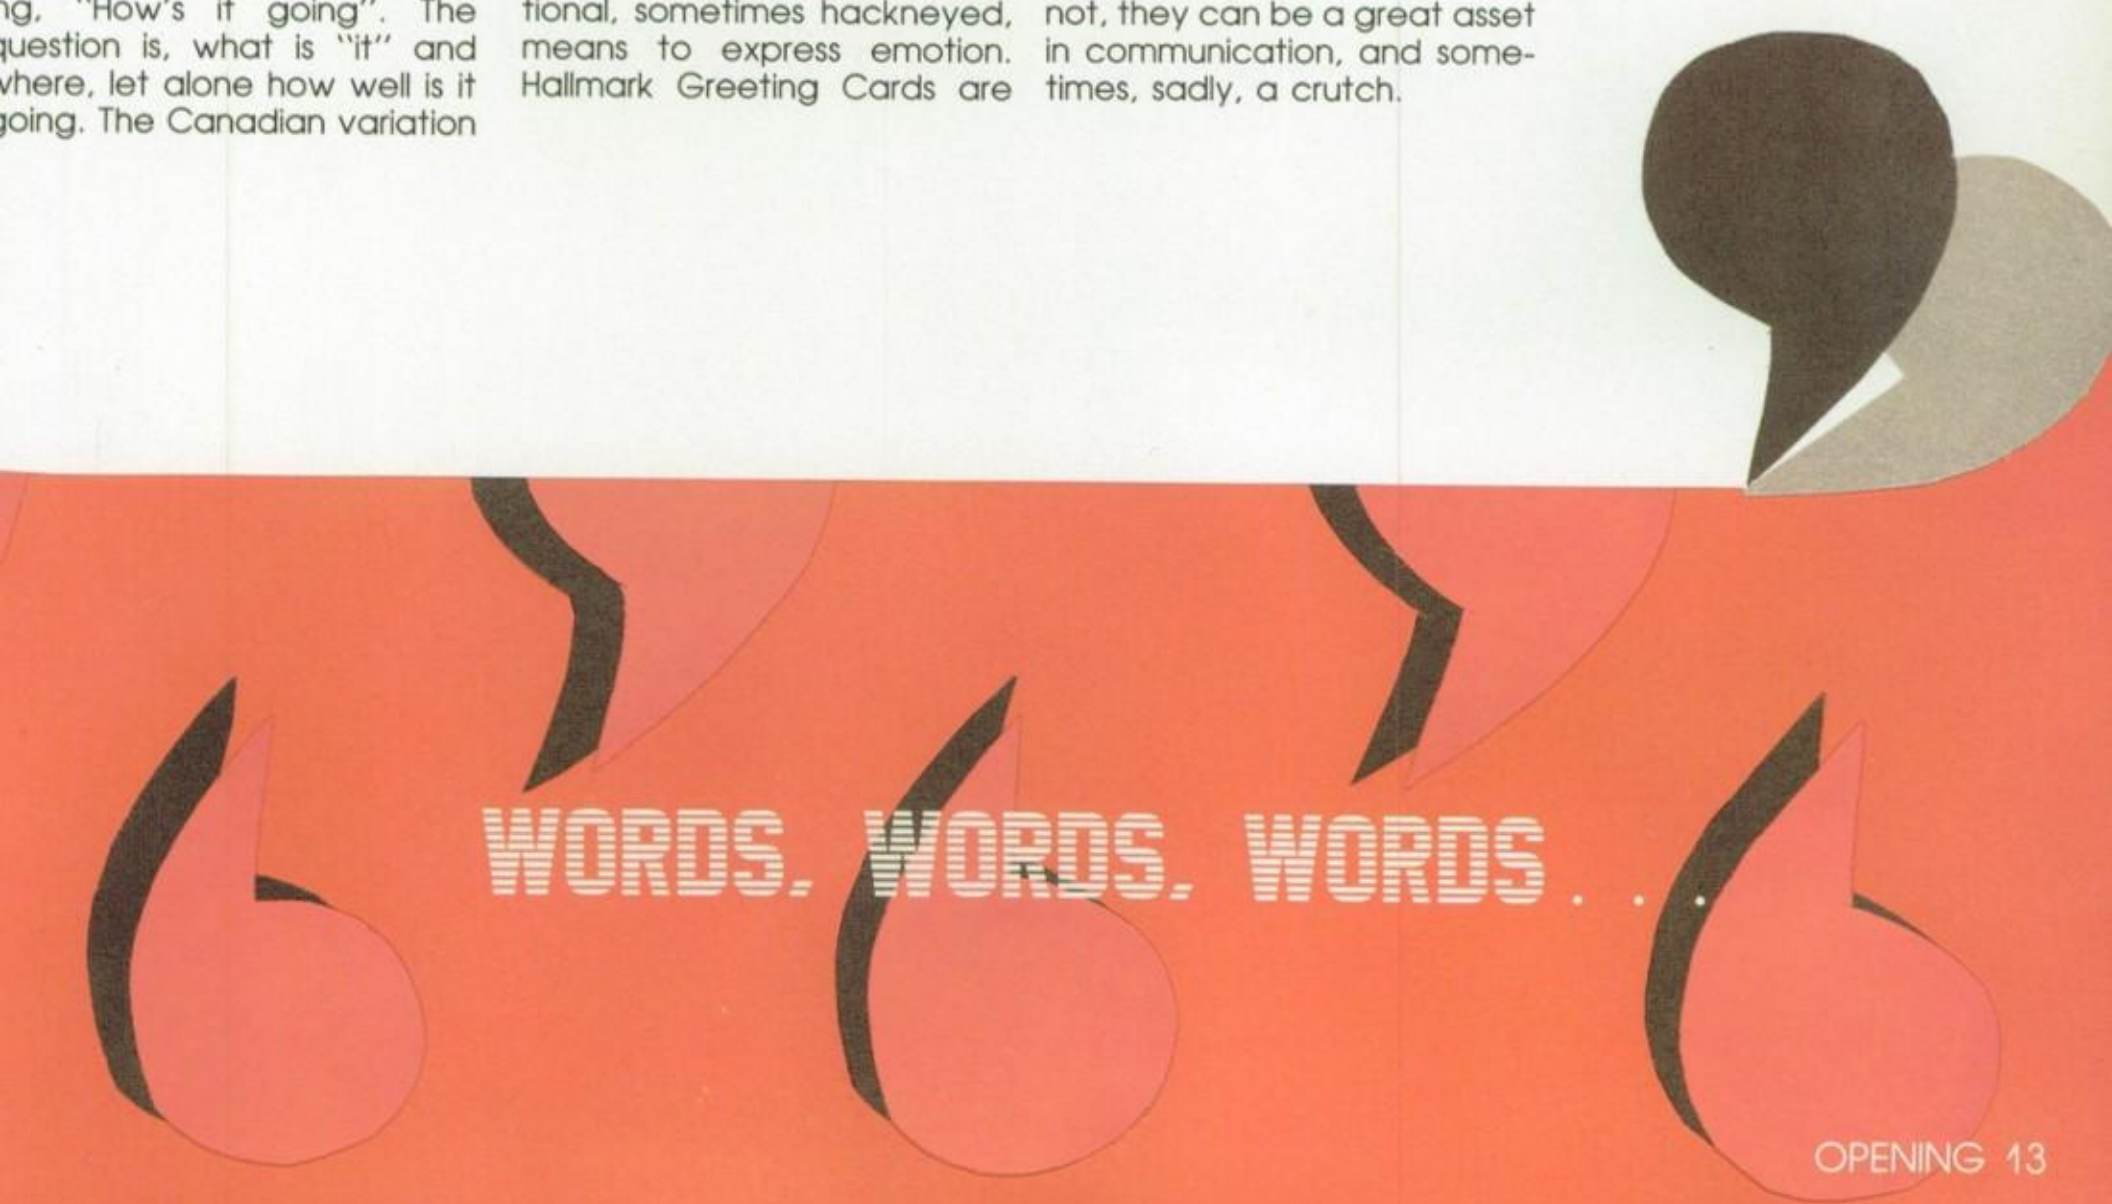
Proving that she hasn't lost her performing skills a bit, Miss Milby puts on an excellent show for the students. Miss Milby was just one of the many staff members who helped put together the show at the Homcoming Rally.

Sprinkled throughout people's daily conversations are words and phrases that have been borrowed from various sources. Used to spice up conversation, they may range from the standard salutations of, "How's it going", and, "What's up", to the more picturesque slogans of, "Go ahead, make my day", or, "Worse things happen at sea" (Not to mention, "Don't blame me", "It's not my fault", and "I am not a crook"). These tasty tidbits give people a common ground in communication. They give people a short-cut in conversation by relying on implied meaning and previously understood usage to give people an opportunity to say a lot without wasting much breath.

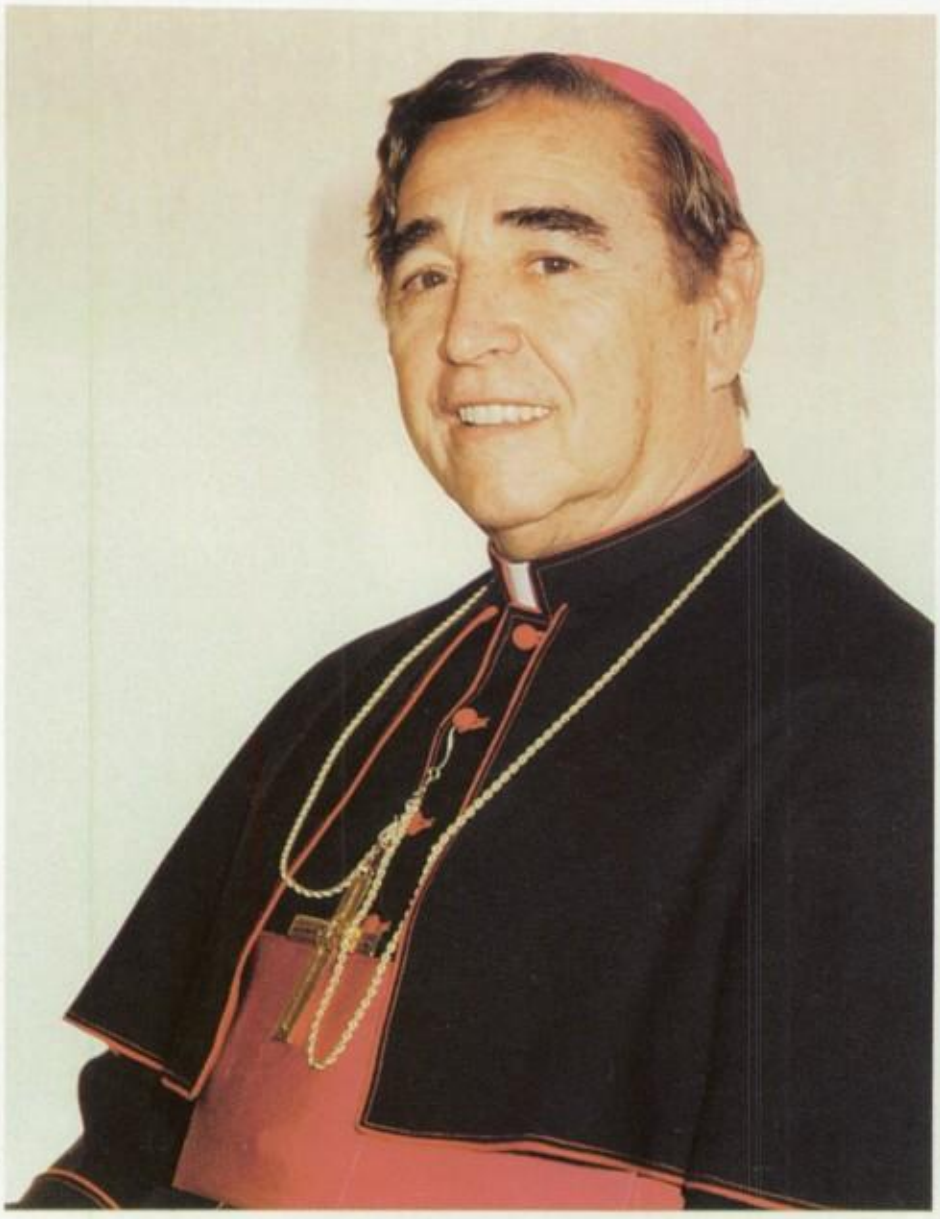
Often the phrase in question may sound very strange when taken out of context. Take for example the common greeting, "How's it going". The question is, what is "it" and where, let alone how well is it going. The Canadian variation does not shed much light either. "How's it going, eh", does little to solve the problem. Of course, when one emphasizes that it is a standard greeting, it does not have to make sense. It is simply a different way of saying "Hello". What the individual using the phrase interpets it as is irrelevant. The odds are that the person hearing the words in question will interpet based on the common understanding of the greeting.

It is ironic that a large part of conversation, the basis of virtually all relationships, is dependant on the use of such common phrases. Instead of being an avenue of personal expression, the majority of conversing follows a formulated regiment of inquires and answers that serve to keep people in touch with others, but rarely gives a person the opportunity to express themselves. In fact, many people choose to use traditional, sometimes hackneyed, means to express emotion. Hallmark Greeting Cards are used extensively to give people a way of expressing their feelings without using a personalized form of communication. Recycled slogans such as "Love makes the world go around" and "A rose by any other name ..." serve similar purposes. Some people pay for books of witty phrases and standard put-downs in an attempt to display wit without having to develop it on their own. Others look to heroes and movie stars for helpful hints and quote favorite movies. One thing in common is the need to be understood, let alone appreciated.

Common expressions, famous quotes, and allusions of grandeur all serve to convey various messages to different people. They may be used to break the ice in a tense conversation or to serve as captions in a yearbook. But, whether they are original or not, they can be a great asset in communication, and sometimes, sadly, a crutch.



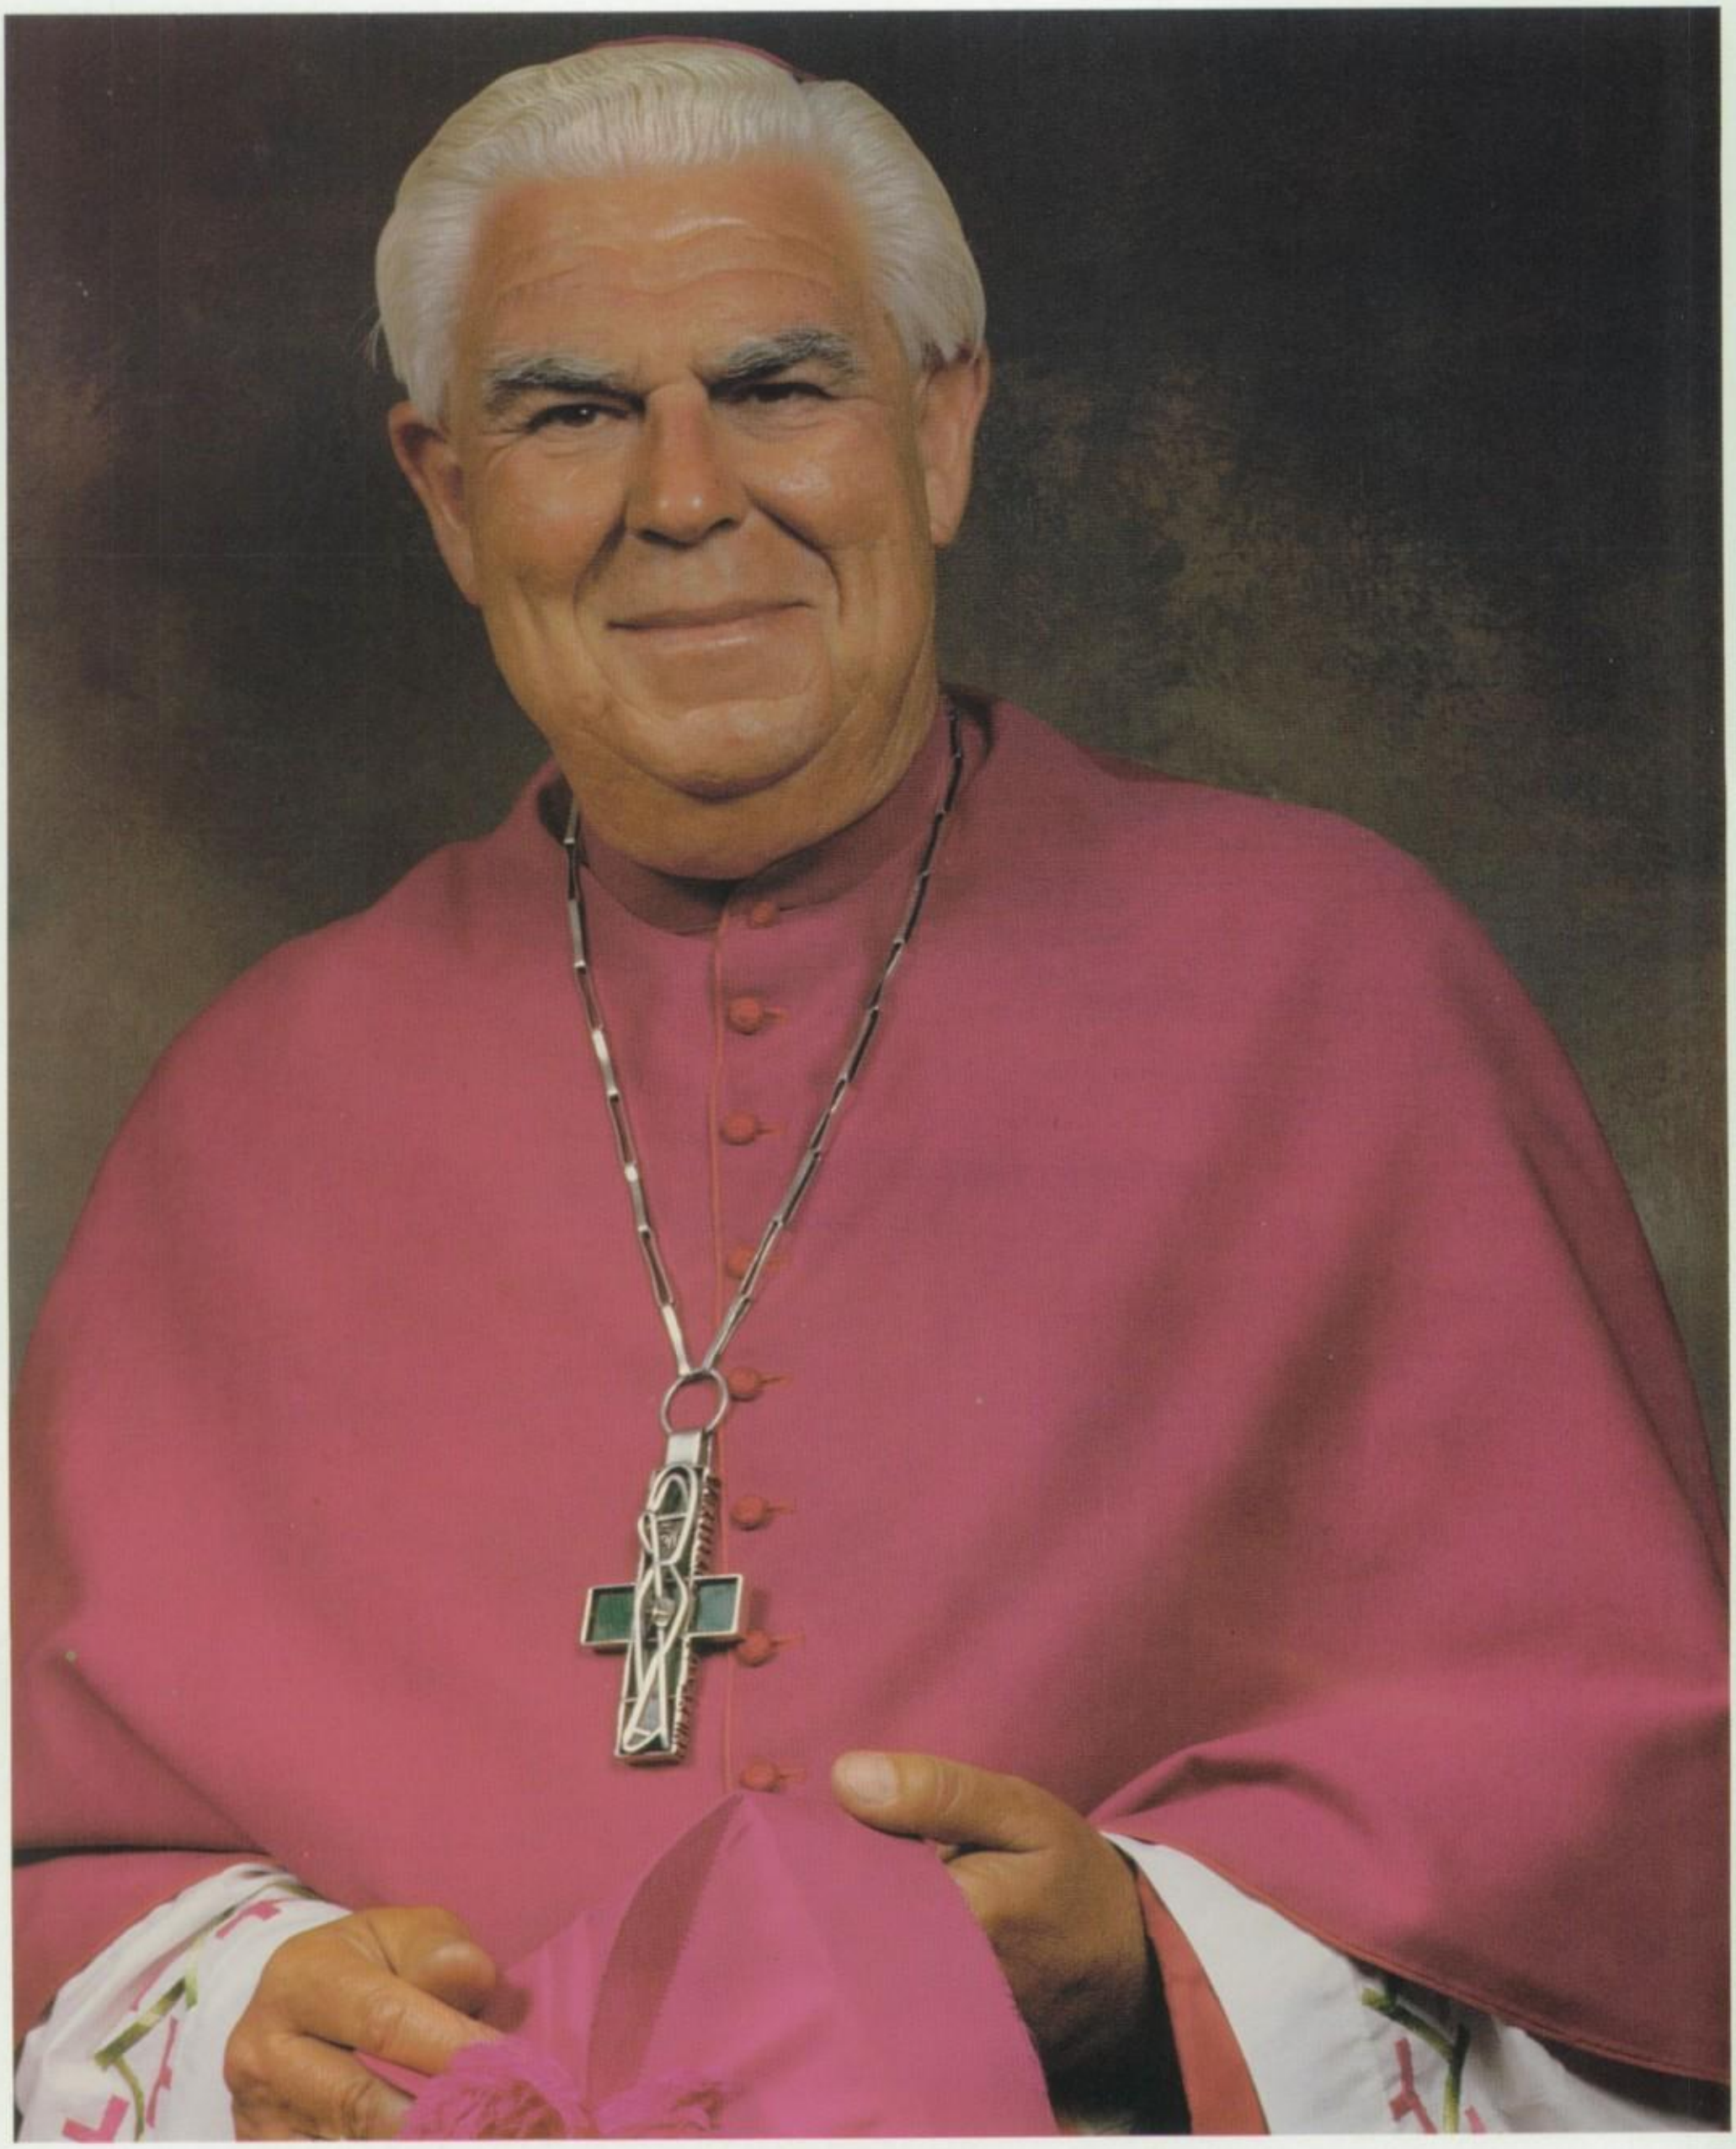
"A picture is worth a thousand words."



Most Reverend Thomas A. Clavel, D.D.

Sister Celine Leydon, S.S.L.

Brother William Carriere, D.D., Assistant Supervisor of Education.



MOST REVEREND NORMAN McFARLAND, BISHOP OF ORANGE.

YEARBOOK MESSAGE 1988

Dear Students:

As this year of New Beginnings draws to a close, this "Principal's Message" for the Yearbook is yet another new task. Not exactly sure how to review the year, I decided to turn to something not-so new. Dusting away almost two decades from my set of Crown Yearbooks, some of the personal messages were nothing short of inspiration...."It's been groovy getting to know ya." "Have a boss summer." "Catch you with the waves at 28th Street." "Merino's class was a gas!" "Hope you never stop smiling like you do." "Have a far-out future."

Somehow, however, these sentiments do not totally capture my thoughts on this year and all of you. Then and now it is difficult to meaningfully sum up the Mater Dei Experience in a few words. In 1987-1988, it was the "Greatest Show On Earth."

We began the year with Pope John Paul II's declaration of a Marian Year. The greatest show of honor to Mary, Mater Dei, was your willingness to follow her example as a servant of the Lord. May these pages help you remember the moments of faith, spirit, love, sacrifice, growth and fun which you shared throughout this year of Mater Dei.

We are deeply grateful for the dedication and hard work of Mrs. Tanya Dhuyvetter and our Yearbook Staff. Their creative labor of love is a great show in itself.

All of you have made my New Beginning as Principal an experience I will warmly remember. Along with extending you my love and prayerful best wishes, I hope your summer is enjoyable, if not boss, and your future far-reaching if not far-out. In good times and bad, may God's love and peace keep you smiling.

Yours in Mater Dei,

John B. Weling

Rev. John B. Weling

1. The "Hordes" show their personal styles at the Hallowe Dance. Each "Horde" dressed up to show their individ personalities.

and I owe it all to you.

Dear Class of 1988:

In September we began a journey of new beginnings together. You were new to your role as seniors and leaders within our school community. I was new to my role as Principal. Now that you are new graduates, I want to express the gratitude, pride and love I feel in my heart for you.

I thank you for truly making this year so successful and enjoyable. Your willingness to accept and support a "rookie principal" during your last year was deeply appreciated. It was my desire at the very beginning not merely to do things for you but to work with you. In so many ways I will always feel a special closeness to you as my first graduation class.

I take great pride in your many accomplishments this year. At the Orientation Day assembly, I remember challenging you not to look back on your senior year with any regrets. I know that so many of you now need not do that. You have been more than just a class. You have shown a lot of class. I commend you for your enthusiastic and fun-loving spirit; your willingness to be involved; your commitment to your studies and concern for the future; your desire for honest and open communication; your openness to change; the good and responsible example you have provided; your faith expressed in your daily prayer and love for others; your embracing the struggles and challenges which came your way. The Class of 1988 has indeed left a wonderful legacy to the tradition of Scarlet and Gray.

Now as your journey continues far from the corner of Bristol and Edinger, more than anything I want you to know that you have my love and prayerful best wishes. May you continue to develop and use your God-given talents and opportunities to build up His Kingdom. As you remain open to the new beginnings of each day in the years ahead, may the spirit of Mater Dei keep you close to the peace and happiness of her Son, Jesus Christ, who makes all things new.

Lovingly yours in Mater Dei,

John B. Weling

Rev. John B. Weling

Feature Stories

Life in the Slow Lane

In those letters to your parents that are handed out during eighth grade information week, Mater Dei claims to teach the students the skills and knowledge they need for their future, as well as Christian values. One thing they don't mention — a fring benefit, you could call it — is that patience is taught here too. The classroom? No, the Monarch Den, of course.

The Den is known around M.D. for it's simple but satisfying cuisine. Den food contains wondrous amounts of those substances so dear to MD students' hearts: sugar, caffeine, salt, grease, . . . not very nutritious, but certainly delicious. So every day at lunch, hordes of non - health - food - freaks coverge upon that beloved little room next to the gym for their relief of junkfood cravings.

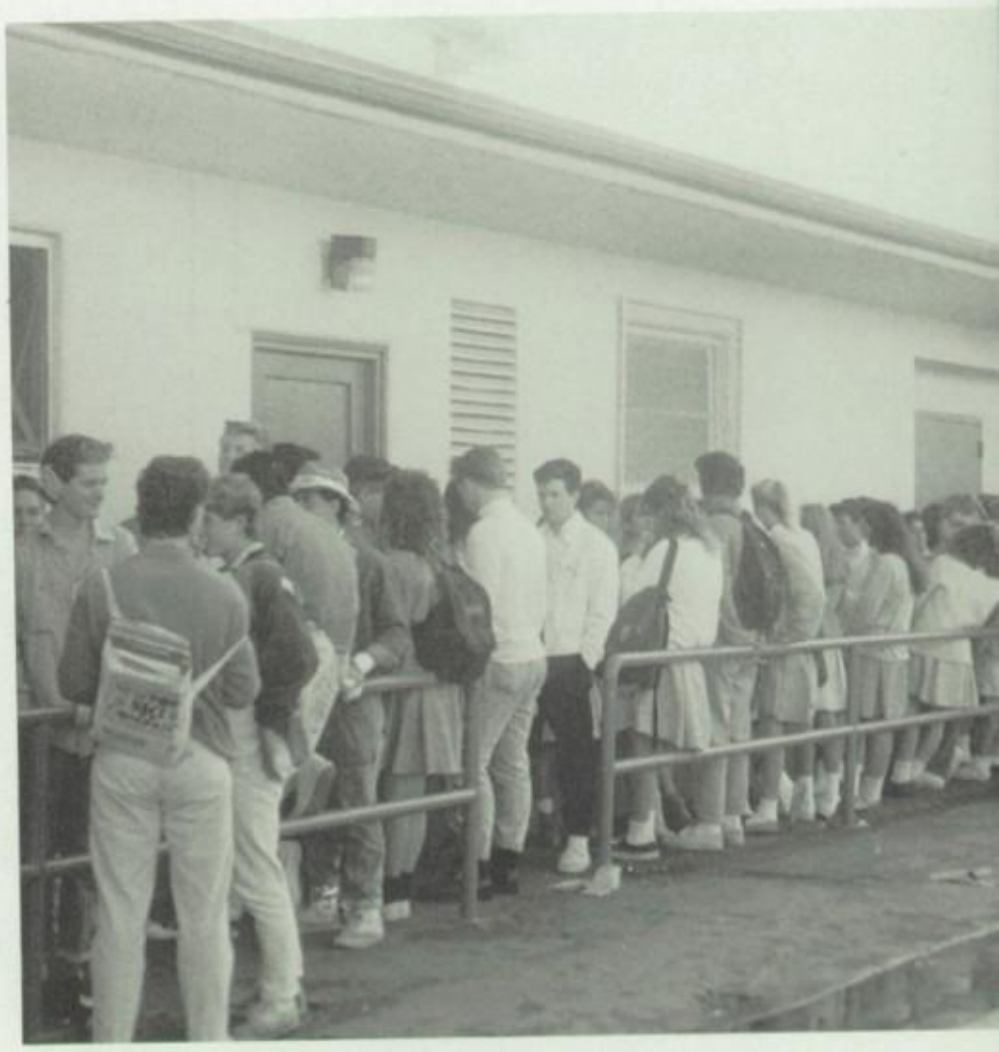
We stress HORDES. The line has been known to curve around the side of the building past the edge of the gym. Students stand, exposed to the cruel elements, waiting and hoping that all the Snickers bars won't be sold out. (Don't worry, they will.)

There are a lot of students. It's a long line. It takes a LONG time. Statisticians estimate that in the time it takes an average Monarch to get from end of line to Den, the Sahara Desert engulfs another three villages, six million babies are born, and 45,622 car crashes occur in the United States. It's scary but true: you can waste your life away in that line. And all for a bar of Snickers. (Is is all worth it? Need we even ask?)

A snack bar has been built to deal with this phenomenon, but our sources, who wish to remain anonymous, estimate that the only way the situation could be 100% improved is the purchase and transfer of every snack bar in the Big A Stadium. If this were to occur, snack bars would be placed conveniently in the baseball field. Fr. Weling and Mr. Ickes are said to be discussing this set - up at press time. We'll keep you informed.

Until these dreams come true, however, the lines are a reality that must be dealt with. How? An obvious solution is: use the time as a study hall. For the less industrious we suggest: personal grooming, catching a few wink of sleep (sleeping bag sugges ed), catching up on your favori soap via portable t.v., or eve making new friends. After a we're all in the same predic ment, so we might as well be ni about it.

Isn't that what MD is all abou anyway?



The Big Trash Dilemma

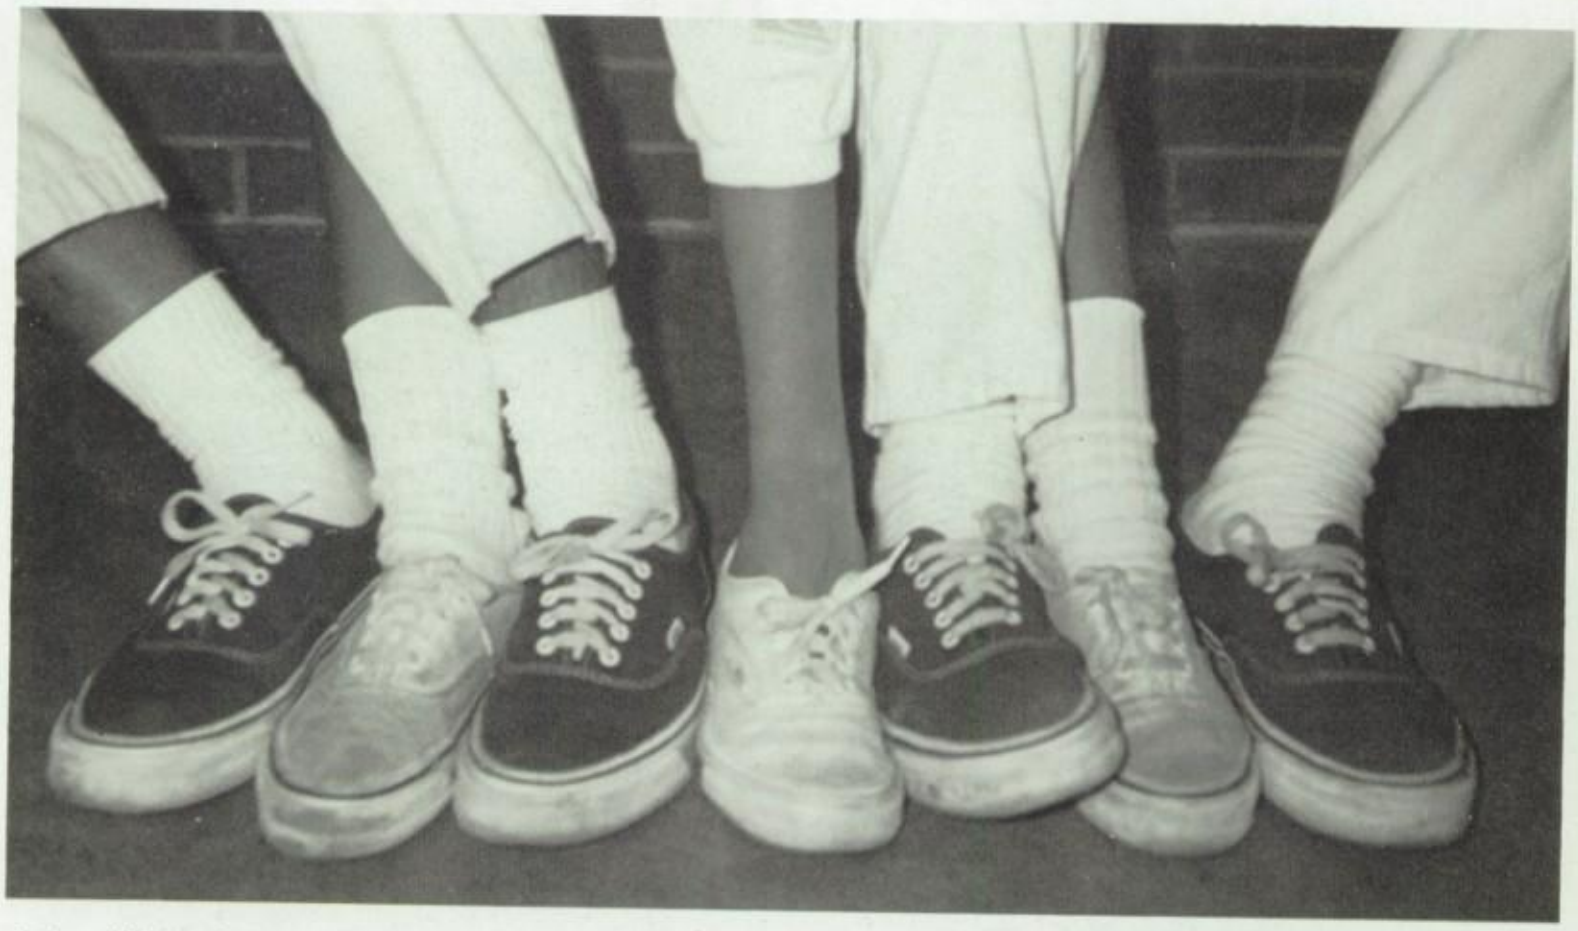
Yes, it's that moment again. The moment everyone here at Mater Dei is dreading. The three warnings have already been given and everyone is tentatively awaiting the announcement to come. An announcement that will result in the extension of ten minutes into the rest of the school day.

The serious problem of trash in the lunch shelter has forced the Administration to take drastic measures. If the garbage is left on the ground after either one of the lunch periods a warning is issued. These warnings accummulate to a maximum of three. After the three warnings are exhausted, the school day is extended to make up for the time it takes the students to clean the lunch shelter.

It is ideal that each student would be responsible for his or her trash. However, many students do not take the threats of the deans as legitimate. Therefore, hundreds of students are kept after school because of their irresponsibility.

If more students would keep in mind that no one enjoys cleaning up after them, our school would be a much cleaner place.

off the wall'



hat exactly are Vans? Vans are a big automobile that hold a lot of ssengers one certainly knows. make things more confusing, ns are a popular tennis shoe. Vans are a canvas type casual oe. They are available in a vari- of colors from white ranging flourescent green. One can en design his very own, one- a-kind Vans. One can order one-of-a-kind pair with eckers, stripes, polka dots, or lti-colors on them. The newest ng in Vans is high stop sneak- . The possibilities are amaz- !

This year at Mater Dei they allowed to be worn. However, y must be a solid color so save ur wacky pairs for weekend ties.

One does not have to worry ut them not matching their rdrobe. They match with ev- thing, casual, or dressed up ire. Girls can wear them with ir uniform skirts, shorts or ts. Boys can wear them with rts and pants and to impress their girlfriends.

By the way, they are "off the wall" in every aspect. You won't find anything like them anywhere. They can be the most conservative shoe or the most brightest or zanniest depending on what one prefers. They change your whole outlook of tennis shoes! Check them out and you'll be the talk of the town!

'Rows and rows of them'

ow and rows of them. Enough to accomadate every Mater Dei stu- t. The lockers of Mater Dei a part of our daily routine, ther we like it or not. They slammed, kicked and bent. nces are, it it's violent, it has bably been done to a Mater locker.

ut do they deserve this harsh tment? Are our lockers a haven for our five million ks? Or are they a troublesome nuisance? Almost every student has had a problem with his or her locker. Some people get stuck with the infamous bottom locker. Others have their lockers burglarized. Of course we all know the classic "jam". At least 50% of our lockers have been jammed at one time or another.

Have you ever stopped to ask yourself the question "What would I do without my locker? What if you had to carry your five million books in your arms or on your back? Not to mention your aromatic P.E. clothes. Some girls would not survive without their supply of hair spray and trusty mirror kept in their locker. When would you ever see that gorgeous guy or girls in the locker next to you?

So the next time your locker jams, hits you in the head, don't slam or kick it shut. Think of what your life would be like without it, P.E. clothes and all.

. . . But my carpool was late!

According to Websters dictionary, a carpool is "an arrangement whereby several commuters travel together in one car, sharing the cost and often taking turns providing the car used."

At Mater Dei a "carpool" has many other meanings including the proper dictionary term. To the driver, it means getting up a half an hour earlier to pick everyone up and rounding everyone up afterschool. Also, the driver must use great discretion in picking who can have a ride. The object is to get people that will complement one another, mesh, sort of liven things up. There is nothing worse than sitting in a quiet car, with terrible music on and having nothing to do; nothing to look forward to.

Sometimes the drive provides extra time for last minute homework or catching up on gossip. There is also many conflicts - traffic, waking up late, forgotten books or lunches, clashes of personalities. The most dreaded thought that can be realized: "I just knew today was a faculty schedule!" Major groans erupt from all as the car turns down Bristol headed for donuts and we all dream of the missed extra hour of sleep.

Ten minutes can make the difference. Your driver hasn't arrived, and you keep staring out the window waiting for the honk. Finally the familiar car pulls into the driveway, and you also have three others to pick up before getting underway. Edinger is closed down to one lane - construction men - of course. Senior parking lot is full and today's Friday, no parking on Baker - street sweeper. Here you come, what time is it now? 8:04 a.m. Nooo! Everyone out; lock the doors; roll up the windows; run! Those chimes are ringing - there's no hope - dean's office bound. The old saying ". . . but Mrs. Bancroft, I swear my carpool was late, it wasn't my fault."

The Lifestory Of The Quad

There's no area at Mater Dei that is as well known to everyone. Most students just take if for granted. It is approximately four thousand, five hundred square feet, and is surrounded by eight classrooms. It is considered by most to be the hub of Mater Dei. It is located in the very center of the school, and is probably the most popular social center on campus. Numerous students walk across it a few times a day between classes. It has many uses, such as school dances, the grotto after football games, and an escape from the crowded halls.

If you haven't already guessed, this place is the QUAD. In the earlier days of Mater Dei, when the one hundred and two hundred wings were the only buildings in existence, the Quad was unpaved and used as a game field for school sports.

Many pranks have taken place there. The graduating class of 1977 put plastic on the drains and after it rained, they went down to Mile Square Park and got four ducks, a raft, and a palm tree. Then they floated the objects on top of the pond.

So the next time you walked across the Quad, look at it with a different perspective. After all, what would Mater Dei be without it?

The life of a Mater Dei junior

Teenage life in the eighties is by nomeans easy. Many Mater Dei students must juggle their studies, a job, athletics, and other extra-curricular activities into their busy schedules. Idealy, all of these actions are directed towards acceptance into a good college so that one may get a good foothold in one's career.

Traditionally, the eleventh grade marks the approximate time that a person begins to seriously think about one's calling in life. Mater Dei students, and this is no secret, have very high aspirations. A brief sampling of several Mater Dei students' hopes for the future yields interests in many different and productive fields, such as law, medicine, journalism, politics, and engineering.

While many Mater Dei students are considering the tried and true fields listed above, a large percentage are also considering careers that would generally be thought of as unique. When asked about future plans, one student said that she wanted to be a mortition. Another thought that being a neurosurgeon was the way to go. Some one else felt that he was a good candidate for the President of the United States. And when asked about her feelings on the subject, junior Marie Grimley replied,"I've always had an afinity for the field of professional Iguana training."

Mater Dei students have always been original, hopeful, and hardworking. Either way one looks at it, the future of the Mater Dei family looks bright.

How to meet Jesus . . . during lunch

ne of the greatest opportunities we have at Mater Dei is the chance to cipate in daily communion ce. Communion service is every lunch period in the y renovated chapel. It is t fifteen minutes long, and s us a quiet time to think t ourselves, our lives, and pirituality when we are oftoo pre-occupied to do so wise.

e service itself is structured mass without a Eucharistic r. Led by a Eucharistic minor preist, the service conof an opening prayer, pennil rite, liturgy of the word, istribution of the Eucharistch has already been consed at the morning mass.) The ristic ministers help stuthink of how to apply the readings we hear to our lives, using the grace we receive in the Eucharist.

Communion service is both personal and communal. We are given an oppurtunity to join hands around the alter and share our persoanl petitions with those of our friends. This makes us aware of our independance—the support we can offer to and gain from our friends.

The service is opened and concluded with a song, from the new addition of students/singers/guitarists. Although it takes fifteen minutes out of lunch, Communion service is a worthwhile activity that everyone can get something out of. It is a great opportunity and one which everyone should try and take advantage of.

Sister Pat

Someday take a walk to the chapel. Just next to almost hidden, is the office of Sister Patricia Tierne C.S.J. She has a little office but not a little job. Her jo mainly, is talking with students, as well as graduate about anything that is bothering them. School, parent siblings, friends-she has an ear for it all. The offic name for her job is a "spiritual director," but she fe that that title is "too abstract" for most people grasp. She likes to be thought of as "Sister Pat- frie and listener."

In the beginning, there was Patricia and her fo brothers and sisters. She went to the Dominican C lege and majored in music, earning a bachelor's degr and minored in French and Latin. Something was right for her in her life and that's what led to h decision to join the sisterhood. Sister Pat attended Mary's College in Moraga where she received a m ter's in Theology. Now, she is a sister of St. Joseph w the motherhouse in Orange. When asked how lo

1. Before class, Mr. Gibbs takes a coffee break and poses for t camera. 2. During a faculty retreat, Mrs. Frankiewicz and M Harrison chat about their math classes.

"The joy when students understand and do well-that's what it's all about."

This is Mr. Gibbs' philosophy of teaching. He believes the kids at Mater Dei are his favorite part about working here.

Growing up, Mr. Gibbs' role model was anyone who was successful, not wealthy, but just successful at what they were doing. He also admired Abraham Lincoln and Harry Truman. Mr. Gibbs received both of his degrees at night school while working to support his family. He majored in Business and History, and minored in Math. Mr. Gibbs chose math as his career simply because he has always loved it.

Mr. Gibbs has been married for fourteen years

n

and has four children. When asked about his hobbies, he replied, "Being a math teacher doesn't allow for many hobbies." But he does enjoy gardening, reading and traveling when he has the time.

Having taught at Mater Dei for seven years, Mr. Gibbs believes it is not the same experience as teaching at another school. He says, "Somehow there is a school spirit, not extracurricular, that is self-perpetuating between teacher and student." He also thinks that the best thing about teaching is when he finally sees the light go on in somebody's head. When asked to sum up his teaching experience at Mater Dei, Mr. Gibbs stated, "The kids keep me young!"

We have all seen her at various school events and walking across campus. We also hear her voice cheering about spirit over the P.A. every morning and afternoon. But do we really know her? She is a woman who devotes her time to helping out and guiding Mater Dei students — her name, of course, is Mrs.Carol La Rosa.

Coming from a Midwestern town where she grew up in a strong, united, friendly community, Mrs. La Rosa knows how to bring the students together into a warm relationship. She acts as a guide, a director to the A.S.B., and she pushes her students along the right path of life. "All you need is a sense of pride, and you can accomplish anything." It's this sense that helps her deal with her students, and she wants to get that sense of pride into every student at Mater Dei, so she can make it a warm community, just like a gi family.

Mrs. La Rosa is a busy person arou Mater Dei. She handles not only tea ing an A.P. History class, but also be Student Council Moderator. This ta up alot of her time, but she keeps moving, adding new ideas along way to help Mater Dei. Just this y she saw one of her dreams for stud government come true — an in school student council. She feels t this would not only be very benefi for our school, but for the entire ch tian community of Orange County

Mrs. La Rosa is a very honorable admirable person. In the many y she has been a part of Mater Dei, has contributed many important special things to our commun which has helped everyone grow become a closer family.

When asked the question, "What do you think of Mr. Zeitler?" Many students reply, "He's a great teacher" or "He's a great coach," but there is much more to Mr. Zeitler than meets the eye.

He was born David Zeitler in New York. As a child, he attended a Catholic grammar school in the east. After his Catholic high school education, Mr. Zeitler moved onward to Portland State Univeraity.

Mr. Zeitler also has a great life away from Mater Dei's classroom and track. At home, he has a wife and three kids, all of whom he would like to attend Mater Dei.

Before becoming a coach and teacher here, Mr. Zeitler was a Physical Education teacher at St. Bonaventure in Huntington Beach for eight years. All of this work keeps him very busy but he says that he loves it very much. He enjoys teaching his freshman science class and he has had two great seasons of cross country and track.

Whether it be in the classroom or on the track, Mr. Zeitler proves to be not only a great teacher and coach but a great guy as well.

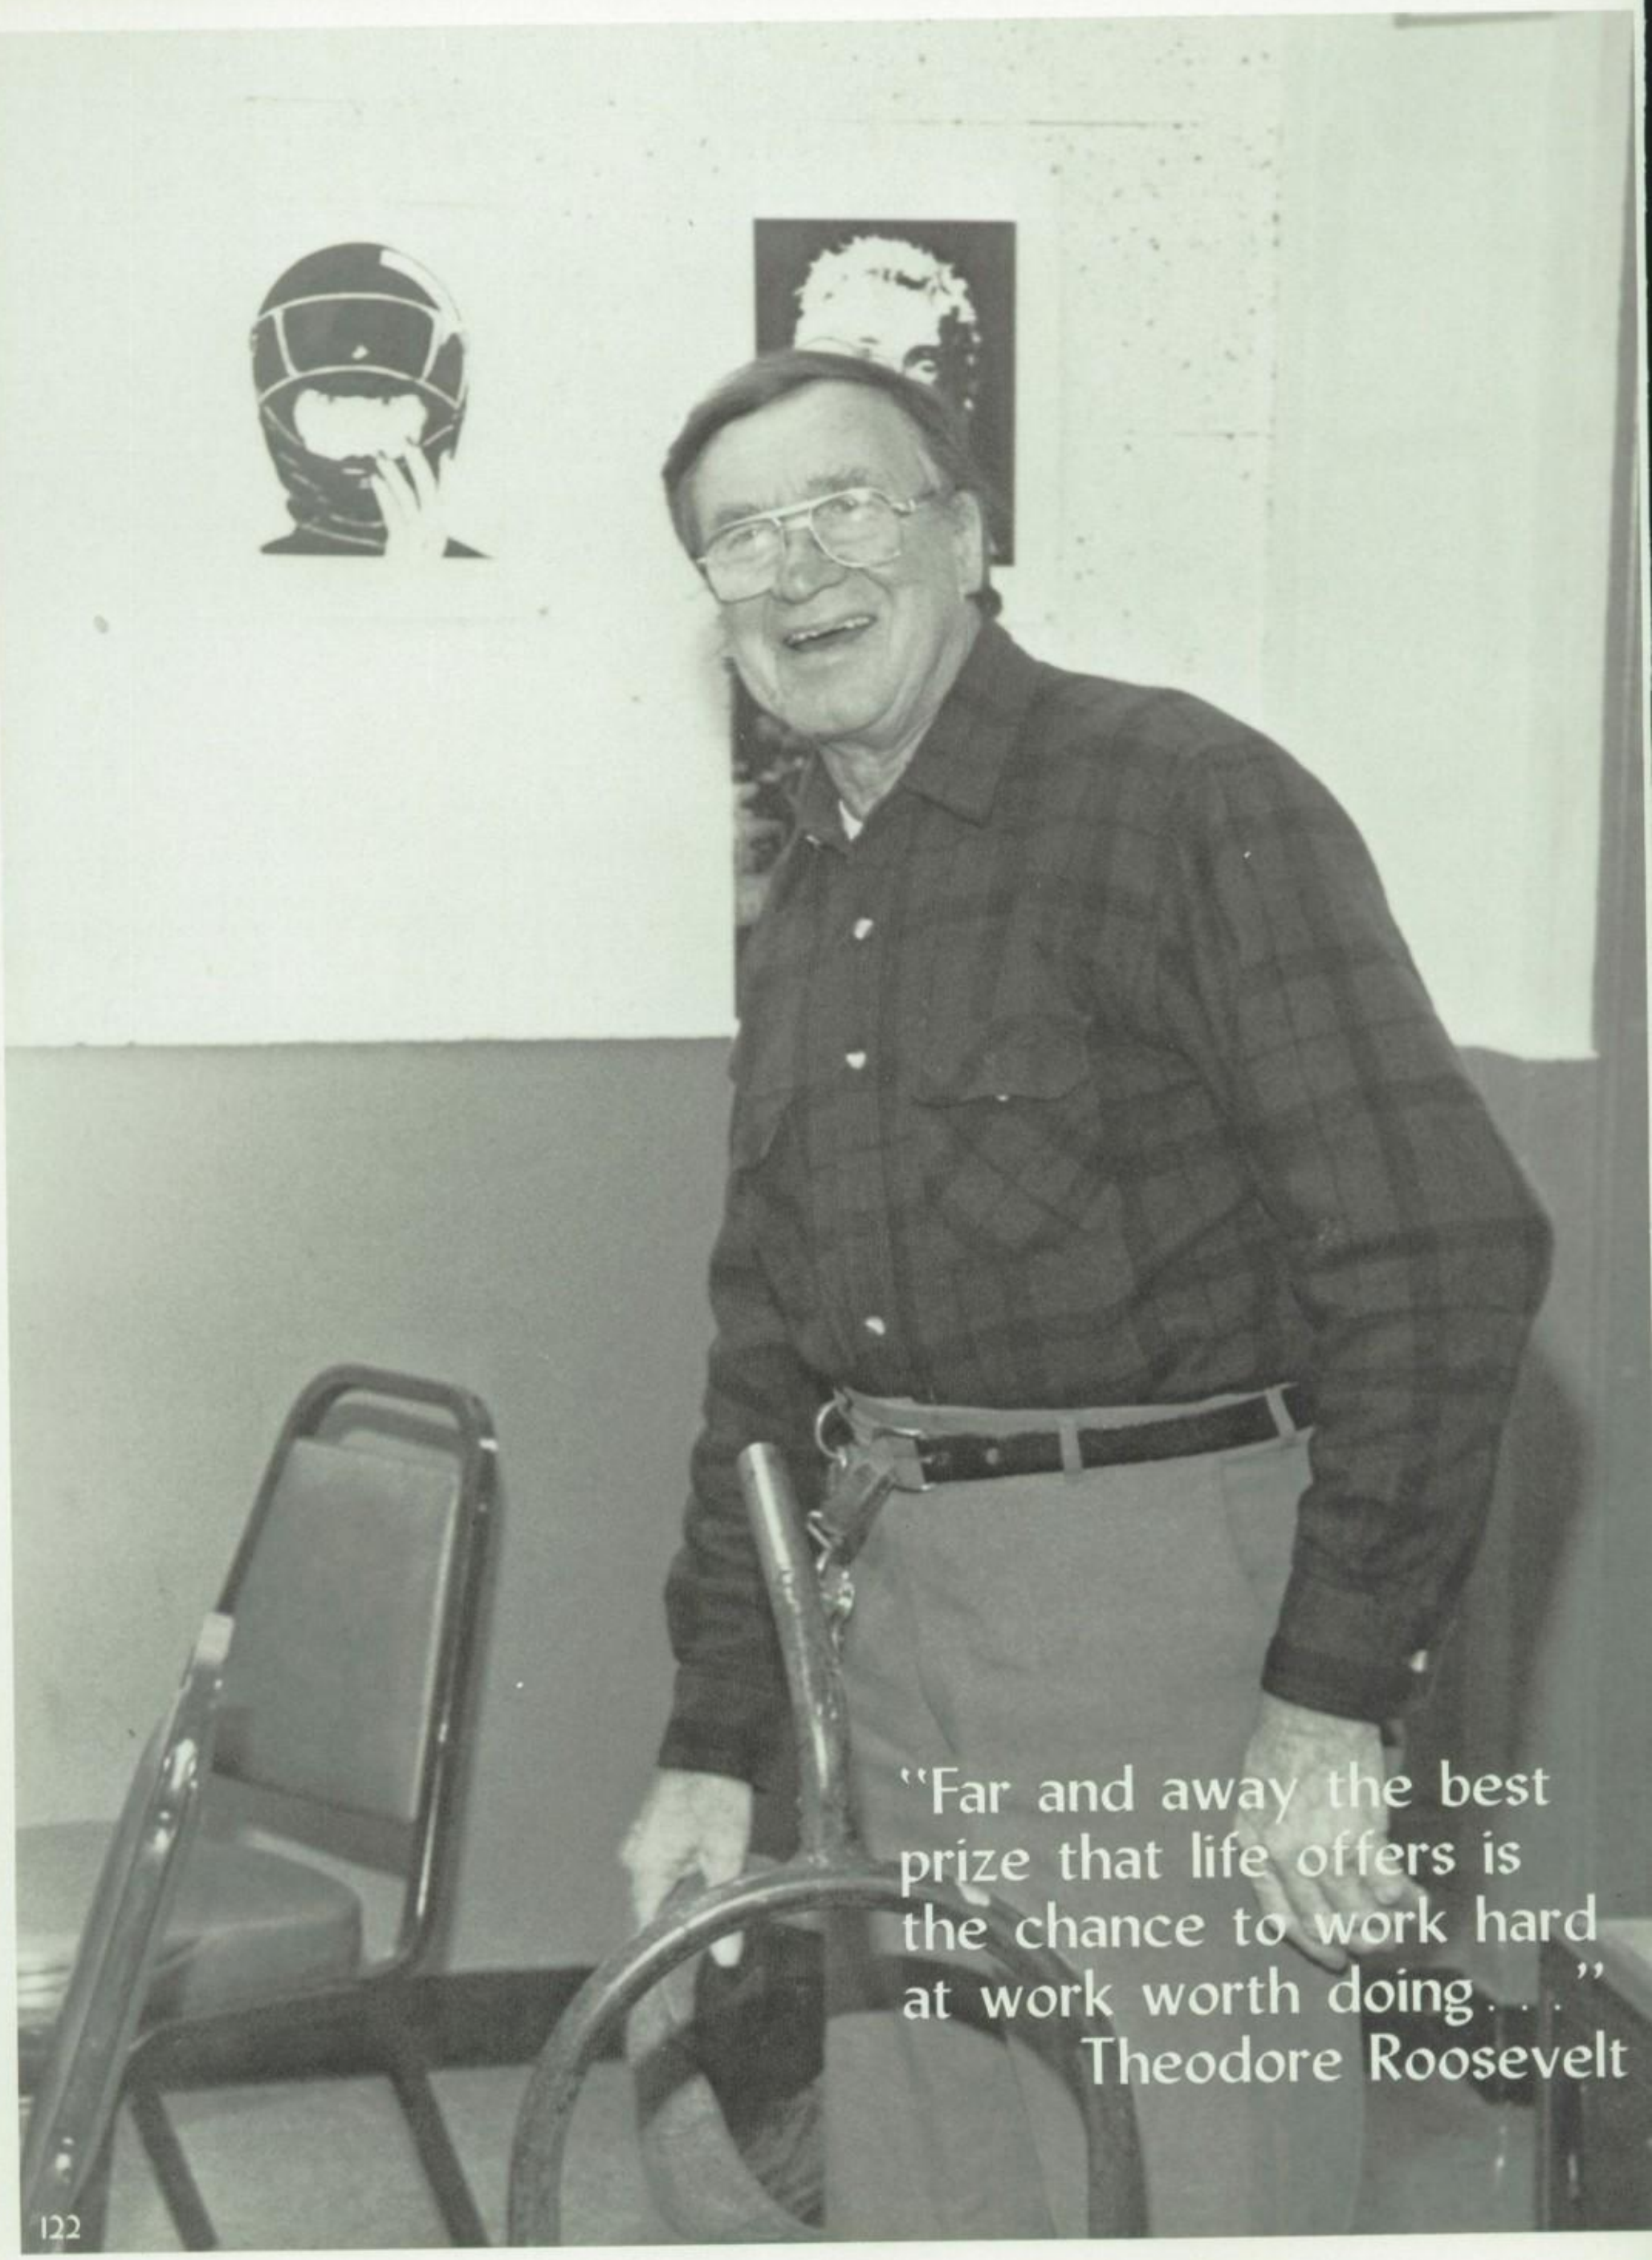
Mrs. Macek has served many students in the library for many years.



"Far and away the best prize that life offers is the chance to work hard at work worth doing . . ."
Theodore Roosevelt

Josef ... How many of us actually know him by name? Most of us know our school's caretaker by sight, or have heard of the fact that he actually *lives* on campus. But too few of us actually know the history behind Josef D'Heyger's arrival to Mater Dei.

Josef was born in Belgium in 1920. During World War II, Josef served in the secret underground for the allied forces against Germany. Believe it or not, he was actually arrested once for these covert actions. After the war, he had to work in a shoe factory supporting his parents and siblings. In 1956, a friend from the factory told him about a position open in ta southern California Catholic high school. Josef headed for Los Angeles, and he has been here at Mater Dei since.

Because Mater Dei only consisted of a few buildings at that time, Josef had a small trailer by the library. Today he resides in the familiar red and white trailer next to the one hundred wing. Although Josef has primarily devoted his life to Mater Dei, to which we should all be grateful, he also has other activities outside of the campus. He meets regularly with a group of fellow Belgians, likes to shop, listens to operas and classical music, and is an active churchgoer.

The next time you spot the familiar face of Mater Dei's own resident, say "hello" to this very important person on campus.

1. **After thirty years** of dedication to Mater Dei, Josef is honored for all of his faithful service and hard work. 2. **A common sight** to all is Josef patrolling campus on his bike, making sure all is okay. 3. **A friend to the athletic** department, Josef poses for Mrs. Madrigal. 4. **Over the years**, many a student has passed Josef's way, as he has theirs. This photo is from one of his many yearbooks (1978); he has a collection of yearbooks that probably matches the library's! 5. **Josef has made** a home for himself in this on-campus trailer. 6. **With good humor** and a positive outlook on life, Josef enjoys his work at Mater Dei. 7. **"Little Monarch" is** Josef's companion; Josef is proud of his roommate. 8. **Watch out Morris!** It's Josef and Little Monarch on the loose!

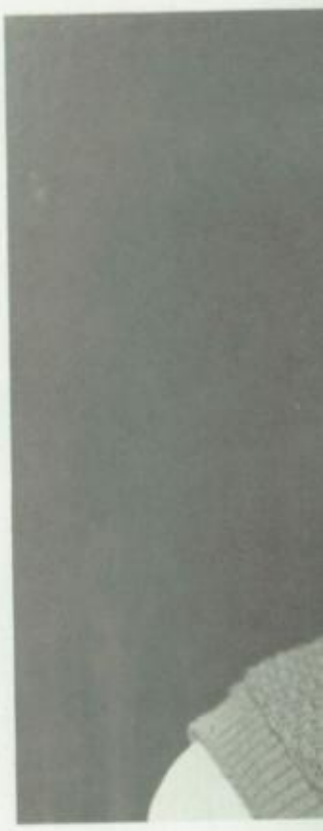
Ms. Jackie Manginelli
Food Service

Mrs. Jean Montgomery
Food Service

Mrs. Elnora Nichols
Food Service

Mrs. Ann Pigage
Director Food Service

1. Taking a break from her busy schedule, Mrs. Pigage has time to rest. Mrs. Pigage is the food service director at Mater Dei this year. 2. Are these teachers or Mater Dei students? It's hard to tell when these administrative staff has free dress.



Service

Often going unnoticed, the food staff works very hard for the students and aculty of Mater Dei. In charge of this task is Mrs. Ann Pigage, food director.

Mrs. Pigage has been with Mater Dei since 1971, a time when most of us had o idea what Mater Dei was. She was working temporarily for the school until he previous food director left. She was then left in charge.

Since 1971, Mrs. Pigage has seen many food fads come and go. One of these ads took place in the 1970's, a time when every Wednesday would be Spaghetti Day". She also has been in charge of many banquets hosted by the chool in the past years.

Mrs. Pigage's job as food director includes hiring new employees to run the wo cafeterias. With the new snackshop opening this year,she has been busy iring more workers and ordering new equipment. Serving what the students ant is also a large part of her job. This is difficult due to so many different eople and their tastes. "We try to keep the faculty and students happy", hen asked about her biggest concern.

When asked about any bad aspect of her job, Mrs. Pigage replied, "I can't eem to cook right for my family anymore, I'm used to cooking for an army".

matical connection with other words in a sentence: *an absolute phrase.* [< L *absolvere,* to free from, complete.] —**ab′so•lute′ly** *adv.* —**ab′so•lute′ness** *n.*

absolute value. The numerical value of a quantity without regard to its sign.

absolute zero. The temperature at which substances possess minimal energy, equal to –273.15°C or –459.67°F.

ab•so•lu•tion (ăb′sə-lōō′shən) *n. R.C.Ch.* The formal remission of sin imparted by a priest as part of the sacrament of penance.

ab•so•lut•ism (ăb′sə-lōō′tĭz′əm) *n.* 1. Government in which all power is vested in the ruler. 2. The political theory reflecting this. —**ab′so•lut′ist** *n. & adj.* —**ab′so•lu•tis′tic** *adj.*

ab•solve (ăb-zŏlv′, -sŏlv′) *v.* **-solved, -solving.** 1. To set free from guilt, an obligation, etc.; acquit. 2. a. To grant a remission of sin to. b. To remit (a sin). [< L *absolvere,* to free from.] —**ab•solv′a•ble** *adj.*

ab•sorb (ăb-sôrb′, -zôrb′) *v.* 1. To take in through or as through pores or interstices; soak in or up. 2. To occupy the full attention of. [< L *absorbēre.*]

ab•sor•bent (-sôr′bənt, ăb-zôr′-) *adj.* Capable of absorbing something. —*n.* A substance that absorbs. —**ab•sorb′en•cy** *n.*

ab•stain (ăb-stān′) *v.* To refrain from; forbear. [< L *abstinēre,* to hold (oneself) back.] —**ab•stain′er** *n.*

ab•ste•mi•ous (ăb-stē′mē-əs) *adj.* Eating and drinking in moderation. [L *abstēmius.*]

ab•sti•nence (ăb′stə-nəns) *n.* 1. Restraint of one's desires. 2. A refraining from drinking alcoholic beverages or from eating certain foods. —**ab′sti•nent** *adj.*

ab•stract (ăb-străkt′, ăb′străkt′) *adj.* 1. Considered apart from concrete existence or a specification thereof. 2. Theoretical; not applied or practical. 3. Thought of or stated without reference to a specific instance. 4. *Fine Arts.* Having nonobjective design, form or content. —*n.* (ăb′străkt′). 1. A summary. 2. Something abstract, as a term. —*v.* (ăb-străkt′). 1. To take away; remove. 2. To filch; steal. 3. (ăb′străkt′). To summarize. [< L *abstractus,* "removed from (concrete reality)."]

ab•strac•tion (ăb-străk′shən) *n.* 1. The act or process of abstracting. 2. A product of this process; a general idea or word representing a physical concept. 3. Preoccupation. 4. An abstract work of art.

ab•struse (ăb-strōōs′) *adj.* Difficult to understand; recondite. [< L *abstrūdere,* to hide.] —**ab•struse′ly** *adv.* —**ab•struse′ness** *n.*

ab•surd (ăb-sûrd′, -zûrd′) *adj.* Ridiculously incongruous or unreasonable. [< L *absurdus*

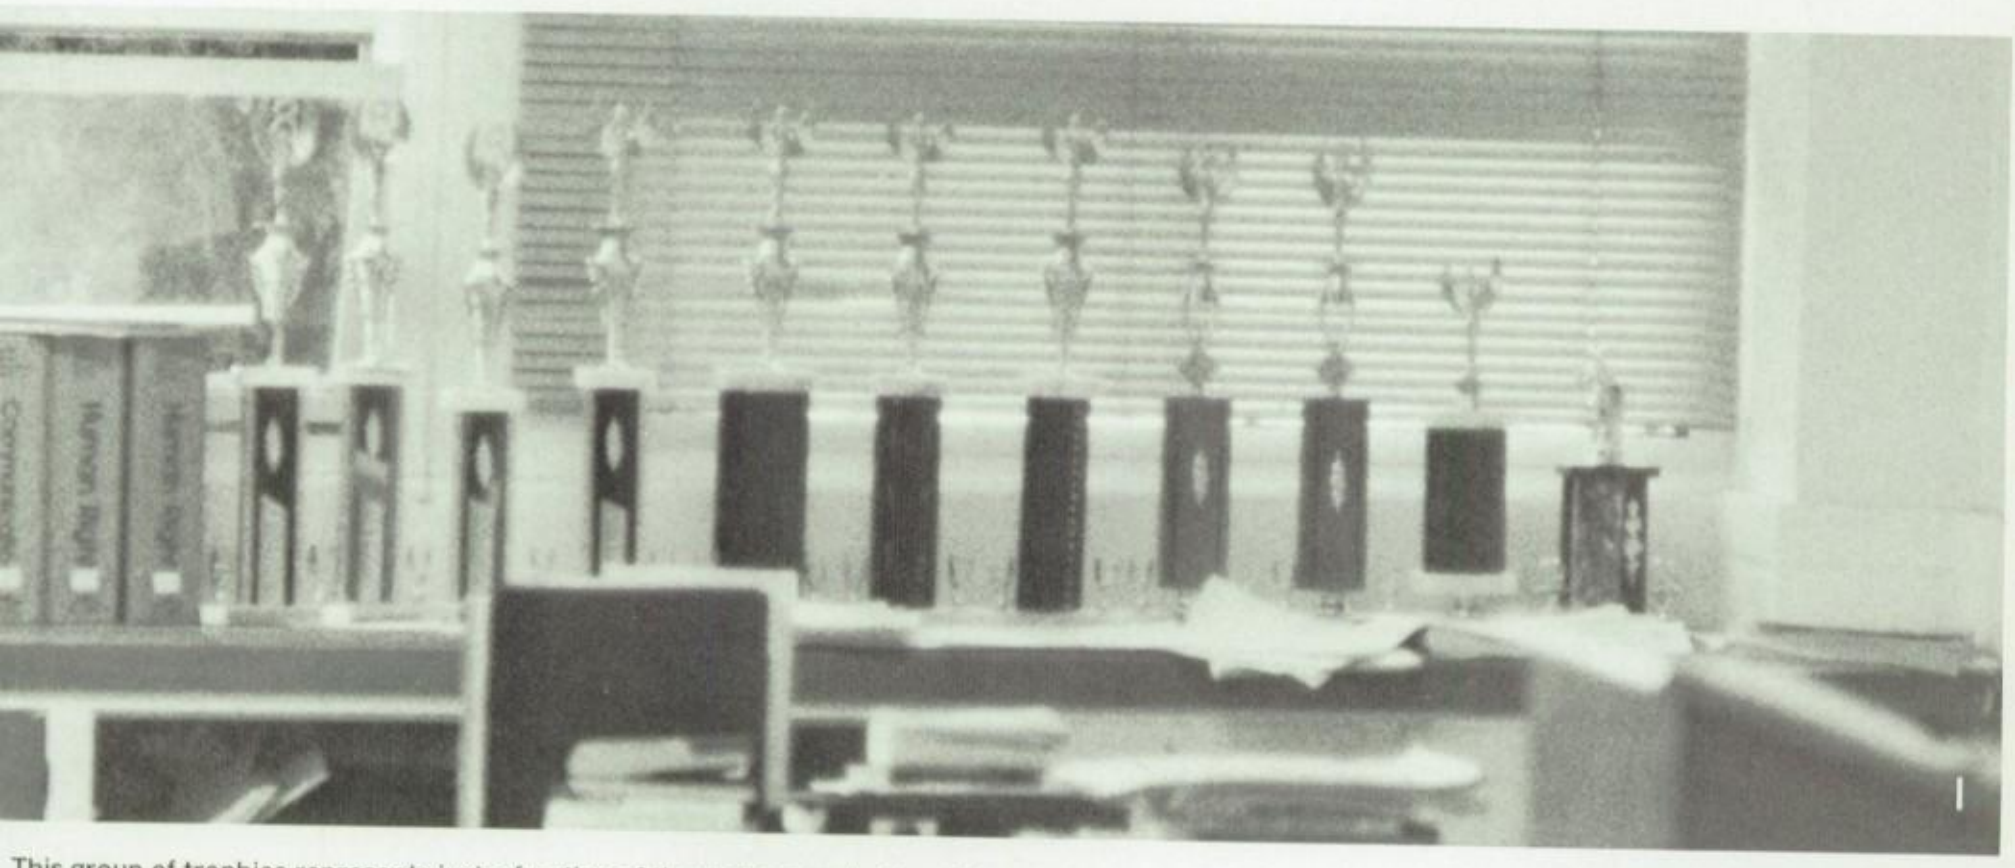
Academics

Student Life

The central ingredient of any educational institution is the student, and the lives of the students of Mater Dei are as rich and individual as the curricular program itself. The interests comprise a whole spectrum of activities: from the athlete to the scholar to the student who excels at both; from the worker to the player, the sleeper to the always hyper. No two lifestyles of the students are the same. In the classrooms at Mater Dei, however, there is some common ground to be found among the students.

It has been said that without stress, nothing is this world would get done, and it does seem to work for Mater Dei. At times, though, it should be questioned to what extent should the stress be applied to the individual students, and at what cost is this to the student. Mater Dei has been referred to as a "pressure cooker", facing the student with loads upon loads of homework, frequent exams, long term assignments that are all due at around the same time, "pop quizzes" and the standard motif of a teacher "catching up" academically towards the end of the fourth quarter. The student, luckily, does have teachers that, for the most part, are willing to clock in hours after school to help those students that need it. Also, the curriculum at Mater Dei has gained quite a reputation for itself as being one of the best in California, creating many leaders for the future. The question still remains, however, at what cost is this to the student as an individual, especially those who struggle academically.

One good sign that stress does not totally affect the student negatively is the amount of students involved in extracurricular activities. There is not a day that a student can drive to the Mater Dei campus and find it to be totally deserted. There is always something going on: from cheerleading to ROTC, football to golf, or debate to student council, some activity is always taking place on the Mater Dei Campus. With these activities, students are forced to organize their time more efficiently, and oftentimes their grades actually go up. The student, however, must often give up his or her jobs for the duration of the activity. The huge array of activities that Mater Dei not only has to offer but puts a great deal or stress on and funding into are what makes the campus life so colorful. Ingeniously created clubs such as "The Six Million Dollar Man Bionic Action Club" attend the games of the less often supported teams such as girls volleyball. Some activities have even gotten recognition on a national level, such as cheerleading, drill team, varsity basketball, and debate on a state level. It is these activities, following right behind the superior academics, that enriches the lives of the individual students.



This group of trophies represents just a fraction of the vast amount of trophies won by the different extracurricular groups over the years. Every year new trophy shelves must be built to display the growing selection.

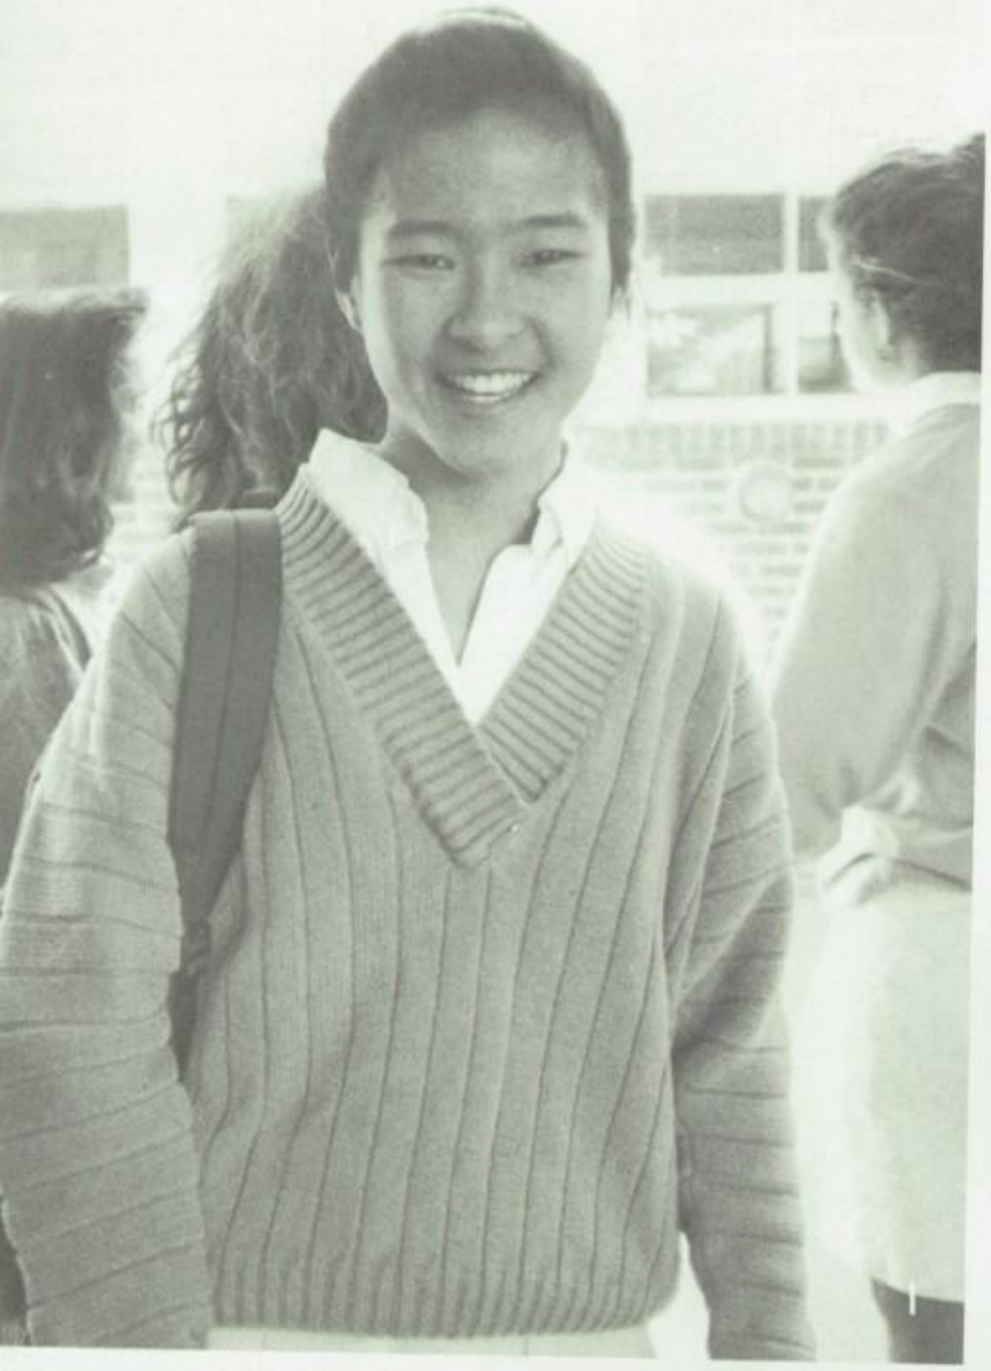
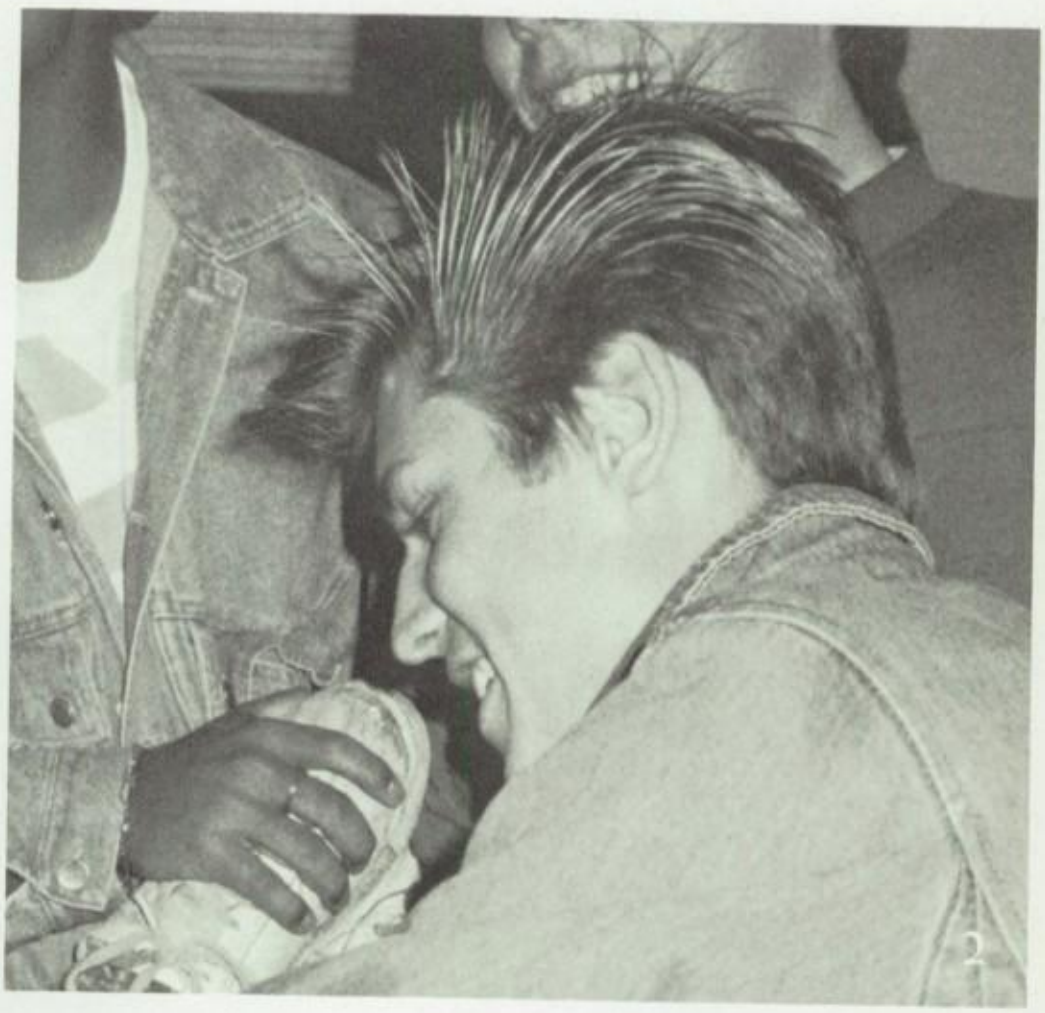
Student Life





1. With five minutes to switch classes, this sophomore Cecilia Rai has plenty of time to pose for a picture. The sophomore class has already become very involved in Student Council and will offer great leadership their senior year. **2. This band member** holds a fellow members feet while others begin to mumify the victim. These social get-togethers among band members help the band to become closer and helps to create a unified, award winning band. 3. **Even in cold,** wet weather the students and parents crowd the bleachers to offer support to the football team. The spirit at Mater Dei is very apparant, making the four years spent there by the students very special.

1987-88 Model U.N.

"Wisdom Sought is Wisdom Found"-the Book of Wisdom

Every Monday morning after a Model United Nations conference, the M.U.N. team members are congratulated over the P.A. for their outstanding performances. Often these announcements are greeted with an outcry from the general population: "What is M.U.N.?"

The Model United Nations program is a longstanding one in the United States, with its primary purpose being to educate youths on international relations with the hope of widening their perspectives through the presentation of a global viewpoint rather than one that is limited to their own society. Each M.U.N. conference is a full-scale simulation of an actual session of the United Nations. High schools are assigned countries to represent in the various committees of both the General Assembly and Security Council. The students then must research their country's policy on the topic they will be facing. The students are expected to treat their assigned country with the utmost respect, presenting its policies with the decorum of an actual U.N. delegate. Whether the country given to them is socialist, communist, or capitalist, an M.U.N. delegate must draft resolutions dealing with their topic from the perspective of that nation. Topics can range from the Status of Women in the Social, Cultural and Humanitarian Committee to the extension of U.N.I.F.I.L. in the Military Staff Committee. The Security Council always deals with immediate threats to international peace and security. Whether it be the Persian Gulf or Central America, Security Council delegates must be ready for anything.

Mater Dei is building a very successful team. In its first complete year since inception, the M.U.N. team has grown both in number and in quality. They attended five conferences held at various high schools and universities throughout the state. Many individuals won awards throughout the year, but the team finally did come of age by winning the Best Delegation Award at the last M.U.N. conference of the year held at Ocean View High School. The team was molded into its current form by the skilled hands of its respected leader, Mr. George Cou. It is his dedication that has guaranteed the success of the program.

The M.U.N. conferences are a great learning experience for all who participate. Delegates become Knowledgeable in world affairs, practice research skills through the work they put in before the conference, learn the value of extemporaneous speaking, grow proficient at writing documents, and acquire the ability to deal with others in a professional atmosphere. It is a fine program to have at Mater Dei and if this year is any indication, it will enjoy a long and fruitful stay.

Passing By

Passing By

Silver dusk of dawn
Falling, falling
Down to the earth
Down to reality
Down to the truth
Seeing, weeping
Nothing is right
Silver dusk of dawn
The winds calmly blowing
The reflective moon
Passing in the breeze
Windblown roads
Windblown trees
Deserted . . .
Just the reflection on a passing moon.

S.O.S. is dedicated to serv the needs of the whole stud body.

Military Merriment

One of the many traditions of ater Dei's AFJROTC Cadet uadron is their annual Mili- y Ball. This year the event s held on January 28, 1988, ht after first semester final ams. As always, the evening s a great success.

The semi-formal dance was ld at the El Toro Marine Base ficer's Club. The evening be- n at around 6:30 with a me rib dinner. Dancing fol- ved to the music of a live, ntemporary Air Force band. ter in the evening, awards re given out for the model plane contest held earlier in e year, and the second se- ester's cadet chain of com- nd was announced. More ncing followed, and the ening drew to a close at mid- ht.

In addition to the numerous cadets and their dates, the Military Ball also played host to many faculty members. Without a doubt, the warm and lively atmosphere of the Military Ball has made the event every popular among the faculty and cadets over the years.

Another reason why the dance is so popular is the fact that it signals the end of final exams. As any hard-working ROTC cadet will attest, finals week is always a very stressful period. The annual Military Ball gives the cadets a much needed break and the chance to cut loose and have some serious fun with good friends. This has helped to make the Military Ball a healthy and highly anticipated ROTC tradition that will last for many years to come.

A man hath no better thing under the sun than to eat, and to drink, and to be merry.

-Ecclesiastes 8:15

1. Junior Cadet Tyson Hummel and Lieutenant Colonel Robert Leis smile for the camera. Tyson Hummel holds the award for first place in this year's model airplane contest. **2. The Cadets gather** on the dance floor for a slow dance. In addition to the cadets, the event was also attended by numerous faculty members. **3. Oh No! It's Run ROTC!** These three manly cadets display the playful camaraderie that develops between the members of Mater Dei's ROTC squadron. Jeff Leischner (far right) was chosen the Squadron Commander of the CA82nd. for the second semester.

Mater Dei's AFJROTC:

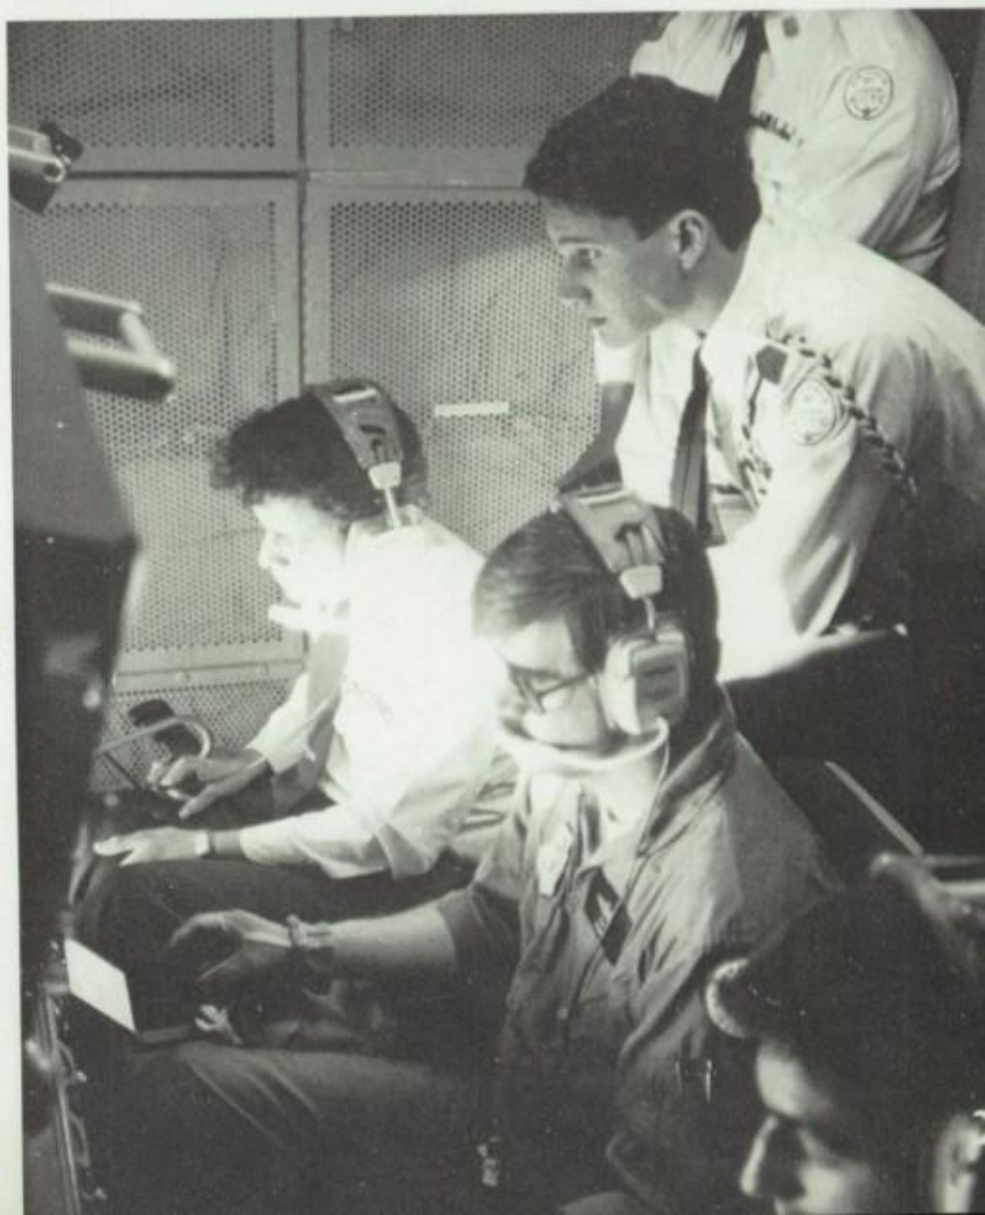
An Exercise In Teamwork

Mater Dei's own Air Force Junior Reserve Officer Training Corps Squadron has consistently been rated among the best of the AFJROTC squadrons of the United States in recent years. This continued excellence must be attributed to an extreme amount of hard work on the part of the numerous dedicated staff members and cadets, a group closely knit together by the institution that ROTC has become at Mater Dei High School over the years.

Every year, ROTC offers numerous activities for its cadets to become involved in. The curriculum itself is based on sixty percent academics, and forty percent leadership training. However, the extra-curricular activities offered by the course also make up a large portion of the active ROTC cadet's program. Outside the class, cadets can participate in Drill Team and in Color Guard, two after-school programs which emphasize precise and complex military drilling. These two activities require many hours of training, but the cadets' hard work pays off, as the Drill Team and Color Guard consistently win top honors when performing at parades and other public events.

ROTC is certainly not all work and no play, however. Early in the year, the annual ROTC picnic was held, and one of the ROTC rocket club's first launches was held at this gathering. The annual military ball (See page 139) was held at the end of the first semester, and offered a chance for cadets to celebrate the end of a long week of final exams. In February, the junior and senior cadets went on a field trip in which they got the rare chance to go up in a military airplane and watch it refuel another plane in mid-flight. The Spring Review is held every May, and presents the squadron's flights for inspection by the staff. During the ROTC Dining Out at the end of the year, awards are given for outstanding performance during the Spring Review. In addition, the chain of command for next year's squadron is announced. Many different activities such as these make ROTC a very colorful course.

When asked, a great majority of ROTC cadets concede that they truly do enjoy the course. Freshman cadet Alexi Varanko admitted that it was a "great way to meet people with common interests at Mater Dei. The class is a lot of fun and you can get into a lot of different things." Senior John Ducote feels that many are disillusioned about what ROTC really is: "People think ROTC's nothing but military training. It's really just a fun course. It's not all this extreme heavy-duty military stuff that everyone thinks it is." Squadron Commander Jeff Leischner feels that ROTC this past year went very smoothly, and that the squadron stands a good chance of receiving an award of Honor Unit, which would place Mater Dei's AFJROTC squadron among the top ten percent in the nation. Whatever the case, ROTC at Mater Dei is destined to continue its tradition of excellence.



1. Junior Cadet Mark Estiandan gets some sleep during the annual ROTC field trip. The active cadet's schedule is demanding, but it is also a lot of fun. **2. These cadets are** observing the process of mid-air airplane refueling. Being an ROTC cadet gives one many opportunities for hands-on military training.

Who is this happy warrior? Who is he that every man in arms should should wish to be?
-William Wordsworth

Special thanks to Colonel Leis, Chief Mack, John Ducote, Squadron Commanders John Olivieri and Jeff Leischner, and the cadets of "D" Flight for their help in preparing this and the Military Ball layouts.

Creative Expressions

The annual Mater Dei Art Show is an event that all art students look forward to. The show is a chance for the young artists, under the guidance of teacher Mr. Kingston Witchez, to display their creativity and excellence in their special skills.

The show is an opportunity for the especially gifted students to receive some recognition in the form of ribbons and certificates. Ribbons were given in different categories for different mediums.

Among the awards given are those for best Junior, Sophomore and Senior artists of the school year as well as the best overall artist. This year was unique because there was not only one, but two artists of the year, a rare occurance. The awards were given to seniors, Mike Hollis and Judy Blankenship.

1. *Artist Mike Hollis* receives his co-artist of the year award. Mike is just one of the very skilled artists at Mater Dei.
2. *Co-artist of the year,* Judy Blankenship, receives her certificate of recognition. Judy joins Mike in a unique double-artist award.
3. *This family* views some of both Mike's and Judy's better works. Both Mike and Judy succeed in all forms of art.

ACTIVITIES

The City Of Angels And The Pope Meet

September 15, 1987

September 15, 1987 was a special day for all of Southern California - and one that was never to be forgotten. Pope John Paul II brought a unity to Los Angeles here just as he did while visiting cities all over the nation. People of all nationalities and religions felt drawn together with the universal message of this man of peace: "Love."

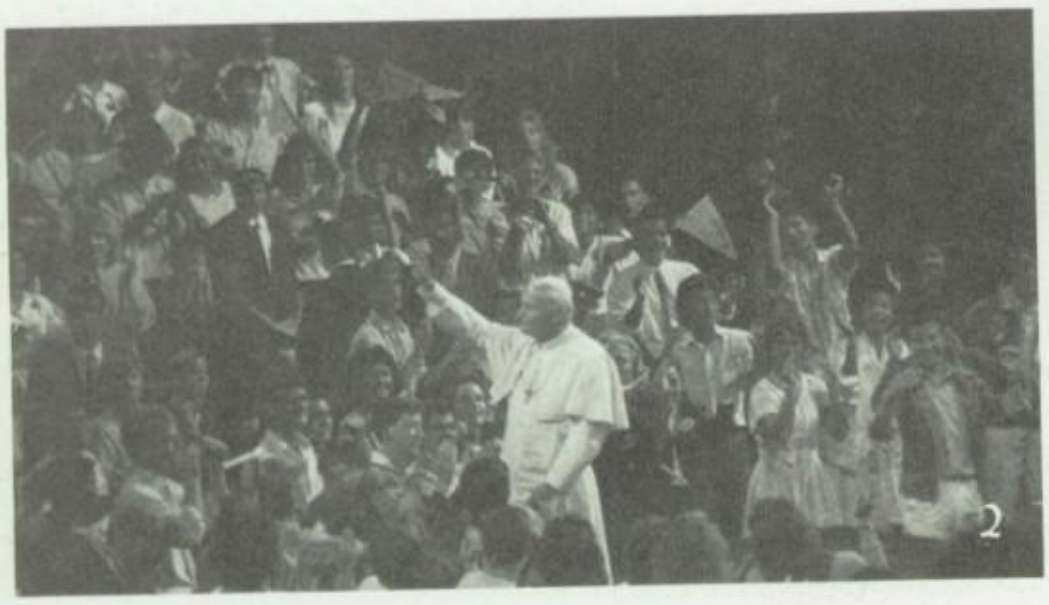
Everyone had a unique welcome for Pope John Paul II, and the Mater Dei family greeted the Holy Father in a big way. Student support groups went to cheer on the Pope at the Universal Amphitheater where he spoke to today's youth on various subjects. His talk was inspirational to people of all age groups as he bridged the generation gap. As junior Jim Bruggeman stated, "It was such a different experience than I expected . . . I was touched. I also thought Tony Melendez playing the guitar with his feet was a really special part of the session." Even though this visit lasted only a few hours at most, it especially left a big impression on Mater Dei's teenagers, as people were talking about it at school for weeks after the event.

Upon leaving the Universal Amphitheater, the Pope was chaperoned over to the Los Angeles Memorial Coliseum with very tight security close at hand. To prepare for this great event, the Papal Mass, more than a hundred Mater Dei girls (along with girls from other schools and dance studios) had practiced several dance routines to perform in the pre-mass celebration. These hardworking girls put in hours of dance preparation three days a week for a month prior to the big event.

Many people made the beautiful performances possible, from the donated costumes to the performers' food (provided by Carl Karcher), and many other contributions. The singers and dancers were inspirational, and the crowds were very receptive. The entire event was broadcast on national television, and it was a wonderful surprise to find our beloved Fr. Harris at the Coliseum there to greet the Pope as well!

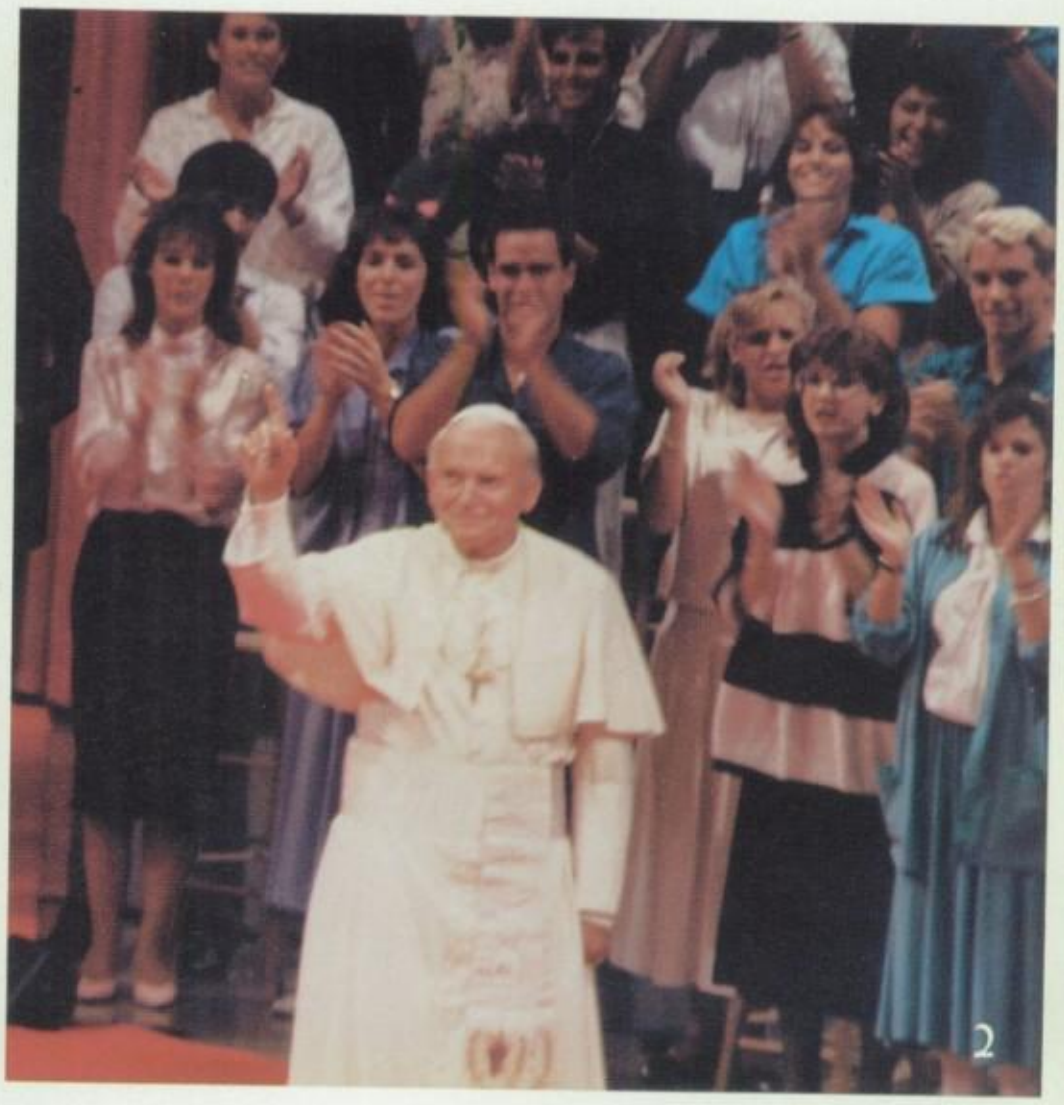
The masses of people present at the Coliseum that had come to see the Pope were unbelievable. The people expected so much of this man, that he would reach inside them and touch their hearts with the words of God. No one was disappointed. His Holiness' message reaffirmed the love within everyone and brought them all a little closer to one another.

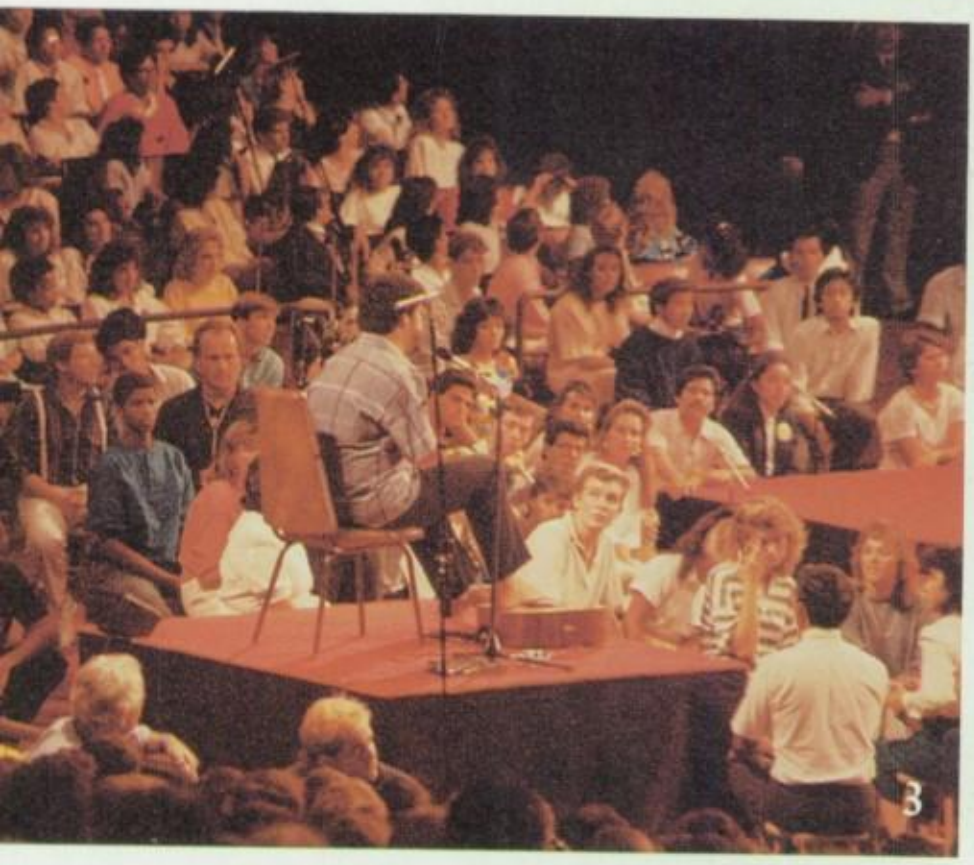
Whether listening to Pope John Paul II at the Universal Amphitheater or at the Coliseum's Papal Mass, his words were touching, and the result was a day that would remain in peoples' hearts forever.

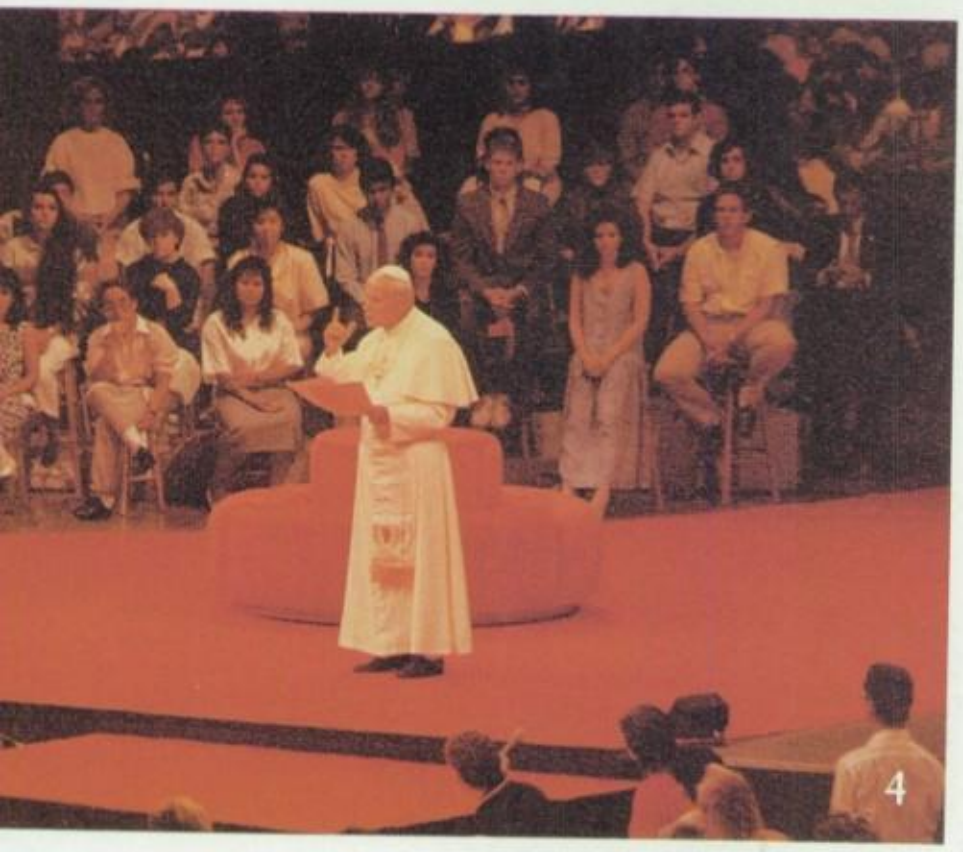


2

1. **The Holy Father** addresses the people at the Universal Amphitheater. His message was "heard" far to the ends of the earth. 2. **The Pope's warmth** and openness shone through in his talks with to youth. Many were surprised to fi was so close to them.







1. Lynn Hagen, Jen Howard, Lisa McKeehan and Tisha Breitschopf pose for a picture in the Los Angeles Memorial Coliseum before the Papal Celebration begins. They are just four out of the several hundred girls who were Celebration Dancers at the Papal visit to L.A. 2. The Holy Father salutes the cheering crowds. He was warmly received into Los Angeles by everyone. 3. Tony Melendez's guitar playing was inspirational. Teens were spiritually strengthened as they listened to his eloquence on the beautiful musical instrument. 4. The delivery of the Papal message was full of expression. This made it all the more interesting to listen to and watch.

Welcome! Bienvenidos! Bienvenu! Wilkomme!

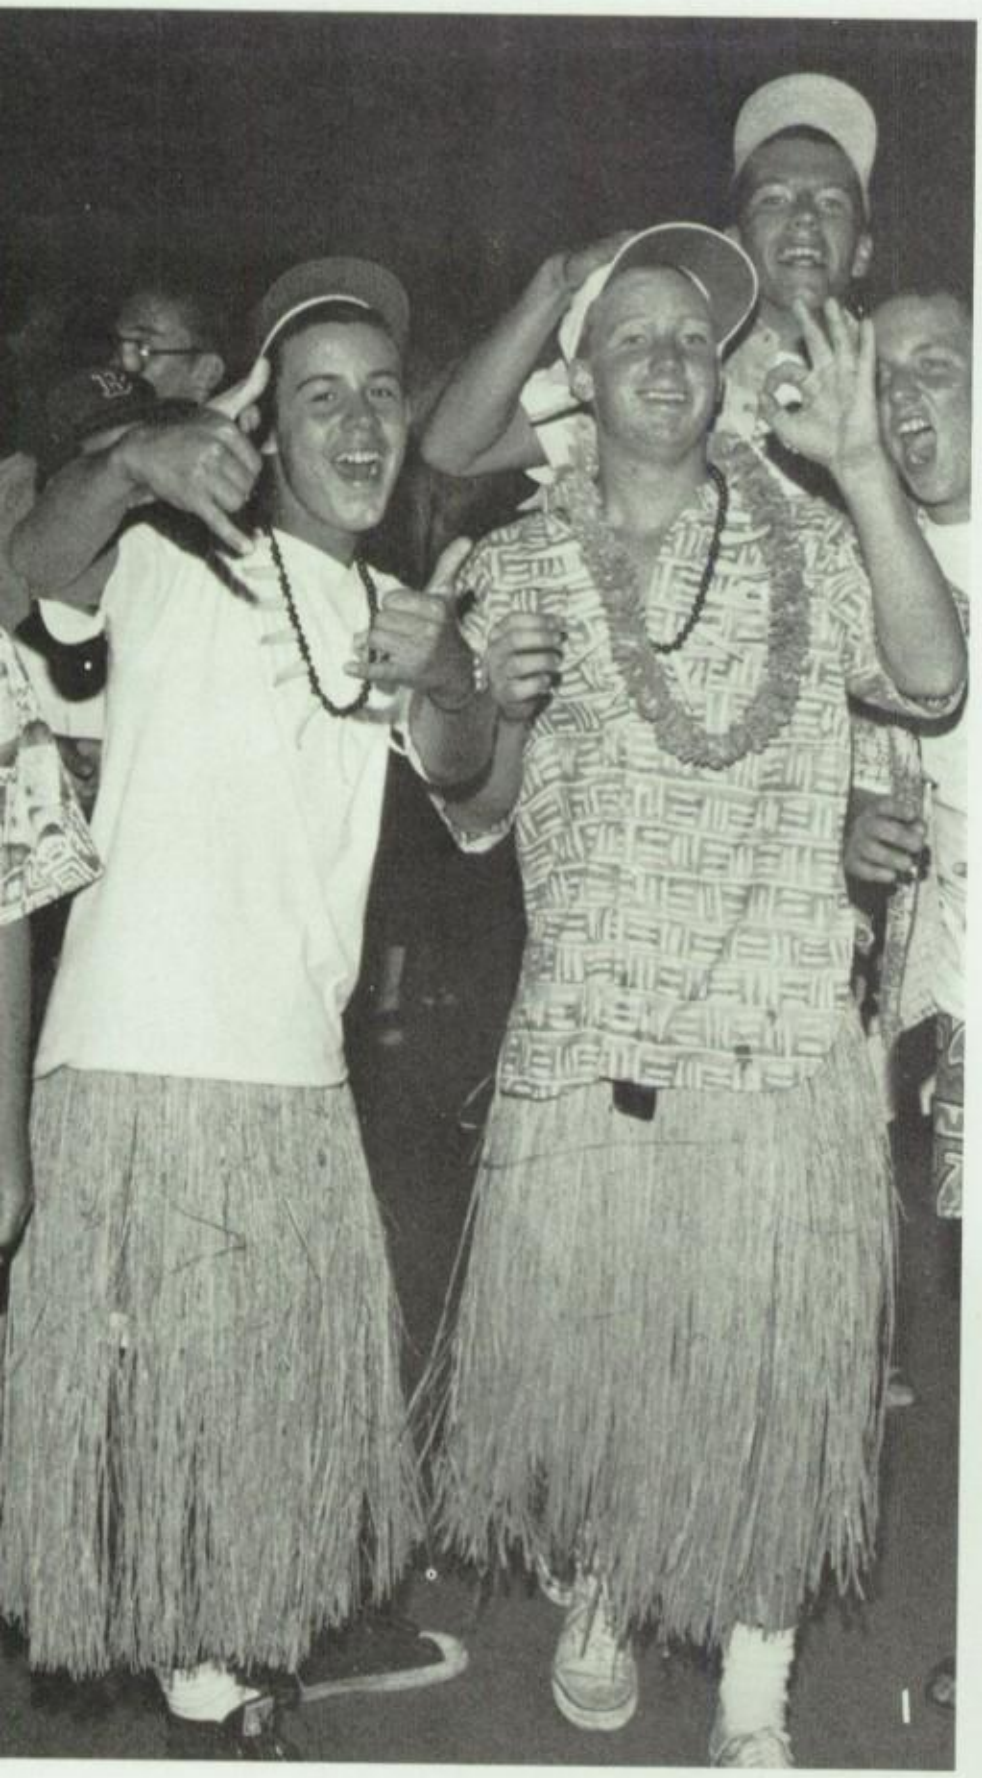
"It's just another dance," say ordinary students from ordinary high schools; but here at Mater Dei the tune is different. Everyone-sophomores, juniors, and seniors-together join in welcoming the freshman as they dance to the beat of blaring music.

Freshman experience their first taste of the Mater Dei spirit at this first dance of the school year. With the traditional senior-freshman dances, the freshmen learn how to party with the best. "The thrill of dancing with a senior added excitement and was a great way of making me feel welcome," said freshman Luzzie Militante. As this tradition continues so does the spirit of welcome.

Although some students feel that this dance is only a welcoming of the new freshman class and do not attend, those who do renew old acquaintances and make new friends. The welcome dance is an opportunity for everyone to come together and start the school year off on the right "dancing" foot. Freshman as well make lasting friendships at this dance. As a great way to meet new friends or to be reunited with old ones, the Mater Dei welcome Dance offers those who go an unforgettable experience. "Going to the Welcome Dance gave me the chance to see old friends and pass on the Mater Dei party spirit onto the Class of 1991," said senior Kristin Kinworthy.

1. "Kowabunga!" exclaims Greg Carr and friends. "Check out all these awesome freshmen babes." 2. New friends are a part of the Mater Dei experience. These freshmen stop to pose for a group shot. 3. Height is of no matter to Camille Brennan as she dances with this freshman boy. 4. "Hey look! They're taking our picture," says Dom Mumolo to his friends as they smile for the camera.

Let's Dance!!



Let's dance! Put on your hula skirts? It's time for the traditional Hawaiian Dance and for this dance the dress code is entirely different. Boys in grass skirts? Girls in shorts? Could those possibly be sandals? Well, if this is the Mater Dei Hawaiian Dance, they sure are.

While most dances feature music by Scotty the D.J. and students dancing their toes off, this year's dance had an added attraction. Mr. Balsis and Mrs. Devine, who attend most dances, finally danced with the students. It is a Mater Dei moment that no one will forget. The sight of both deans getting down and boogieing to the beat of hip tunes was certainly a sight to behold. "I couldn't believe it. They were actually dancing! It took some convincing to make me believe that it was actually Mr. Balsis and Mrs. Devine," said Saule Sadunas, a sophomore who attended the dance.

The Hawaiian costumes in themselves were brilliant spectacles. Some students came dressed as average, ordinary "beach bums" by wearing Hawaiian print shorts, Maui and Sons shirts, and shades. Others, however, went all out for an authentic Hawaiian look by dressing as Hawaiian natives. With their grass skirts and hips swirling to the music you could have been anywhere in Hawaii at that moment. The only thing missing from this dance was the sun and the sand.

After the dance ended several students had some words describing their Hawaiian experience. Angela Dillenger who came with many friends said, "I had more fun at this dance tonight than if I had actually gone to Hawaii." When asked how she felt about the dance, senior Teresa Schlemmer poetically stated, "Aloha and Hang Loose!"

1. "Hang Loose!" is the motto of these juniors as they pose in their grass skirts. As Hawaiian natives they made a big splash at the dance. 2. Mike Monge is swept off of his feet by two girls as Dusty Wood and Lee Head smile for the camera. 3. Mr. Balsis courageously asks Mrs. LaRosa to dance, but unfortunately he is turned down.

A Nightmare On Edinger Street

Though the night of October was cold and dark, a collection of ghouls and creatures assembled at the Mater Dei gym for the annual Halloween Dance.

Dancing began the evening and was followed by the pumpkin carving contest. Throughout the evening, famous faces appeared in the masses. Some of the few were the Jackson Five, Gumby and even an eleven-foot Pope.

When the eleven o'clock hour struck, the contestants for the costume judging gathered. Awards were given for the funniest, won by Jennifer M. Conway, with her portrayal of Porky pig. The best use of make-up award went to Dusty Wood and Nina Barneich disguised as The Beauty and the Beast. Mike Hollis and Alex MacInnis won the best of show award for their towering Pope.

After the competition, everyone sat down, munched on hot dogs and popcorn and watched a horror movie, a tradition carried out through the years. The movie was entitled *Happy Birthday to Me,* starring Mellissa Sue Anderson as the psychotic murderer. The movie had suspense, gore and blood, all the ingredients needed to stir up a few screams.

"I had an awesome time", said senior Richard Izaguirre. He and many other seniors had the same attitude, for they knew that not only had it been a safe evening, but also one that everyone enjoyed.

1. The emergency crew stops for the camera before rushing off to the hospital. These students show the excitement and fun spent at the Halloween Dance. **2. The Jackson Five** take a minute out of their busy schedules to pose for the camera. They were one of the many famous people to show up at the dance.

DEATH BE NOT
ROUD,
HOUGH SOME
AVE CALLED
HEE."
-John Donne

3

1. Alex McInnis and Mike Hollis, (concealed beneath the robe), make their grand entrance into the dance as the Pope. Alex and Mike won the award for the Best of Show. **2. "Hold it!"** says Dann Madrigal, senior, as he attempts to shoot the cameraman. He was one of the many gangsters portrayed at the Halloween Dance. **3. Ken Orr picks** up his blanket and pillows after a truly horrifying movie.

"The foundation of every state is the education of its youth." -Diogenes

Classroom Chaos

Ever since 1965 incoming freshmen have been welcomed to Mater Dei with a presentation of Millard Crosby's play, *The Little Red School House.* This play depicts the story of a young teacher, Miss Bronson (Jennifer M. Conway), and the way she handles her obnoxious class. The play has always been a big hit with the freshmen and this year was no exception.

This year, however, the play did not start out as a success. The practices that usually began in the summer were not commenced until the beginning of school and even then, many of the performers had to miss practices due to jobs and other activities. However, the cast worked extra hard to make up for the lost time. "It took us forever to learn the lines," said Anthony Mc Cusker (Mayberry Flutter). "But by the end we all knew everyone else's lines, so if someone wasn't at practice, we could say their lines for them." The cast practiced so intensely that in one of the fight scenes, Brian Keagan and Anthony Mc Cusker both received bloody noses.

The play also had its moments of fun as well as hard work. During the final production other members of the cast sent Jennifer M. Conway a funny note which nearly made her laugh in the middle of the play. In another case, during one of the fight scenes, Steve "Stano" Stanowicz (Butch Callahan) unexpectedly picked up Anthony Mc Cusker and spun him around.

Despite the short time limit, the play was once again a great success. The audience loved the production. "We were worried about the lack of time," said Mr. John Merino. "But this play was just as good as any of the previous ones and better than most."

1. **Interrupting her conversation** with Miss Bronson, Sylvia Porter tells her dau Clarissa (Jill Anderson), to mind her own business. Mrs. Porter successfully domi her entire family. 2. "**Uhh. I don't know.**" Flash Graham (Kevin Kelly) gives Bronson his answer to her question.

ly Butch Callahan (Steve Stanowicz) tattler Marigold Talbot (Joelle Cas- in her place. Butch asserted his su- r muscle power throughout the play. oft and away. Homecoming: A return to a place so

Homecoming: a return to a place that is so familiar that it reminds one of home. - *Webster's Dictionary*

Homecoming over the past fifty years has developed into a gala event. Its beginning stems from the idea of a return to school after three long, hard, grueling months of summer vacation. However the more modern definition of homecoming involves an exciting football game followed by the traditional Homecoming Dance.

The original idea of using the term "Homecoming" was founded by a small high school in Colorado where the **Chronicle News** described the first football game of the school year as "Homecoming." This term has coined the expression of returning to school so well; for to so many students returning to school is like coming back to a familiar home. From these beginnings the idea of Homecoming was on its way.

Through the years Homecoming has taken on new and different aspects. Creative students decided that a dance to accompany the football festivities would enhance the dreaded return to school. A simple stag dance developed where girls wore something dressy and boys wore a shirt and pants. However, Homecoming began to drastically change during the 1970's. It became customary for boys to ask girls as their dates (which began the whole problem of anxious girls waiting to be asked to the dance). As the 1970's came to an end, the Homecoming Dance was becoming more and more elaborate. Themes for the dances were introduced as well as bids to cover the cost. Still, the attire was much different from that of today where the cost of a tux or formal is enough to break anyone's piggy bank.

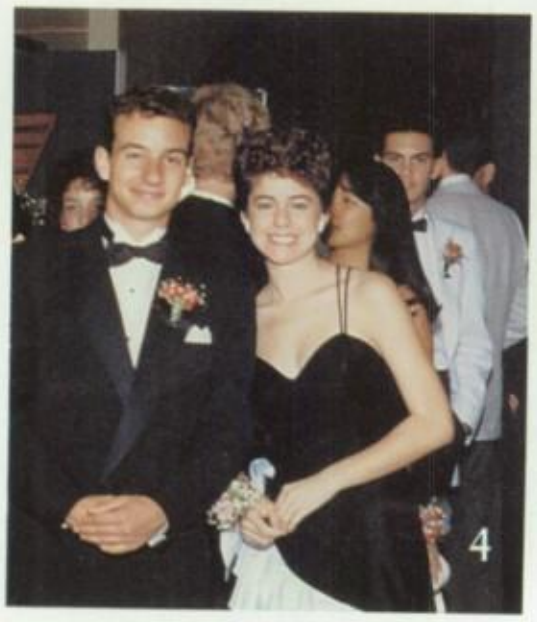
By the 1980's Homecoming has become a spectacular event. First, a girl must wait to be asked by a boy; however, the 80's have brought increased women's lib and fewer girls are waiting these days. Second, no ordinary dress will do. About three weeks before the dance girls begin the hunt. For days they track down their prey while searching behind every rack in the clothing store. For heaven forbid that any two people be wearing the same dress! Finally, often days before the dance, the killing is made. The dress is bought and is usually very ornate with frills, bows, and brilliant colors. Meanwhile the boy has been experiencing his own Nightmare on Main Street. After trying on ten different pairs trousers and five differe starched shirts, he has fina succeeded in renting the pe fect tux. Then with all of t other formalities out of t way, such as the corsage a boutenniere, he arrives at t girl's door and they proceed the dance.

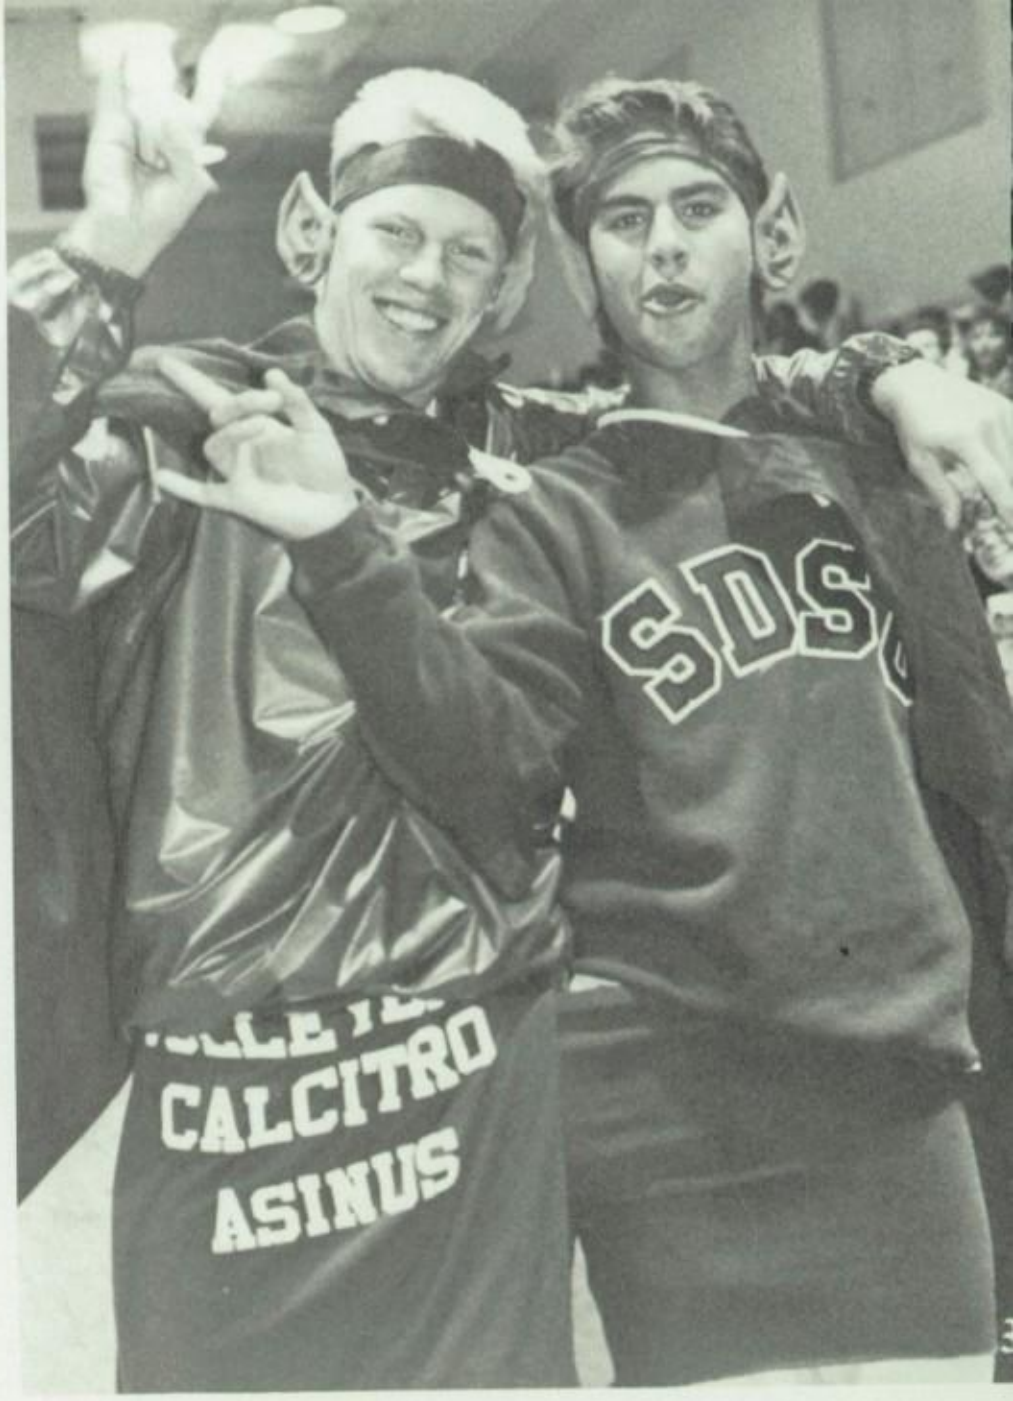
These slow but drama changes in Homecoming ov the years have brought n and exciting aspects to t dance. Little did the author the news article which a peared in the **Chronicle Ne** know that the simple te "Homecoming" would evo into such a national eve Homecoming has come symbolize a return to a fami home after three months glorious vacation, but with t special Homecoming Da students return with a m festive attitude.

1. Arriving first class, these students show how to make a stylish impression. 2. Arnie Tamparong and Chris D'Amico and their dates gingerly smile for the camera.

familiar it reminds one of home- Webster's Dictionary

1. Gabriella Lengua, Felicia Hill, Jenny Balsis, Carolyn Miller, Beth Howard, and Lisa Moreno represent the 1987 Homecoming Court. 2. Wearing elaborate dresses and sharp tuxes, these students arrive at the Anaheim Convention Center ready to dance the night away. 3. Couples are a big part of the Homecoming Dance and this couple shows their enthusiasm by their bright smiles. 4. Lua Pola shows off his dancing flare to his date. 5. This couple takes a few minutes out of their dancing fun to flash a quick smile.





Where would Mater Dei be without class spirit?

"We wouldn't have a close knit family atmosphere and therefore wouldn't be able to have any Spirit Week activities."

-Maureen Pesci
Senior

Where would Mater Dei be without class spirit? To put it mildly we'd be lost. Luckily, a question such as this need never be asked, for in fact, Mater Dei's spirit is abundant. You need only look as far as this year's spirit weeks and you will be convinced.

Put together by all of the section reps, the spirit weeks were successful in getting "Monarch Mania 87" on its way.

Staring it all off was the Sophomore class whose spirit week was held in mid-October. Their theme was "Sophomore Safari" and judging by the amount of spirit that they expressed, they were ready to show everyone else how it should be done.

Coming just before Homecoming, the teachers' spirit week was held next. This spirit week was one that the entire school got to experience as students from every grade level watched their favorite teachers and faculty dance and lip synch to songs such as "It's My Party" and "Great Balls of Fire." "I could not stop laughing," exclaimed Mimi Rodibaugh, sophomore. "I saw a side of Mrs. Dankert I never expected to see!"

Taking no time at all to get involved, and needing no introduction was the enthusiastic Freshman class. Since their spirit week was held the week before Halloween, the Freshmen chose a traditional but fitting Halloween theme which gave them the privilege of being able to dress in their favorite Halloween attire.

The Junior's spirit week followed as they pushed their school spirit into "outer limits." Coming just before the Bishop Amat game, the juniors helped to "fire up" the football team. Their outer space theme made it possible to have a space ship race as well as a "Punk-Vulcan Conehead Liebleng sword fight."

As is customary, the senior spirit week was last. Their "Super Heroes" theme let the entire school see how super-spirited the Senior class is. Their spirit week was held the week of the Servite game and activities such as hula hoop and arm wrestling contests got the seniors in the mood.

When asked what the purpose of spirit week is, junior Juan Zarate, a spirit week organizer, commented, "Its main purpose is to enhance class unity and bring everyone closer, but it also helps to get the football team motivated and pumped up." And that's just exactly what it did!

1. Displaying the spirit that got him elected Senior Class President, Antho McCusker sways his way through the Hula Contest. **2. Dressed as his** favo cartoon character, this student shows that the Freshman Class has school sp **3. Conforming to a** dress code all their own, Robbie Ickes and Dave Cou marche display the latest in Vulcan fashion. **4. Trying to fulfill** Mr. Liebler dream of being the worst section in Mater Dei history, Stephanie Archer takes time at the Junior Jello Eating Contest. **5. Mr. Dhuyvetter,** the teacher with most spirited sophomore section, sports his safari attire.

The Mater Dei Pancake Breakfast

Not Just Another Sunday Mass

"This was the first year I sang at the mass," said Christy Lavelle, junior, "It was a lot of hard work, but I had a really good time!"

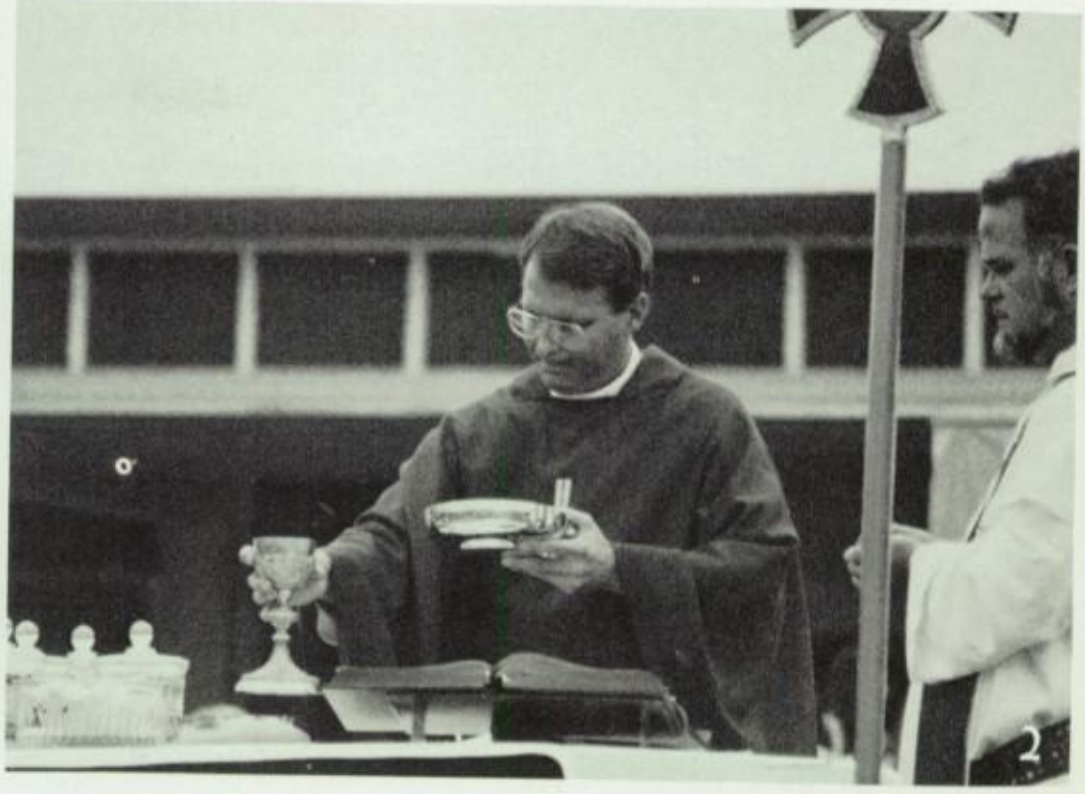
October eighteenth was not just another Sunday for many Mater Dei families. For those who attended the Pancake Mass and Breakfast it was a unique experience, one that comes only once a year.

This was Fr. Weling's first year celebrating the mass, but the uniqueness of his "Baseball Hat" homily, which stressed the fact that although we root for different teams in life we should still all be part of God's team, will be remembered for many breakfasts to come. Father's homily, along with the changed position of the altar to the center of the quad, added to the family atmosphere for which the breakfast is famous.

Following the mass, the Monarchs were absolutely overcome by the delicious "All You Can Eat" pancake and sausage breakfast which was made possible by countless numbers of donations.

The pancake event has become a Mater Dei tradition. "I look forward to the mass and breakfast every year," said Colleen Quick, a server at the breakfast, "It's a great way to get reacquainted with old friends and meet new people."

Once again, the Mater Dei pancake event has proved to be more than just another Sunday mass!



1. Enjoying themselves at the Pancake Breakfast, these sophomores help themselves to seconds. **2. Praying over the** bread and wine, Fr. Weling prepares to celebrate communion. **3. Mater Dei would** be lost without its many volunteers. These parents display their cooking talents that made the Pancake Breakfast possible.

Seven Nuns At Las Vegas

Just as the title suggests, when the curtain rose at the Santa Ana Valley auditorium on December 4th and 5th of 1987, seven nuns, accompanied by their convent, had been relocated from the peaceful setting of South Bend, Indiana to the "City of Sin", Las Vegas, Nevada. Why Las Vegas, you may ask, and what means of transportation would the nuns use to get there? What type of effect would Las Vegas have on seven nuns, and vice-versa? And finally, what would the bishop think?

All of these questions were answered when the Mater Dei Players, directed by Mrs. Linda Seeley, took the stage in the first all-school drama production of the year, "Seven Nuns at Las Vegas." After eight weeks of rehearsals, the effort put forward by the actors and actresses was evident in the enthusiastic and skillful portrayal of their roles. As Dawn Notarianni, a.k.a. Sr. Edna, stated, "The rehearsals were long and tiresome, but it all payed off. On the nights of the play, everything we had been working on came together."

And come together it did. The audience was treated to a story centered around an old Irish nun, Sr. Columba, played brilliantly by Jennifer Conway. Sr. Columba's rheumatism, worsened by the climate in Indiana, robbed her of the ability to walk. As she prayed to St. Joseph for a little assistance, the climate suddenly changed. The nuns, convent and all, had been transported to Las Vegas in a miracle performed by St. Joseph.

The nuns' arrival in Las Vegas had a startling effect on the city. Degredation was replaced by contemplation, the convent became the hottest source of tourism around, and three Las Vegas show girls decided to take the vows. But all was not well. A sleazy Las Vegas con-man was working endlessly to take advantage of the innocent nuns, and as if that wasn't enough, the nuns could not for the life of them figure out what new names they could bestow upon Peaches, Boots and Baby as they began the religious life.

All good things must come to an end, though, and with the end of the play came the end of the nuns' stint in Las Vegas. Although St. Joseph returned the nuns to Indiana, there is still cause for speculation. With the free spirit of Sr. Columba and her friends in high places, who knows . . . the nuns may be coming to your area soon!

1. "There's a brand new dance, but I don't know its name . . ." Peaches, Boots Baby show Sr. Anne a few moves. 2. "Honest Mrs. Seeley, you'd look great habit!", one of the nuns confides. Mrs. Seeley has a great rapport with her stud 3. "We are where?" Through local t.v. news, the nuns discover that they now re in Las Vegas.

1. "St. Joseph, what did I do to deserve this?", comman Mr. Eddleman exclaims as the convent is returned once again to South Bend. 2. The Las Vegas show girls try hard to impress the nuns with their piety. Unfortunately, the girls' clothes are a bit of a distraction for some of the nuns. 3. Make-up artist Barbie Bonilla adds a little color to all of the actors and actresses. The behind-the-scenes crew work long, hard hours to help make the play a success.

Cruise Night '88

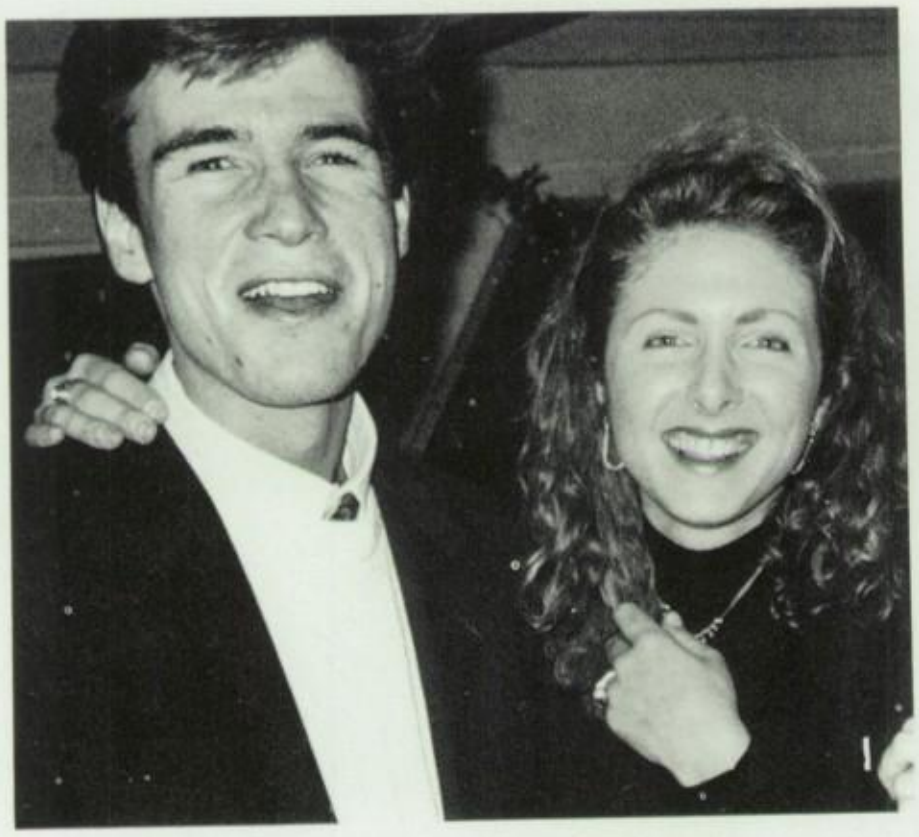
One of the many activities anticipated by the Seniors is the Christmas Cruise.

The cruise is an annual event celebrated by the seniors at Mater Dei. This is a special evening where the upper-upper classmen gather together to" cruise" the Balboa Harbor and dance the night away.

Father Weiling began the evening by serving mass at Our Lady of Mount Carmel Catholic Church. After mass, the seniors all met at the Balboa Pavillion to board the "Catalina Holiday", the ship used for this festive event.

Unfortunately, during the cruise, the winds rose and caused the sea to get a little rough. Due to safety percautions, the ship was docked earlier than planned. "It was really no big deal, we still had a lot of fun.", said senior Michelle Daniels. And it wasn't such a big deal, for the evening of dancing and laughing continued until midnight.

But everyone left knowing that, although the weather dampened their "cruise" it didn't dampen their spirits.



1. Jeff Kleppe and Christina Jorge display the enjoyment felt during the cruise. They are one of the many who had this feeling tonight. **2. These three handsome** gentlemen await their turn to enter the ship. This was one of the many lines the students waited in that evening.

1. This group of students take a moment out to relax after dancing to several songs. **2. Sam George and** Danny Thomas pose for our cameraman as he passes by. These two show the strengthening of a friendship during this enjoyable cruise. **3. This hungry group** waits in line anxiously to receive their meal for the evening. All of the students received a meal before entering the "Catalina Holiday".

A New MD Tradition

If one were to judge the popularity of the Father-Daughter Dance strictly by the turnout this past year, one would guess that it has already become a beloved tradition at Mater Dei, even though it is only in its second year. The dance, which was held on December 18, 1987, enjoyed a spectacular turnout of well over six hundred people. All who went were treated to an exceptional evening of dancing and entertainment.

For many father-daughter couples, the evening began with dinner at a fancy restaurant. Many fathers took the evening to the limit, renting tuxedos and limousines. Then it was off to the Mater Dei Pavilion, where the dance began at eight o'clock.

> "There is no friendship, no love, like that of the parent for the child."
>
> -Henry Ward Beecher

The disc jockey at the dance specialized in father-daughter dances, and played a wide variety of old and contemporary music to suit the tastes of the fathers and daughters present. This helped to bridge the generation gap nicely, shown especially when a group of fathers and daughters started to dance the bunnyhop! Also, when the DJ played the song "Shout," a group of fathers hit the floor (literally) and did the worm in the immortal tradition of the movie "Animal House".

As the evening progressed, a dancing contest and a father-daughter look-a-like contest was held. Sophomore Robyn Camarillo and her father took first prize in the look-a-like contest, and senior Trish Kramer and her dad won the dancing contest. Miss Becky Allec, the dance supervisor, was slightl worried that more activitie would be needed to occup time during the dance, bu such was not the case. Whe not dancing, the fathers woul socialize among themselves, a did the daughters. As alway when one is having fun, th time passed quickly, and th dance drew to a close at mi night.

Needless to say, all preser had a wonderful time. Look-a like contest winner Robyn C marillo described the evenir as "exhilirating and thrilling. This overwhelming positive a titude makes it obvious th the Father-Daughter Dance destined to become one of th most popular and anticipate Mater Dei dances.

1. The father-daughter couples gather in anticipation on the dance floor. The large turnout signalled the emergence of a new Mater Dei tradition. **2. The winners of** the Father-Daughter Look-A-Like Contest pose for the camera. Their happy smiles characterize the good time had by all at the dance. **3. Senior Lynne Hagan** shares a slow dance with her dad. The Father-Daughter Dance was a perfect opportunity for daughters to spend time with their fathers.

Modern Commitment

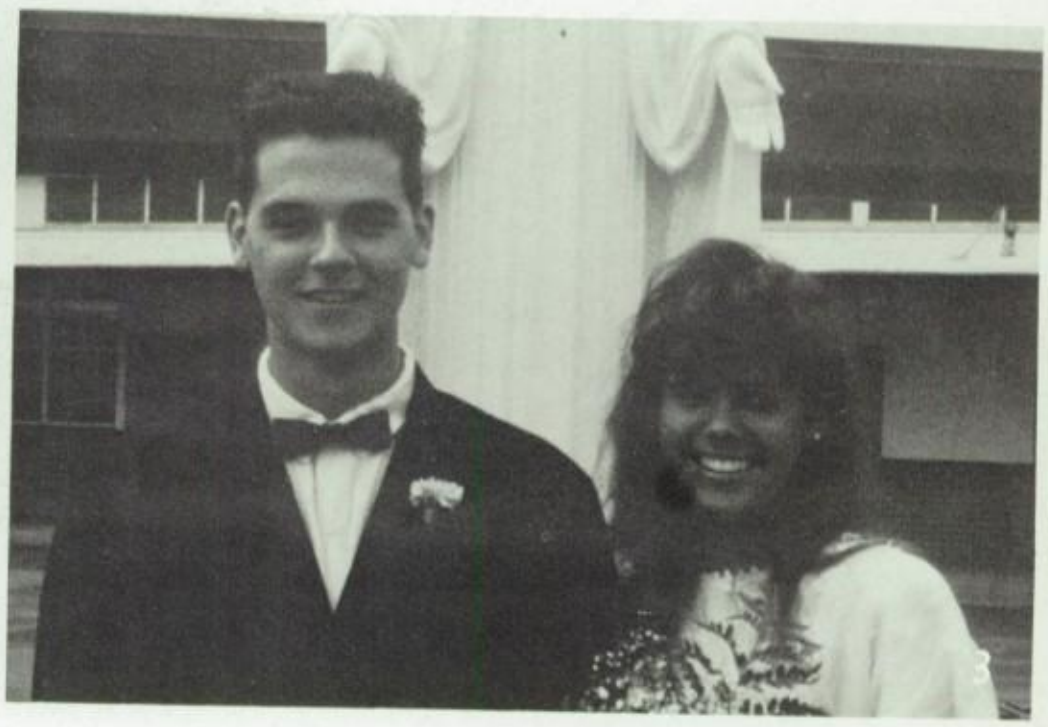
"Marriage is that relation . . . in which the independence is equal, the dependence is mutual, and the obligation reciprocal."
-Louis K. Anspacher

In the decade of the eighties, e institution of marriage has ogressed through several ends. Possibly the most ominent of these entails a eling among modern couples at marriage is more of a con-ct than an expression of ue love between a man and a man. However, the Chris-n ideal of marriage is a long ot from this callous attitude, ce it revolves around the ncept that marriage is a con-nant between two people h Christ.

nstrumental ideas such as ese are taught to Mater Dei niors in Christian Marriage, a quired one-semester course. e class stresses honest and en communication of Chris-n doctrines, ultimately to ke Mater Dei's seniors are of the many spiritual and ysical details involved with institution of marriage.

he course is highly student-ented, with one of the high-ts of the course, the Mock ddings, occurring halfway ough the semester. The ck Wedding is a graded as-ment in which the entire ss participates. Each stu-t is given a role to perform, ging anywhere from groom, to guest, to flower girl. The student is graded on how well he or she performs his or her role. After the numerous preparations are completed, two couples from each class exchange simulated marriage vows in Mater Dei's chapel. When the ceremony is over, pictures are taken in the quad. The wedding receptions are held the next day.

In addition to the practical concerns of the mock weddings, the Christian Marriage course also teaches many other topics related to marriage. Such areas include communication between partners, sex, family life, and love in general. To pass on these ideas, the instructors effectively blend the use of several different texts with the speeches of numerous guest speakers. The general consensus among the seniors that took the course was overwhelmingly positive. As senior Kristin Morris put it, "The class was a lot of fun, and I learned a lot. Going in there, my attitude towards marriage was immature. Now I know that it's all not just a walk in the park. The class taught me all about the aspects of marriage that I was never aware about before."



her Robert Hodges Marriage class gathers around the altar to exchange ge vows. Many Mater Dei Seniors were involved with the Mock Weddings. **2. ' Paul** Davis accepts his responsibilities and takes Judy Blankenship's hand rriage. **3. Damien Morrow and** Tina LaPointe smile for the camera after wed in Mater Dei's chapel. The Mock Weddings are a highlight of the ian Marriage Course.

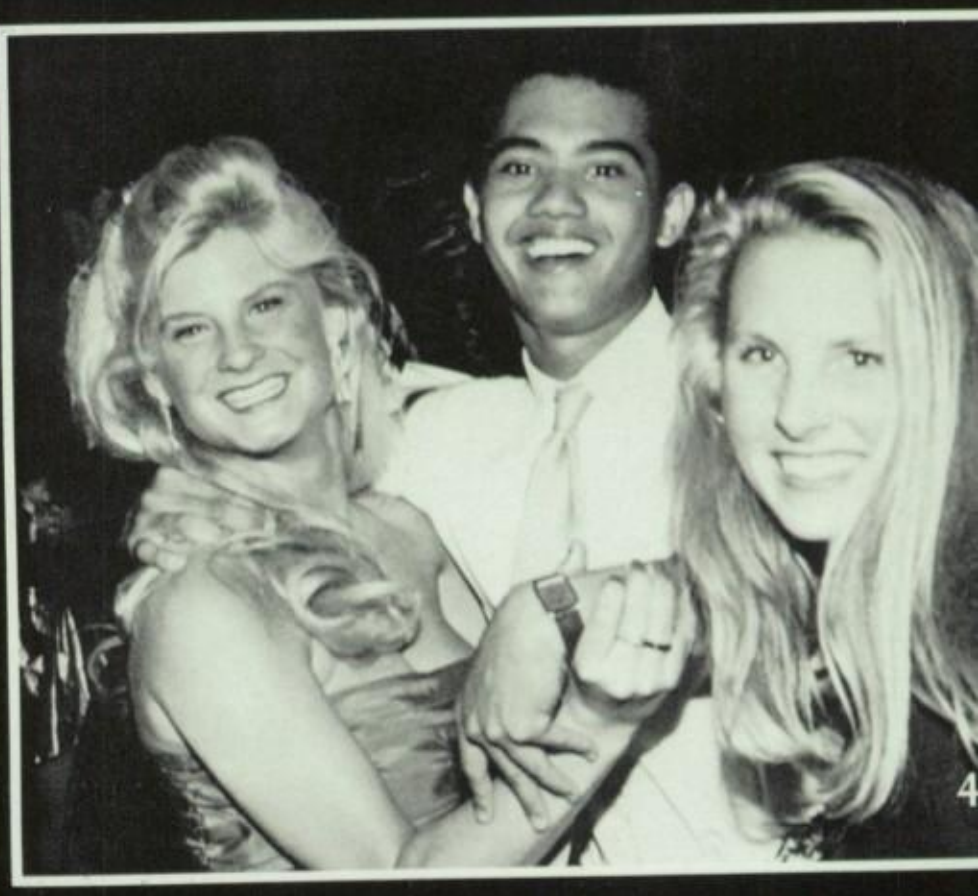
"I've Had The Time Of My Life"

Where were you at 8 p.m. on the night of February 14, 1988? Hopefully, the reply to this question was the Garden Grove Community Center. Why? Because this is where the annual Co-Ed Sweetheart, dance was being held. The ambience, felt throughout the air, was one of excitement and jubilance - a night not to miss.

As all know, this semi-formal dance is unique not only because it fell on Valentine's Day, but because in order to attend, one must be asked by a girl. The table has turned! It was now the boys turn to fret and hope of being asked as an aspiring companion to a dance. But it was also the ladies turn to set aside their coyness, and put forth their courageousness, for they had to do the asking.

For most couples the evening commenced with dinner at an enjoyable restaurant with a foregathering of friends, or if preferred, alone, before attending the dance. Once at the community center, most couples proceeded with having their picture taken. The king and the prince of the dance were soon to have been announced, and all who engaged in the voting were eager to hear who had received the honor of each title. The Co-Ed King of 1988 was Brian Keegan, while the honored title of prince, was given to Scott Gallegos. The rest of the evening was spent dancing the night away with that special partner.

As the arms on the clock creeped their way to twelve-o-clock, the evening had come to an end. The community center had emptied, but the occasion held there, filled many hearts with warming memories.



1. This special couple has captured the jubilant mood within the dance. They are Greg Jenkins, and date. 2. Smile pretty! Janet Rensing, Lisa Gervais, and Kim Ruby, Seniors, take time out to pose for a picture. 3. Displaying their pop-art creation of soda cans is the ASB welcoming committee. They are in charge of refreshment distribution at the dance. 4. Dancing the night away is a definite plan for these friends. They are Sherry Farmer, Heather Nalle, and alumnus, Ron Wooldrige.

1. Energy is the word which best expresses the emotion felt by these juniors. These smiling faces are those of Scott Buccola, Adriana Araiza, Nicole Brenner, and her date. 2. Both these seniors have been struck by the Valentine spirit. Jennifer Salinger, and Jim Austin dance away the rest of the evening. 3. The face of gratitude is seen on both winners of the Co-Ed contest. Brian Keegan, and Scott Gallegos are captured in their moment of glory.

Sweats And Socks Are Required To Hop

There was once a feeling of neglect among the underclassman of Mater Dei. Why? Well, it seems that the underclassmen felt left out when it came to dances. True, they could go to the Welcoming Dance, but that just wasn't enough. So, three years ago, MORP was created!

MORP is the extreme opposite of Prom, in fact, it is Prom spelled backwards. MORP is an underclassmen dance that requires that its attendants wear tennis shoes and sweats or other casual attire. Students don't bring dates, but instead, have a great time with all!

This year's MORP was held on May 20th in the quad and as usual, all that attended had a great time! The highlight of the evening was the crowning of the MORP Court. Sophomore Ryan Motherway was crowned King, Vince Hlavaty Sophomore Prince, and John Carmody Freshman Prince. These members of the MORP Court were presented with celery and carrot bouquets in place of the traditional floral arrangement.

The underclassmen are again content, for it seems that MORP was fun-filled enough to tide them over until they can go to Prom!

1

2

4

3

1. **MORP was a** time for students to rejoice in their school spirit. These students express their enthusiasm. 2. **Who could resist** these smiling faces? Sophomore King Ryan Motherway, Sophomore Prince Vince Hlavaty, and Freshman Prince John Carmody show the adorable looks that helped them win the hearts of many. 3. **MORP was a** great time to enrich friendships. Katie Markhausen and Shannon O'Lea symbolize the typical Mater Dei friendship. 4. **MORP was many** things to many people. Rick Monge and friend take time out for their exhausting dance to share a moment with each other.

Chili Chow-down

Judging by the number of cars on campus, May 7, 1988 would have appeared to be just another day at Mater Dei. But looking closer, it would become obvious that something out of the ordinary was going on — Chili booths, limbo contests, a dunk tank, live bands! This was definitely not a typical Mater Dei school day, and of course not, because May 7th just happened to fall on a Saturday.

But what was all the commotion? What was so important that it could urge hundreds, even thousands, to give up their precious Saturday to attend a School event? It was the second annual Chili cook-off, a day packed with fun for all!

The Chili cook-off was one of the many activities organized by the Student Council, and was a great success. Not only did it enable hundreds of families to share in the "Mater Dei experience" while sampling some of the best chili around, it also gave some student bands a chance to show-off their talents. Bands like DMA and White Lies were the crowd favorites because of their incredible versions of songs by such bands as U2 and INXS.

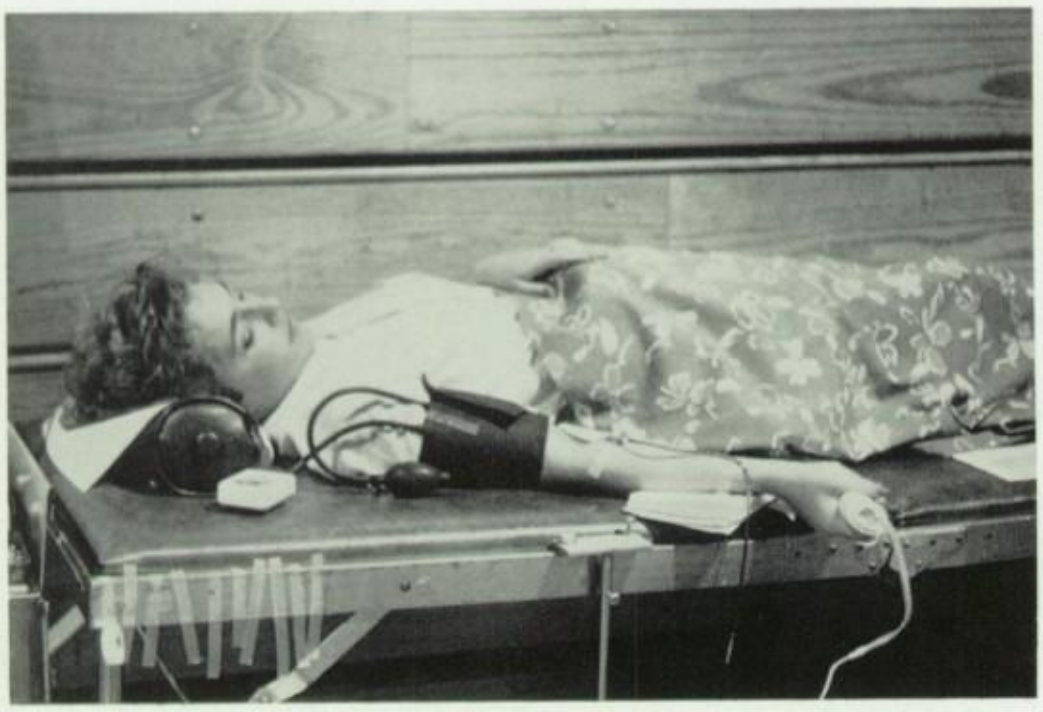
However, there was more to it than just great food and music. There also were games, limbo contests, a dunk tank; a face painting booth and plenty of good company.

Another popular part of the day was the "talent show". This segment of the cook-off kept everyone rolling as many groups tried to sway popular opinion into believing that their chili was the best. There were skits about the Australian Outback, a chili rap, and even a "well rehearsed' skit acted out by some of the "more hefty" members of the football team.

Awards were given out to the group with the best skit, the best decorated booth, and of course, the best chili. The grand prize winners of the day were the "Dancing Jalepenas" Songleaders who won this honor by receiving second place for their skit, second place for their Jalepena chili booth, and third for their chili. There is rumor, however, that their chili rating would have been much higher if they had not run out during the third round of judging! "I think our prize-winning qualities were our spirit in the limbo contest and our "red hot" chili!" commented junior songleader Lisa Ort. "The day was great fun! It helped our new squad get to know each other better and have a ball, while our parents had just as much fun helping us!"

Once again, the "Mater Dei Chili-Chow down-Cook-off has proved to be a red-hot event!

1. A major part of the Chili Cook-off was the great music and entertainment. Junior Brendon Manson and Junior Ray Wong of "White Lies" put on a great show! 2. The booths at the Chili Cook-off were decorated in a variety of themes. This booth characterizes the "hot appeal" that chili had on everyone. 3. The chili at the Chili Cook-off was superb! Junior Jeff Martinez and friend sample this great creation.



M.D. Takes Third

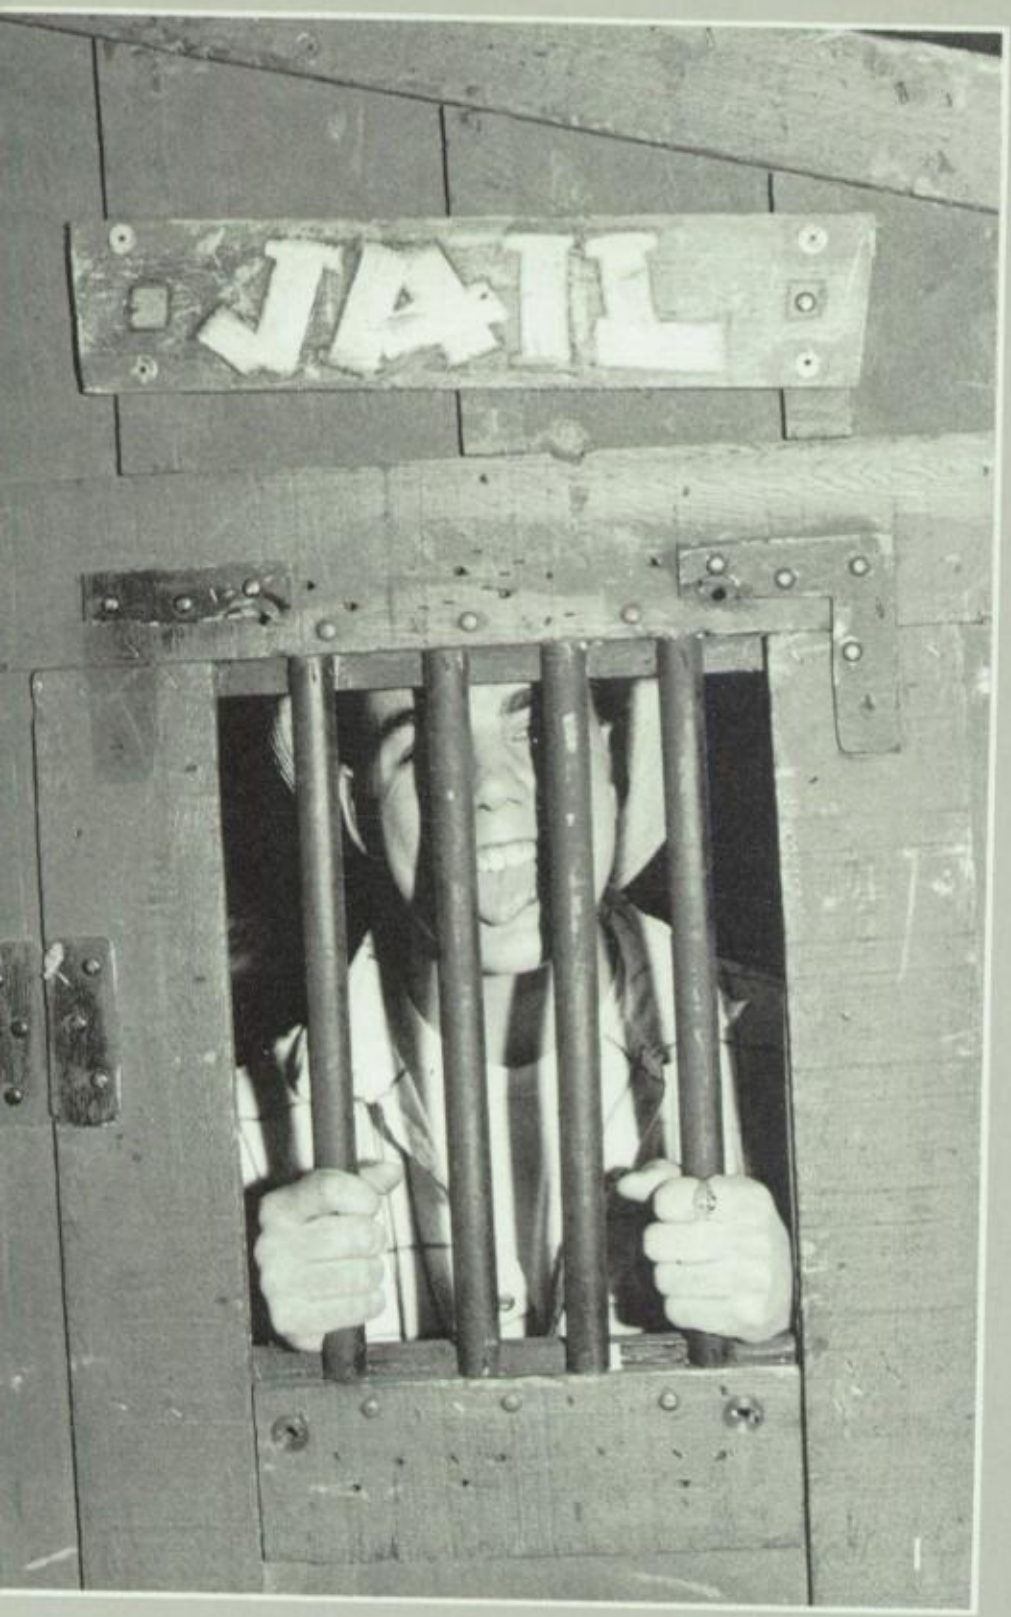
Every year Mater Dei holds two blood drives in association with the Red Cross. This year was no different except in the unnatural success that was had. The drive was run by A.S.B. Health and Safety commissioners, Brian McAneny and Molly Munoz.

The drive was haunted this year by the spector of AIDS. Due to the fact that this deadly disease can be passed by needles the Red Cross took the utmost precautions to guard against this virus. They took blood samples before the actual removal of the blood and tested it while you waited.

The drive also had many new innovations to improve the amount of blood collected. This year there was a competition between clubs to see how many pints of blood they could raise. The winners were given a day of free dress. Another new innovation was to send reminders to the donors fifteen minutes before the appointment so less people would forget to show. These innovations and plenty of hard work helped to make Mater Dei the number three school in Orange County for raising blood.

1. **Here a student** receives support from a friend. This sort of care helped to m Mater Dei the number three school in Orange County. 2. **Donor Joelle Casteix** lies b while the blood is removed. The Red Cross makes the transfer as comfortabl possible. 3. **The driving forces** behind the blood drive were Brian McAneny and M Munoz. As Health and Safety commissioners they were responsible for organizing drive.

"A pint of sweat will save a gallon blood."-George S. Patton



Sadie's . . . A Barnyard Romance

Well partner, how 'bout that Sadie Hawkins dance? "I had a great time, there were lots of people, and the music was great," was the way Donna De Pasquale, junior, described the evening. February 6, 1988, . . . a night filled with good ol' fashion fun down at the Mater Dei gym.

Since "Western" was the theme of the dance, cowboy boots or hats weren't odd. What was odd though, was that the gals had to ask the guys to this rootin', tootin', heel-kicking, celebration. Luckily, that didn't stop the crowds from coming.

There were many exciting events to look forward to throughout the evening. A dance contest really excited the crowd and enabled them to enjoy themselves more. Mock weddings were being held for those couples who wished to add a little romance to the night. Also, for those certain people who well, "weren't behaving," were by request hunted down by the sheriff and thrown into jail. As a memoire of the night's events, couples had the opportunity to have a picture taken, a perfect ending to a perfect evening.

All this though, must be accreditted to the Varsity Cheerleaders, who are the sponsors of the traditional Sadie Hawkins dance. This enables the cheerleaders to make money for their Florida trip while giving Mater Dei students a chance to enjoy themselves. As said by Noelani Prietto, varsity cheerleader, "I'm very glad this year's dance was a success, as our funds do go towards our Florida trip. But more important, I hope everyone had fun."

1. This curious fellow displays his emotion after being incarcerated in the Sadie Hawkins jail. Until bail is posted he remains behind bars. 2. Fr. Norbert switches his role as priest with Fred Olivieri, cheerleader. Instead of performing the marriage, he was the one being married to Miss Vogl, religion teacher. 3. Friendship is an important factor of Mater Dei life. This feeling is exemplified through the many social activities at Mater Dei, as seen here by Debbie Westfall, and friends.

Straight From Brazil

The schedule of a widowed millionaire in Brazil is surely a hectic one, but Donna Lucia d'Alvadorez somehow found it in that schedule to pay a visit to the Santa Ana Valley Auditorium. On March 4th and 5th, she took the stage in one of the most successful Mater Dei Drama productions — **Charley's Aunt.**

As the loyal houseman Brassett (David Clarke) tells us, the story is set in the year 1908 at Yale University where two young undergraduates, Jack Chesney (Sean Cox) and Charley Wykeham (Simon Cote) have invited their girlfriends, Kitty Spettigue (Kelly Tracy) and Amy Verdun (Kim Fleming) over to the dorm for the afternoon. Needing a chaperone for the girls, Charley arranges for his aunt, Donna Lucia d'Alvadorex (Dawn Notarianni), to visit the campus. e girls arrive and the millionaire aunt sends last minute word that she will not be able to come. The girls won't stay without a chaperone! What are the boys to do?

The problem is quickly solved by forcing another undergraduate, Lord Fancourt Babberly (Matt Champagne), into a long, satin dress, a peticoat, a wig and a bonnet, and making him be Charley's Aunt from Brazil — "where the nuts come from" Competition begins when bo Colonel Francis Chesney (R. Du tin Wood) and the evil Steph Spettigue (Ed Day) learn of t rather peculiar-looking "wo an's" wealth and try for "he hand in marriage.

As Lord Babberley is almo constantly chased and pinch by the money-hungry Spettigu the laughs and trouble contin when the real aunt finally arriv bringing with her the young E Delahay (Barbie Bonilla). Lo Babberley's true love from lo before. Of course, Lord Babbe finds it a bit difficult to expre his true feelings for her wh wearing a Brazilian dress.

Written by Brandon Tham and adapted by Ron Friedma the play has never failed to rea an eager audience — the produ tion put on by the Mater D Players was certainly no exce tion. From lights up to ligh down, the success of the pl was shown by the almost co stant laughter of the audienc "Charley's Aunt" has been pe formed hundreds of times wi several different adaptions, ways living up to the word "cla sic." And what audiences saw the nights of March 4th and 5 was exactly that — a classic.

1. Jack Chesney (Sean Cox) helps Charley's aunt (Matt Champagne) arrange her flowers. Playing a woman didn't come easily to Lord Babberly. 2. The always loyal butler, Brassett (David Clarke), faithfully waits for his next order. Brassett served his two young employers faithfully no matter how odd their actions appeared. 3. The cast lines up for their final bow. They received a huge ovation for their hard work.

"Fate chooses our family, we choose our friends.."-Unknown.

Fancourt Babberly displays his disguise to Jack Chesney and Charley Wykeham Cote). Bab's agreed to imitate Charley's aunt for the day. 2. **Student directors** er M. Conway and Carole DuBois are good friends as well. They were as nental to the play as the cast members were. 3. **Equally important were** the ers of the stage crew. They were responsible for stage changes as well as make rdrobe, and sound. 4. **Charley's aunt takes** time out for a smoke. Fancourt had to is vices while playing a woman.

"Alive And

When people go to Mater Dei football games, the first thing they notice when they get out to the bleachers are the energetic MD Varsity Cheerleaders, spurring the crowd on. They hold very important positions in the life of all avid Mater Dei sports fans and players, because they provide the moral support that is so vitally important for our teams to win yet another victory.

Every year, under the caref direction of Mr. Merino, ne cheerleaders are recruited to f open places as privileged mer bers of the squad. This is alway an exciting time of year for th people that want to become pa of the squad. Clinics are he over a week-long period durir which the present cheerleade "coach" the would-be newcor ers. This is not only fun for e eryone, but it also provides goo experience for those who mig go on to become trainers in the future careers. Many lastir friendships have been formed these cheerleading clinics well.

Once the school year ends ar the new squad has been selecte the work has just begun. The training involves spending the entire summer working out, pra ticing and perfecting stunts f pep rallies and the many comp titions they win. During t school year, all the cheerleade have to put in extra effort study, for they are kept so bu

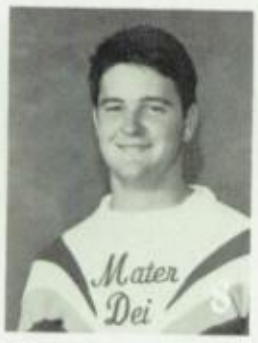
Kicking"

with meets and games that even their weekends are often fully booked. All this practicing puts a great strain on all the members of the team, especially when their friends want to go to the beach and out to parties; the cheerleaders sacrifice going to a lot of these out-of-school social activities.

But they hardly have to worry about missing out on all the fun! Going to root on the home team has always been a favorite pastime of all Mater Dei alumni, with the cheerleaders at the head of the spirited "sport." Their fans are so devoted that even at the regional meets the cheer squad must attend at various colleges, many people turn out to cheer *them* on! Of course victory is common.

The varsity squad has not only won regional competitions in the area, but took the first place trophy at the national cheer meet in Orlando, Florida. All of this victory does not come easily, as any of the cheerleaders will tell an interested listener. As Frederic Olivieri said, "Even though cheerleading requires a lot of work and effort, I've loved every minute of it."

Most people don't realize what a tough job it is to be a Mater Dei Varsity Cheerleader, because it's *not* all fun and games. They work so hard to make our school's spirit number one in the nation. They're doing a great job! Keep it up!



1. Frederic Olivieri 2. Amy Keller 3. Marlene Solis 4. Sean Parsons 5. Noelani Prietto 6. Daphne Henn 7. Lisa O'Lea 8. Jay Burns 9. Tamara Harris 10. Kristen Wilmot 11. Robert Hartstein 12. Tamara Harris, Amy Keller, Cynthia Herrera, Lawrence Signaigo, Benjamin Clarke and Frederic Olivieri perform this stunt in practice gear. The cheerleaders are constantly perfecting their moves.

MD's JV Cheer:

Nothing But The Best

I exhort you to be of good cheer.
-Acts of the Apostles

It is no secret that Mater Dei's Cheerleaders are among the best in the nation. This fact was proved once again this past year when both the Junior Varsity and Varsity Cheerleaders took first place in the National High School Cheerleading Championships, a feat that has never before been accomplished by the same school. Needless to say, annually placing among the top cheerleading squads in the country requires an extreme amount of hard work. Everyday from 1:30 to 4:30 one can catch the JV Cheerleaders practicing out on the Mater Dei field. They practice for several hours on Saturdays, too, all in preparation for the numerous competitions that they participate in through the year.

Why anyone would volunteer for such a rigorous program is a question not easily answered. All concede that a large part of being a member of the JV Cheerleading Squad involves unwavering dedication. However, the biggest reason for being a JV Cheerleader does not deal with overly-gallant ideals. Yes, it is hard work and does weight down one's schedule, but in the end it all boils down to being a lot of fun. As freshman Annie Mumolo attests, "Being a cheerleader is the most fun I've ever had in any sort of team activity that I've been involved in."

Because of the numerous practices and competitions that the cheerleaders must attend, much time is spent with one's peers. This ultimately make the bonds of friendship which form between them all the more strong. Closeness is one of the squad's most valuable assets, and helps the cheerleaders better operate as a team. Freshman Jennifer Westhall states, "All this work would be unbearable if you didn't have your close friends around to share it with. They help to make it a lot easier."

All the work and effort that the cheerleaders put in comes together when they compete at the national level. As usual, the competition was fierce this year, but the JV Cheerleaders, under the leadership of coach Jodi Sweet, shone through. Their performance was brilliant, and captured them first place. After winning the national title, Sophomore Annie Uranich reflected, "There's real no other feeling in the wor like spending all that tim working towards a certain go and then achieveing it." Fres man Tina Olson states: "U winning - it was such an incred ble thrill. It's one of thos things that you'll never fo get."

Truly - the time of one's lif

Some Like It Hot

Hours of practice, endless spirit and enthusiasm, unity, dedication, friendship and talent — all of these things are necessary to have an award-winning dance team like the 1987-88 Mater Dei Songleaders. Led by advisor Lisa Byrne and Head Songleader Beth Howard, the team proved itself a worthy successor to its championship-level predecessors.

The life of a songleader is not as glamorous as one might imagine. Only rarely do the girls wear their charactertistic uniforms — most of the time they can be seen wearing sweats, tennis shoes and T-shirts, just like any other team. Daily practices and exercise bring them up to championship form.

Many people at Mater Dei do not know that their songleaders have a unique style, better moves, and a different look than many other songleading teams. Since their approach was so appealing and successful last year, many other teams adopted similar ideas for the 1987-88 season. However, at the National Dance Team Championship in Florida, Mater Dei was able to fend off imitators to win second place.

First and foremost, the Mater Dei Songleaders serve the school community as a unit within the Pep Squad. They fired up the crowds at football and basketball games as well as other, non-athletic, functions. They boosted the spirit of the Mater Dei community, worked hard, and emerged victorious. Truly the 1987-88 Mater Dei Songleaders set the standard by which others are judged.

1. Head Songleader Beth Howard proudly displays the girls' trophy. A talented and dedicated leader, she inspired her team to great success. 2. Lasting friendships develop between the girls, but the one shared by Jenn and Beth Howard is even more special because they are sisters. Shared friends and experiences bring them even closer together. 3. Felicia Hill and Lisa Ort exemplify the team's excitement at victory and the closeness and unity that enabled them to go so far. The Florida trip is an unforgettable experience for the team members and their families. 4. Advisor Lisa Byrne and the songleaders show off their costumes and pompons. The girls' appearance and flair contributed greatly to their success.

"Friendship Needs No Words"

—Dag Hammarskjöld

1. Jennifer Schwary, Noelani Prietto, Tricia Kramer and Teri Byrne display the close friendships between the cheerleaders and the songleaders at Mater Dei. This unique love is what makes the MD pep squad the best! 2. Felicia Hills shows her spirit by wearing a Mater Dei headband as she anxiously waits to perform at the Florida Championships. All the songleaders were tense before the competition, but they walked away with the second place trophy! 3. Cindy Pepping, Annie Uranich, Jennifer Tinker and Kim Dreher act suave as they pose for the photographer at one of the football games. These JV cheerleaders worked hard so they could become varsity squad members next year. 4. The JV squad perfects one of their more difficult stunts. All the practice paid off when they won first place in the national competition in Florida.

1. The Mater Dei songleaders smile for the camera in Florida, the sight of the national championships. Their spirited enthusiasm shown through at all school rallies and games, and kept the crowds alive with energy. 2. The unforgettable Varsity Cheer team of 1987-1988 stands to lead MD fans in the salute to our alma mater. The close ties formed on the squad are never relinquished, and their bond is strong. 3. The JV team stands in formation ready to begin a routine. Even watching them practice is quite enjoyable. 4. Colleen O'Conner and Lisa O'Lea's friendship is a special one. They support each other and help each other strive to reach their goals. 5. Veteran songleader Amy Conrad and newcomer Gabriella Lengua believe in being the best they can be. These two girls formed a new relationship with each other as songleaders and were both a vital part of the team this year.

'Wheres there's music, there

As the curtain closes on the final act of the **Music Man**, one can't help but wonder how normal students can be magically transformed into such professional actors and actresses. This was evidenced by the spectacular performances of everyone in the cast.

The fourteenth annual Senior Musical was presented on the nights of April twenty-first, twenty-second, and twenty-third, under the direction of Mr. Merino and Miss Milby. Mr. Merino directed and produced the overall production of the plot, while Miss Milby choreographed all of the scenes and also assisted in many other aspects of production.

Leads for the musical were chosen for their talent potential shown in the audition and through the final readings that were held. Auditions for the leads began as early as last June.

The **Music Man** was done in six weeks; normally it takes eight weeks to do a musical. It was created in six weeks because of the great cooperation from the cast and because of the tremendous talent of everyone.

All involved were determin to do a good job and the p turned out to be a great hit, seen by the standing ovation the end of each performance.

"Miss Milby and I are extrem ly pleased with the performanc of the Music Man, but even mo with the dedication of the cast Mr. Merino

can be no evil-Cervantes, Don Quixote

The M.A.C.Y. Awards (Music and Art Commendation for Youth) are granted as the result of a judged competition of high musical school productions. Judges are selected with varying specializations in the performing arts. For over six months each year they review the musical productions of participating schools. All of this activity culminates at the end of the school year with an annual awards show, which features the best production numbers from participating schools.

This year eighteen schools were selected to participate at the awards presentations. Awards are given to individual student for acting, singing or dancing. The M.A.C.Y. Award is presented to the finest production of the year.

Mater Dei High Schools Senior Class production of the "Music Man" was named the best musical. It also garnered awards for "Best Orchestra" and "Best Ensemble."

Individual awards were also given out to ten Mater Dei students for their outstanding performances.

Mr. John Merino was the director with choreography by Miss Gail Milby; choral direction by Thomas Hodgman, and the orchestra conducted by Michael Corrigan. The entire cast, crew, and faculty directors.

"In the future, everyone will be

May 10, 1988 will go down in history as the night Spinal Tap appeared on the same bill as Salt 'N' Pepa; a night in which Culture Club was cheered on by the same audience that came to see Seven Seconds; a night which saw the startling reunions of Led Zeppelin, The Brady Bunch, Sonny and Cher, The Rolling Stones, and oh so much more! All of this occurred in the Mater Dei gym. Too amazing to be true? You bet it was- welcome to Air Guitar!

The Air Guitar concert is an annual event for those seniors with the desire to strut stuff ... not their own stuff, but that of their heroes or heroines. Once you've stepped into the realm of Air Guitar, the Mater Dei dress code vanishes. Wigs, makeup, jeans, leather, spandex pants ... all are a common sight; that is, if you can see once the flashoots have gone off!

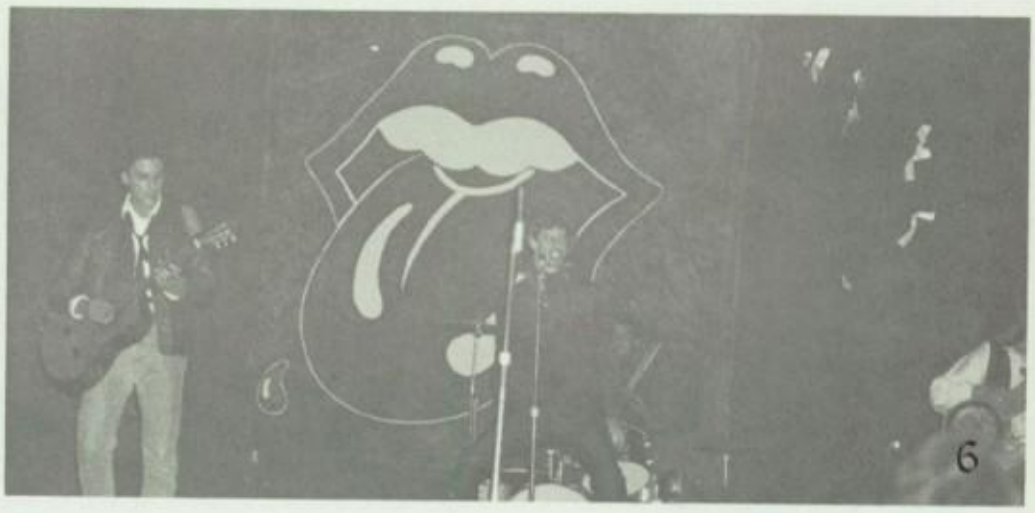
Air Guitar 1988 was the most successful to date. A large number of seniors participated, representing a diverse group of artists. Oldies but goodies seemed to be the favorite among the judges. First place was given to The Brady Bunch. They were able to remind us all of the weeknights we spent following the story of a man named Brady. Poison followed a very close second. Their heavy metal antics went over well with audience members. Psychedelia returned to high prominence once again when flower children, Sonny and Cher pulled off an impressive third place. Their rousing version of "I Got You, Babe" inspired the crowd to clap and sing along, providing one of the evening's warmest moments.

Other notable showings included Adam and the Ants' convincing delivery of "Stand and Deliver", Aretha Franklins musical dissertation on "Respect", the sizzling dance steps of J.J. Fad, the inspired gyrating of Mick Jagger during the Rolling Stones' performance, a scorching version of the Bangles' "Hazy Shade of Winter", the collective enthusiasm of all the dudes in Spinal Tap and the explosive performance of their flashpots, the glory of techno-pop aptly displayed by Eurythmics, the metal and mayhem provided by Kiss, and a seasoned performance by Salt 'N' Pepa. Led Zeppelin crashed upon the scene for a couple of energy-charged tunes, and Seven Seconds slipped in a couple of quick numbers, too.

The large crowd gathered for this event did not go away without getting their money's worth. Speaking of money admission was $3.00, with all funds going toward the senior class.

1. It certainly was a night to remember. Here, we see "Mick Jagger" and "Adam Ant" hammi after their performances. 2. The award winning band, Poison, was a good example of the seniors put in to the air guitar. Their fine costumes and lip sync-ing were the keys to their s 3. The girls in J.J. Fad proved that they were three of the best dancers in the senior class. He are for all to see.

amous for fifteen minutes."-Andy Warhol



1. "Stonehenge" . . . an ominous song for an ominous group of individuals. Spinal Tap provided some first class entertainment, especially the howling of their bass player. 2. "Flower power lives!" This seemed to be the prevailing theme as Sonny and Cher put in their award winning performance. 3. "And maybe we can make the world a whole lot brighter . . .". The Brady Bunch makes a statement on their way to first place. 4. Punk rock was once again represented at Air Guitar. Seven Seconds provided an accurate portrayal of this music. 5. Who's that tall, muscular guy at the front of the stage? Why, it's Boy George. Air Guitar is a great opportunity for seniors to slip into new identities. 6. Those lips are recognizable anywhere. The Rolling Stones provided great versions of "Paint It Black" and "Satisfaction". 7. Costuming at Air Guitar plays a very important role. This is shown very well by Adam and the Ants.

The Greatest Experience

True to the spirit of Mater Dei High School, the class of 1988 performed with grace and style at their graduation ceremony on the morning of June the fourth. After proceeding into the church of Saint Columban's Parish, the seniors were seated, carpeting the church with an ocean of red robes. Kevin Kelly gave an opening reading, and was followed by the speeches of the two valedictorians, Molly McNamee and Tim Phelan. The diplomas were given out, followed by the singing of several symbolic songs. Bishop McFarland gave a speech which called for the graduating class to not hesitate in their quest for personal and social betterment. After the ceremony, the graduates gathered outside the church and celebrated.

The celebration continued that evening at the first annual Grad Night. The event was put on entirely by the parents of the graduates, and was intended to give them one last memorable evening together as a class before leaving each other. It was held at Raquetball World in Fullerton, and was a huge success. The complex was decorated according to the theme, Jamaican Holiday, with many different activities available to all who came. Whether one went swimming, gambled away all of one's monopoly money, or merely danced the night away, an unforgettable time was had by all.

Unquestionably, the years spent at Mater Dei will live on in the hearts and minds of all these graduates for the rest of their lives. As they jump headfirst into society and the future, Mater Dei salutes them, and asks them to remember these words by author S.H. Payer:

Final Thought

Live each day to the fullest. Get the most from each hour, each day, and each age of your life. Then you can look forward with confidence, and back without regrets.

Be yourself - but be your best self. Dare to be different and to follow your own star.

And don't be afraid to be happy. Enjoy what is beautiful. Love with all your heart and soul. Believe that those you love, love you.

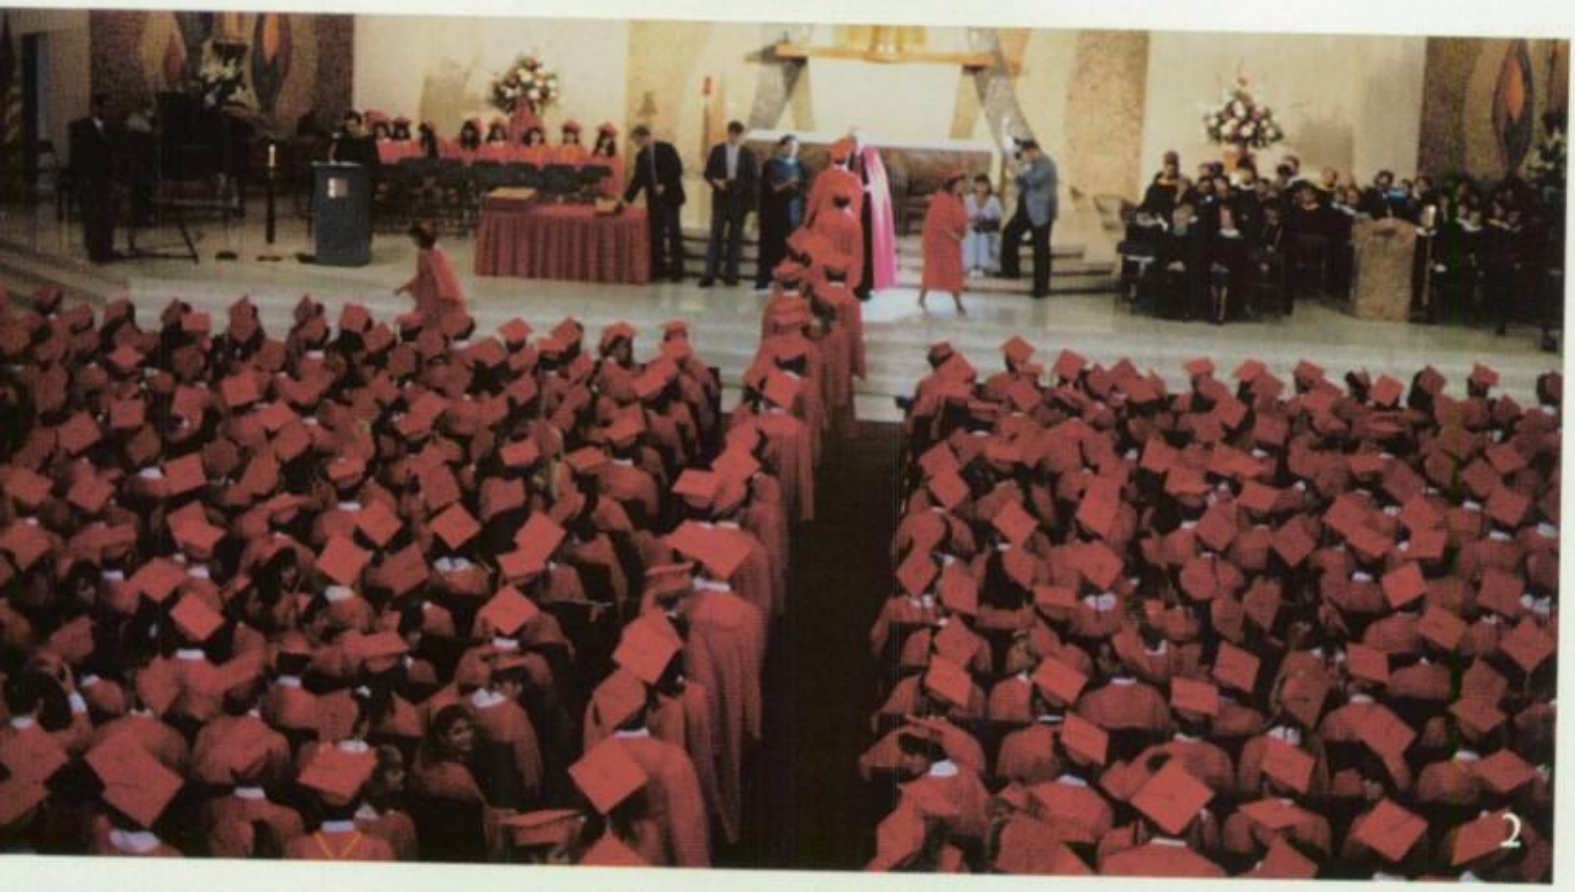
Forget what you have done for your friends, and remember what they have done for you. Disregard what the world owes you, and concentrate on what you owe the world.

When you are faced with a decision, make that decision as wisely as possible - then forget it. The moment of absolute certainty never arrives.

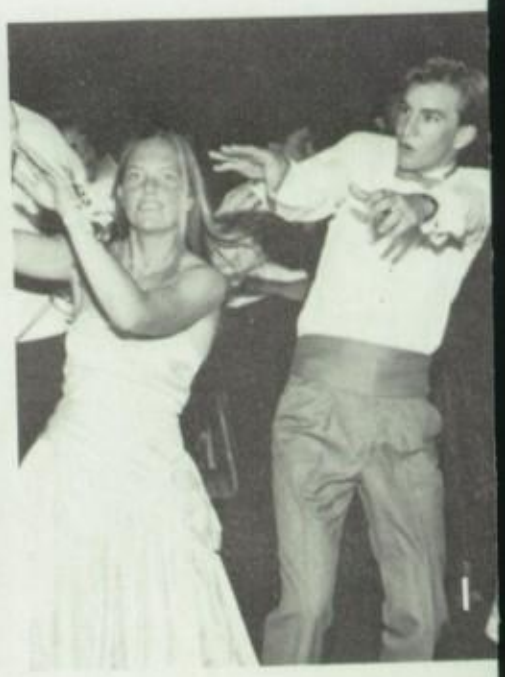
And above all, remember that God helps those who help themselves. Act as if everything depended upon you, and pray as if everything depended upon God.

1. The caps soar into the air outside St. Columban's Church. The graduates gath outside to celebrate the beginning of a new phase of their lives. 2. Bishop McFarla gives this senior her diploma. The bishop personally distributed over five hundr diplomas to the graduating students.

1. **Relieved, excited, hopeful,** joyous, confident, and thankful. Wow - what a day. 2. **The seniors line** up to get their diplomas. Receiving the certificate is the high point of the ceremony. 3. "**I'm a freshman again!**" These seniors gather around to reminisce about their many fond memories and to say goodbye. 4. **These two grads** take a moment out to crack wide smiles for the camera. Friendship is the true Mater Dei Experience.



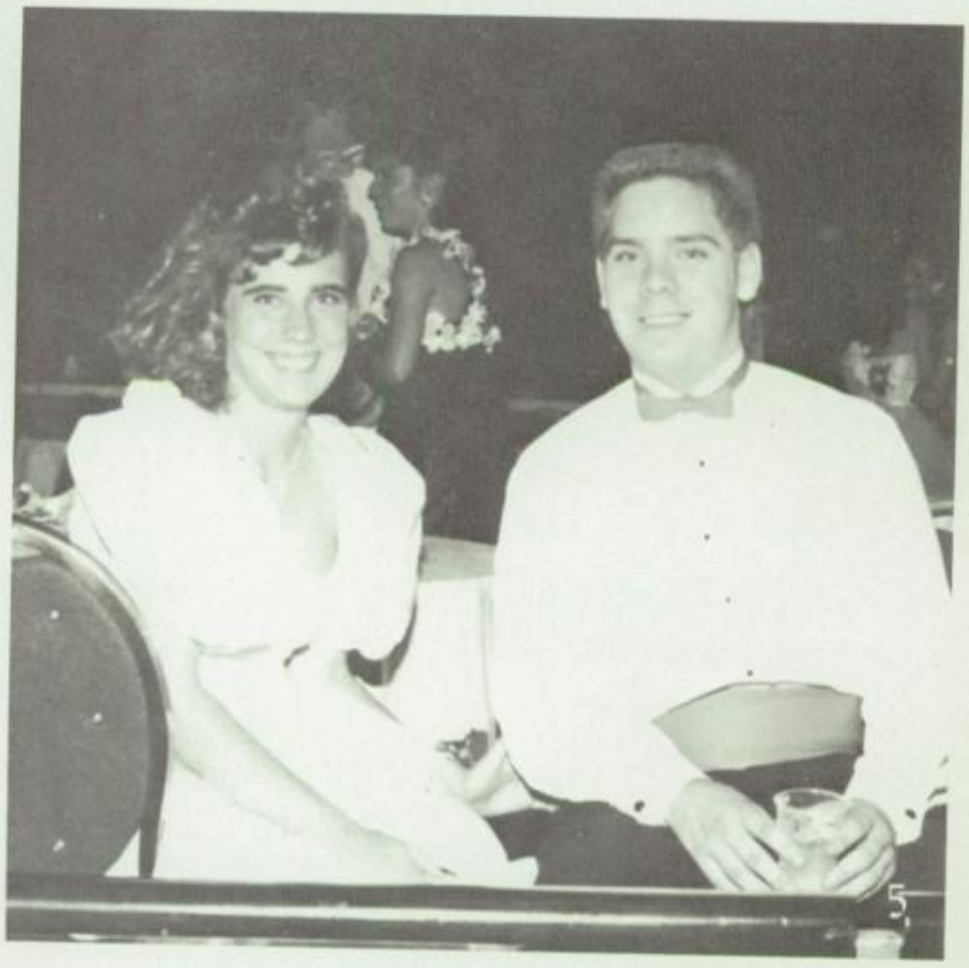
Prom 1988



1. In a revival of a dance number fro their Senior Musical, members of the ca of The Music Man recreate part of th award-winning play. 2. Couples at the Di neyland Ballroom change the tempo for slow, romantic dance. 3. Limo rides hav become the order of the day for prom goers. 4. Julie Reed and Jim Zaccar show off their finest "duds" for the occ sion.

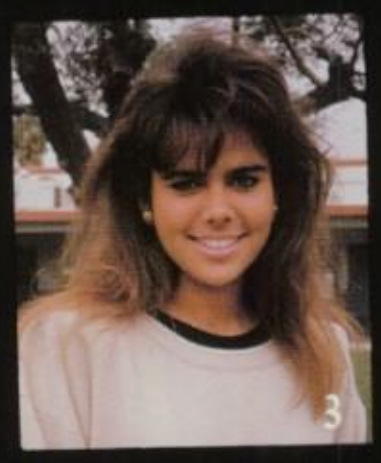
"Tonight I'm Yours"

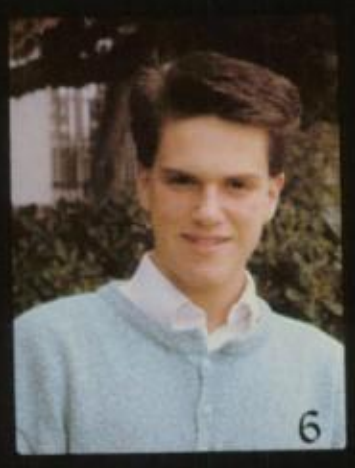
1. Camille Brennan, the 1988 Prom Queen, and date Danny Thomas express a jubilant smile. **2. Both the junior** and senior attendants pose for their picture. **3. Miss Milby and** Mr. Merino spend hours of time planning for such events as Prom. **4. These three junior** couples show that a large part of this dance is being with close friends. **5. Taking a few** minutes to catch their breath the camera captures their happy faces.



om 1988- the memories will never be forgotten. Every dance s its own special memories, but the special memories Prom has never be lost. From the beginning of the dance when dinner is ed, to the end when the last song is played, the memories will last etime.

is year Prom was held at the Disneyland Hotel in the Grand oom. Dinner was an open buffet served from six o'clock until nine. buffet served lasagne, chicken, and ham with scalloped potatoes fruit salad and green salad. It was a royal feast fit for a Monarch. er dinner there was dancing to the tunes of a video D.J. until ight. Couples, wearing their finest flocked to the dance floor to e the night away. The dance never ends, for the memories last er.





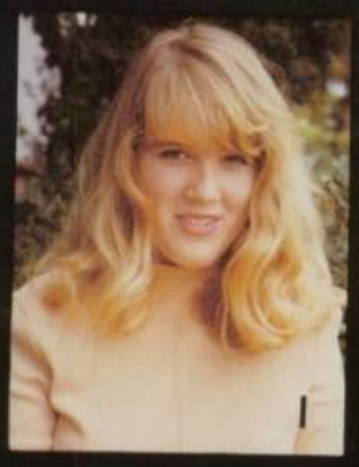
Those of us on this year's Crown yearbook staff (all 28 people) have stretched our imaginations to the limit to bring the faculty, staff and students of Mater Dei these memories of "Allusions of Grandeur."

We were inspired, it's true, by our lovely moderator Mrs. Tanya Dhuyvetter. She trained us to be the best and we can only hope we lived up to her expectations. To sum up our feelings about what it was like to be a member of the elite first-place-award-winning crown staff of 1988: "It was the best of times."

Editor-in-chief Dirk d'Hulst put in many hours overtime along with Sports editor John Osmena and his assistant Douglas West People editor Kristine Barlow Activities editor Alexander Ma Innis and photography edito Grainne Mc Evoy to give the fac ulty and students of Mater De their best work. No one on th staff would settle for anythin less than the best, and we re worked scratch copies of layout

1987 Allusions (

1. Jason Cannava 2. Alexander MacInnis 3. Christina LaPointe 4. Christy Barlow 5. Alexandria Kovacs 6. Christopher Larkins 7. Stephanie Stearns 8. Michael Whitaker 9. Michelle Daniels 10. Crown Yearbook Editors 11. Shannon Ryan 12. Alethea Rowe 13. Tisha Breitshopf 14. Christopher Jones 15. Veronica Murillo



er and over again to produce ectacular final results. We like think we succeeded, and we pe you do, too.

For all of us newcomers as ju-rs on the staff this year, learn-g the ropes might not have en easy, but it paid off. Work-g with each other proved to be great experience in coopera-tion and compromise. No one is likely to forget this past year as we all formed new relationships and made several new friend-ships on the staff.

Being on the yearbook staff had its many privileges, such as the party porks everyone so looked forward to keep us "psy-chologically motivated." Who knows, we all might have died of strenuous overskill work if we didn't have party porks!

And so from all of us innova-tive, ingenius, creative people on the 1988 Mater Dei Yearbook Staff.

ENJOY!

Grandeur 1988

(Fr Row) Joelle Casteix, Mary Williams, Molly McNamee, Mike Bell, Beth Howard, Ly Hagan, Anne Courtney, Monica White, Kevin Kelly, Mark Redd, Mike Farner, M Munoz, Danny Thomas, Liz Trotter.

Come Together

The theme song for this year's group of commissioners, the Beatles' "Come Together", failed to tell the whole story. As the executive branch of ASB found out, a lot of work coupled with their unity, was ahead.

The four die-hard Social Commissioners donated their summer to the planning of the faculty picnic, ASB beach party, and the Welcome Dance, as the infamous Buildings & Grounds team was faced with the disappearance of the school Marquis. Meanwhile, Krista Schegetz adapted to her daily sign painting ritual. Brian McAneny hammered out two blood drives. Anne Courtney spent untold hours after school preparing for various elections. Not to forget the Bulletin Board pair, who quietly but efficently designed the monthly boards in the Quad.

Christmas brought with it a chance for all the crew to assist in the Christmas program for a nearby Santa Ana Youth Community Center. They made the costumes, built the sets, taught the toddlers Carols, and were eventually able to watch as the children enjoyed an enchanted evening. Theresa Drass was later given a special service award for her phenomenal dedication and hard work during this hectic time.

At any point in the year, however, some group of commissioners were hard at work, attending to whatever challenge came their way. As moderator, Ms. Carol LaRosa has pointed out more than once, "This is certainly one of the best groups I've worked with."

2. **At the luncheon** for Santa Ana High's ASB, Raymond Sim does his utmost to re calm as fellow social commissioner, Dirk d'Hulst, pours yet another glass of punc himself.

Position	Commissioners	Responsibilities
Building & Grounds	Sam George Gerry Parham Joe Silvey	School cleanliness and upkeep of Marquis (when present)
Bulletin Boards	Molly McNamee Audrey Hahn	Upkeep Quad bulletin boards
Clubs	Jeff Leischner Seraphina Pechan	Co-ordinating school clubs
CM	Theresa Drass Mike Bell	Represent CM in ASB activities
Councilgrams	Liz Trotter Monica White	Send messages of thanks and congratulations from ASB
Elections	Anne Courtney Mark Redd	Organize all school elections
Fine Arts	Laura Snow	Represent Fine Arts Department
Health & Safety	Brian McAneny Molly Munoz	Organize Blood Drives, Food/Toy Drive, American Lung Ass. projects
Historians	Lynne Hagan Mike Farner Steve Concialdi	Take pictures and create Senior Slideshow and Scrapbook

Publicity	Krista Schegetz Lisa Frodsham	Make posters for activities and sporting events
Social Activities	Mary Williams Jennifer M. Conway Raymond Sim Dirk d'Hulst	Organize Faculty Picnic, Welcome Dance, Carnation Sale, Candy Cane Sale, Co-ed, etc.
Special Events	Lee Kenney Jenni Balsis	Participating in planning of Pancake Breakfast and Chilli Cook-off
Spirit	Kevin Kelly Beth Howard	Instigating school spirit
Welcoming	Jenny Utick Joelle Casteix	Creation and installation of posters for football, New Pal program.

e female half of the Social Committee gathers at the Christmas Party to show true gift for gregariousness. Jennifer Conway and friends were perfect candi- for the committee.

2. A true Historian, Lynne Hagan was equipped with her camera, even at the Christmas party for the Commissioners.

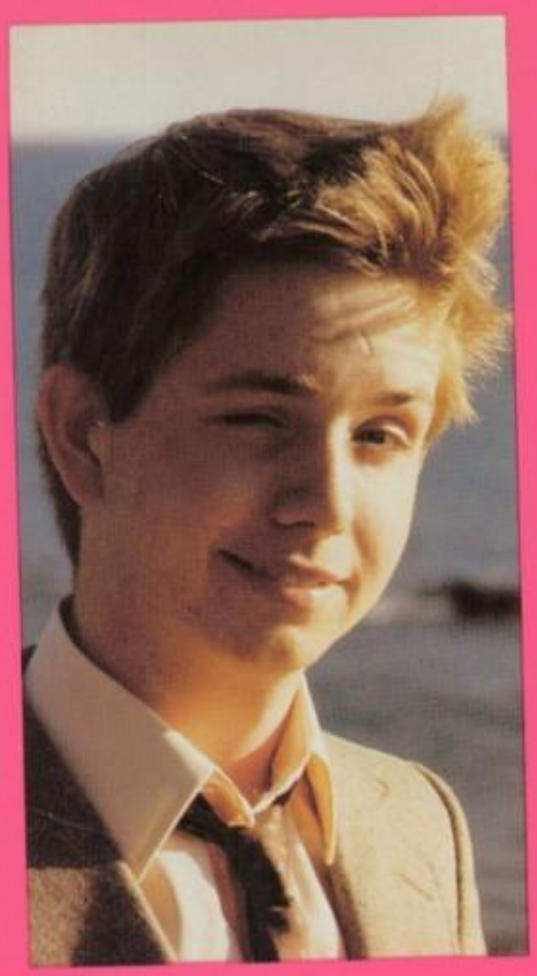
3. Spending the evening garbed in Ms. LaRosa's dishtowel, Mike Farner decides to remain in front of the camera.

Welcome To The Inner Sanctum

Deep in the nether reaches of the Student Council office lies the room where few students tread with impunity. This haven of war-weary veterans and knights-in-training is known to that electic group as the Inner Sanctum.

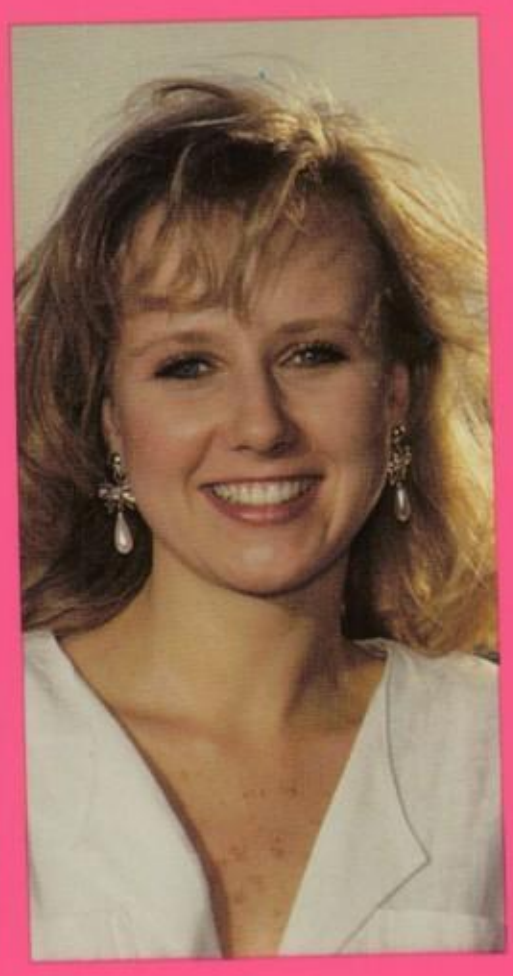
Of special import to this hovel of dreams is the ne'er-say-die quartet of A.S.B. Officers. It is the spot where they gather, not only for meetings of grave import, but for assorted, esoteric reasons. It was this clean, well-lighted place where the outwardly calm Alex MacInnis slept during 7th period (usually on the sofa, but the table was not uncomfortable) and coined the phrase "Dead Fish Don't Make Waves." At the hands of the talented Jennifer L. Conway and the equally regarded Carolyn Miller it became a place of fun and recreation for countless hours of parties and celebration. Since the Sanctum is also the outlet of the channels of information for the school, Carolyn was able to pick vital and sensitive data for her exposes in *The Scarlet Scroll* under the pretense of looking for the dwindling supply of Mounds bars.

It was the home of the social calendar, memos a plenty, dusty commissioner folders, the empty fridge, the staple gun, close to a decade's worth of pictures and momentoes, and a home a from home for the inspirati moderator, Ms. Carol LaRosa. together, it had an atmosp that could awe or chill; Mario Prietto would ventur only occassionally.



Alex MacInnis: A.S.B. President - The only person in the history of Mater Dei to play "Rock and Roll," "Over the Hills and Far Away," and "Moby Dick" on the morning announcements.

Carolyn Miller: A.S.B. Treasurer - Who began the year in an acting role as a gum-chewing, apathetic, leather-clad rocker.



Jennifer L. Conway: A.S.B. Secretary - The creative genius who came up with the idea for Fr. Weling's new license plate, ZMANEMN.

Mario Prietto: A.S.B. Vice-Presiden next Steve McQueen, who drove s er officers to CASC in Santa Barb his Mom's mini-van.

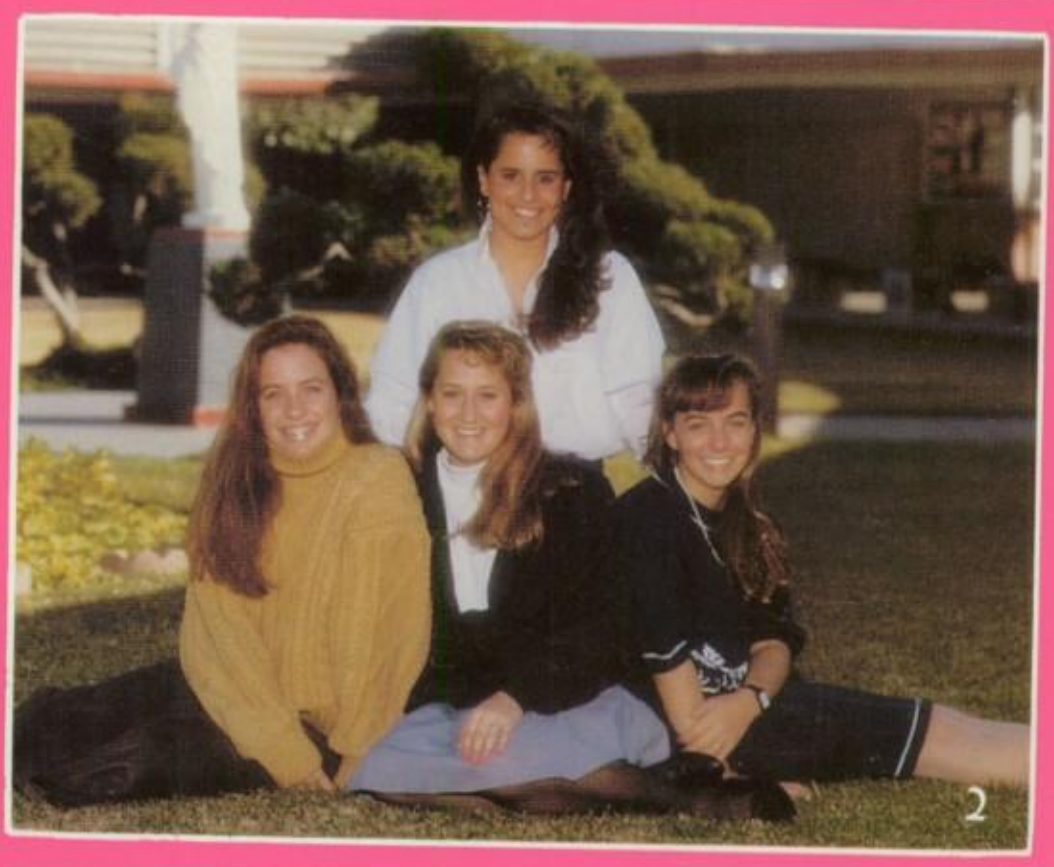
Leaders With Class

If students at another school ere asked to name some great aders, names like Lincoln, Roo- evelt and Kennedy would be entioned. If this same question as to be asked at Mater Dei, it ould be names like McCusker, Heureux, Camarillo and Trotter at would ring through.

The Sophomore, Junior and enior class officer elections are eld in May, the year before the udents will take office. This ves the A.S.B. a chance to meet er the summer, and also to get quainted at the A.S.B. Retreat d Beach Party.

The Freshman class officer ection is held in January at the beginning of the second semester. This gives the Freshman class a chance to get to know one another and also to get adjusted to the Mater Dei environment.

Mater Dei is fortunate enough to have such fine students as class officers. The Monarch Student Council is responsible for organizing various activities and rallies throughout the year, and in all of these events, their leadership qualities and originality is evident. From the spirit weeks to the calendar sales, our class officers have exhibited the type of "Monarch Mania" that has put Mater Dei on the map.



eshmen Class Officers-President Matt Trotter; Vice-President Jsuzsi Burkhalter; etary Caroline Conway; Treasurer Diana Munoz. 2. **Sophomore Class Officers**-dent Robyn Camarillo; Vice-President Theresa Conway; Secretary Jennifer Gal- ; Treasurer Megan Grimes 3.**Junior Class Officers**-President Chris L'Heureux; President Steve Scibelli; Secretary Terese Cerruti; Treasurer Vicki Cordova 4. **r Class Officers**-President Anthony McCusker; Vice-President Jill Anderson; Sec- y Erin Kelly; Treasurer Brian Keegan

"Never In The History Of Mankind Have So Many Owed So Much To So Few." -Sir Winston Church

I arrive in section a few minutes before the bell. I must look in control despite the fact that I was up quite late last night typing an essay. I take a quick glance at this morning's daily bulletin and the schedule for the week. As the last few students straggle into the classroom seconds before the bell, I pass out library overdue notices and collect checks for the calendar drive. When the final bell sounds, I stop in my tracks and join in saying the morning prayer and the pledge to the flag. I quickly take attendance and finish collecting checks while the announcements over the P.A. are being made. I wait until the birthdays are read, and then I'm center stage. It is my duty to read the more specialized announcements found in today's bulletin to a classroom full of my contemporaries - many of whom are finishing up homework or catching a quick cat-nap before the rigorous day begins. Nevertheless, I do proceed, and the messages always seem to reach those who need to hear them - even if they are not acknowledged at the time. In the final two minutes before the bell signifying the end of section sounds, I notify my classmates of an upcoming dance and try to encourage participation. Then, it's off to the races! I first must deliver the attendance to the deans' office, after which I take a run by the main office to drop off the money collected from the calendar drive. I do all this before first period begins! Such is the hectic but rewarding life of a section representative.

Although section reps are very busy throughout the year, theirs is a position sought by many. Elections are held early in the first quarter for seniors, juniors and sophomores. Freshman elections are not held until the third quarter because seniors, called "freps", are appointed to freshman sections during the first semester to introduce them to the school and familiarize them with all the different activities they can become involved in at Mater Dei.

As soon as reps have been elected, they take their position in the A.S.B. much the same way a senator works in Congress. Meetings are held every week to plan social activities, events at school, and work for charitable organizations done through the year. The rep must take t information back to section make the students aware of w plans are in the works and sol suggestions from the stud body. These suggestions are t en back the following week together with the officers commissioners, they beco realities.

Section reps provide an inv able service at Mater Dei. As as ensuring the smooth runn of section, they serve as communication link between student body and those who ry out policy. Always apprec your section reps and rea that they have relinquished t extra fifteen minutes that m use to do hemework in orde serve *YOU.*

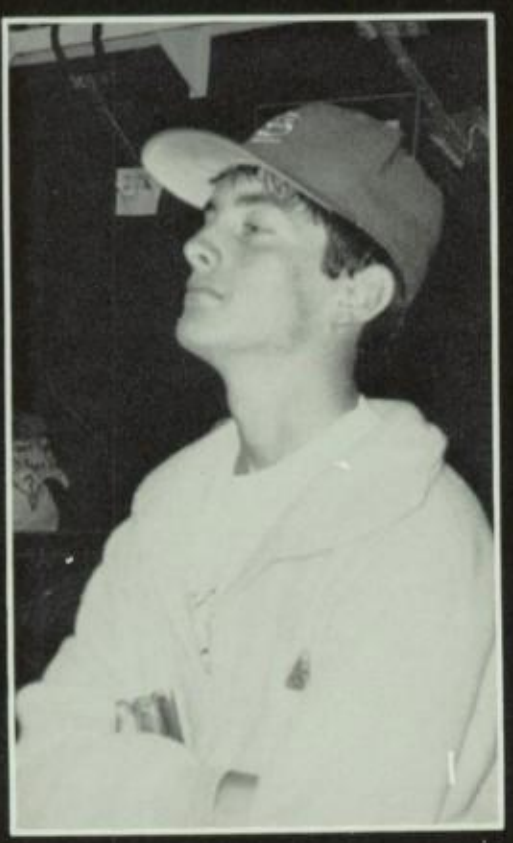
Freshmen

Sixteen Hours of Music, Dedication, and Unity

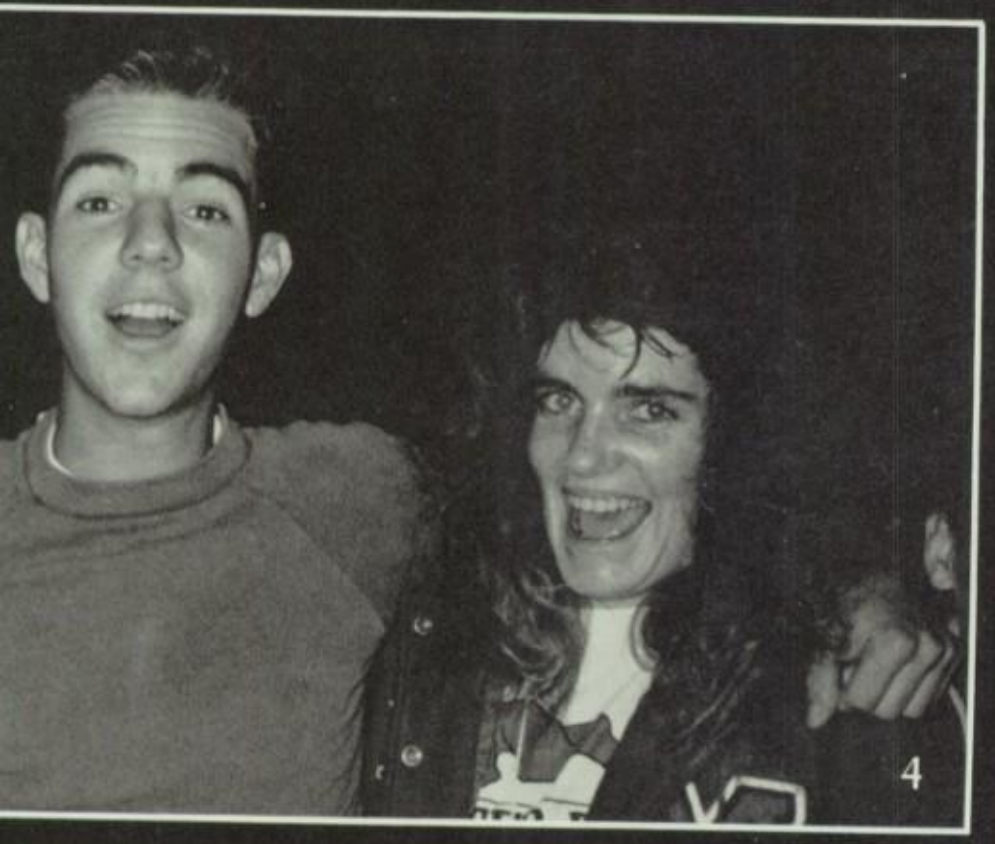
A day in the life of the band



And now, for all you people who thought that the band did nothing but play at pep rallies and perform at halftime at home football games (weather permitting, which this year meant RARELY . . .) For those brave enough to venture into the little-known world of the Pageantry Corps., amazement and exhaustion awaits. The dedication of the band members is truly enough to astound and, yes, INSPIRE us, the mere mortals who don't even know what a sousaphone is (probably).

1. **8:00 a.m.** is arrival time. Bryan Woody, leader of the trumpet section, surveys the bandroom to assure that all the trumpet players have arrived.
2. Danny Morales, drum section leader, makes use of the time to do what most people do at 8 o'clock on a Saturday morning — sleep.
3. **8:30 a.m.:** The first competition of the day will be a parade march. Since scoring includes meticulous judging of the participants' appearance, Bill Thyen makes sure Jeremy Lee's uniform is in perfect condition.
4. **8:45 a.m.:** Dominic Mumolo, band president, is also leader of the saxaphone section. He encounters rebellion from one of his fellow sax players, Tracey Savell, as they dispute the logic behind the day's schedule.
5. **10:30 a.m.:** Having arrived by bus at the parade site, band members check their uniforms and instruments. Michelle Jones is assisted by Mark Gerlach, who straightens her hat for her.
6. **11:00 a.m.:** Marching long distances under the blazing sun in heavy band uniforms is a hot and tiring task. Ken Eberhardt takes advantage of a rest break to refresh himself with some (sort of) cold water.
7. **1:15 p.m.:** The parade competition is over, and everyone is exhausted, but the day has barely even started. As the band travels back to Mater Dei after lunch, Stephanie Ramirez can't help falling asleep.

The band arrives back at Mater Dei and everyone wakes up and starts to practice. After several hours of hard work, dinner is eaten and the band members change back into their uniforms and once again pile onto the school buses. This time their distination is a field competition, in which they will perform the same show that Mater Dei audiences are treated to during football season. However, this performance will be judged and compared to other bands.



1. **7:30 p.m.:** Dave Krippner, trombone section leader, cleans and polishes his trombone before the competition. Band members are expected to attend to the many details of their complex instruments and costumes, as well as memorizing music and marching patterns.
2. **8:30 p.m.:** Finally, Mater Dei performs! As a member of the Open Class, the highest level of bands, MD is often one of the last bands to compete. Gelasio Abesamis has a solo in this year's show, which he performs with style.
3. Mr. Chris Merino, assistant band director, conducts the band from his ladder above the field. Mr. Merino's hard work is essential to the success of the band in terms of both music and marching.
4. **9:00 p.m.:** Members of the saxophone section congratulate each other on a job well done. This section is one of the most spirited and united in the band, due to the leadership of Ken Janssen, Shannon Sweet, Dominic Mumolo, and Tracey Savell.
5. Meanwhile, Ken Eberhardt and Alvina Won wait anxiously but happily in the stands, watching their opponents' performances and anticipating the results.
6. "POWAY!?!?!" Keith Zralka is disgusted that Poway, Mater Dei's archrival, has won again, leaving Mater Dei a seemingly perennial second.
7. **10:00 p.m.:** The Pageantry Corps leaders salute their fellow corps members, who cheer wildly in return. The band is represented by Mike Dell'orfano, who was honored in 1987 as the best drum major in Southern California.
8. **10:10 p.m.:** The stands clear rapidly at the end of the tournament, but Bob Lodin stays behind to gather the booster clubs equipment and to leave behind a red Mater Dei pompon waving in the wind as a sign of future Mater Dei dominance or something symbolic like that.
9. D.J. Clarke is either offering Amy Dobson some help with her flags or doing a Romeo impression.
10. **12:00 midnight:** Back at Mater Dei at last! One of the few times people are actually happy to be back at school, as Mark Adams is, when they know that this visit is only a brief interlude between a long, fun, tiring day and a night of well-deserved rest.

Strike Up The Band!

Although seasons of glorious victory and seasons of agonizing defeat seem to come to all teams in competition at Mater Dei, one small, dedicated group of students seems to remain invincible year after year: the Mater Dei Marching Band. In 1987-88, as in past years, Mater Dei has retained its unspoken title — the band by which others are judged.

Marching Band begins as an optional activity for students in the three levels of band classes. The vast majority choose to join. This decision entails a great deal of work. Practices are held all throughout the summer, culminating in two weeks of 9 to 5 practice affectionately known as Hell Weeks. When school starts, band members are required to practice after school until 5 p.m. daily. They are also required to sacrifice evenings for football games and entire Saturdays for tournaments, as well as the time required to practice the music at home. Obviously, being in Band requires much dedication.

Hard work has its rewards, and the Band receives theirs in recognition at tournaments. This year they came in 1st or took sweepstakes in practically every tournament they entered. In addition, they got to spend a weekend in San Diego which included Sea World and a pro football game, and ended marching season with a snow trip up into the mountains — well deserved leisure time. Another thing that makes it all worthwhile is the unity and friendship between the band members.

The Mater Dei Marching Band was small this year, but it can definitely say that it fulfilled all of its lofty goals. They excelled in everything they did. Most importantly, through their efforts they brought honor to their school — not to mention some pretty nifty music.

1. Dave Orth shows the band's new uniforms. Unfortunately, they arrived late and could only be worn for one tournament. **2. Mr. Corrigan leads the** band at a football game. His tireless dedication has brought them to where they are today. **3. Kristine Deano holds** up Doug Clark's music so he can play his trombone freely. Close and lasting friendships often form in Band.

Music And Magic

Finesse and friendship are two words that aptly describe the Mater Dei Tall Flag Team this year. It was a year of exciting new routines. It was a year of respect from their peers that their flair and success brought them. Most of all, it was a year of working as a dedicated, coordinated team with a group of good friends.

Being on the Flag team is not an easy task, a fact that soon becomes apparent to anyone who goes behind the scenes to see how they achieve the degree of perfection that they have attained. The year starts with the infamous Hell Weeks, two weeks of long hours, sunburn, tired muscles, and the joyous experiences of tangled flags and bumping accidentally into band members. In preparation for this, the girls hold frequent practices during the summer. Once school begins, the girls can be seen perfecting their routines daily after school. All this practice brings to their performances the style and ease that enables them to win many tournaments.

Being in Flags is not all hard work, however, as evidenced by optional trips to San Diego, Wrightwood, and various amusement parks, and by the inevitable social activities that develop due to the closeness between the Flags and other groups within the Pageantry Corps. Shared times, joys and troubles bring the girls close together and form a unifying bond within the team. Although the Tall Flag team is composed of members from all grade levels and backgrounds, the time they spend together makes them all good friends.

The Flags operate under the inspirational leadership of Miss Peggy Milowicki. Now in her fourth year of teaching Flags at Mater Dei, Miss Milowicki is an able leader of the team and also, more importantly, a good friend to the members of her squad. In her years at Mater Dei, the reputation of the Tall Flags team has climbed steadily. Miss Milowicki directs the girls through not only their field season performances with the rest of the Pageantry Corps, but also through the grueling second semester activity, known as court season. Membership on the court team is optional and about half of the girls participate. Because of the more involved routines, team members are required to attend both afternoon and 6 A.M. practices, and often suffer bruises, sprains, and cuts from the elaborate drops and slides. With Miss Milowicki's guidance and their own talent and unity, they not only persevere and succeed but also enjoy themselves.

With new costumes and exciting, highly complex routines, the Tall Flags looked better than ever this year. Now more than ever before they have a sense of pride, style, and grace, a feeling that comes through in the excellence of their performance. They have talent, togetherness, drive, and flair — Watch out for the Mater Dei Tall Flags; the best is yet to come!

1. At one of the notirous rainly football games, Kim Hudson, Malinda Perez, Diana Avila, Marcella Bonnici and Kathleen Mata huddle together to stay warm and dry. Home game performances serve as testing grounds for the field competitions.
2. Jennie Busby confidently observes the audience as she prepares for a difficult move. Much practice is necessary for a successful performance.
3. At a competition, Kim Hudson and Malinda Perez display their winning smiles, as well as their smiley-face window sculpture. For this team, even long bus rides can be fun.
4. the 1987-88 Tall Flag Court Team. (back row) Shelle Higbee, Amy Dobson, Nikki Taylor, Nikki Blazek, Marcella Bonnici, Diana Avila, Rose Yoon. (middle) Monique Behl, Amy Castillo, Shannon Breslin, Donna McKinney, Kendra Hall. (bottom) Kathleen Mata, Kim Hudson, Colleen Quick, Kerri Briggs.

"Dance is the hidden language of the soul." -Martha Graham

"Drill Team is the greatest. ve met my best friend rough it and I've grown to ve it," says Jill Nassie.

This seems to be the oover-helming opinion of most of e 1988 Monarchettes. When sked how they felt about Drill eam at the end of the year, most every girl mentioned e fun they had and the new ends they had made.

In addition to meeting new ends, members of the Drill eam were also involved in many tournaments this year. These tournaments included Savanah, Azusa, and Mt. Carmel for which they won third place. They received a second place award in the Los Altos Field Tournament.

The Drill Team also had two very special community performances this year. The first performance of the season was the "Papal Celebration" in September. The girls were invited to be a part of this and everyone put in many hours for this exciting performance. "It was a once in a lifetime experience," said Monica Gonzales. The Drill Team's second performance was in October for the city of Santa Ana. The girls danced while they modeled cycling fashions for the Cycling Grand Prix.

Other privileges the Drill Team had this year were Performances in Hawaii, Canada, Washington, D.C., Austria, and Germany. This summer they will travel to Russia with the band.

One can learn a lot about the type of girls on Drill Team by the intense quality performances they give. But perhaps the one person who knows the best is Miss Milby, "The girls on this team were a lot of fun and very loving."

1. Rank Leader Maureen Mino, Rank Leader Michelle Muller, Co-Leader Jennifer Hann, Senior Leader Naomi Castillo, Co-Leader Julee Gadzinski Rank Leader Kathy Eppich, Rank Leader Helen Fleming comprise the leadership. This breakdown distributes the leadership roles more evenly and allows for more team cooperation. **2. Senior Leader Naomi** Castillo. **3. "Cats" was a** very large performance the Drill Team was especially pleased at the chance to perform.

1. The members of the 1988 Drill Team. Through rigorous practices these girls have earned their spots on the team. **2. Co-Leader Jennifer** Hann, Senior Leader Naomi Castillo, and Co-Leader Julee Gadzinski provide the necessary leadership. They help teach routines and keep the girls' morale up.

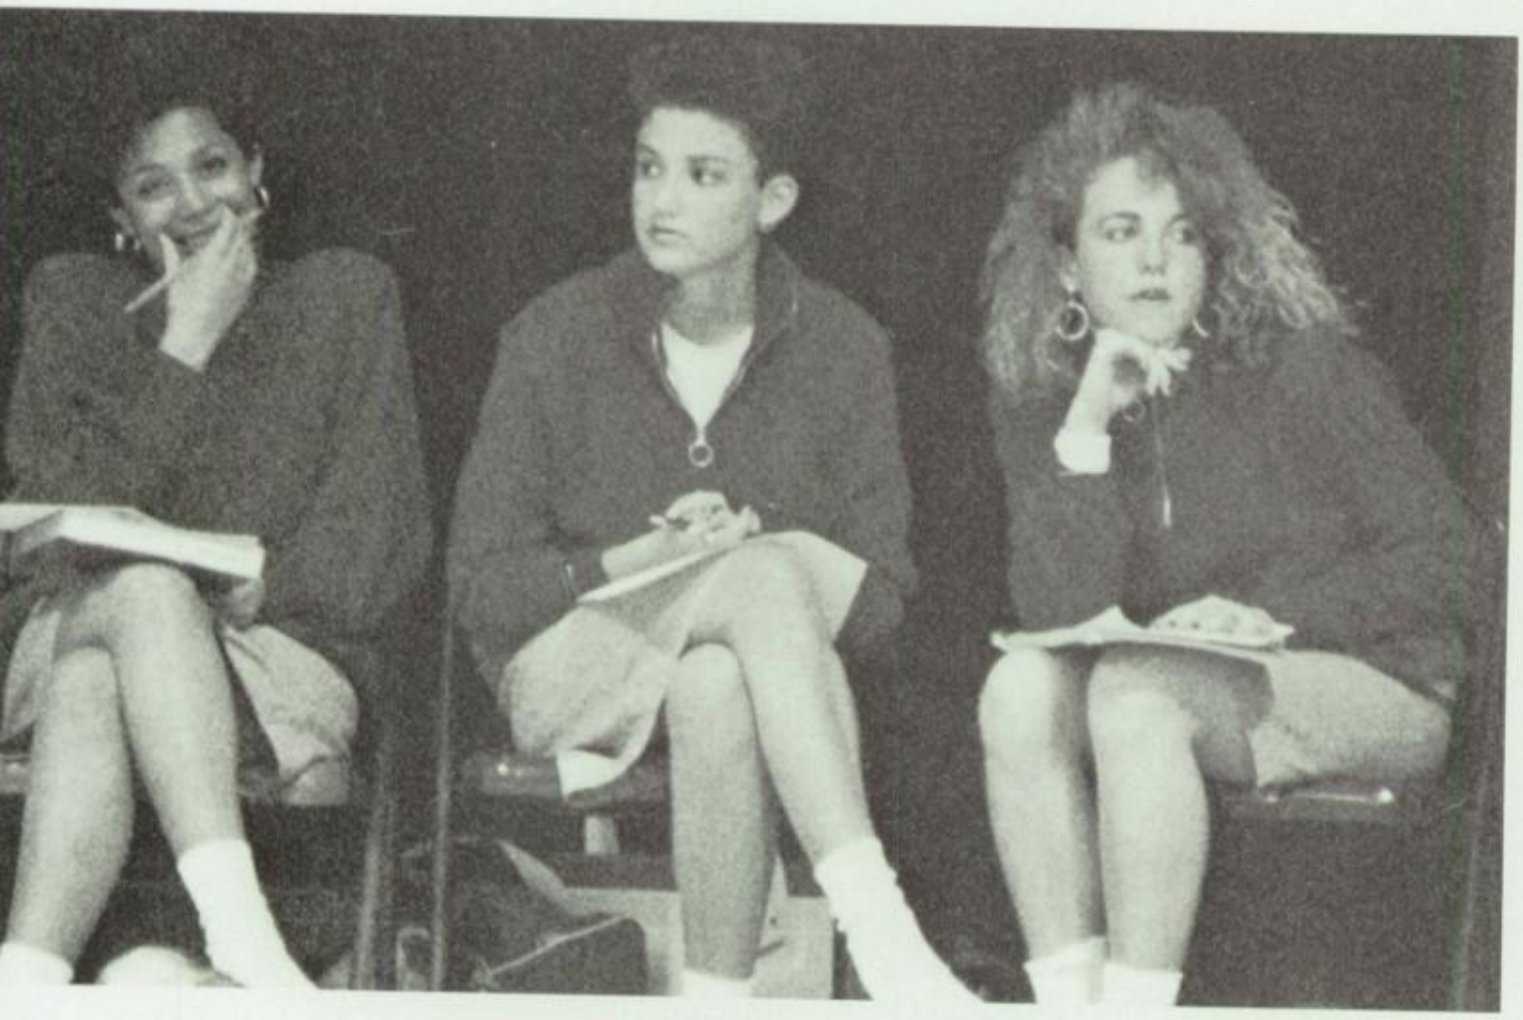
Stat Girls: For The Record

The nineteen eighty stat girls ave been kept very busy this ear. In addition to keeping ore for their teams, stat girls so keep track of player substi- tions and they provide lots of pport for the team.

Depending on the sport, there e usually four to six stat girls per team. Some of the teams that have regular stat girls are soccer, football, basketball, and baseball. The stat girls support their team by baking cookies for the players on game day and making their own spirit ribbons.

Being a stat girl involves know- ing to keep score of the sport, recording it in a special note- book, and knowing how to keep track of the plays and player sub- stitutions. Since watching the game and keeping track of ev- erything that is going on is al- most impossible to do, most teams have more than one stat girl and each girl has something different to keep track of.

As you can see, the Mater Dei stat girls play a vital role by sup- porting their teams and by keep- ing accurate records of all the games.



"The game isn't over until the paperwork is done"

Australia Or Bust

For 14 straight hours, the passengers were limited to the confines of the airplane. Then as the Fasten Seatbelt sign flashed, the captain's Australian accented voice floated from the innercome, "We are now approaching our destination. G'day and welcome to Australia!"

Chamber, concert, and handbell choirs are two of 50 performing ensembles chosen from around the world to participate at Expo 88' in Brisbane, Australia. Their tour consists of a sixteen day vacation in the land down under from July 1 to July 16. While the choirs performed for community groups, the Expo, and high school assemblies, they also had plenty of spare time to explore on their own. Some locations that they visited were Surfers' Paradise, the Great Barrier Reef, the metropolis city of Sydney and the tropical mountains of New Zealand.

Besides the Australian Tour, the choirs participated in competitions locally. At Six Flags Magic Mountain, the concert choir was marked "excellent' and received a first place trophy. Chamber choir received superior rating at the Chapman College Festival and at the Performing Arts Center Festival.

The choir musical, PDQ Bach, A Night of Classical Chaos, was a raging success selling out all three nights. The musical was an original production conceived entirely by the members in choir and the choir director, Mr. Thomas Hodgman. The cast consisted of not only 180 choir students but also 15 instrumentalists in the orchestra. The musical was by far one of the best in Mater Dei's history.

Overall, the choirs dazzled their audiences and did extremely well. Next year, Mr. Hodgman expects to have one of the strongest choirs ever and plans to expand on the number of performances. As to a hint Hodgman expects to have one of the strongest choirs ever and plans to expand on the number of performances. As to a hint of next year's musical, Mr. Hodgman plans something of a cabaret. Truly next year brings great promise.

1. Wrapped in ravishing ruffles, Brian MacAneny struts his way across the stage as the Master of Ceremonies. 2-3. Attired in tux and tennies, the Chamber Choir singers danced and sang the Lovesong Polkas in the choir musical PDQ Bach, A Night of Classical Chaos.

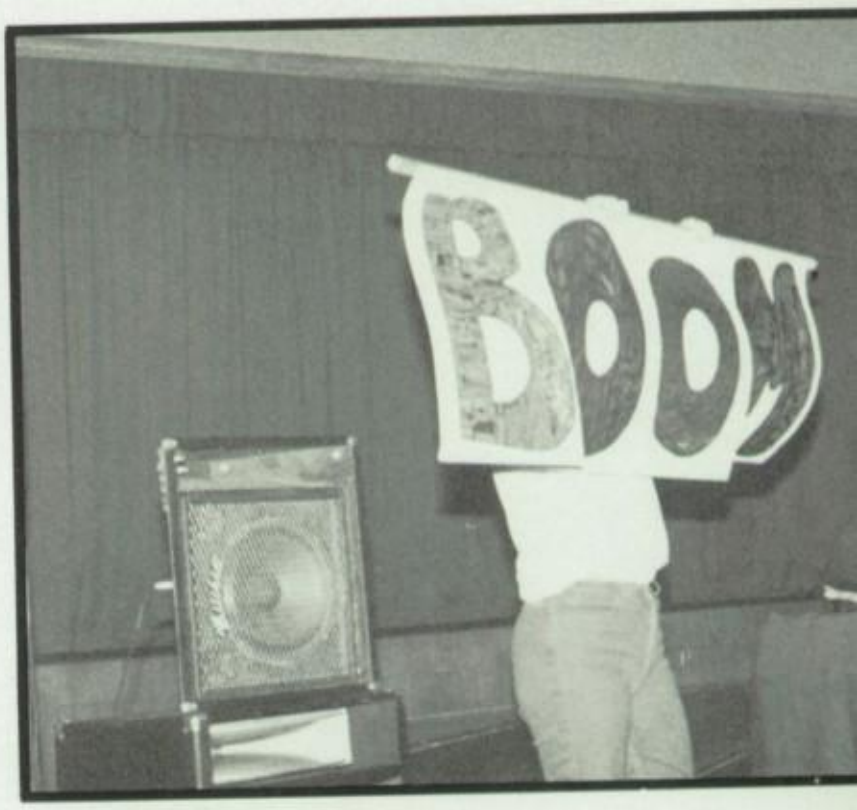
1. **Here Handbell Choir** members perform "Bells-A-Poppin" in the choral musical. Besides the handbells they played other instruments such as slidewhistles and Kazoos. 2. **Handbell Choir:** back row: Brenda Birchler, Brian Hughes, Nina Barneich, David Anderson, Denee Pescarimona, Michael Lodyga, Nora McAndrew, Dan Stanford, Kristin Morris. Front row: Molly Rosen, Monica Perry, Michelle Lodyga, Shannon Goebel, Carole Arlt. 3. **The musical was a 'booming' success.** Here the Handbell Choir used a less audible form of noise to spellbind their audience.



Dramatic Fanatics

Mater Dei Drama Club

Family, friendship, and fun are a few words to describe the Mater Dei Drama Club. Hard work, determination, and sacrafice are also words descriptive of this association.

The Drama Club was responsible for the enthusiastic performances of school plays and shows. Two such plays for the year of 1988, were "Seven Nuns at Las Vegas," and the successful "Charley's Aunt," "Seven Nuns at Las Vegas," was a fun play whose theme was about seven nuns who were spiritually transferred to Las Vegas, and later converted the town. While "Charley's Aunt," a more realistic play, consisted of the mishaps of two Yale college men who had fallen in love. It had been one of the most successful plays of those performed at Mater Dei, and was very well-received by the audience. Mrs. Seeley, the Drama Club coordinator, was especially proud of this performance.

The club was not only composed of actors, but also of make-up artists, curtain and stage crews, set designers, simply anyone interested in the art of drama. They were all members of the International Thespian Society, an organization for the betterment of students of the arts, an honor which they worked accomplish what they have done, and at the same time formed a family. It's head, of course, was Mrs. Seeley, who provided the stamina and provision of all the club's activities. She and her support were greatly appreciated by all those involved. Feelings towards her were best expressed by Chris Kim, junior, "Mrs. Seeley, . . . She's my main Squeeze!"

could resist these faces? Matthew Champagne, and Kimberly Fleming are filled with emotion during this scene from y's Aunt." 2. Conway, Henry Jones, Kelly Tracy, Kerry McDaniel, Chrissy Murphy, Samantha Brown, Kelly Cooney, Tom ino, Paul Davis, Judy Blankenship, Lee Head, Soroya Parvin, Kathy Dickson, Teresa Minear, James McClure, Fred Olivieri, 'Brien, Dusty Wood, Mrs. Linda Seeley, Kelly McDaniel, Sean Cox, Simon Cote, Peter O'Hara, R.J. Kenny

Hear Ye! Hear Ye!

In the past the talents of the Journalism Publication class have gone greatly unnoticed by the student body. However, this school year, the class debuted the Scarlet Scroll, Mater Dei High School's first student newspaper in over fifteen years.

The Scarlet Scroll and the parent newsletter, the Lumen, are written, edited, and designed entirely by the student staff. Some of the skills the staff learned were how to cover the news, take pictures, and design layouts.

The staff not only met deadlines for the publications every issue, but participated in events outside school. They sent out press releases to the Los Angeles Times and entered the Scarlet Scroll in various Journalism Competitions. The Scarlet Scroll staff also attended the Long Beach State Journalism Day and they competed in on-the-spot writing contests for the Orange County Journalism Education Association. Tanya Diaz, Wendy Dumbolton, and Dave Germane went on to compete in the Southern California Competition.

Mrs. Susan Diaz, the Scarlet Scroll and Lumen advisor stated, "Journalism is an exciting, dynamic field of study and I'm very proud of this staff for their dedication to putting out a quality paper!"

Producing two award winning newspapers takes much time and dedication. Here the staff found time to take a group photo before a deadline.

Behind The Scenes With M.D.T.V.

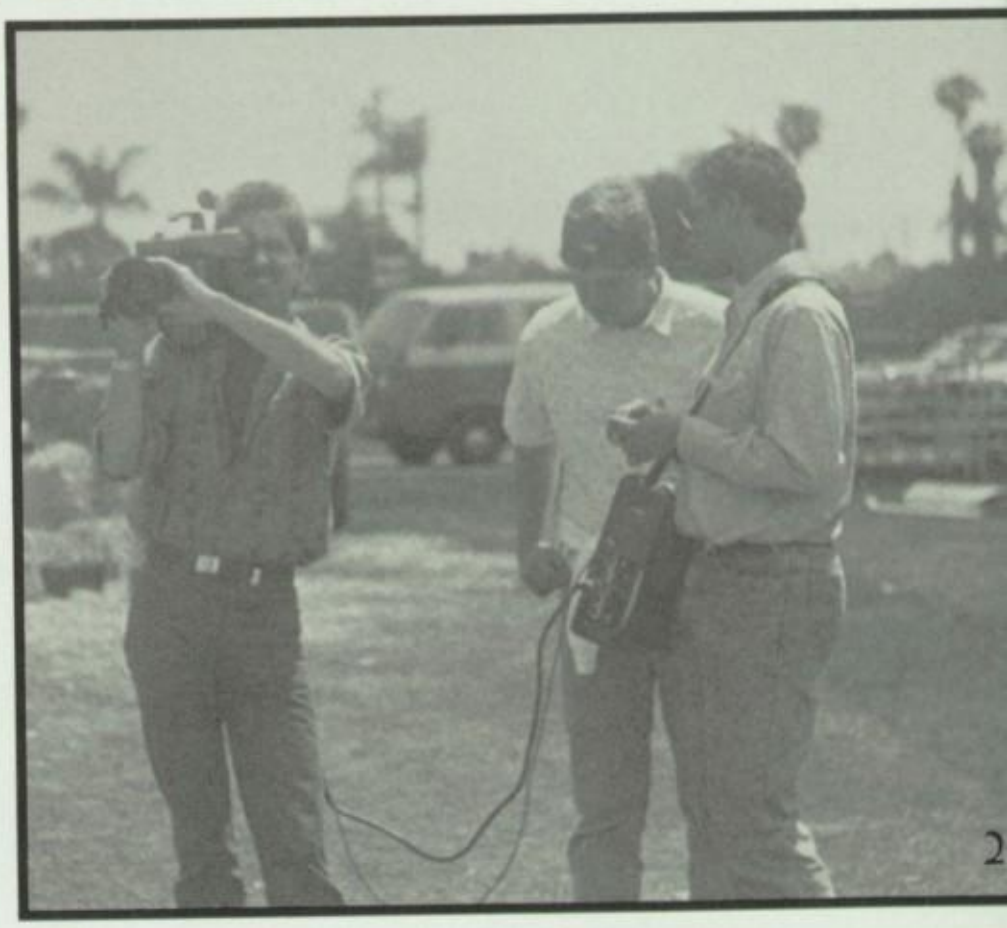
M.D.T.V., the Mater Dei Television crew was on the loose again. Video cameras and tripods, lights and cables, and of course camaramen were involved on just about every Mater Dei event.

This club consisted of students from all grade levels who were interested in video production. No experience was necessary because the new club coordinater, Allen Starbuck, was enthusiastically willing to teach any newcomers. Setting up lights and cameras, filming, editing, and using special effects were but a few of the things a club member learned to do.

These students captured moments in sports, from baseball to soccer; activities, like the rallies and assemblies; and performances, such as the choir's Spring Concert. During the year of 1988, the members were fast at work filming a publicity video for the school. Hard work, effort, creativity, and fun composed a video which the crew was very proud of. M.D.T.V., also does filming for the Diocese of Orange who has helped provide most of the equipment. Filming educational programs and liturgies for the network has been M.D.T.V.'s contribution to the Diocese of Orange.

M.D.T.V. production program is under the supervision of Lucretia L. Dominguez.

Mr. Allen Starbuck, student director, who was appointed after FR. Harris' departure, was very pleased with the year's accomplishments. He is proud the club was able to provide students with the hands-on experience they seeked, and hopes to continue doing so. Thanks to the M.D.T.V. crew, the school had been given a visible memory of its charms.



1. The 1988 M.D.T.V. staff. 2. Mr. Allen Starbuck, along with crew, shoot footage at the Chili Cook-off. 3. Repairing cameras comes with the territory of being an M.D.T.V. member. A Special Day . . .

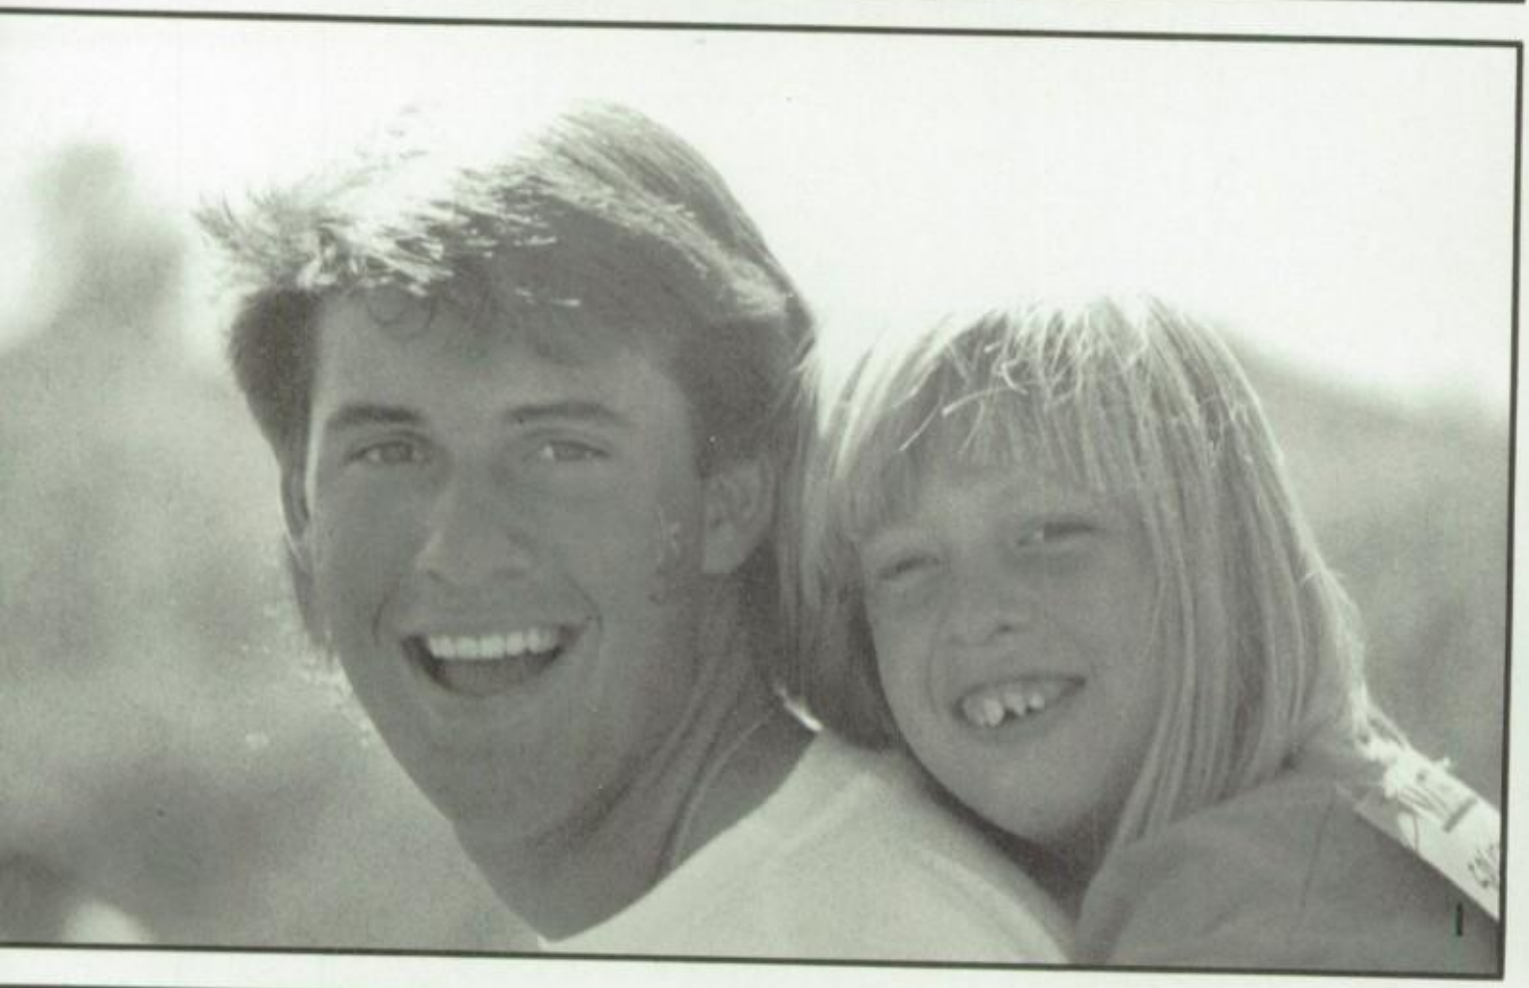
"Endurance is the crowning quality, and patience all the passion of great hearts."

For Special Athletes



1

2

3

Care, competition, endurance, and determination were but a few of the emotions displayed at the Mater Dei Special Olympics track meet on March 26, 1988. An unforgettable experience for both volunteers and athletes, this third annual event left many with warm memories, and proud moments to cherish.

This event was special not only because it gave developmentally disabled youths and adults a chance to exercise and participate in athletic events, but it also gave students a chance to communicate, and bridge a gap of understanding between each other. It is an event which was widely supported by students and athletes, and faculty and staff, especially Miss Becky Allec, Mrs. Susan Diaz, and Mr. Bruce Rollinson, coordinators.

Organizations too, participated such as Carl's Jr., who provided all with food and drink, and the National Guard, who provided the tents and the water buffalo. All in all over 500 people were involved.

The day commenced with a cheerful and bright parade led by Mater Dei band members. Marching behind were all the athletes and volunteers, holding balloons of vivid colors which were later set free to make brighter an already brilliant sky. The opening ceremonies also included a flag ceremony delivered by the Disabled Girl Scout Troop #308, and the singing of the "Star Spangled Banner," performed by one of the special athletes. The activities which occurred throughout the day involved such events as the softball throw, long jump, and the 220 yard dash down to the fifty yard dash. All who participated were rewarded with ribbons, and special recognition was given to top athletes with gold, silver, or bronze, medals.

March 26, 1988, was truly a day which displayed great effort, unselfishness, caring, and strength. This was seen and felt by all those involved. It was a day of pride for all the special athletes, and also for the volunteers.

1. On their way to an event, team parent Craig Teofilia, and his special friend stop and smile for the camera. 2. Put a smile on your face! This is what Miss Becky Allec, special Olympics coordinator, and her friends have been doing all day. 3. Competition has taken the minds of these athletes. They are racing to the finish line of the 220 yard dash. 4. Leading everyone into the Pledge of Allegiance, is the Disabled Girl Scout Troop #308.

Unity, Individuality, And Friendship

How well do you know your classmates? Sure, you may know whom a lot of them are, but do you really KNOW them? Do you know yourself? And how well do you know God?

The senior and junior retreats posed these questions to the students, and challenged them to break down the boundaries of clique-consciousness and preconceived ideas. On top of that, they were fun, tiring, relaxing, exhilirating experiences for all those involved.

"Rise and shine! Everybody up! Wake up, wake up!" Talk about rude awakenings, as crazed cabin leaders thunder through the cabins with loud wake-up calls. Time to wake up already? It can't be — it's only ... you don't know WHAT time it is, since they collected everyone's watches upon arrival at the retreat center. Without watches, retreatants are told, we are not bound by the restrictions of schedules. It certainly adds to the feeling of leaving "civilization" in all its good and bad, and travelling into a simpler world: no smog, no walkmans, no schedules, and hopefully no snobbery or pretensions.

However, these two days in the mountains are by no means uneventful. Those early wakeups are the start of days filled with talking, singing, hiking in the forests and canyons, checking out the lake, games, group discussion, and thought. On the first night, everyone makes a personalized bag and explains how it relates to him or herself; everyone is encouraged to write notes to both old and new friends and put them into these bags. A lot of new friends are made this way.

Several times during a retreat, everyone gathers together to talk. They discuss the past, the future, hopes, dreams, relationships, and God. People forget about cliques for a while and try to help each other out.

Both senior retreats and the junior one were definitely immensely successful in all that they set out to do: bring the students closer to each other and to God. As one senior said, "I never imagined that any weekend could be so filled with spirituality and still be so much fun!"

1. "For time is best spent when it is spent with new friends." — Juan Zarate, a very profound and erudite man. Amy Clarke and Kelly Tracey show their belief in this statement. **2. Sandy Nieto and** Anne O'Brien get ready for a long day of fun and activities. Unfortunately, this cabin of 12 girls only has one curling iron. NEXT PAGE: **1. Girls Athletic Board

1987—1988

The Girls Athletic Board has had yet another successful year. This association is made up of girls acting as representatives from different team sports. They get together for meetings every month and discuss upcoming events that they will be sponsoring.

This past year had been a busy one for all the members of the Board. They put on the Ice Cream Social as well as organizing the Special Olympics, an activity in which many MD students yearly help with. Each of these events worked out beautifully and everyone had a great time.

The purpose of the Girls Athletic Board was established by Miss Allec to bring unity to members of all the different teams at Mater Dei. When you are involved in playing on a certain team, it's hard to keep up with all the other teams' games that are going on, so the Board is in existence to kind of pull everyone together, to let each other know what's going on.

The girls on the Board went to cheer each other on at games and keep the spirit up in the student sections. They've done a super job!

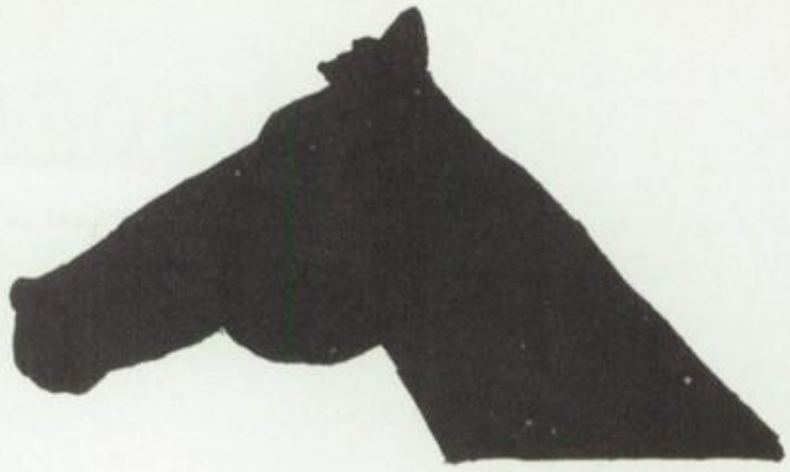
Leaping To New Bounds



The purpose of the Equestrian Club is to encourage riders in all equestrian endeavs, whether those endeavors be dressage, western equitation, jumping or just learning ride and care for horses.

The club was founded in 1986 and the 1986-87 school year was a very successful one. Twelve students took riding lessons at the Huntington Beach Equestrian Center and ese twelve also learned the basics of grooming and caring for horses and equipment. ie group was fortunate to have highly qualified instructors.

1986-87 also marked the first time that Mater Dei was represented at the four horse ows put on at the Los Angeles Equestrian Center by the Interscholastic Equestrian ague. Elizabeth Alexander, Cathy O'Malley and Julie Reed successfully competed ainst 31 other schools drawn from Ventura, Los Angeles and Orange counties. The ague was founded in 1982 to provide school recognition to equestrian athletes. The ague has grown from a small group of private schools to a membership of over 50 hools, public and private.

Mater Dei students were no less successful in their equestrian endeavors during the rrent 1987-88 school year. Six students took up riding lessons at the Huntington ach Equestrian Center and to date three of them are still going for weekly lessons. ey are learning skills that few people in cities have a chance to learn. These skills clude understanding and working with a horse as a partner, caring for and develop- a sense of responsibility towards one of God's nobelist creatures and, hopefully, nsferring all these skills to daily dealings with fellow human beings.

Julie Reed continues to represent Mater Dei at the I.E.L. competitions during the rrent school year.

Plans for 1988-89 include providing opportunities for more students to learn riding at ier reputable centers. By doing this, we hope to solve some of the problems nnected with transportation.

1. The Mater Dei Equestrian Club, with their moderator, Mr. Golden. 2. **Mater Dei student**, Julie Reed, leaps high at the Los Angeles Equestrian Center. Julie was just one of the outstanding riders in the club.

Language Is The Archives

"How well do you know the French Club? For most, this is answered with a "not at all", but for its dedicated members it's a completely different story. Every year, the club starts off with a large membership, ready to make the most of a fresh start. French Club members meet about once a month where typically they'll watch French movies and enjoy hors d'ouevres.

This year, the French Club's big fundraiser was the selling of Toblerone chocolate bars from Switzerland. The funds raised from this provided certain students with scholarships to attend French camp.

For the Christmas season, the French Club held a special Christmas party and also went skiing at Snow Summit. They also held an after school crepe party where members got to sample different types of French crepes, traditionally a French dish.

As the year dwindles down, the French Club planned a beach party for all members and also a grand dinner at a distinguished French restaurant. As everyone can see, the French Club is a small but active club here at Mater Dei.

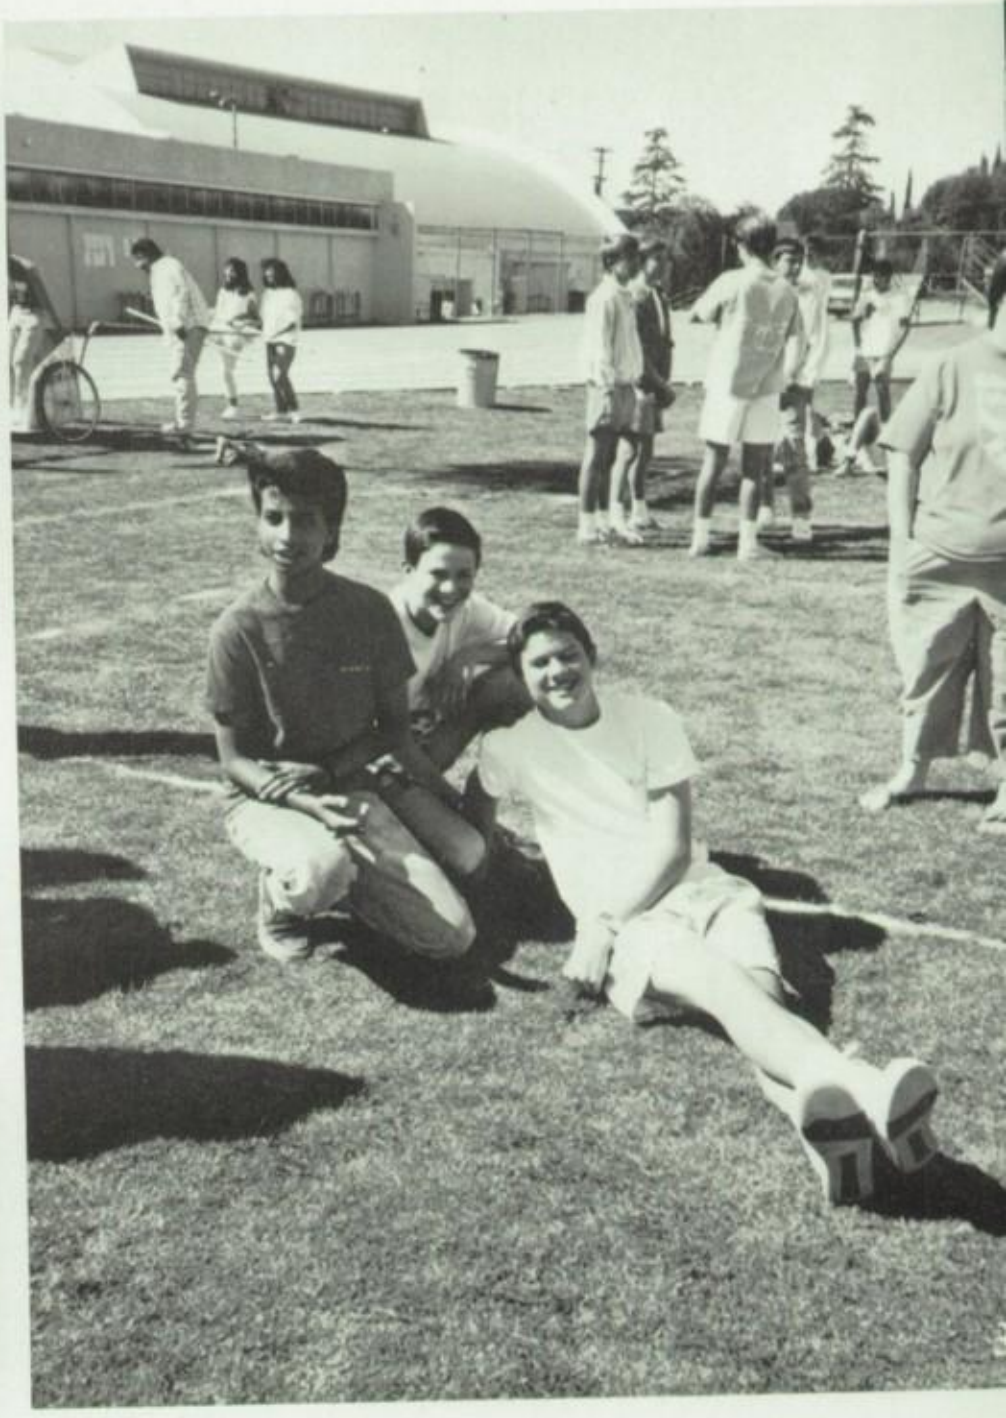
Another active club at Mater Dei is the German Club. This club is designed to find fun ways of educating students about the German culture and long history. Members of the German Club enjoyed pretzels and dancing at the Alpine Village Oktoberfest which was their first outing this year. Lederhosen and an oom-pah-pah band were on hand to add to the fun. This year, the students also participated in a German Mass held each semester. "This is a reminder of our closeness and unity with the modern German people," said Tina Stoiber.

One of the most memorable events for the club members this year was the Swiss Chocolate fundraiser, in which the French Club also participated. The German Club is definitely alive and well. As a celebration of the four years of German studies, the German Club took all senior members to a genuine German dinner at the Bavarian Chalet. All agreed that this was a great way to end the year.

The Latin Club is also a very active and large club here at Mater Dei, with at least thirty members. The Latin Club is headed by Mr. Falls, who has been a teacher at Mater Dei for some time and is a favorite teacher for many students. Unfortunately, Mr. Falls will be leaving Mater Dei next year and will be traveling back east. He will definitely be missed.

A few of the activities that the Latin Club participated in this yea included the bake sale on Languag Day and dressing up in togas for th day. The Latin students had a gre turnout as far as the dressing up the native dress — they were th highest percentage out of all la guage students to do this.

The highlight of the year for th Latin Club was the Latin Conventio held in Pasadena. Latin studen from many different high schools a tended the weekend event in whic students were able to participate Latin Olympics, horse and carria races, Latin vocabulary contests, a toga judging. Many Mater Dei st dents did very well in the vocabula contest, including Theresa Dra Jeff Matsumoto, and Kelly Robinso The response to this Convention w overwhelming, with many studen planning to participate next year.



1. **Theresa Minear** and a friend enjoy each other's company at the JCL Latin Con tion. We Are Bionic!!

Bike Club
Bionic Action Club

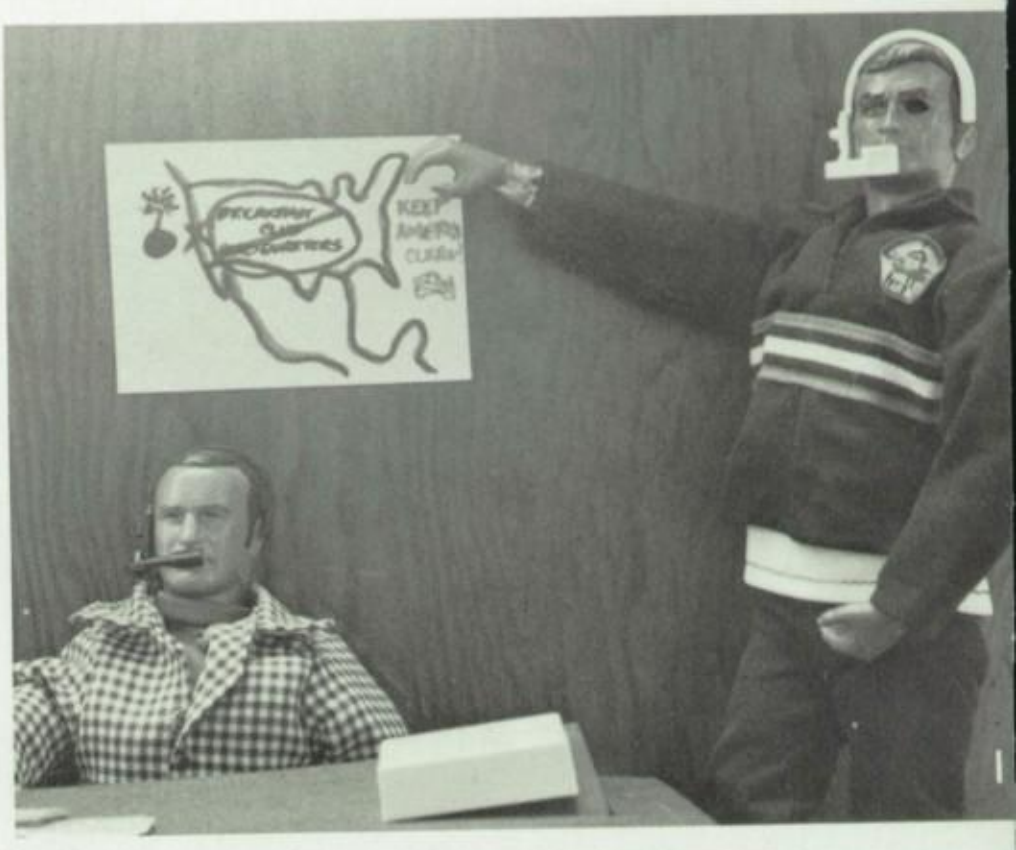
At last! A club at Mater Dei that likes — no, celebrates — no, REVELS IN its unabashed weirdness! A club that is loud in every sense of the word, and PROUD of it! A club with purpose and abilities far above those of mere mortal clubs! YES!! The Bionic Action Club is here!

Being bionic is a state of mind, one that was first created in the brain of everyone's favorite TV hero (don't you know it ...) Steve Austin, the six-million dollar man. Others, admiring Steve's bionicness, sought to emulate it. One of the enlightened few, Mr. Lieblang, was so overwhelmed by the bionic spirit that he sought to bring bionicness to the nation, the planet, THE UNIVERSE!!

And has he succeeded? Of course. Bionic Action members are among the most visible people on campus. They attend games of every team that claims that its fans are on the endangered species list, and they INFUSE the crowd with their spirit, using nifty cheers such as, "Oo ah, MD." The Bionics have battled valiantly against their archfoes, the Breakfast Club, and have declared victory. Are they to be believed? You decide. Are they to be noticed? DEFINITELY. With this kind of spirit and strangeness, the Bionic Action Club is here to stay. Be there, or be perpendicular.

Mr. Lieblang, a man of many talents, also moderates the Bike Club. Although a lot less noisy than the Bionic Action Club, the Bike Club is just as enthusiastic. However, these folks channel their energy into — yes, BIKING. These two-wheeled endeavors are excursions, journeys, adventures, travels with a purpose. The best thing about the Bike Club, it is said, is the friendships that form between the members, bonds that keep them coming back for excursion after excursion.

All in all, both groups have been vital assets to the Mater Dei social scene. For what more could anyone ask?



1. Steve Austin displays his buff bionic physique as he prepares to do some very bio things. Stay tuned. 2. Here we have the enthusiastic Bionic Action leaders, look toward the future. Pictured are Charlie Bush, Dan Lopez, and Mike Bates.

Surf Santa Ana

The Heat Is On As M.D. Students Drop-in With The Best!

"There's nothing a good day of surfing won't cure!"

— Charlie Manos

Surfing is many things to many individuals, but, purely and simply, a healthy, vigorous, beautiful sport. For sheer spontaneous action, surfing is unbeatable. It is excitement and physical diversion, yet more. Like all great sports, surfing is a succession of experiences, sensations and impressions . . . a remembrance of lazy days at a favorite beach; laughter, friendship, golden sunsets at fires at dusk. Surfing is a good ride, brief seconds yet a culmination of endless hours on a board. These fleeting moments of exhilaration and release are days, months, years of time and experience.

This year, many Mater Dei students were able to take part in this great experience under the supervision of Coach Norm Berglund. This was Coach Berglund's first year as the moderator of the Surf Club and together with its many members he was able to succeed in making the surf a little more memorable.

Although the Surf Club did not compete against other schools, they did hold two meets where Mater Dei students competed against each other. The winner of the first meet was Brian Webster, sophomore, and junior Dave Courtemarche came in second. Courtemarche was the winner of the second meet and junior Mike Lyons came in third.

The Surf Club was a great way for students to relieve the pressures of a hectic school schedule. As junior Charlie Manos commented, "There's nothing a good day of surfing won't cure!"

1. **Both surfers and** body boarders alike were members of the Mater Dei Surf Club. This student pauses for the camera before going out to battle with the waves. 2. **Some awesome maneuvers** were seen when Mater Dei hit the surf. This surfer carves up a small, but precious wave. 3. **Pictured here are** some of the members of the Surf Club. These students became closer as they shared some memorable waves together. 4. **Part of the** adventure of surfing is the challenge of finding good waves. This student battles it out with the white-wash.

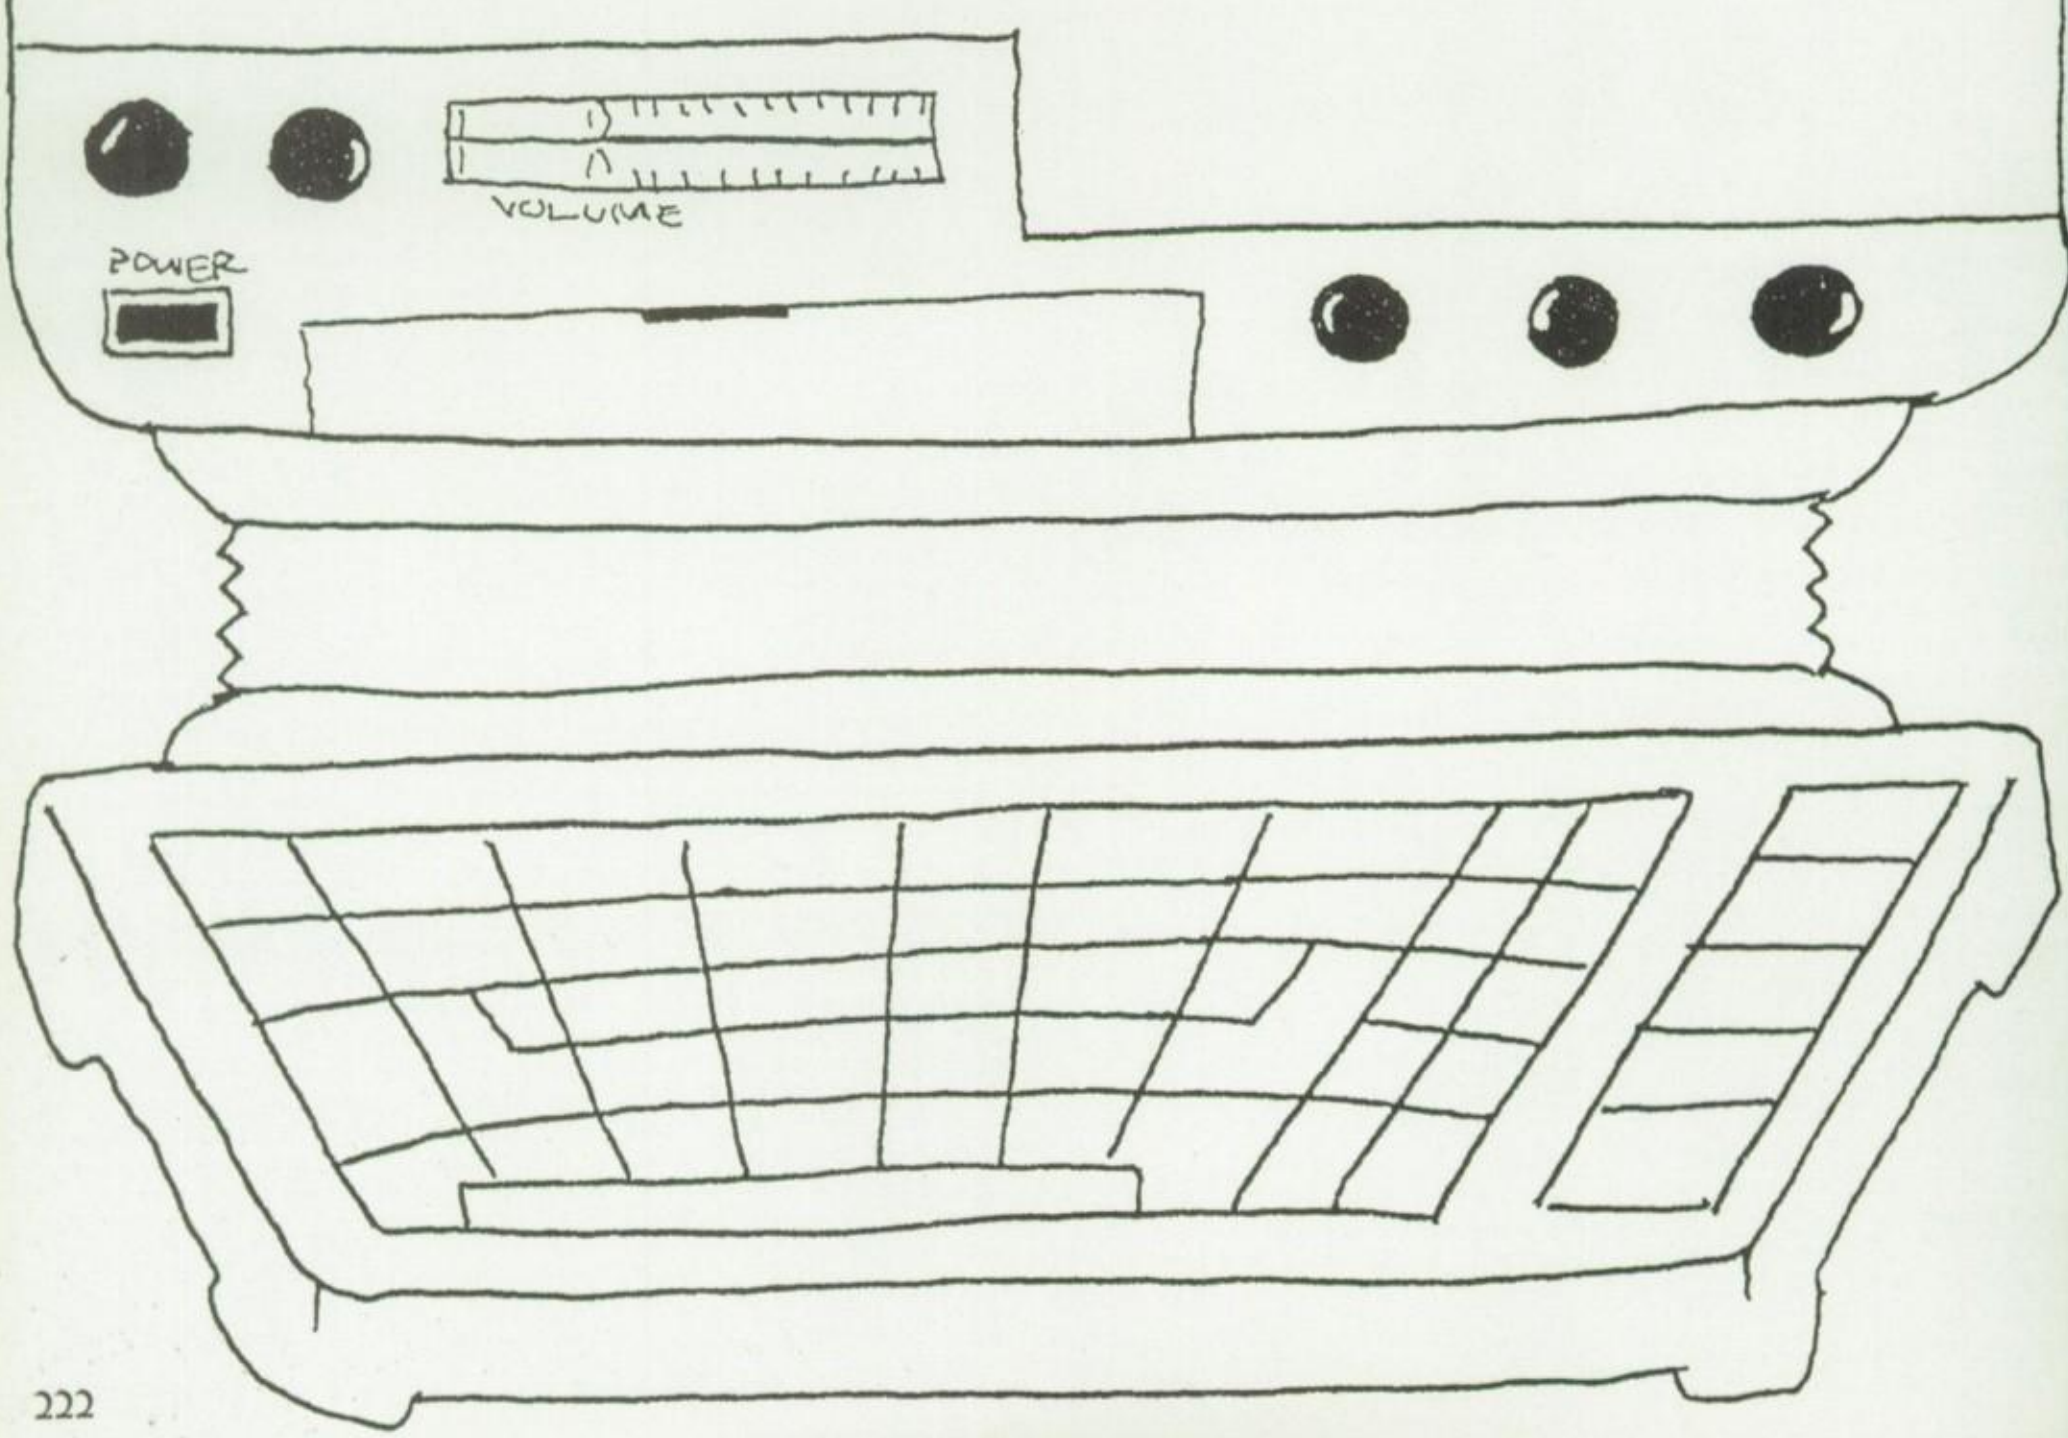
1. The Mater Dei Computer Club, with their moderator Mr. Beringer. The Computer Club is one of the largest clubs at Mater Dei.

Load "Computer Club"

One of Mater Dei's specialized clubs consists of a talented group of students whose interest lies in the famous electronic equipment known as the computer.

Mater Dei's Computer Club, consisting of eleven members, is a club where computer whiz kids gather about twice a month and discuss, swap and work on the programs they have themselves developed. "They mostly get together to discuss their computers and what they can do with them," says moderator Mr. Beringer.

This group of students hold an important key to the future. That key is that special talent to control and manipulate one of the world's greatest inventions ... the computer.



Debate And Speech 87-88

Gratia Tibi Domine

"For as soon as I open my outh they will be refuted, and I hall prove that I am not a clever peaker in any way at all- unless, deed, by a clever speaker they ean a man who speaks the uth." -Plato

Mater Dei is blessed with a mber of "clever" speakers. As group, they fall under the title the Debate Team. Most Mater ei students do not realize the ct that their debate team is nked number one in the Orge County Speech League. One eds only to enter room 216 on y given day and glance at the eady row of first place trophies ng the windows. At one time, . Cou, the debate team advi-, displayed these trophies on desk. They took up their new sition when the pile grew so ge that he could not see over m!

As with most Mater Dei activis, winning has become a tradin for the team, but any mem- will tell you that winning troes is not the goal of their efts. The most common reason completing in debate is because of the intellectual stimulation it provides. Debators who compete in Student Congress are given the opportunity to practice their analytical skills, develop and substantiate logical and cohesive arguments, become well versed on current issues, and gain confidence in public speaking. Communication skills are a must in today's society, and through their chosen activity, debate team members are given an edge.

Every year at the end of the season, hundreds of students in the O.C.S.L. hope to qualify for a position at State Championships. This year, Mater Dei sent four of the eight representatives chosen to compete in the Student Congress division at State Finals in San Jose. John Baer, Stephanie Pechan, Grace Rai, and Steve Raia represented both Mater Dei and Orange County very well. John brought home a sweepstakes trophy. This fine showing at the state level was a great way to wrap up yet another highly successful year of the Mater Dei Debate Team.

1. 1987-88 Debate Team members at Student Congress State Qualifiers: Mark Zappala, Matt Carroll, Marie Grimley, Liza Sanchez, David Anderson, Mike Lambert, Grace Rai, Marce Scarbrough, Melissa Chang, Steve Raia, Stephanie Pechan, John Baer, and advisor, Mr. George Cou.

"Flies do not enter a closed mouth. Wisdom does not exit one." -Sandio

he Mater Dei Speech Team has yet another highly successful . Assisted my moderator, Miss tie Carr, the speech competitors won a number of trophies and ed a lot of respect in the Orange nty Speech League. Most of the ch competitors "double up" and pete in Student Congress also. applies to Marce Scarbrough, ssa Chang, Steve Raia, Grace Rai, Sanchez, and Marie Grimley. rs, such as Audrey Tan, Rachael and Kristen Good, concentratolely on Speech.

ater Dei has been represented in ge number of speech categories year, including original oratory, nal advocary, S.P.A.R., humorous pretation, dramatic interpretainternational extemporaneous impromptu speaking. As the develops, it is expected to h out even further.

ten times the great importance mmunication is overlooked in ociety. One needs only to talk a speech team member to unand that the ability to speak, her in front of an audience or in order to get information d on from one person to the is an invaluable tool.

1. "What are they doing?" is a common phrase heard when walking in to the registration area before a speech competition. Before the rounds begin, competitors are often found performing their speeches to walls as a method of rehearsal. That is exactly what Mater Dei speech team members Kristen Good, Audrey Tan, Steve Raia, Liza Sanchez and Grace Rai are doing.

It's Been A Great Year Fr. Weling

Fr. John B. Weling, Mater Dei 1972 Alumnus, assumed the principalship of Mater Dei High School in June of 1987.

Fr. Weling was active in student government and sports while at Mater Dei High School. Upon gradution, he studied at UCLA and UCI before entering St. John's Seminary in Camarillo. He later returned to Mater Dei as Religion teacher and football coach. He received his M. Divinity degree at St. John's University, Collegeville, MN.

His first parish ministry assignment was at St. Angela Merici Parish in Brea. He has also assisted at St. Hedwig in Los Alamitos, St. Columban in Garden Grove, and San Antonio Parish in Anaheim Hills.

He completed his Masters Program in Educational Administration at UCLA in 1985.

Fr. Weling brings a new enthusiasm and a "new beginning" to his alma mater. Welcome, Fr. Weling!

Windmills Of Victory

There's a hush over the softball field, the only noise to be heard are the calls of encouragement the coach gives to the girl at the plate and even those are half-hearted. Here it comes, the wind up . . . the pitch . . . strike three called! Suddenly pandemonium breaks out. The Mater Dei bench swarms out to congratulate the pitcher, Beth Lomeli, on her second no-hitter of the season. And some people have the gall to say softball is unexciting.

There was plenty of excitement for Barbera Zamora and Cathy Quesnell, who coached the girls to a berth in the playoffs, the Angelus League title, a league record of 6-3-1, and an overall record of 15-8-1. Of course all the credit for this magnificent season can't go just to the coaches. The team had a fine pitching staff that included Beth Lomeli and Sundy Mosqueda, who both had at least one no-hitter during the course of the season. They had such outstanding players that five were picked for all-league teams. Janet Rensing and Tracy Rice were selected for the First Team, All-Angelus League.

The catch words, "Confidence, consistency and concentration" helped the team to have the kind of season it wanted. Of course the team, consisting of sixteen girls, seven seniors, two juniors, five sophomores, and two freshmen wasn't all seriousness. Comic relief came in the form of Gina Diesto and Julie Cline. No matter how tense or serious a moment was these girls could be counted on to come up with something to break the tension.

Everyone knowing their roles and being their best at them, that is what helped the Mater Dei softball team have the type of season that they wanted.

Getting Stronger

A New Mater Dei Tradition.

The Boys' Volleyball Teams gained a lot of well-deserved recognition and support this year. Not only did the Varsity team come in second in league, with a record of 8-4, but they also made it to the second round of C.I.F. The young Junior Varsity team also did well with a record of 3-9 in league, and 5-10 overall.

The Varsity team's biggest asset was its long list of talented and devoted players. There were six returning starters who helped lead the Monarchs to a successful season. The leading players included setter Brian Wessel and hitters Steve Scibelli, Nathan Skyver, Pat Richmond, and Eric Elward. According to Head Coach Bill Fallon, the players' "solid efforts as a team" enabled them to be victorious. Their stability, maturity, and experience from previous years gave them a decisive edge over other teams.

Although the J.V. team did not have a season as successful as the Varsity's, it was an extremely valuable one in terms of learning. During the year, the Monarchs developed under the leadership of players such as Matt Burke and Hamilton Chock, and captains Steve Harkins and Jay Sanchez. This year's team had more Freshmen than in the previous years. These players, which include lead hitters John Vandermore and Mike Gross, are the ones who will make the teams next year the strongest ever.

Coach Fallon has high expectations and hopes for both boys' volleyball teams in the '89 season. On the Varsity level, there are five returning players, and on J.V. former Freshmen team members are expected to be returning. This combination will make the Mater Dei Volleyball Program unstoppable in the next year's matches.

1. Steve Harkins displays his strength in preparing for a spike. Power, combined with good timing are two key elements in the sport of volleyball. **2. Sunny Hwang reaches** to dig the ball. Efforts such as this proved to be important in winning points. **3. Varsity, L to R:** Head Coach Bill Fallon, Jim Bruggeman, Ken Rowen, Steve Scibelli, Brian Wessel, Nathan Skyver, Sunny Hwang, Mike Bates; (Not Pictured): Pat Richmond, Dennis Callahan, Erik Elward, Sean Elward.

1. (back row) Jim Bruggeman and Steve Scibelli go up to block the opponents spike. Team efforts such as these proved to be effective in defensive situations. 2. J.V., L to R: Chuck Robinson, Hamilton Chock, Mike Gross, Matt Burke, Richard Hsu, Steve Harkins; (front row) Robert Barcarcel, Jay Sanchez, Luke Halbur, Dennis Rhyne, Chris Gracely, Wilfredo Violago; (Not Pictured): Greg Carr, John Vandermore. 3. Steve Scibelli slams the ball past the other team's block. Steve was one of the top hitters this year. 4. Rich Hsu bumps the ball to the setter. Consistent set-ups made needed points much easier to achieve.

The Last Mile

by Teresa Burgess

All those workouts before the race,
Just remember to keep the pace.
The coach is confident, you are not.
The other team is planning their plot.
The starters shout, "Runners get ready"
Your heart palpitates,
Your hands are unsteady.
The gun goes off,
You start to run,
By the first lap you feel you're done.
They're closing in, you keep ahead,
Just remember what the coach has said.
One more lap, the toughest one.
This is where you really run.
As you finally finish, the hardest mile,
On your face is a tired smile!

1. Tension mounts just before every race. These runners prepare themselves for the next event. 2. George Lynch demonstrates perfect ability. He went on to state finals the 1987-1988 track season. 3. Claudine Moreno continues on with the baton in this relay. She had an exceptional season. 4. Two Mater Dei track stars compete against each other in the hurdles event. Both athletes, Susan Eggleston and Robin Camarillo went home with many medals.

tance running is a strenuous facet of port of track. These four girls put effort into their vigil. 2. **Shot Put** is vent requiring great strength and ular coordination. Mary Mueller was portant and vital member of the Put team. 3. **Lyn Haegan** was in- d in track for four years. As a dis- runner, she was valuable to the 4. Mike Neillson executes beautiful as he runs around the track. You can s muscles working hard. 5. **Another** f Track and Field is the high jump. thlete clears the bar. 6. **Hurdles** is a ult area of the sport. These athletes vith ease.

Across The Finish Line . . .

The Mater Dei Track Team is one of the largest here at our school. Many different people from many different groups, all come out for track. This is not surprising. There are many different facets of the program to fit the skills and talents of everybody. The two main divisions are track and field events.

The events competed in the track catagory are many. Some people race in the hurdles while others do sprints, relays, and long distances. Many people do more than one event and excel in both. In the field events, there are also many different events. There is the shot put, the hurdles, the pole vault, the long jump, and the discus. These require not only strength and coordination, but also courage and concentration.

The Track Team is a sport open to all individuals. Anybody can join if they have the willingness and dedication that it takes. Track requires long hours of practice and much stamina.

Though a large team, they are kept together by loyalty and self discipline. The coaches are also an integral part of the team. Head man, Coach Callahan can be seen on the field all season. Joining him are Coach Frank, Coach Neilsen, Coach Eyman, and Coach Zeitler. There would be no team without them as a backbone.

The reasons for joining the track and field team varied as diversely as did the people who joined. Some came out to meet others. Others came out to get physically fit, while others came out for the pure competition of the sport. There were many individuals who were so competitive that they went on to State Finals, not to mention Angelus League. No matter what the reason for joining track, everybody worked hard together to form a Monarch Team.

The 1987-1988 team was an awesome one as usual. The Monarchs have a reputation of being the best. This year was no exception. The girls went past Angelus League, grabbing the title, and on to State Finals. Such leaders were Molly Munoz, Susan Eggleston, Mary Mueller, Claudine Moreno and Lyn Hagan. Many others also added their strengths and talents to send the team as a whole to the finals.

The boys also did quite well. Some of their leaders were George Lynch, Jason Uhl, Sean Sweeny, and Jeff Kleppe. They too had many others that worked together to go on to Angelus League.

The meets were held at various high schools around Orange County. But different tracks did not mean a difference in the athletes performances. Our athletes took their skill wherever they competed.

Every practice and every meet began and ended with a prayer. This is a partial reason for the success of the team. Being close together in friendship and in spirit is a definite plus for our team's athletes. Having God on our side works every time, rain or shine.

1. The Mater Dei Track Team. Thou large group, they were one of unity friendship. 2. Our athletes are alw winners. Here they display their me

2

3

1. Many awards and medals were won throughout the track season. Here some of the stars show off their treasures. 2. The epitomy of a track athlete. This is an original sketch. 3. What would the track team be without leadership? These are the Mater Dei coaches — Coach Frank (left), Coach Callahan, Coach Zeitler, Coach Eyman, and (back), Coach Neilsen.

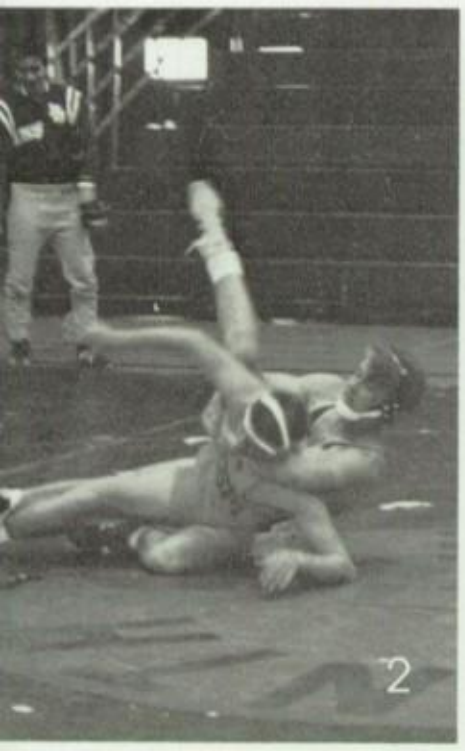
Golf Team Scores Big In '88

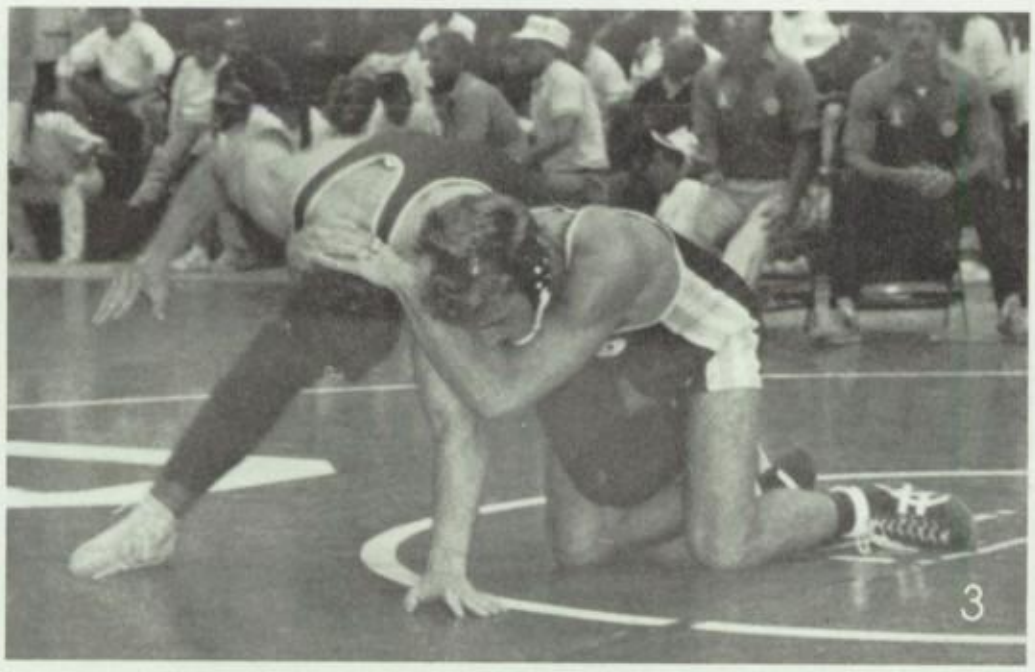
The most successful golf team in Mater Dei history, the Varsity Golf Team compiled an incredible 18-0 record, clinching the Angelus League Championship. The team placed fourth in C.I.F. but was eliminated by only one shot from the state championships. Dan Corral went on to win the league championship for the third straight year and joined Brian McMyler in the C.I.F. individual tournament. The team ended in third place for the county. The following members of the team will continue to pursue their golf careers in college: Jeff Smith (UCI), Doug de Heras (UCLA), Dan Corral (LMU), Arnie Tamparong (CSUF), and Steve Stewart (USC). The team gives thanks to Coach Craig Thornburgh for their victorious year and the dedication and guidance he gave.

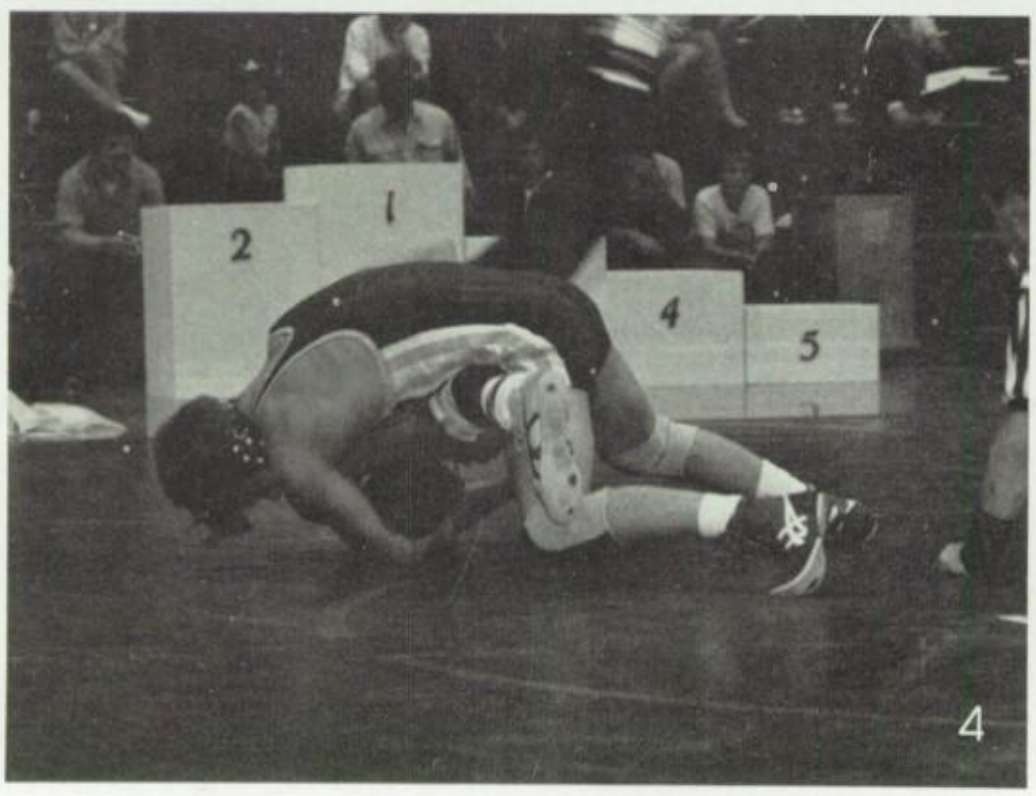
1. The Mater Dei Varsity Golf Team: Brian McMyler, Steve Stewart, Jeff Smith, Arnie Tamparong, Dan Corral, Doug de Heras (missing: Joe Foley). 2. Dan Corral 3. Doug de Heras 4. Steve Stewart 5. Arnie Tamparong 6. Jeff Smith 7. Brian McMyler

1. The 1987-88 Mater Dei Varsity Wrestling Team. The team was the Freelance League Champions. **2. Senior Mike Monge** puts the squeeze on a Crespi opponent while teammate Marcus Garcia looks on. **3. Steve Stanowicz shows** the strength and agility that brought him a fourth place in the CIF finals. **4. Troy Monge adds** another pin to his record of 23 pins. Troy was the CIF runner-up at 135 lbs.

M.D. Sprawls To Victory







Following in the footsteps of their Greek and Roman predecessors, the Mater Dei Wrestling Team steamrolled over its opponents on its way to an 8th placing in the CIF Finals. Only in its second year, the wrestling team had an outstanding record of 14-3. When asked about how the Monarchs were able to overcome such wrestling powerhouses as St. John Bosco and Pacifica, teammember Marcus Garcia commented, "The key to our success was our mental toughness." The team's three losses to San Marcos, El Camino, and Santa Ana were all close. Even with these losses the team managed to capture the Freelance League title.

Individually, the team consisted of very talented wrestlers. At 135lbs, Troy Monge placed 2nd in the CIF Finals while garnering 23 pins for a league record. At 122lbs, Rick Monge placed 3rd in CIF. Steve Stanowicz and John Gerardo placed 4th and 6th respectively in the 178lb and 157lb weight classes.

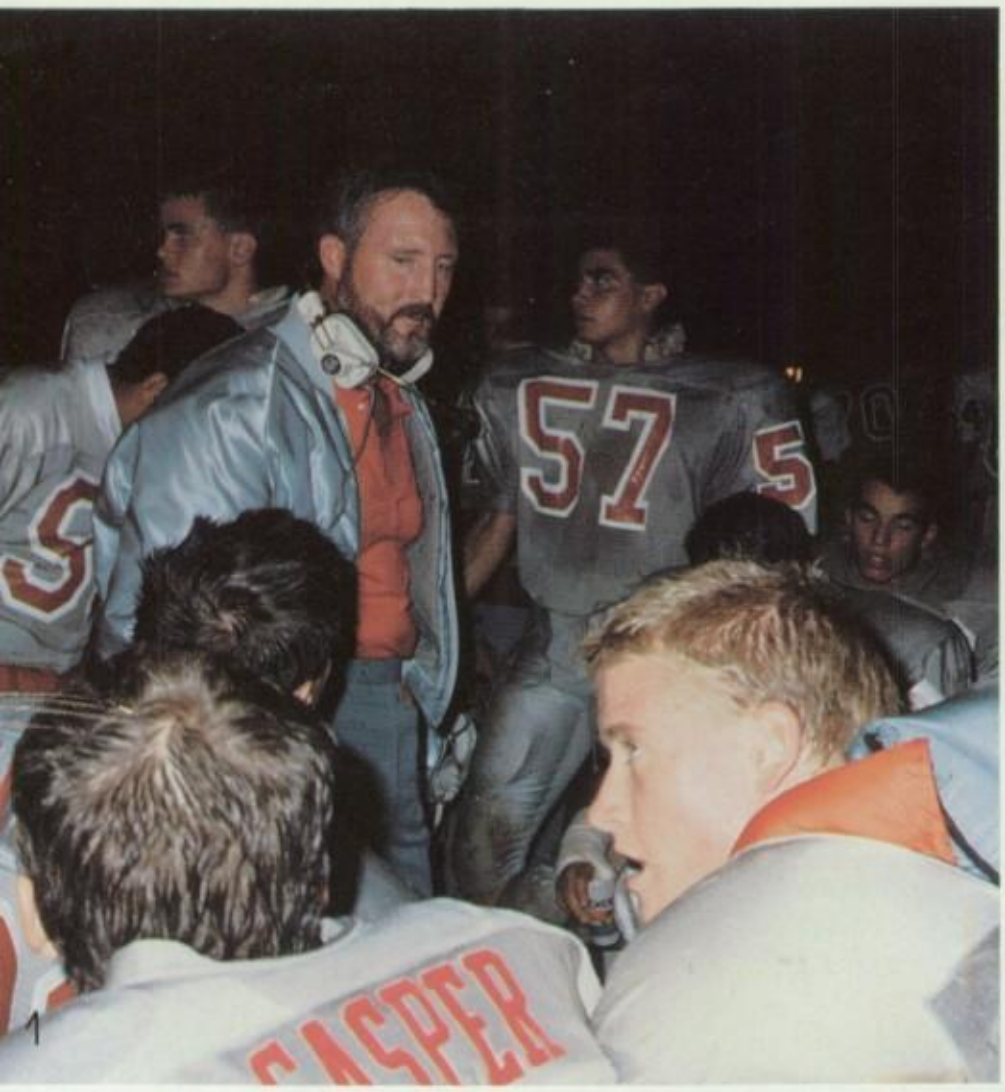
Monarchs Win As A Family

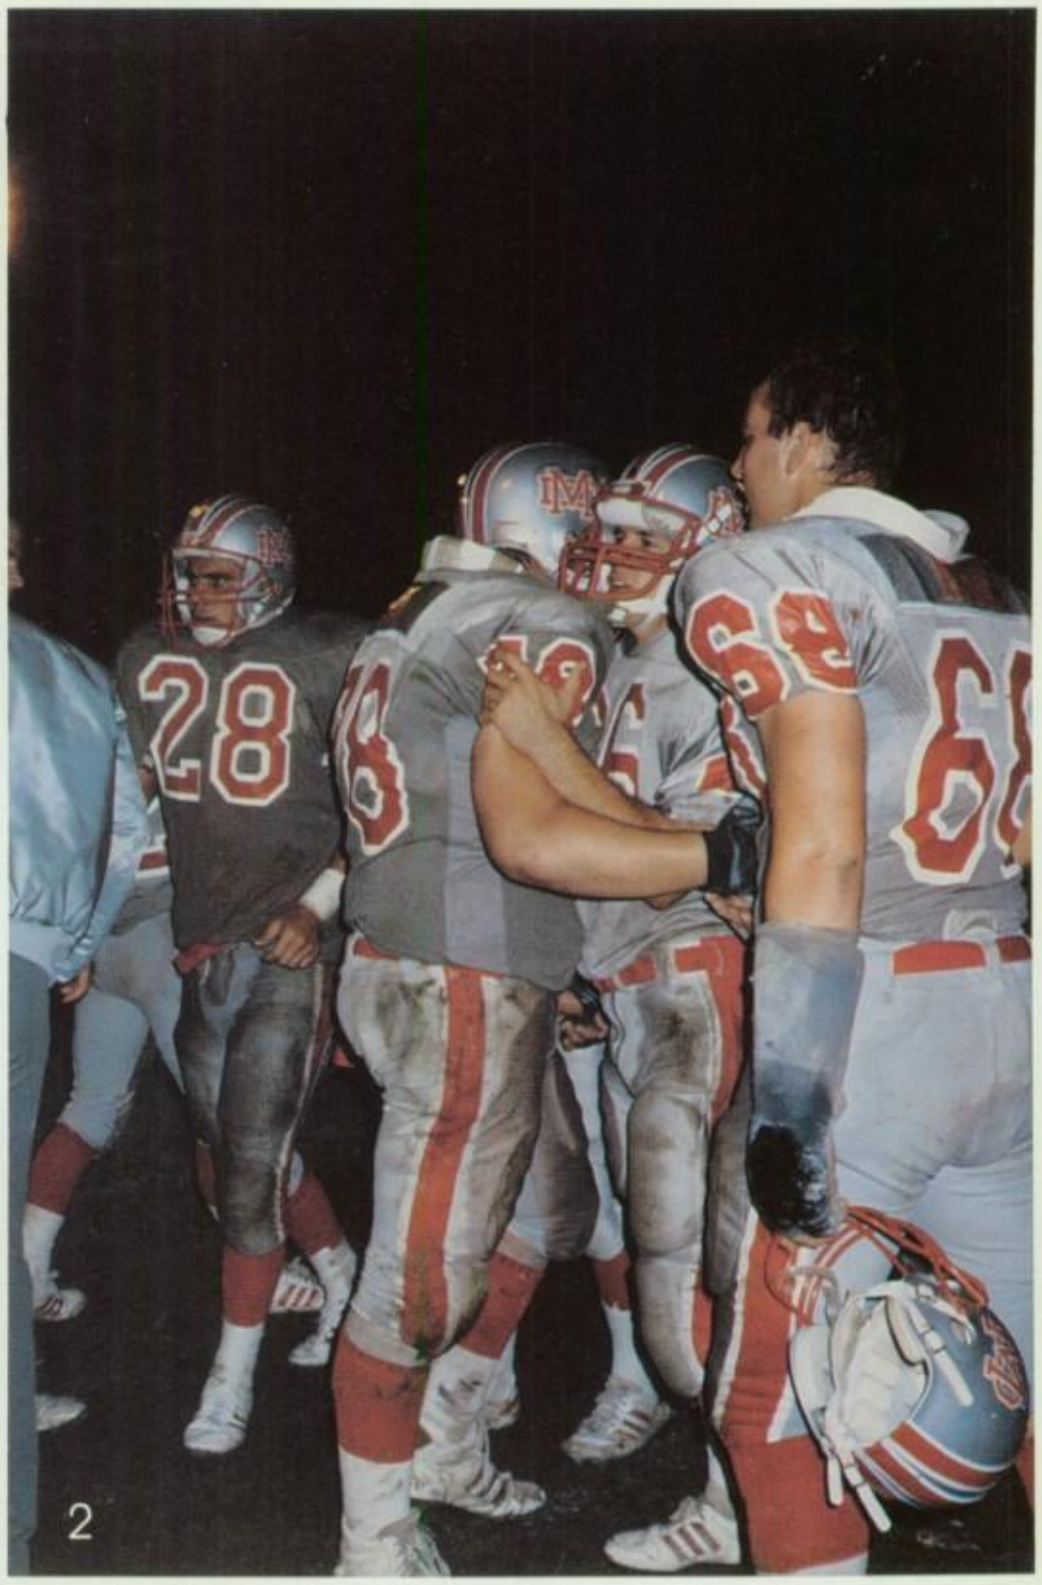
Football as a social event, is the singularly most important element of social life at Mater Dei, as well as the pride of the school. However, as seen on the memorial at El Alamein, "The price of pride is high and paid by the young." The varsity team this year started with a bang, winning seven games in a row, but the streak was broken by Bishop Amat and Mater Dei could not win again. This may bring to question the factor of the "twelfth man". All the games drew big crowds, the rain being no hindrance. This was the true test of loyalty on the part of the Mater Dei family. Even those who don't enjoy football joined in on the social scene.

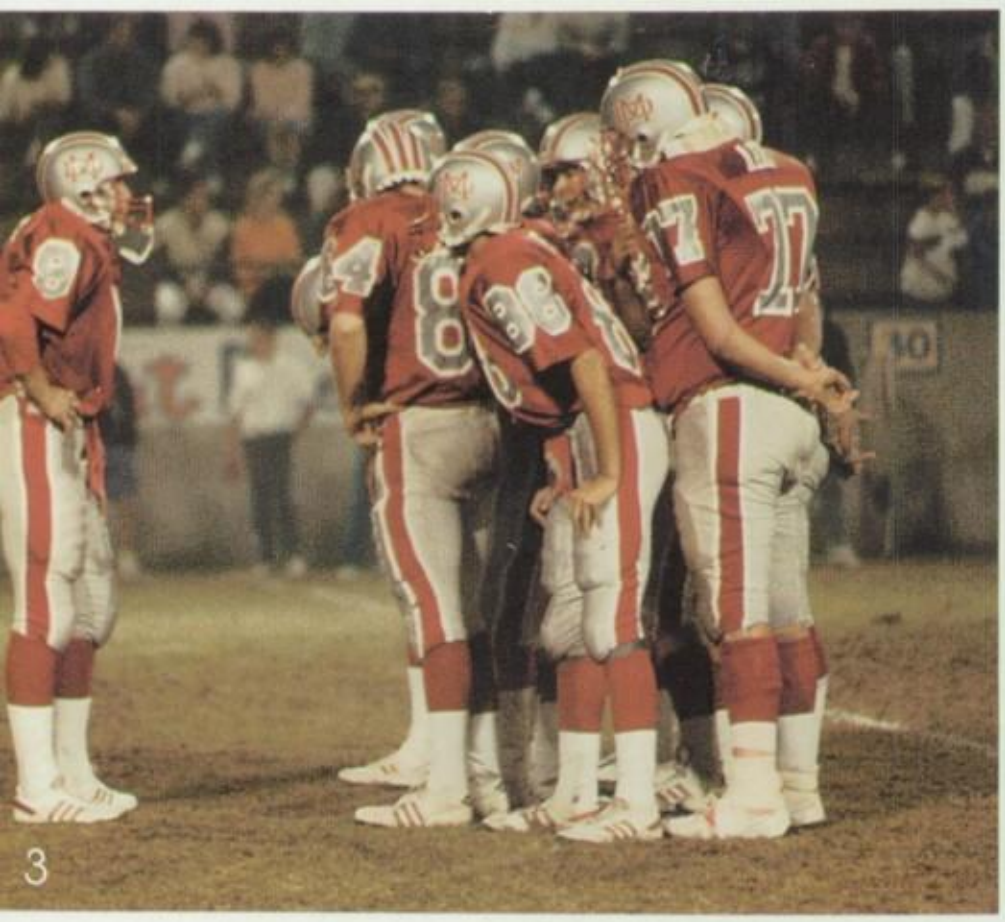
To recapture the spirit, the season started off well. The momentum built up pride in everybody with each new triumph. The loss to Bishop Amat marked the slowing down of the once fast pace, but it should be remembered that its "not whether you win or lose, its how you play the game." Both our offense and defense played to the best of their abilities. One anonymous offensive lineman pointed out, "What kept us together was our mutual friendships and our faith in God." Mater Dei, unlike any other high school, has a very strong bond of faith, friendship and unity. As offensive player Keith Labus quoted, "I came to Mater Dei because I heard how successful the football team was, and I was right. Though we didn't make it all the way to CIF, we had fun during the season." Left guard Brian Turk agrees, "I would play football at any high school I went to, but at Mater Dei it is more than just a sport, it is a team." All those who join together as the infamous "twelfth man" make up the Mater Dei family, and as one giant family we trekked through the season.

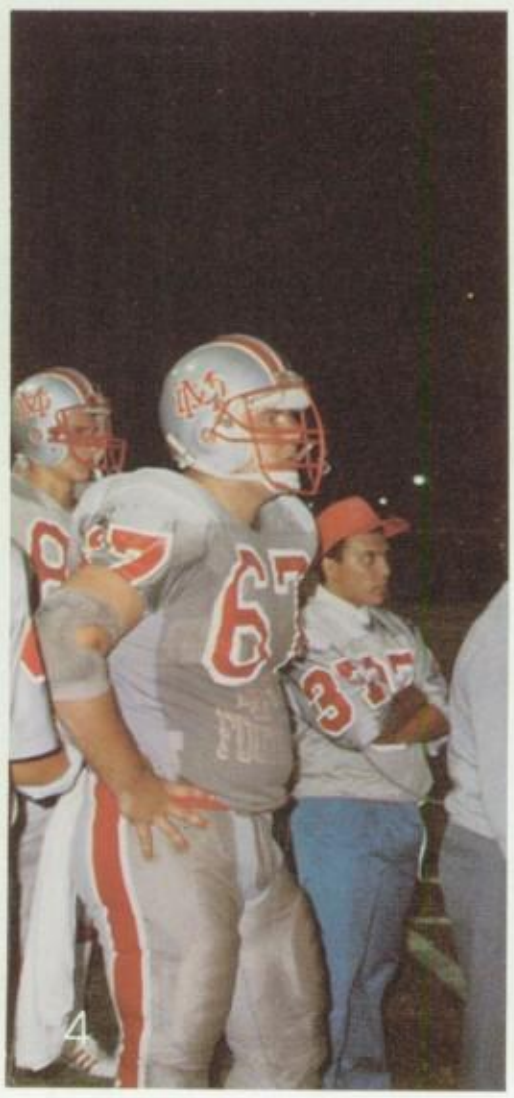
1. A muddy game against Bishop Amat. Though not triumphant, the Monarchs still came out on top in spirit.

2. Terrence Branley sits here in intense thought. Many football games provoke emotions in players.



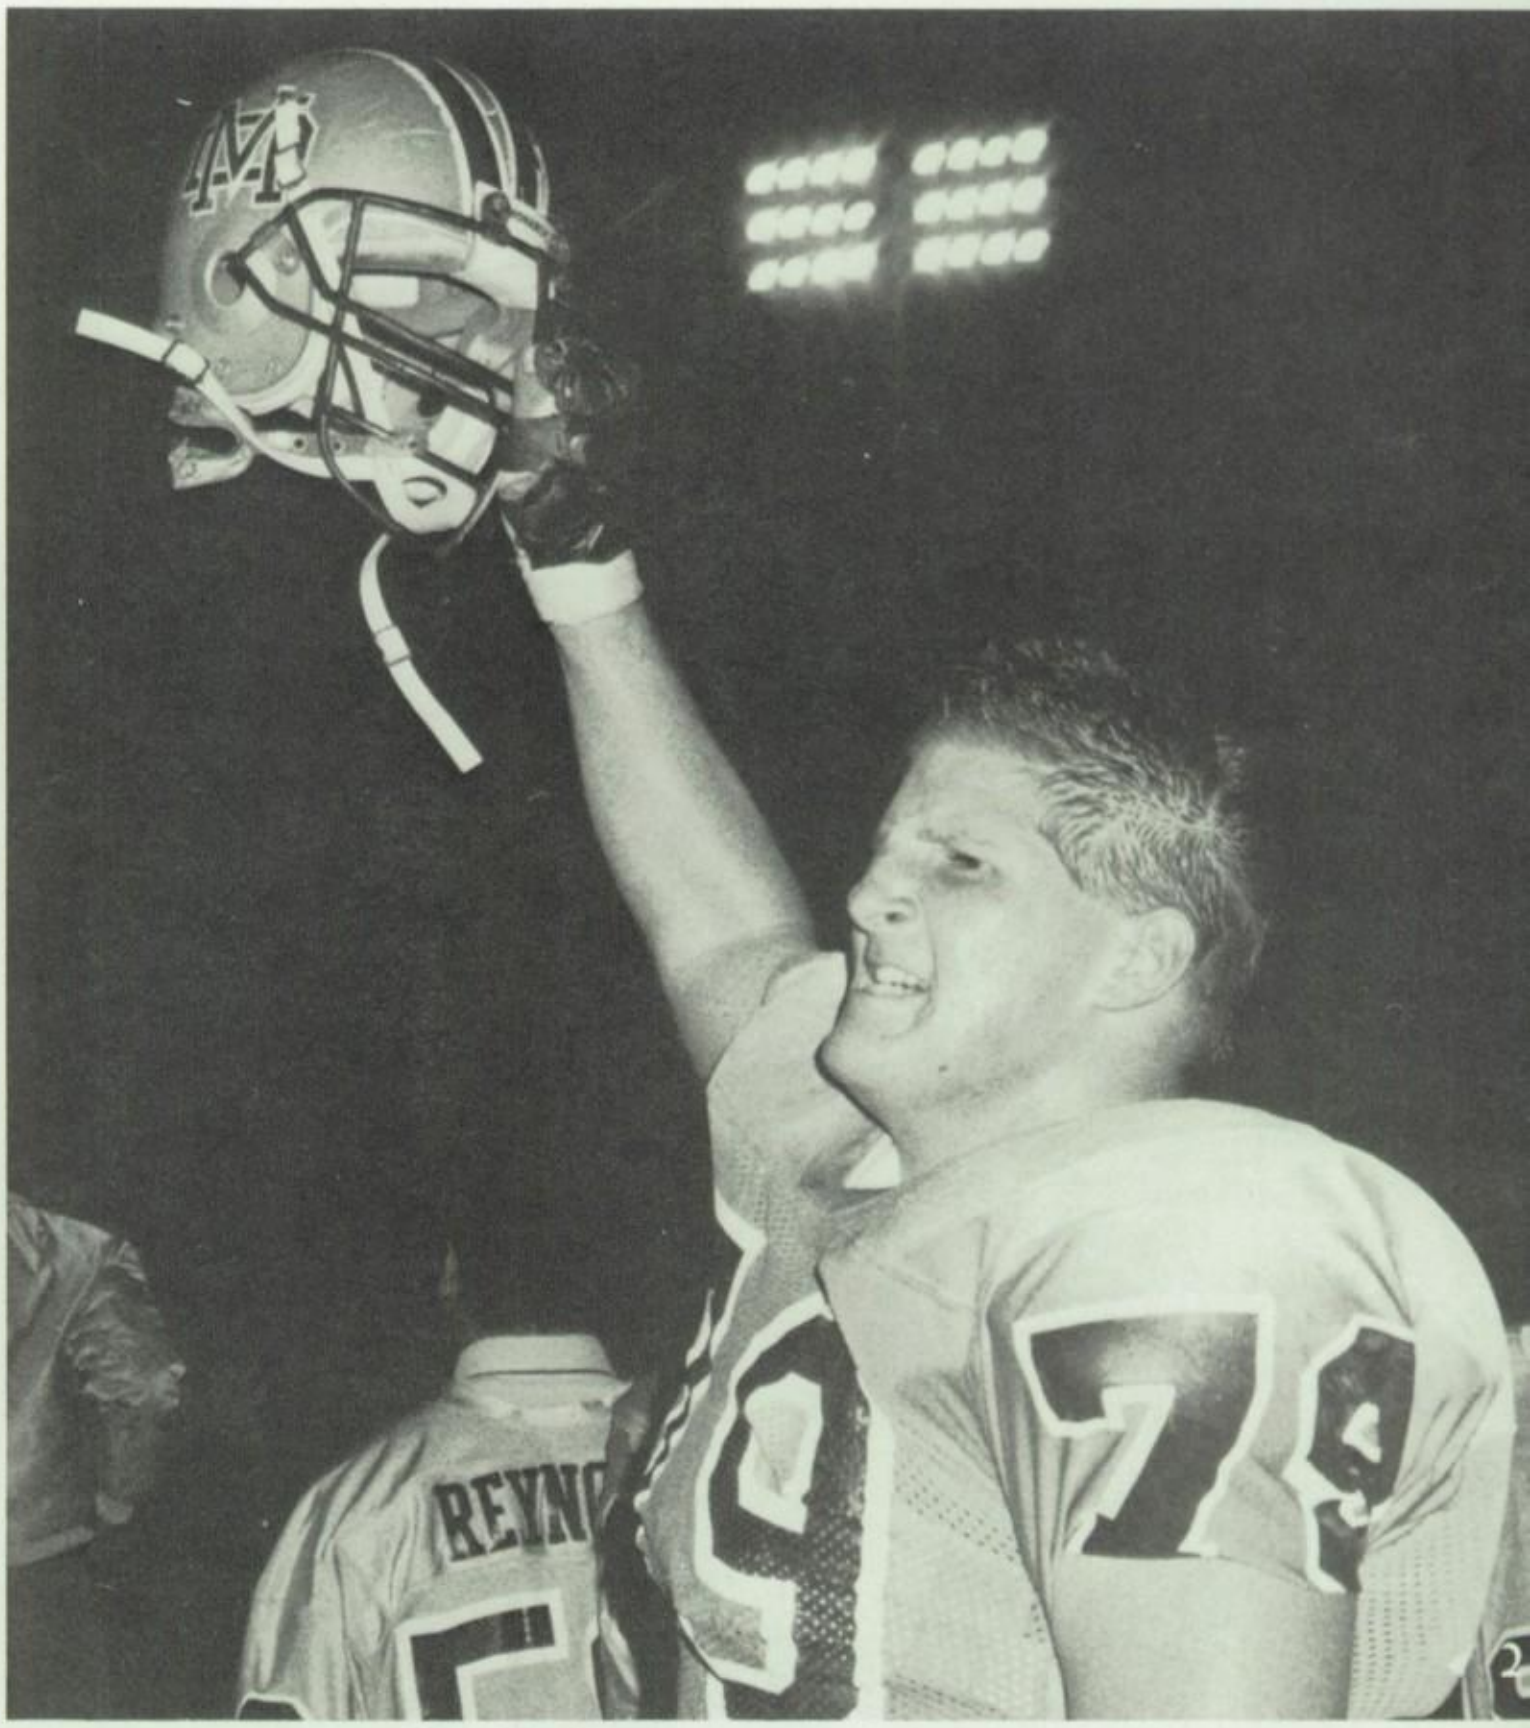


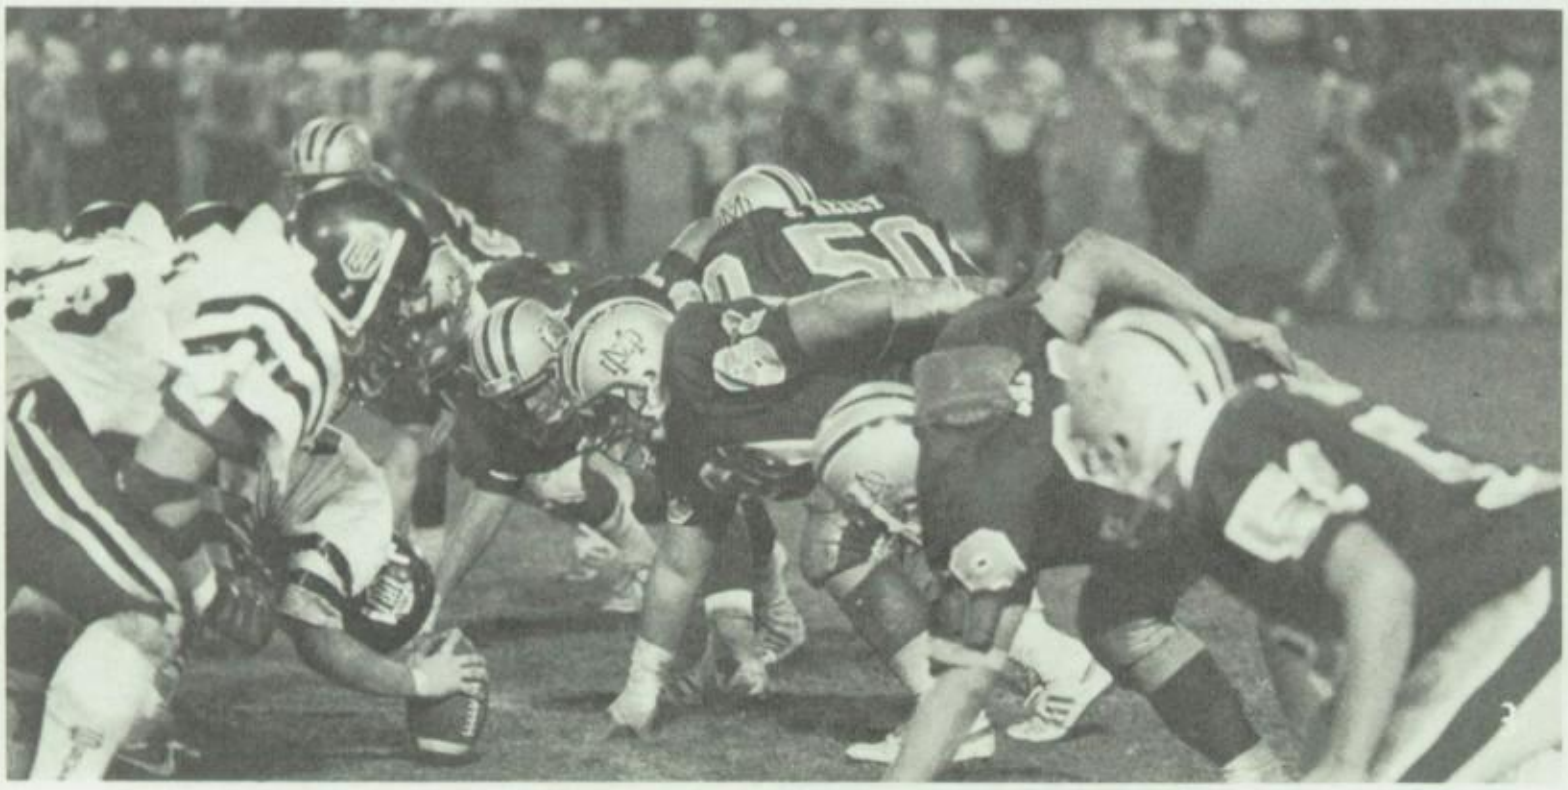




1. "Winning isn't everything," Coach Callahan tells these players. Their looks prove the point. **2. Previous Mater Dei** themes are shown here. Two players Bryan Ducote and Greg Livernois, share a touching moment of closeness. **3. The quarterback** is an important part of a football team. Here Mark Ramstack relays the final plays. **4. On and off** the field players cheer and pray for their fellow teammates. Doug Hunter anxiously awaits the next play. **5. "Unity",** a word used to describe Mater Dei football. Before games, prayers like this is not uncommon.

1. The big man on the team is Coach Gallo. He talks to quarterback Mark Ramstack before the next play. 2. Victory is shown here in Brian Turk's face, as he quoted, "Victory is the most awesome high one can ever feel!" 3. A tough and muddy game against servite. Though a defeat, the Monarchs came out on top. 4. Coach Gallo shows his humorous side. During this pep rally he also talked from his serious side about his famous "twelvth man."





1

1. Football brings many players closer together. Lua Pola and Robert Clifford show their friendship here. **2. A football is** the centerpoint of the sport. This is an original sketch by Maria Carrillo. **3. The famous "formation"** before every game. It goes to show again the common bond of love for each other, God, and their school. **4. Mater Dei is** a team known to come from behind. Here they get into position to prepare for the next play. **5. Skill and determination** are needed at every moment. Intenseness can be seen on these players faces.

Soph arsenal toughened by offense

According to coach Pete Sanchez, "Leadership and consistency dominated this years's sophomore football team." Although the team's record was only 3-6, the players still had an extremely successful year. Thanks to the Lion's outstanding offense, Mater Dei finished just behind Servite and Bishop Amat in the standings.

The team's offensive weapons included Jay Shenenfield, Jami Majchrzak, Gerald "Biff" Rice and quarterback Mark Nolan. Not only did these players crush their defensive opponents, but they were also a major center of determination and support.

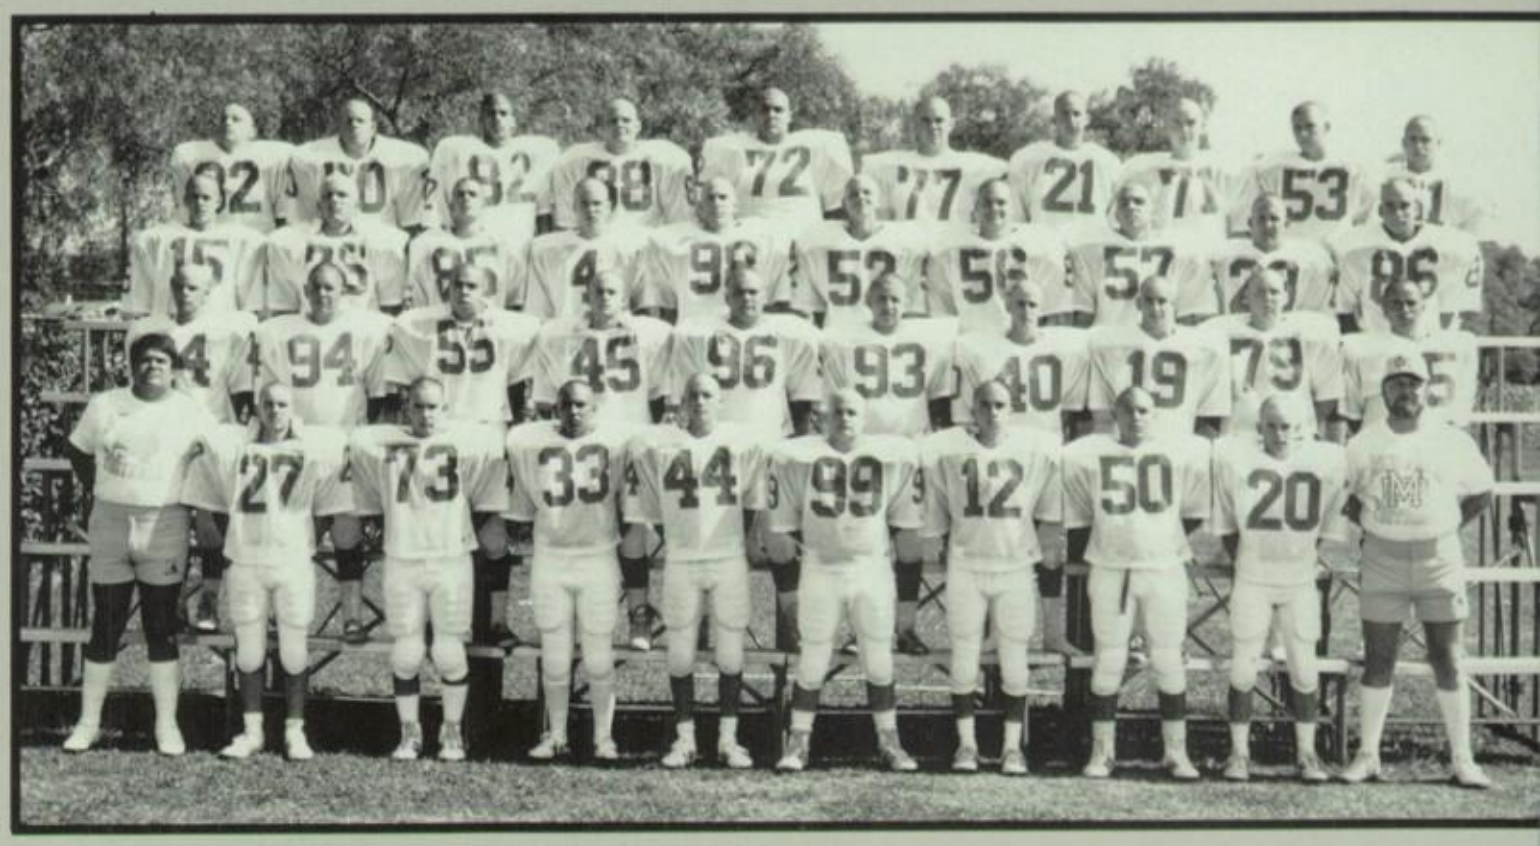
Despite the Lion's defensive troubles, players such as Mike Bass, Vince Hlavaty and Frank Setera never gave up and showed that they had the strength to hold back the opponent. Their determination was especially apparent in their wins against St. Paul and St. Bernard.

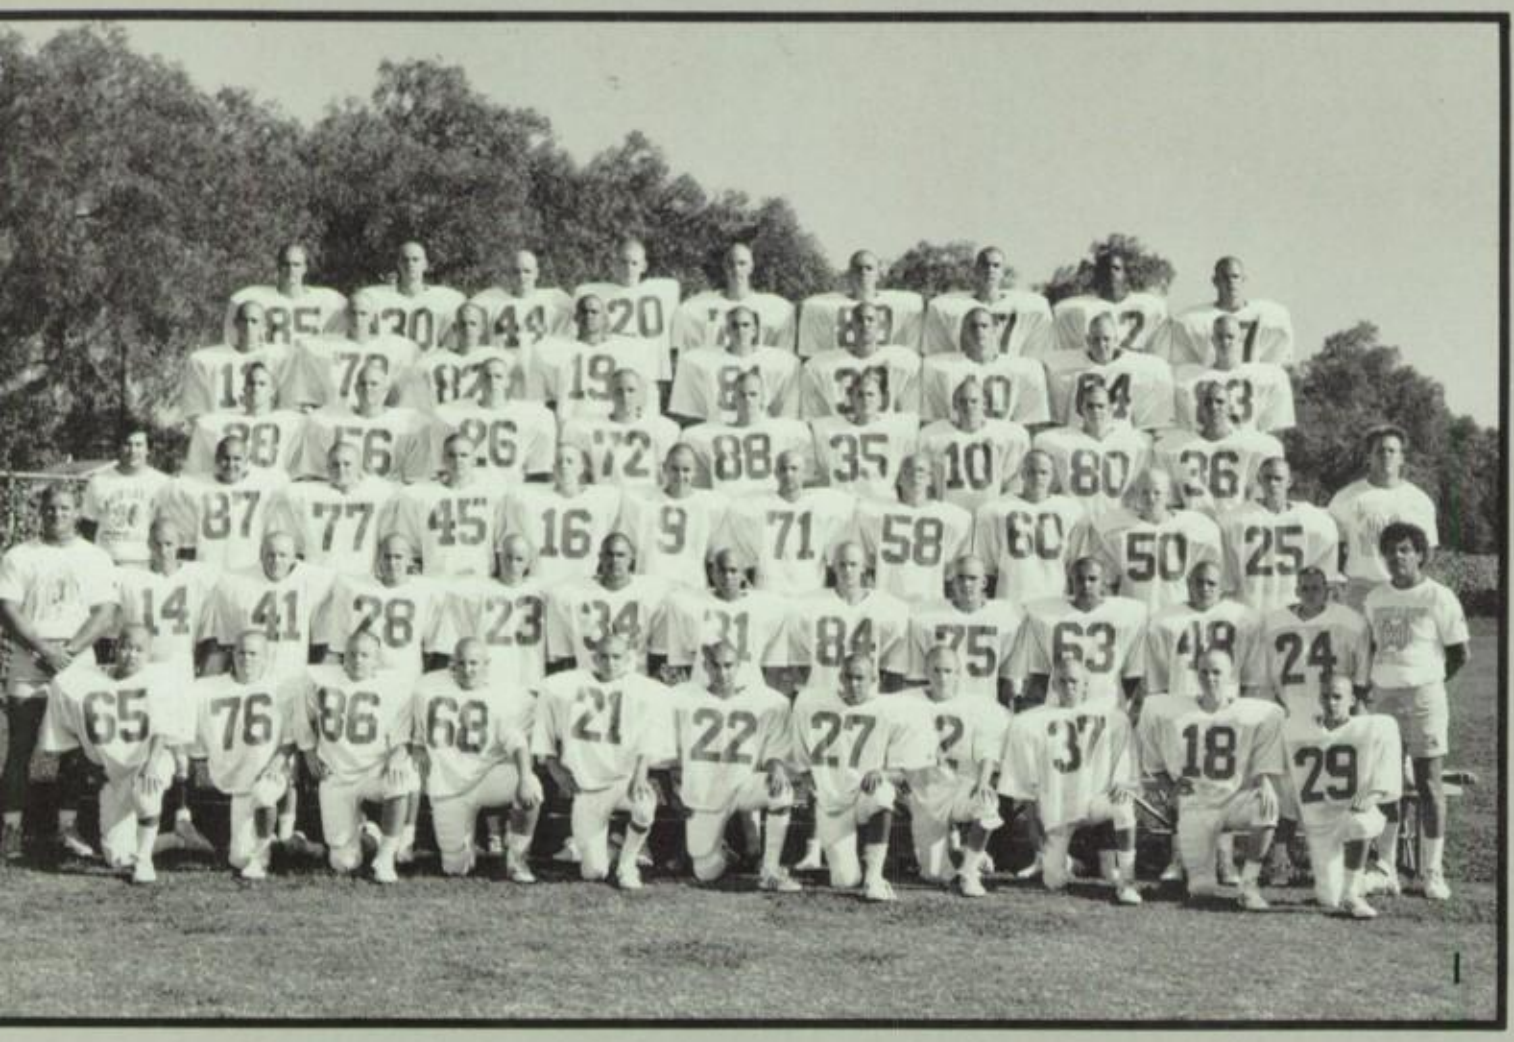
The team's most exciting victory was against St. Paul. The game was held at the very wet "Pit" in a virtual mud bowl. The sophomores battled in the slippery conditions and fought until Mater Dei emerged victorious with a score of 14-13.

The toughest game, according to the players, had to be Edison. At the half, Mater Dei was down and it didn't seem as if they would be able to catch the Edison offense. In the fourth quarter with only a minute and half to go, they were still down 14-7. The Lion offense battled to gain yardage, and with the help of John Williams and Tino Chavez, they moved the ball fast. In the end, they lost by half of a yard. Coach Sanchez was happy about the performance and stated, "They didn't quit. They were in it until the last second."

The exciting season ended up with the leading players receiving recognition. The Most Valuable Player Award was give to Gerard Rice. The Players of the Year were Jami Majchrzak (offense), Frank Setera (defense), and Eric Orr (most improved). The recipient of the Coach's Award was Chris Reed. Although only a few received awards, all of the sophomore football team deserves recognition for their spirited and exciting season.

1. The Lions line up against their opponent before gaining needed yardage. Offensively, the team was exellent. 2. Jami Majchrzak and Rob Gelb congradulated each other on a touchdown. Team support was a key to this year's victories. 3. This sophomore struggles to take down the ball. Quick reflexes and aggresiveness proved to be a large asset. 4. L to R: Head Coach Pete Sanchez, Jami Majchzak, Richard Diaz, Jaime Castaneda, Rich Monge, Marc de Mahy, Omar Gill, Abraham Avila, Christopher Barbazette, Coach Ted Jones; Pancho Lozano, Rich Espinosa, Alex Lopez, Vince Hlavaty, Kevin Rivera, Roland Vasquez, Jason Smith, Charlie Cobb, Gerard Rice, Lucas Padilla; Mark Nolan, Trevy Zimmet, Mark Fletcher, John Williams, Craig Moresco, David Orr, Ryan Walton, Chris Ward, John Gately, Tino Chavez, Matt Freeman, George Burge, Eddy Day, Mark Farrell, Adam Fink, Matthew Jankowski, Mike Bass.





1. L to R: Justin Jinn, Darren Guard, Thomas Jones, Paul Boynton, Geoffrey Barton, Mike Perez, Andy Solis, Jose Rodriguez, Brian Jankowski, Chris Gallopy, Scott White; Coach Norm Berglund, Andy Foster, Matt Desales, Jim Doone, Dan Trotter, Brian Hernandez, Kaio Aumua, Brad Merino, Scott Shepherd, Andy Fathollahi, James Marietti, Brian Cook, Head Coach Ed Bain; Coach Alex Nucon, Alfonso Villalovos, Craig Becker, Christopher Davis, Brian Charest, Raymond Mendez, Marcello Benevenia, Shawn Fowler, Patrick McNeil, Christopher Coggins, Mike Silvey, Coach Tom Pallow, Paul Molina, John Miller, Peter Carman, John Carmody, Scott McKelvey, Ryan Gelb, Jeff Kirrer, James Ramirez, John Najera; Bernardo Gollette, Michael Lodyga, Chris Krup, Armando Lopez, Jonathon Packard, Gilbert La, David Gonzales, Justin Ashby, Brian Dalton; Christopher Duffy, Mike Andert, Joe Barner, Bryan Barker, Jeff Dayton, Terence Flannigan, Danny Hickey, Nathan Malcolm, Joe Farney. **2. Coach Berglund encourages** his team during a time out. His pep talk led the team to a successful victory. **3. David Gonzales sprints** passed his opponent for a touchdown. Plays such as this one earned him the Offensive M.V.P. Award.

A time to learn

his year's freshmen teams d an exciting season of ugh practices, valuable rning experiences, and se games. Both the Scarlet ach, Norm Berglund, and Silver coach, Alex Nocon, ree that the '87 football ason was a time of learning her than just winning. The arlet team had a better an expected record of 3-5-The Silver record of 2-5 was y good considering the two aching changes that were ade mid-season.

On both of the freshman ams player support was a y important factor. Stand- on the sidelines at every me were various 'scout' am memebers. These were players that didn't actually ay all of the time but had a ding role in all of the victo-s. The 'scout' team members serve much of the credit cause without them the ayers on the field might not ve had the confidence to ay at their best.

One of the most exciting games of the season was against St. Paul. St. Paul won the league and was considered the best and hardest team to beat. Despite their difficulties in the beginning of the game, the Cubs' offense moved the ball quickly. Within a matter of minutes they scored and ended the game in a 14-14 tie. Although it was not a win, it was the team's best played game.

Awards were presented to the outstanding players at the post-season banquet. Joe Barner was voted the defensive Most Valuable Player. The offensive award went to David Bonzales. The Coach's Award, which is given to the best all around player, was presented to Aaron Lujan. Although it was the end of the season, this year was just the beginning for these players. As Coach Berglund stated, "They have more discipline than other schools. As sophomores they should be a very good team."

Mater Dei Dept. Of Water And Power

Mater Dei's own Department of Water and Power spent seemingly endless hours practicing last summer at an hour of the morning when most people wouldn't even think about getting up. Because the team graduated one of its strongest senior classes in its short history last year, it had a lot of inexperienced players on the team and it took a lot of hard work and determination to achieve their overall 3-16 record and their 2-8 record in league.

The team's most exciting game came against Servite where they, led by the scoring of Andy Winslow and the tenacious goalkeeping of Marcus Garcia pushed the game into two overtime periods where Servite finally squeaked by 9-8. Almost all of Mater Dei's other league games were lost by either one or two points proving that Mater Dei water polo will be force to be reckoned with in the future.

Coach Jim Robison gave the award for most improved to Jim Fague and the Coaches' Award was given to Marcus Garcia. Mark Fedele was voted most inspirational by his teammates. Marcus Garcia also was an All-League selection with Mark Fedele and Andy Winslow earning a spot on the second team.

Marcus Garcia, an** All-League goalie, lets one of few shots get by him.

J.V. And Frosh-Soph Earn Respect

The J.V. and Frosh-Soph teams this year showed that the future of Mater Dei Water Polo is bright. Coached by Mater Dei alumnus John Kuri, the Frosh-Soph team finished with third place in league with a league record of 7-3 and an overall record of 13-8. Their most exciting games came against Loyola for the title of Angelus League runner-up. However, they were nipped 5-4. Chris Mayer was voted most inspirational by his teammates while Chad Roghair recieved the award for Most Improved and Jeff Campbell got the Coaches Award.

The Junior Varsity team was 3-6 under the direction of Coach Ken Victorino. Some of the standout players were Tim Andrews with 11 goals and Keith Awad with 7 goals. Kirk Znider was voted most inspirational. Robert Balcarcel was the Most Improved and Robert Winslow recieved the Coaches' Award.

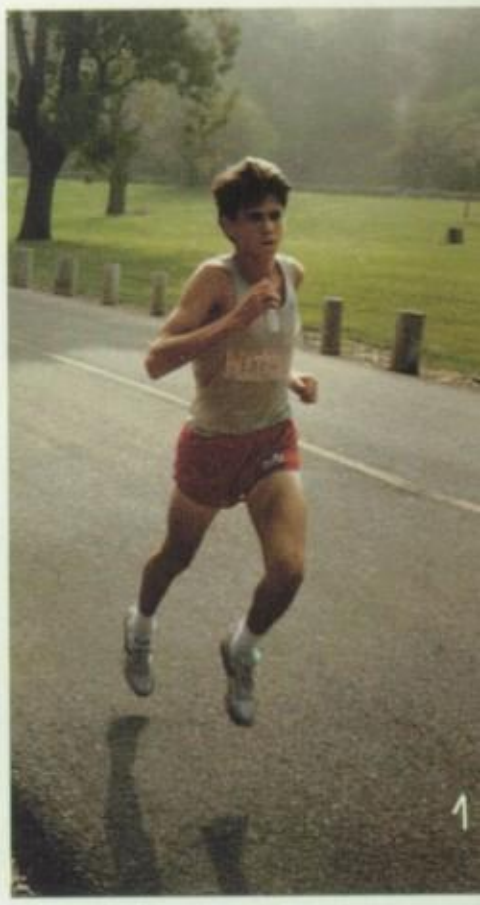
Foreground: Keith Awad and Coach Ken Victorino.

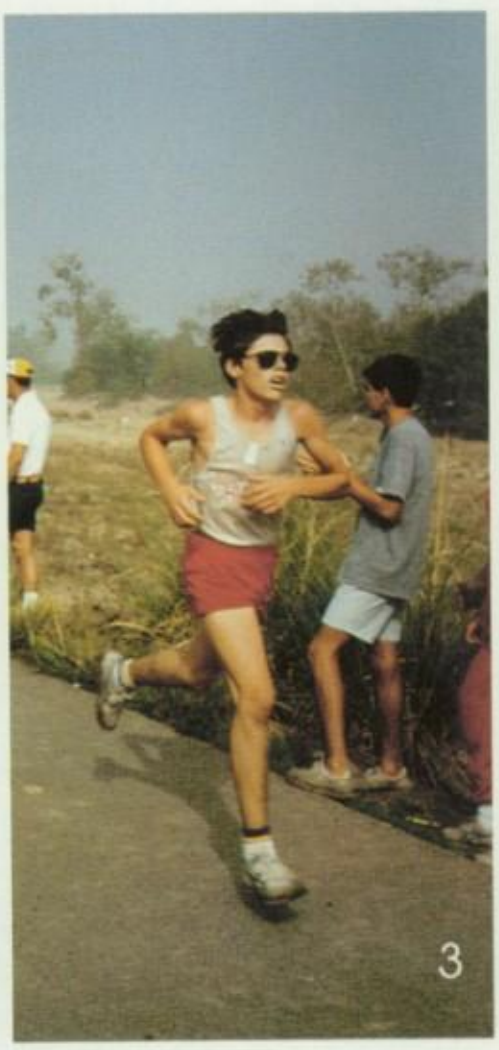
Sweat, Guts, And Glory

On your marks. Get set. Bang! They are off. Who is Off: a car?, a train? No, the Mater Dei Varsity Cross Country team. Although, judging by their over all performance this year, it is quite possible to mistake them as a locomotive tearing up the path they run upon. Led by veterans, Charlie Bush, John Ramirez, and Molly Munoz, the team was sure of a favorable season. A rookie runner, Mike Nelson (Jr.), was determined not to be outdone by the veterans this year and proved this by ranking himself among the top Varsity runners.

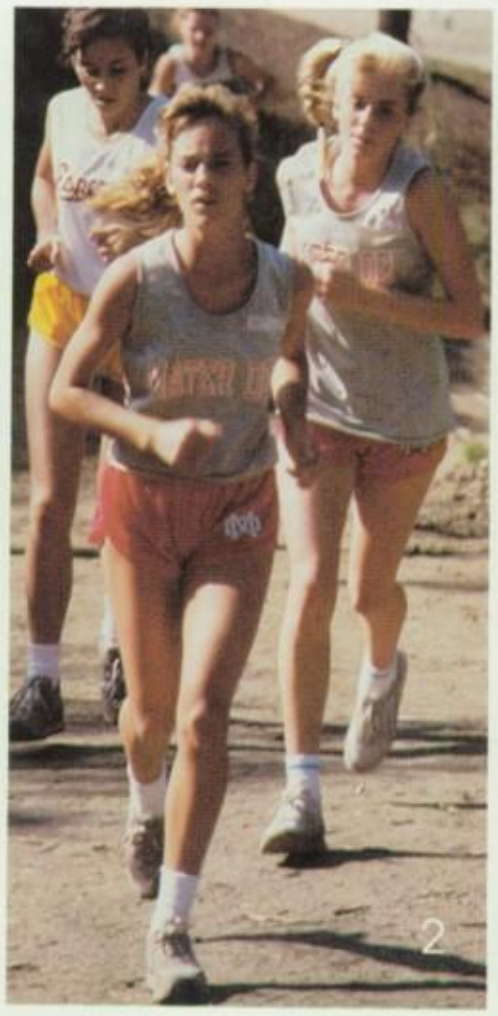
The success of a team in any sport relies on the coaching behind it and Mater Dei's Cross Country team was no exception. Dave Zeitler, head coach, and Karen Frank, assistant, began their program this summer with a trip to Lake Tahoe. This trip was described as anything but a vacation. Building strength, endurance, and team unity, they were very confident of a successful season.

Both the boy's and girl's varsity teams finished an outstanding season taking second place in the Angelus league finals. The girls Varsity were able to finish the season with an extra prestigious victory of capturing first place in the Mt. Sac Invitational. With nothing but a trail of victories left behind them, the returning team members concluded the season with the positive note of, "I can't wait until next year." Those who are moving on to bigger and better things commented, "It was a challenge, but well worth it in the end."





1. A new type of shoe called Nike Air has been developed especially for runne Greg Braun, demonstrates the effects it has on him, as he floats down the cour **2. Team work is** demanded from the M.D. Cross Country team. Molly Munoz a Jayme Campbell perform just that. **3. Concentration is essential** in maintain a steady pace. Tom McCauley, showing off his potential as a runner, leads t pack. **4. Mater Dei's cross** country gathers for a group picture. Feelings victory ran rampant this past season.



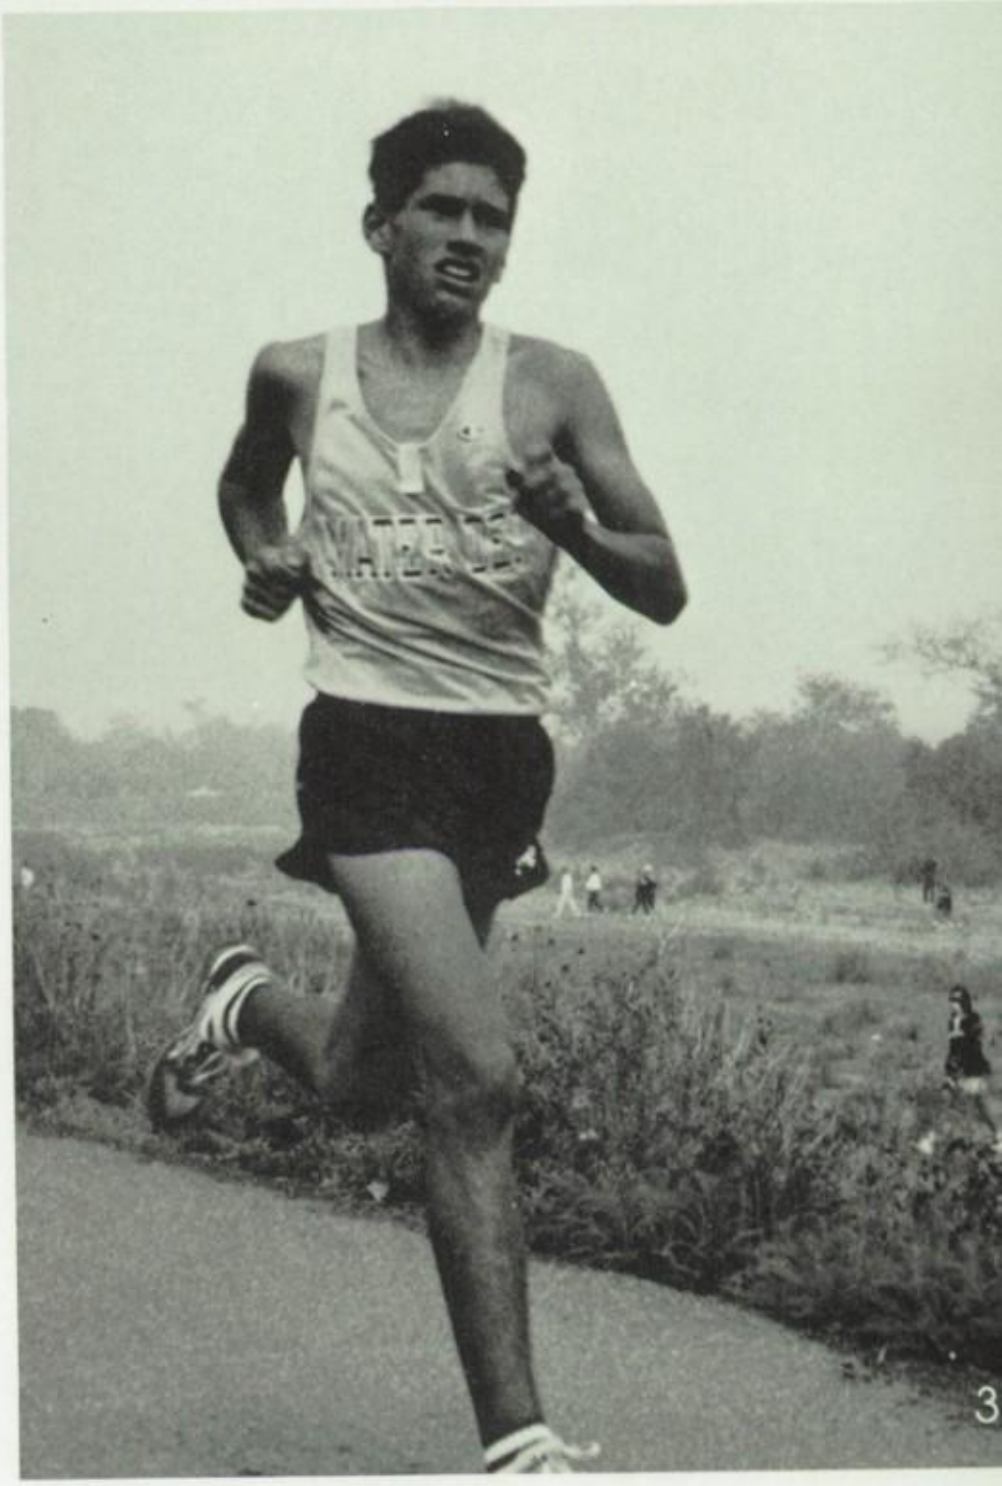
1. Descending the hill, Jeff Matsumoto concentrates on his form. Knowing the finish line is close, he begins to give his all. **2. Hill climbing is** the toughest course in running. Aimee Kisow, and fellow teammate, encourage each other on their way down. **3. Mike Nelson, seeing** the finish line ahead, begins to give it his all. Mike had a very successful season running varsity this year. **4. Keeping the lead** involves great mental toughness. John Dowling shows here that he's got what it takes. **5. The cross country** team qualified for the Angelus League finals. Charlie Bush, dehydrated from the last race, misses his mouth in an attempt to get a drink of water. **6. Running to get** to the top is what M.D.'s cross country team is all about. Reaching the top, the team decides to pose for a picture.

Determination Pays Off

As in the success of anything, the final outcome weighs heavily on the early stages of development. The Mater Dei Cross-Country program has created a method that enables the realization of maximum potential among the frosh-soph and junior varsity teams. The program that is used has kept the Mater Dei Cross-Country team the winning team it is.

The boys ran a strong year and were led by Chris Hernandez and Sean Somes. The victory they are most proud of is the one win in the meet against Servite. They also placed first at the Orange County Championship and the Craig Park Invitational and a second place was taken at the Mt. Carmel Invitational.

Two young freshmen, Diane Chonette and Nicole Sims, proved to be top runners on the junior varsity. The girls placed second in the Craig Park Invitational and the teams gained experience that will be carried over to next year. The result will be another victorious season.



1. The girls smile as Coach Zietler interviews them after a victorious run. Winning was a common thing for these girls. **2. Kelly Flathers (Varsity)** leads the girls on. This years girl's team ran an exceptional season. **3. Running a steady** pace, Chris Hernandez enjoys the countryside. He was the strengh of the junior varsity team and will carry on his abilities to varsity next year.

1. The Mater Dei Cross Country Team. It is coached by Dave Zeitler. **2. Running with the** pack can cause you to lose your pace; teammates are encouraged to stay at the front. **3. At the downward** slope of the Bishop Amat course two Mater Dei runners stride toward the final turn. The girls ran an excellent race.

Basketball As A Key Sport

Mater Dei's Mighty Monarch Basketball Team was closeknit in love friendship, and spirit throughout the season. All the players worked as a team and fought hard on the road to success. The team was lead by seniors Kevin Rembert, Mike Hopkins, Char Ruppel, Mark Ramstack, Troy Roelen, And junior Dillin Rigdon, and the many other vital members. The entire team pulled together to share victory.

The basketball team was quite successful this season. They were also a success in both C.I.F. and in the bond they built as a team. They worked together and came in second in Angelus League. Traveling was also on the agenda. The team went to Atlantic City, Philidelphia, and New York during the Christmas vacation. All were quite an experience, especially when one of the games was cancelled due to riot and gang violence. "It was something I will never ever forget," quoted one anonymous player.

This year the "3-point" line was put into effect. Many players took full advantage of this. It helped the team tremendously. Dillon Rigdon was nicknamed, "19'9"", this being the distance of the line. Along with Dillon, Mike Hopkins, and Kevin Rhembert also took on full use of the 3-point line.

The team was not just a group of athletes. It was made up of also the coaches, managers, and the Mater Dei family. The coaches this year were Gary McKnight, Phillip Bellomo, and Dave Taylor. The team managers were Aaron Abler, George Denninghoff, And Chris Holmes. Last, but not least, the Mater Dei family, made up of students, their families, and the faculty, showed up at the games to generously give their support. This is shown especially when Father Weiling gave the school the day off to accompany the team during C.I.F. playoffs against Hoover High School in Fresno.

This year basketball seemed more than a sport. It was a group of fine athletes playing as a team for not only a C.I.F. title, but for fun. As Troy Roelen and Keith Labus were discussing one afternoon, "We don't know what we'd do if it weren't for basketball."

Looking back twenty years from now at this 1988 season, the Monarchs won't remember the bad times and the "HELL" weeks, but instead they'll reflect upon the joyous moments, sweet victories, and the successful games played. For being on the Monarch team brings each player a bond of love, friendship, and faith that will go with them on their journey through life forever.

J.V. Basketball

The Junior Varsity basketball team had a very successful season. The head coach was Jeff Andrade. This was his first season coaching at Mater Dei. The J.V.'s overall record was 21-4. These players hard work and dedication contributed to this years successful season; Travis Boyd, Jason Quinn, Glenn Green, Dan O'Neil, Steve Scibeli, Dave Boyle, and Charlie Adres. Two of their hardest games were with St. Bernard's and Lakewood. This season the J.V. team participated in the Long Beach Jordan Tournament, along with Ocean View, Newport Harbor. These players will be the foundation for the future Mater Dei Varsity Team.

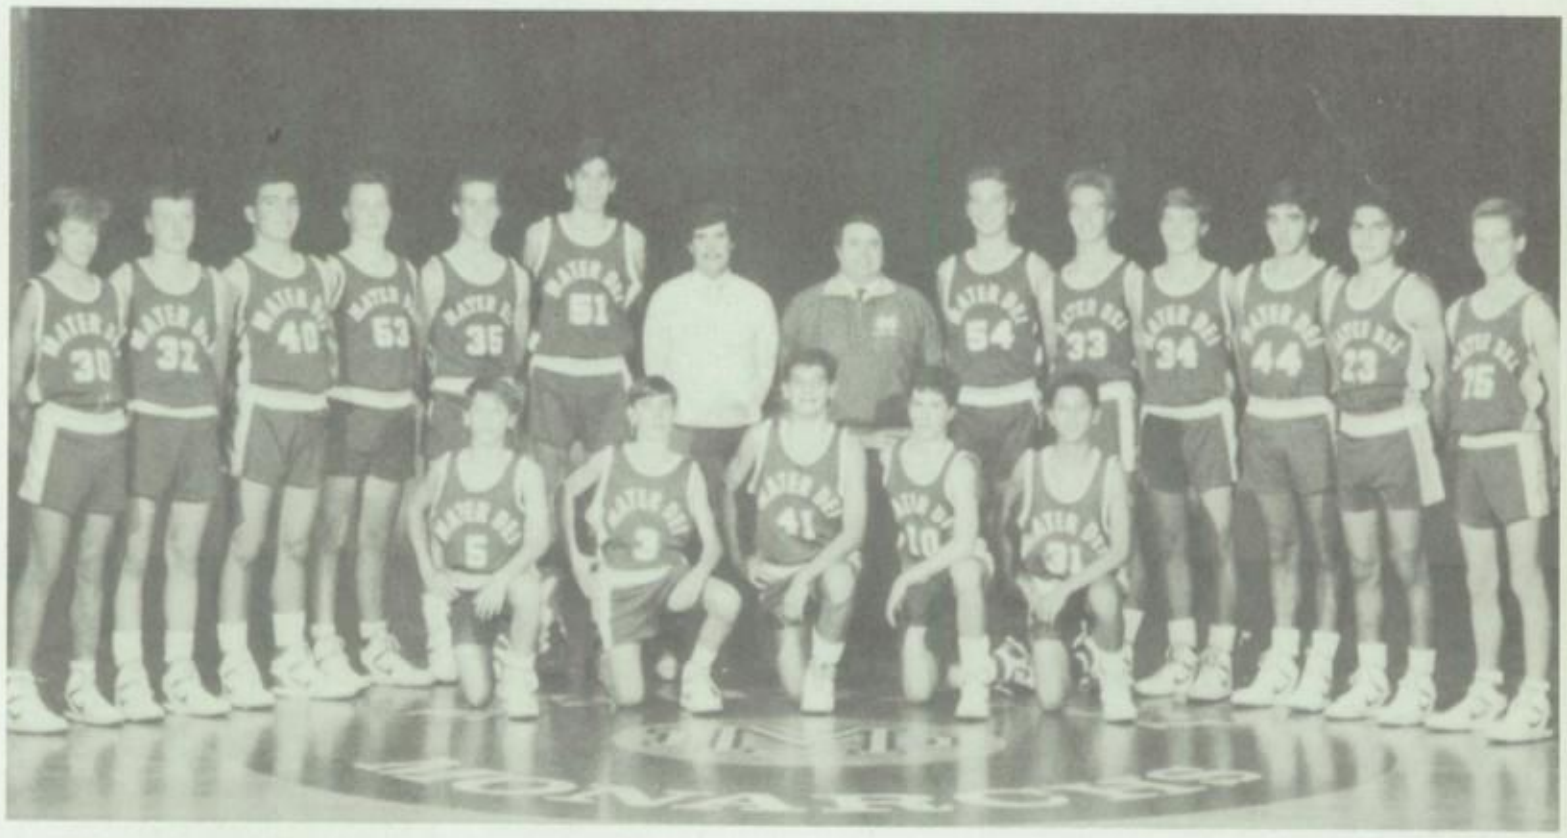
1. The Freshman's Red Team is coached by Mr. Craig Thornburg. Alex Nocon is the assistant coach. Mr. Thornburg has been coaching at Mater Dei for six years.



1. The Freshman Gray Team had a great winning season. This was Mr. Phil Thorngurg third season coaching a Mater Dei.

1. Kerry Callahan strides down the court and sets up the offense. Throughout the season, organized plays moved the ball to the hoop for needed points. **2. Senior Janet Rensing** charges to the basket. Her aggressive plays scored the team many points. **3. Preparing to rebound,** Claudia Morris keeps a close eye on the ball. Anticipation helped in gaining many rebounds. **4. Consistent freethrowing was** one of the team's major assets. Senior Jennifer Swander shows perfect form as she shoots from the line.

Monarch Defense Paves The Way To C.I.F.

"Our defensive game was the y to our success," stated Bren- Yecke, this year's girls varsity sketball coach. The Lady Mon- chs had an excellent year with eague record of 9-1, and a tour- ment record of 20-6. The girls re not only co-champions of eir league, but also made it to .F. where they did extremely ll.

The strength of the defense mbined with quickness and eed made the Monarchs virtu- unstoppable. Consistency in eir ability to keep the other m from scoring set up oppor- ities for the Monarchs to steal ball. Senior Janet Rensing led team in stealing, and with her quick reflexes, she moved the ball to the basket many times, enabling the players to get their needed points. In instances such as these, the defense made the way for offensively successful games.

The girls' inside game was also a major factor on the Monarch offense. Although they didn't hit many of their outside shots, an inside shot was guaranteed to make it. Junior Kelly O'Brien, along with Senior Claudia Morris, led the team in scoring. Kelly was always there when a shot did not make it to pick up the rebound and put it up again for two points. Determination and strong will paid off, as shown in the final scores of all of the games.

Both coach and team members agree that the toughest team to face was St. Josephs. The first time these superpowers met, it was a battle to the end. The Lady Monarchs found themselves struggling to hold on to the ball, but in the end showed their strength with a 51-39 victory. When the two teams came together again, both were set on controlling the ball. Mater Dei did well throughout the whole game but didn't quite keep the ball away from their opponent. St. Joseph left the Monarch gym with a hard earned victory of 61-55. Although our girls lost, they played one of the most exciting games of the season.

This year's varsity team had an outstanding season, not only on the court, but off, too. The girls adjusted well to their new coaching staff and team members. Coach Yecke stated, "They had the character to readjust to change and work out problems." Off the court, the team had many good times and brought their spirit back on the court in the forms of discipline and hard work. This year's team deserves congratulations for their determination and a job well done.

1. L to R: Kerry Callahan, Krisha Thomspon, Mary McCarthy, Claudia Morris, Cori Martin, Coach Brenda Yecke, Kelly O'Brien, Peggy Pendergast, Becky Hallet, Coach Cathy Quesnell, Jennifer Swander, Janet Rensing, Stacey Mounce, Judy Hudson, Janet Austin. 2. Jennifer Swander jumps up to block a shot. Her height provided another advantage to the team's defense. 3. Mary McCarthy looks to pass to an open teammate. Teamwork made passing an effective way to score.

Girl's Tennis Vollies To Victory

Tennis at Mater Dei is not one of the most recognized sports, but the Girl's Tennis Team is proving it is one of the most successful. They had a victorious season with a ranking of two in the Angles league, and made it to the first round of CIF before losing to an equally matched Laguna Beach.

In pre-season action the Lady Monarchs competed against Troy High School, winning 18-0, Edison, Chaminade, and Capo Valley. All the matches were played with all the determination and hard work in preparation for the Angelus League to start.

Success of the Girl's Tennis Team was mainly their hard work and determination. Because of injury, the girls varsity number one singles player Vicky Cordova was unable to compete with the team this season. "Vicky was a very reliable teammate. We are sorry that she was injured." said senior Laura Spinner. In her place was senior, Lisa Cimini, who performed up to expectations and led the team to a victorious season. Playing number two singles was Caroline Hall, a senior. She was a very strong and consistent player a real asset to the team. Finally, playing number three singles was senior Kelly Krause.

This year's doubles line up was formidable as the singles. Number one doubles team of Laura Spinner and junior, Jenny Smith. They won league individuals and achieved to go to the third round in CIF. Number two doubles made up of senior Lynne Hagan and freshman Kerrie Conter. Rounding out the team were Windy Otta, junior and sophomore, Kathy Donahue playing number three doubles.

Thersa Delaney, last year's junior varsity coach, has replaced last year's coach Mr. Luis Siberman. She was assisted by Miss Melissa Solomon. Angelus League play began with a match against Bishop Montgomery, the team's closest competitors. Montgomery defeated the Monarchs in a tight match. Following the match, the girls won five league matches and two scrimmages.

spending the day with my parent and the tennis team," commente senior Kelly Krause.

These dedicated girls began thei journey to success in August. The practiced with all their effort an energy. They worked together to b the best each and everyone could be The varsity coach Theresa Delane said "They were a great bunch dedicated players and a pleasure t coach."

This year's team consisted of ele en seniors; Lisa Cimini, Caroline Ha Tina LaPointe, Laura Spinner, Jenn Schimtz, Erin Kelly, Heather Kno Kim Smith, Lynne Hagan, Kel Krause, and Cara Grandolfo. They have played well through the yea and deserve great recognition.

The Junior Varsity team under t direction of first year coach Melis Solomon had another successful se son. Leading the team were junio Amy Dreyfus and sophomore Krist Good. With some early season vict ries over St. Paul and Cornellia Co nelly, the monarchs were on th

1. Junior, Amy Dreyfus follows through her serve, after serving an ace. 2. The 1987-88 Girls Tennis Team, coach Thersa Delaney, Kerrie Conter, Heather Knoll, Caroline Hall, Kim Smith, Laura Spinner, Kelly Krause, Lynne Hagen, Tina Lapointe, Mimi Rodibaugh, coach Mellisa Solomon, Kim Hall, Lisa Cimini, Jenny Smith, Wendy Otta, Beth Gessner, Jenny Schimtz, Amy Dreyfus, Meghan Grimes, Kathy Donahue, Cara Grandolfo, Erin Kelly, Kristen Good, and Melinda Wingert.

On November first the girls and boys tennis teams held a tennis benefit. At the benefit, parents of the players and some of the Mater Dei teachers played in a round robin doubles tournament. A barbeque style lunch was served and a drawing for prizes was held. "The afternoon was a lot of fun. I enjoyed

way in to league play. As usual girls cruised through their comp tion and had an excellent sea Kristin Good was named Most V able Player with a record of 12-3. linda Wingert was named Most In rational and won the Coaches Aw too. All these girls show great po tial for next year's varsity team

1. Playing number one singles, Lisa Cimini, a senior, was a major factor in the girls successful season, according to coach Thersa Delaney. 2. Cheering on their team mates, Cara Grandolfo, Erin Kelly, Heather Knoll, and Kim Hall anxiously wait to play their next match. 3. Senior Lynne Hagan and her partner Kerrie Conter played excellent all season long. They proved to be a very consistent doubles team. 4. Playing on the junior varsity, Kristin Good, hits a crisp forehand ground stroke. 5. Always camera shy, Wendy Otta and Kathy Donahue take time out to say "nice match" to their opponents.

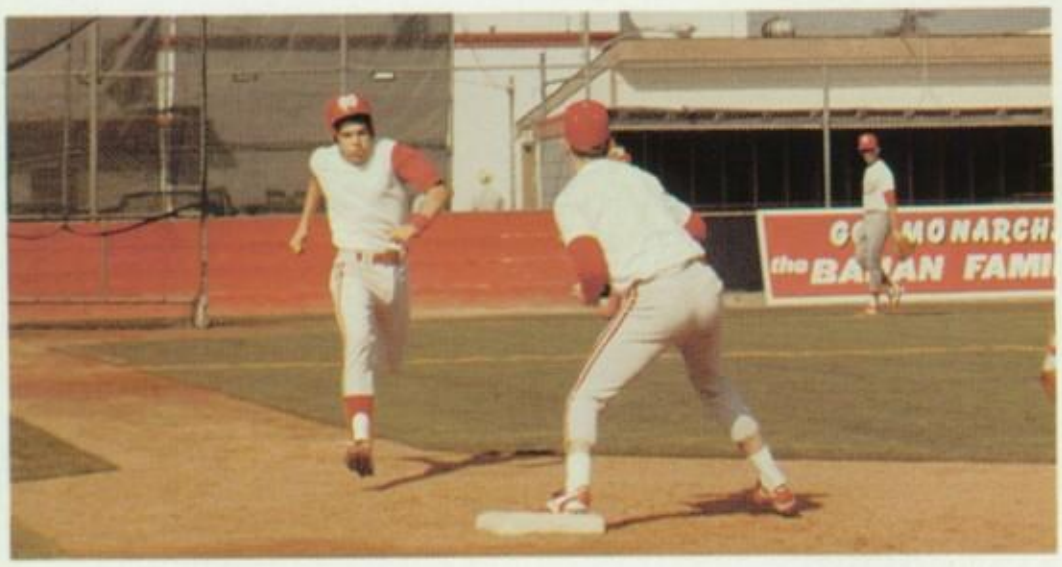
Fun Run? What's That?

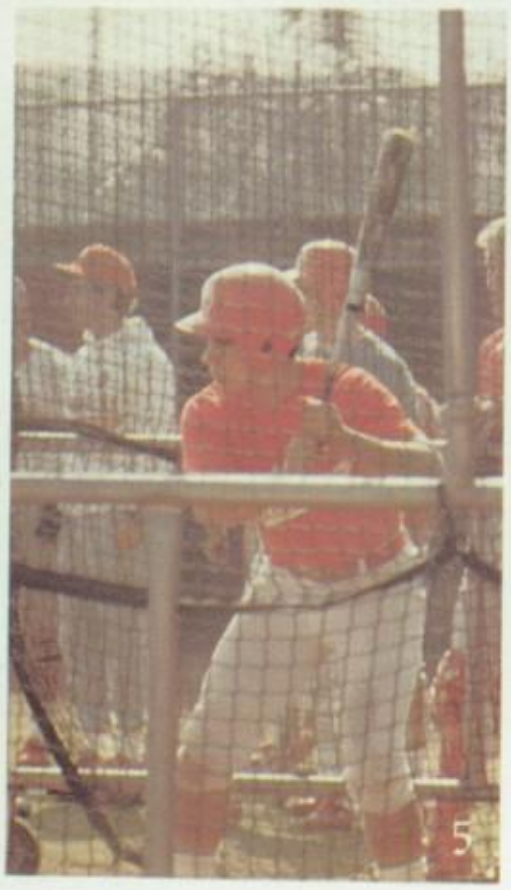
Fun Run? What's a fun run? It's when a group of friends get together and go jogging, right? Wrong! The Fun Run is unique. It's something completely different from anything known to man and it's the exclusive property of the daring young men with the courage to take up a bat and a glove and challenge the opposition.

Every team has some sort of party before the season starts, but the baseball team is different. The party they throw is affectionately called the Ickes Fun Run and this year it was held in the rolling hills of Tustin, at the house of team member Jason Gill. This run has been an annual event for the baseball team for the last four years and has developed into a preseason get-together of epic proportions. The run is in December over a course of four miles and the hills don't make the route any shorter. A person might ask why anyone in their right mind would want to do this. Well, there's free equipment to be won by the winners of the race, so there are one hundred participants, not all of who are students. Yes, there are some parents daring enough to go on this run, but the winners were all students. Jim Austin was first among the seniors and over all; Jason Gill was first among the juniors and second over all. Both Jim and Jason received gloves for their efforts. Prizes were given to others also like Jim Kelley, who won a jacket. The equipment given away was donated by Sporting Goods West and Orange Sporting Goods. After the race was over the team had hot dogs and played ping-pong and basketball. So the day was not quite as grueling as the players would have certain females think.

The purpose of the run is to promote team unity and the team captains will attest to that. The captains were Larry Sutton, Joe Ciccarella, and Jim Austin. Jason Gill was quoted as saying, "The run was hell, but the hot dogs and togetherness made up for it."

Joe Ciccarella and Jim Austin are good hitters but the strength of the team is the fielding. "Our hitting is above average but defense, particularly the outfield, is our strong point. It's a realistic pre-season expectation to be able to become CIF champs," said Coach Ickes.





1. Coach Ickes, calling everyone in, gets immediate results. Disciple is an essential quality on the Mater Dei baseball team. **2. Taking a moment** out of his busy schedule, Larry Sutton shows how to throw the ball. In the background, teammates warm-up before playing. **3. Keeping his eye** on the ball, Brian Keegen fields the hit. The short stop plays a key part in the defense. **4. Greg Shockey and** coach stop to pose for the camera. A good player-coach relationship is encouraged at Mater Dei. **5. Timing and good** judgement are important qualities in the batting lineup. This player wants to show everyone that he's got what it takes. **6. Calling a team** gathering, Coach Ikes reveals his expectations. The team this year is the best Mater Dei had since 1980.

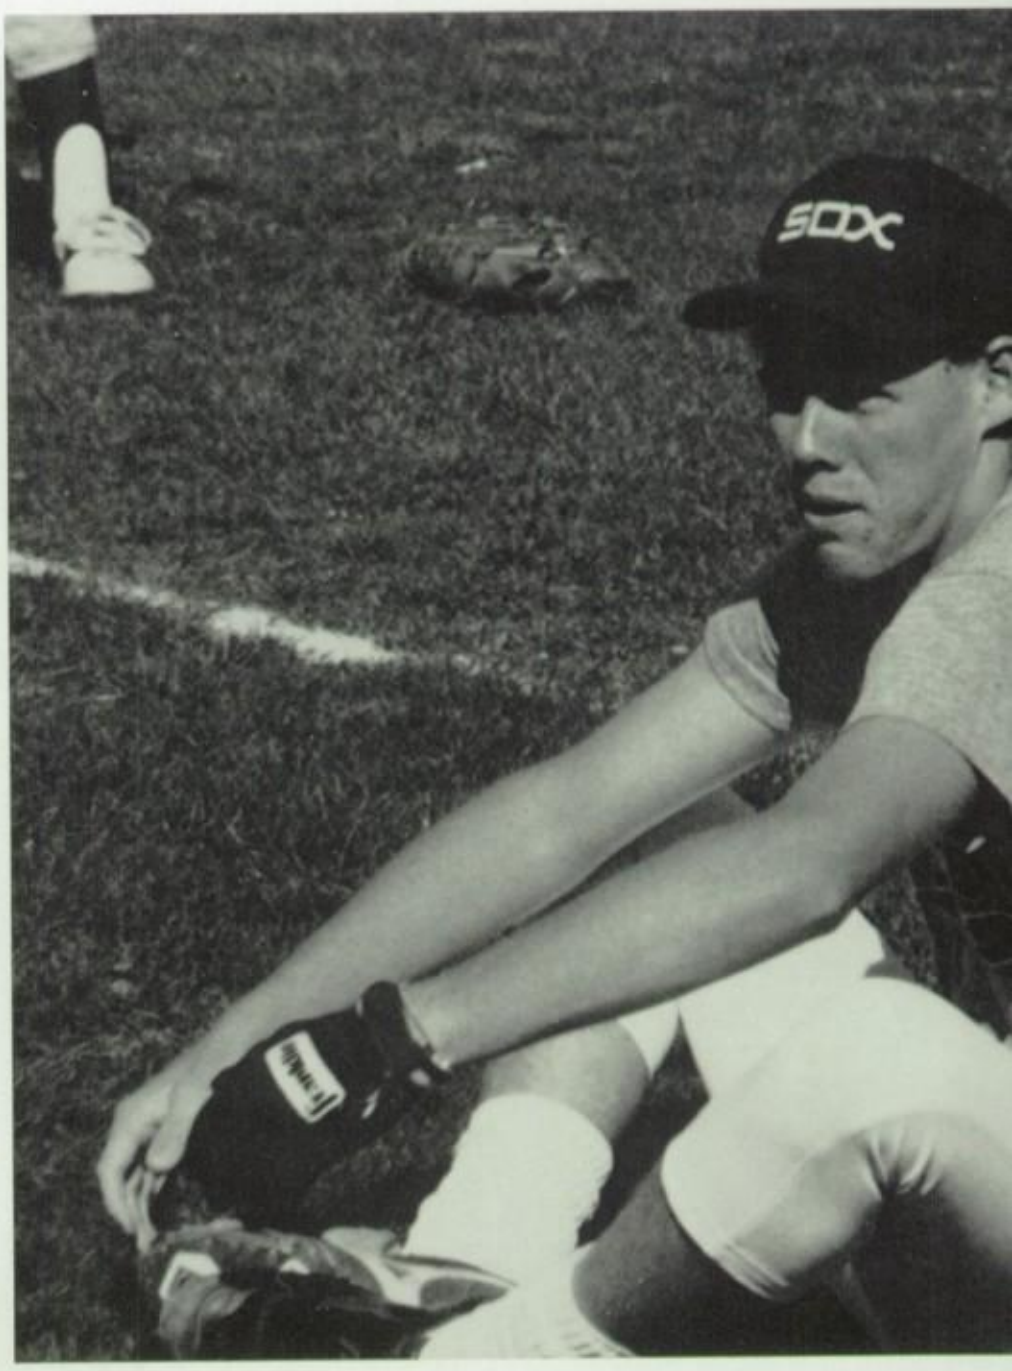
Beginnings Of Greatness

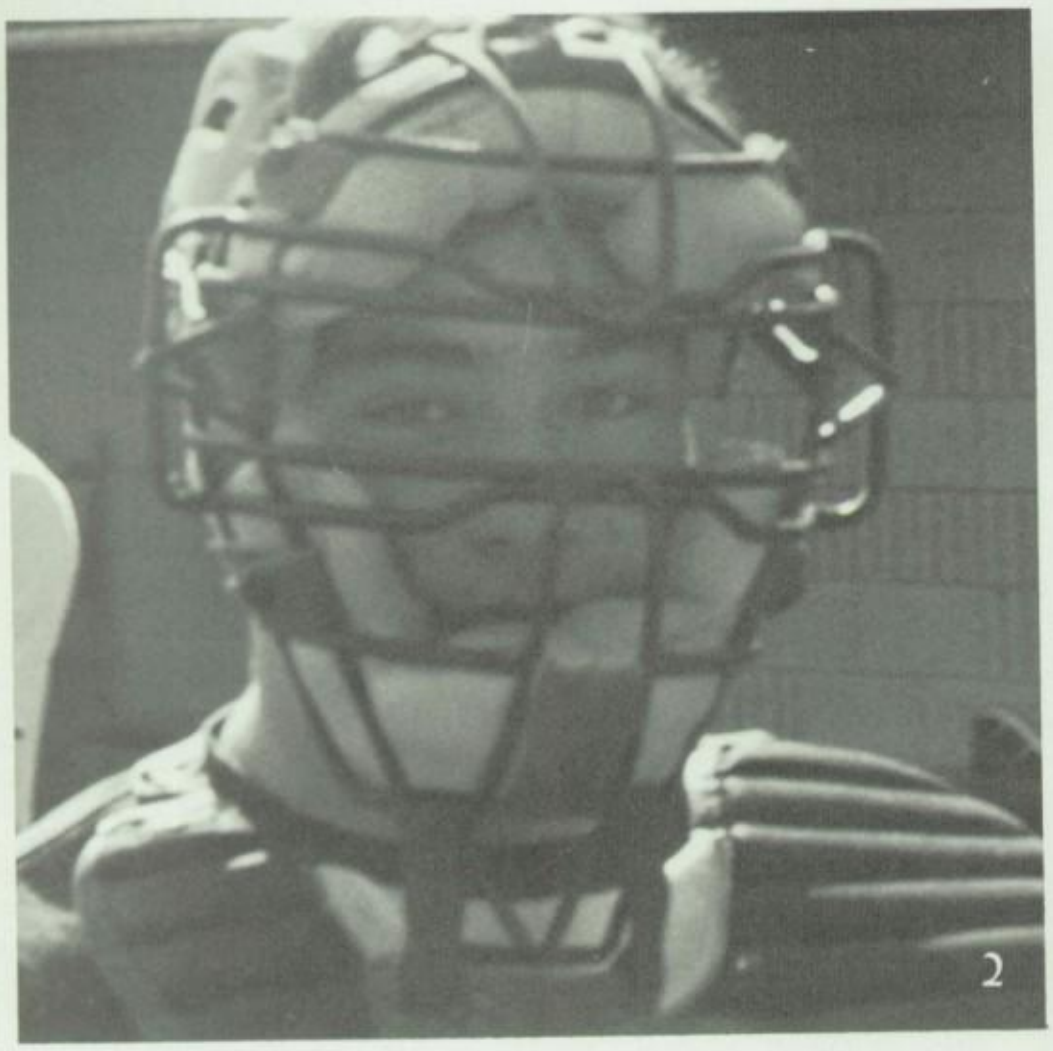
The Junior Varsity baseball team had an excellent combination of power and speed in the 1988 season. Strong players supported both the offense and the defense, leaving very few loopholes for failure. The J.V. team consists of juniors as well as sophomores, one of which is Doug DeJardin, the sophomore captain. He was a strong asset to defense, but also contributed to the offense by contacting at bat.

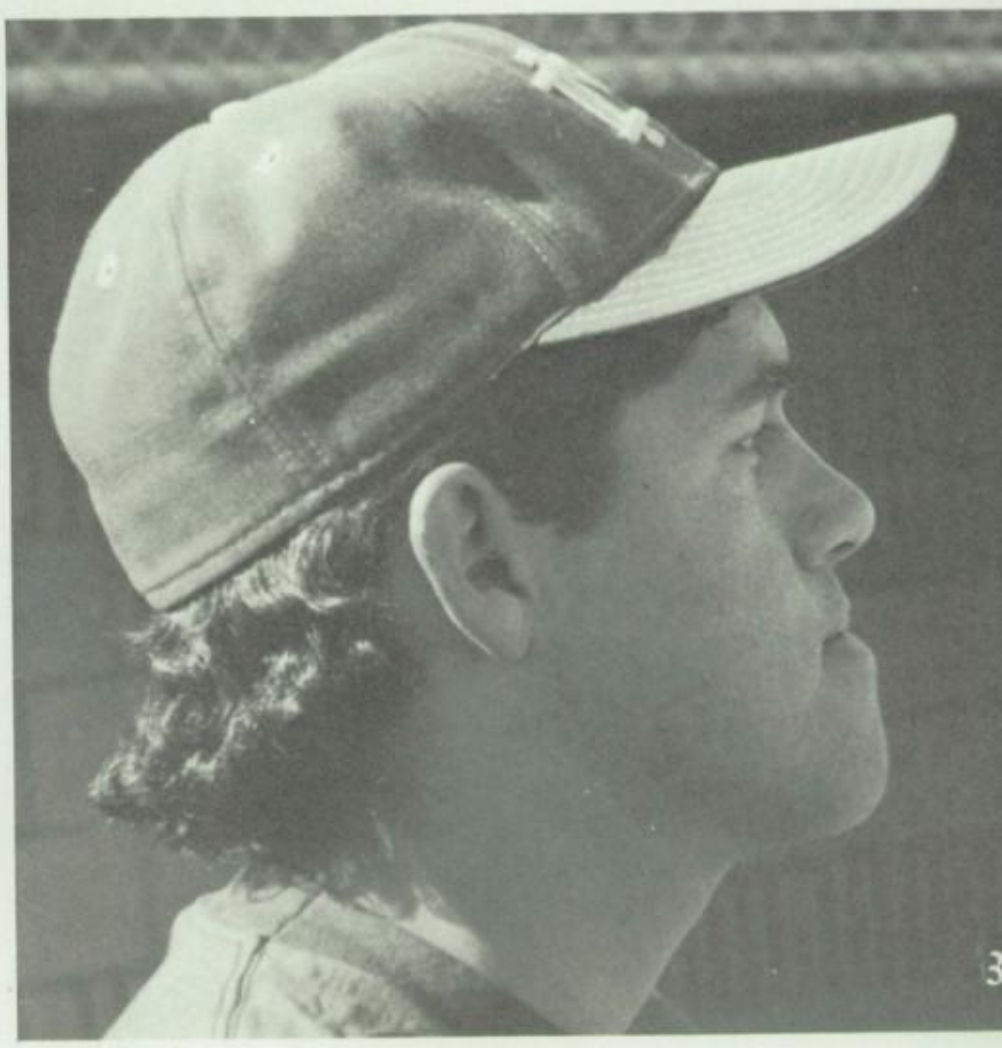
The outstanding sportsmanship and abilities of the J.V. team contributed to their successful season. A few standout members were: Aaron Briones in the outfield, with his power, he was a good contibutor to the offense; James Eidom on third base and covering short stop was said to be "able to do anything ..." Jason Dietrich was a sophomore and a good, young pitcher behind Tim Brambila and Jason Kierrer. Tim with his split finger fastball and Jason with his hard curve — Mater Dei had it all.

The J.V. team could be seen seventh period and after school practicing for their home and away games. For conditioning, they "Run — Run a *lot*!" They also used the batting cages to strengthen their hitting ability. Their coaches — Wayne Young, the head coach; Fred Gill, the assistant coach; and Frank Gentille, also a coach, could be seen giving their advice and guidance to make the team the best that they could be.

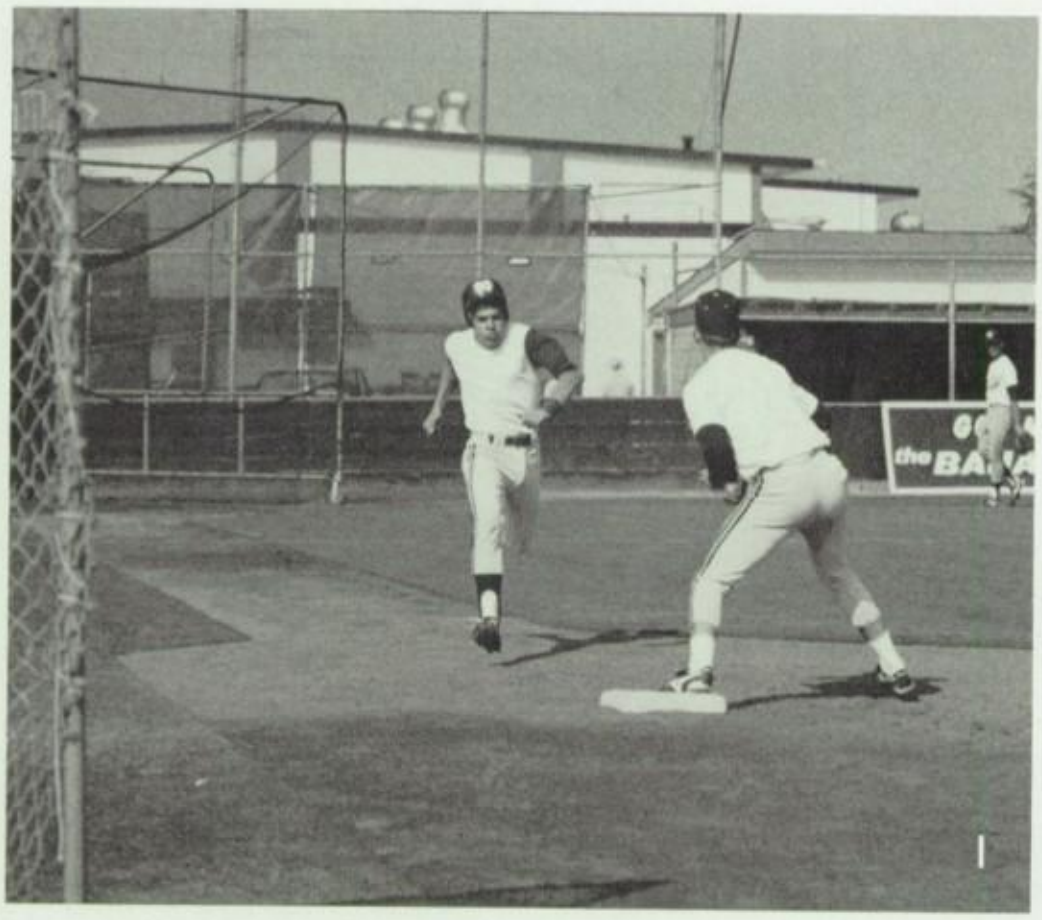
Their outlook on the season was positive. They worked as a team — not as individuals.







1. Jason Kirrer stretches before practice. All the teams take time out to stretch to ensure that no unneccesary injuries arise. 2. Frank Setara, sporting the gear of his position, poses for the camera. Because of the dangerous occurrences behind the plate, catchers are required to wear all this gear. 3. Tim Brambila looks on as he waits for his chance on the mound. He was a vital asset to the Mater Dei pitching staff.



1. **Ryan Anderson** gives it all he's got. He hustles down the line only to be thrown out by Robbie Ickes. 2. **Jason Gill runs** in after shagging balls. Jason proved throughout the year to be a clutch player. 3. **Brian Frankel** next to Coach Ickes, is ready to intercept any balls hit his way. Such readiness is typical of the Monarchs' brilliant defense.

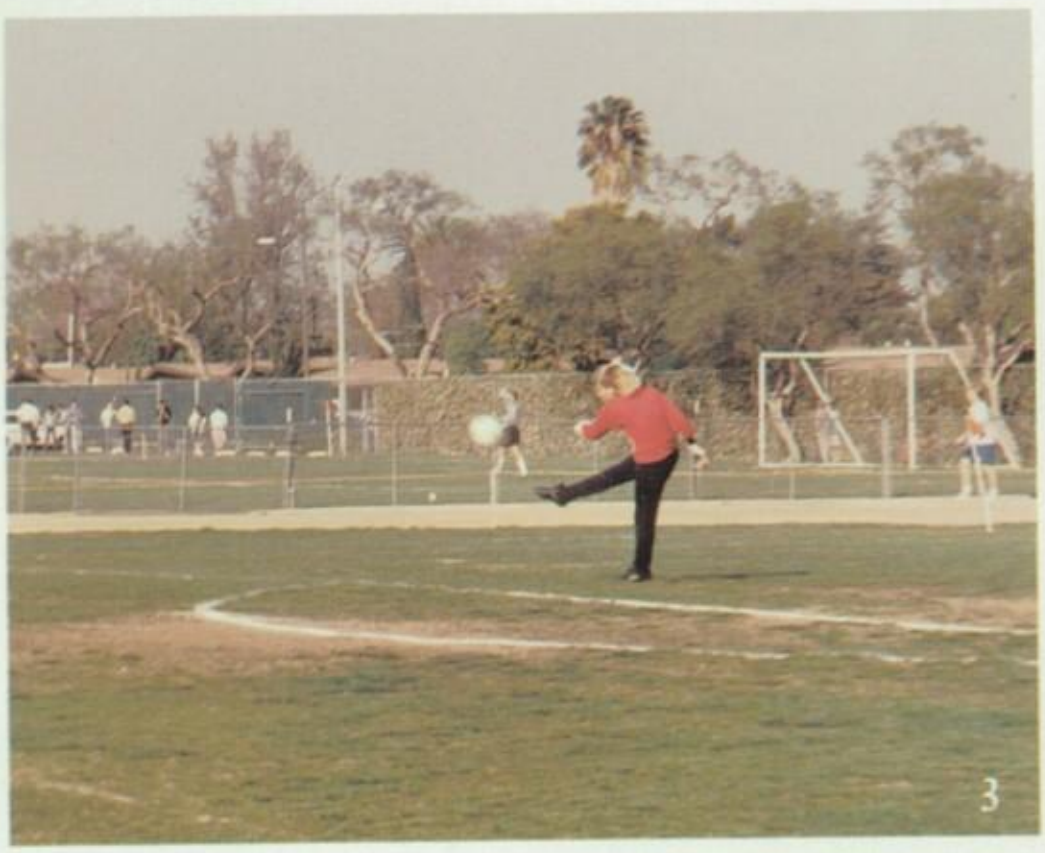
Alive And Kicking

One ball, compressed with nine pounds of air, is suddenly brought alive for eighty minutes. Being enslaved, it will do anything the Mater Dei girls varsity soccer team commands it to do, resulting in victory. This occurence was a common one with the girls varsity dominating their league with a 10-0 record to end the regular season. Their next challenge, the C.I.F. playoffs.

The success story behind the girls play is like so many others-teamwork. The strength of their defense, held together by Renada Sadunas, Claudine Moreno, and goalkeeper-Michelle Lodyga, has played a major factor. Michelle has clinched 14 shutouts this season. Stephanie Duran, midfielder, is responsible for controlling the tiempo of the game. Her tricky manuevers and excellant distribution of the ball allows the forward line to force the ball into their opponents net. Robyn Camarilli, the leading scorer, successfully pulled off a Hat-trick (three goals) in the first round of the C.I.F. playoffs.

The girls J.V., like the varsity, went through league undefeated with a record of 6-0. Their overall record was 13-3-3. Under the leadership of Amy Fritz and Jennifer Salinger the girls J.V. proved to be just as good, if not better, than any team that came along.

The girls proved their ability whenever on the field, beating teams by up to ten goals. A.J. West, the leading scorer on the team, accumlated 23 goals. Jennifer and Alison Salinger (sisters) both overwhelmed teams with their skills and were brought up to play on the varsity level for the C.I.F. playoffs.



1. Kari Marshall, swarmed by opponents, clears the ball out. Laura Spinner comes to help Kari out. 2. Mancy Huntington gives it her all. As a starter on varsity, she contributes greatly to the teams success. 3. Michelle Lodyga punts the ball away after making a great save in goal. She is one of the top female goalkeepers in C.I.F. 4. Tina Manfre sprints full speed in an attempt to get the ball. Her skills dazzled the opponents she faced.

1. Amy Sissung dribbles the ball straight up the field for a breakaway. Teammates follow shouting words of encouragement. **2. Controlling the ball,** Amy Sissung looks around for support. She was a key factor in distributing the ball around. **3. Theresa Palma sets** up the ball to take a corner kick. Corner kick plays designed by the coaches were crucial scoring opportunities. **4. Playing a one** touch game is Mater Dei's style. Debbie Lewis demonstrates this style of playing very well. **5. Carla Cichocki, taking** a breather from playing, poses for the camera. Kristen Snell watches the game intensily in the background.

Future Stars Are Kicking Up Dust

Soccer, a game of skill, endurance, and mental toughness, is a struggle between twenty-two players trying to win possession of the ball. The success of this struggle usually determines the outcome of the game. Judging from the teams final records, M.D. was victorious in most games.

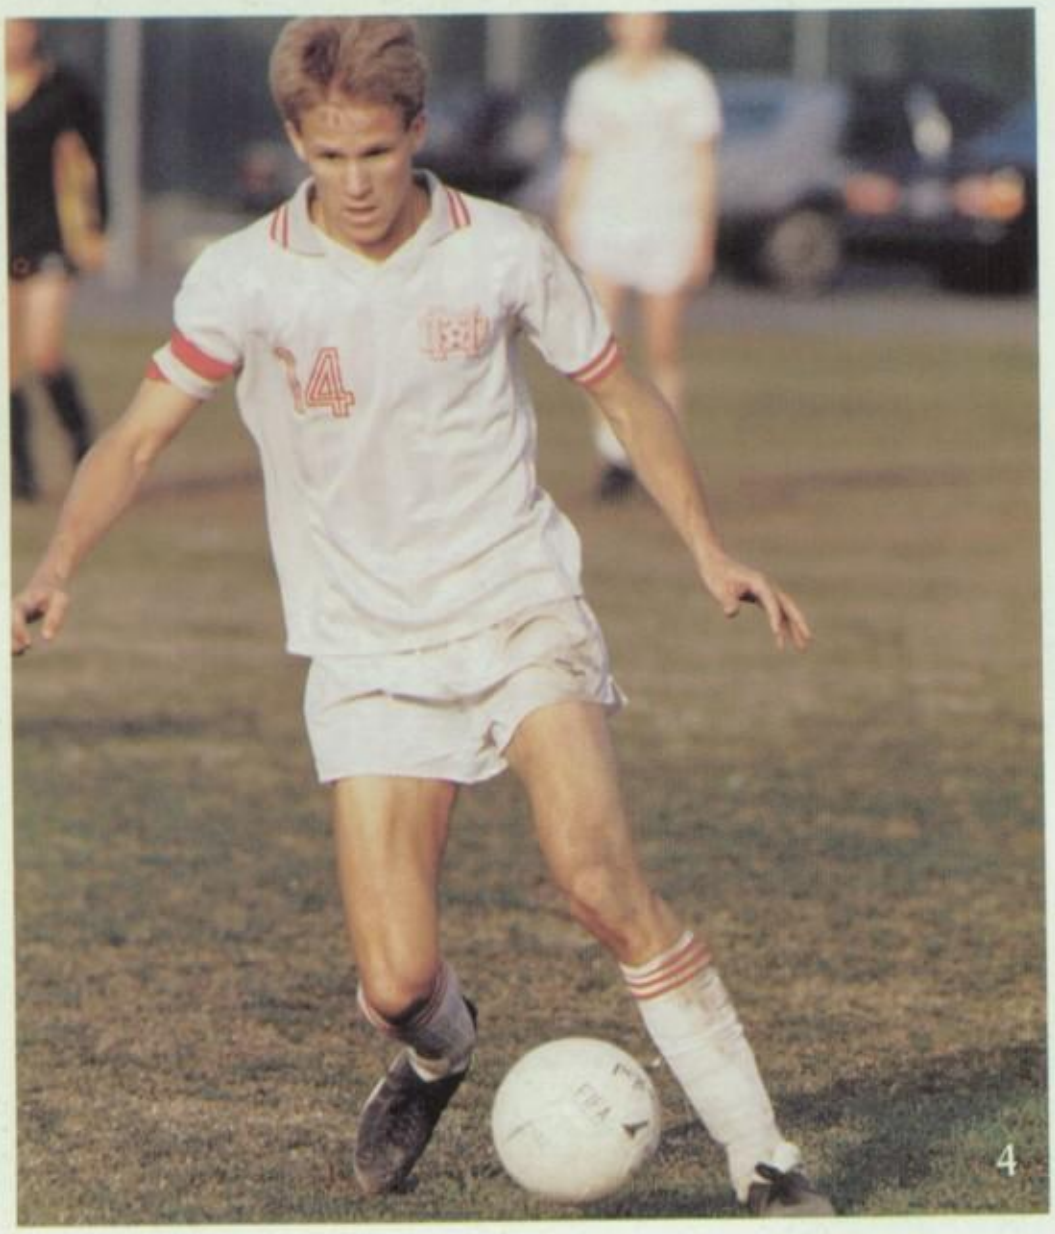
"A season filled with ups and downs is the only way to describe this years junior varsity," says Scott Buccola and Brian Oram. Led by captains Donald Ward and Dave Burke they completed their season 14-4-3. The leading scorer, Marty Williams, had ten goals. Donald Ward, the strength of the defense, enabled Chip Packard and Jim Kelly to pull off many shutouts this season.

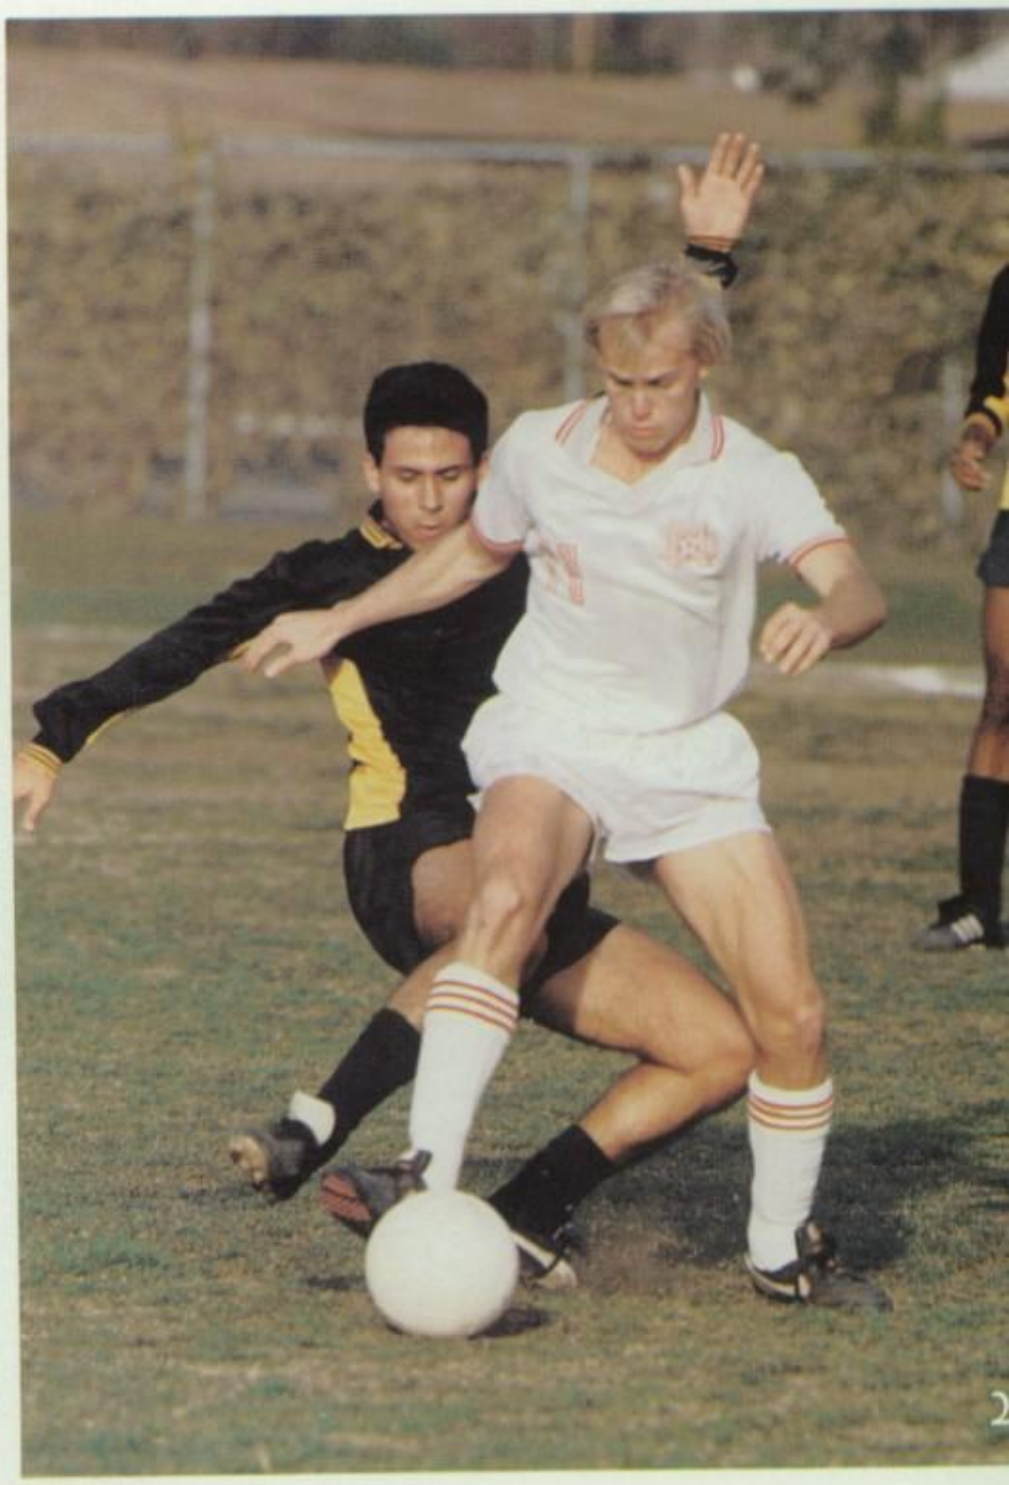
On the Frosh-Soph level, both the Scarlet and Silver coaches agree the teams were well divided. Gene West, coach of the Scarlet team, completed the season 14-4-2. The team started off slow, but came back to win the last ten games with a goal ratio of 36-2. Dan Schier and Mike Eimer totalled eleven shutouts. The leading scorer, Jim Cook, had seven goals.

On the Frosh-Soph Silver team, coached by Mike Jara, they completed their season 17-6-3. With a team composed of mainly freshman, coach Jara comments, "It was an excellent team with a lot of talent." The leading scorer was Louie Cevallos with ten goals. Ending the season with the Corona Del Mar tournament, the team placed second losing to a junior varsity team.

1. Coach West gives his team a chal
at half-time. All of his players listen
sily to his wisdom. 2. David Brady, t
the goal kick, sends the ball flyi
field. He was an important member
JV defense. 3. In an attempt to g
ball, Brian Cook accidentally push
opponent. Brian is known for his a
sive play.

1. The junior varsity soccer team. They finished league with a record of 4-1-3. 2. Scott Buccola was an important part of the JV's success. Playing in the midfield, he throws the ball to his teammates. 3. The Silver Frosh-Soph soccer team. Being a young team this year they did quite well. 4. Chris Olivieri, using his acrobatic abilities, flicks the ball to Brian Cook. Chris did an outstanding job'working the ball around. The Scarlet Frosh-Soph soccer team. Goals were scored by 17 out of 19 players.





1. **Controlling the ball,** Chris Mastropaolo looks for an open teammate. 2. **Sam George prepares** for an oncoming opponent. 3. **Scotty Gallegos sends** the ball up field to the forward line. 4. **Sean Sweeney demonstrates** the art of shielding a ball from an opponent. 5. **Paul Oldham, beating** the Bishop Montgomery defense, prepares to take a shot.

"Always #1"

Riddle me this: What team is mposed of seventeen players, all 1986-87 CIF coach, and went rough their entire season nked #1 in every poll taken?

swer: Is it not already obvis?

The Mater Dei Boy's Varsity ccer Team started the season th a goal, and that goal was to the best. To do this, hard work d team unity were essential. ach Curt Bauer, for the second ar in a row, decided to take the team up to the mountains in order to achieve this team unity. The isolation, "morning workouts," and cramped living space definitely worked, for they went on to play and defeat six of the top ten teams in CIF.

In the second round of the CIF play-offs, Damien had an upset victory over Mater Dei to knock the Monarchs eut of their expected CIF championship. Before losing, however, MD won the Damien tournament(beating Damien), took second in the South Bay tournament, was victorious in the MD-Servite Cup, and went through their season undefeated. With statistics such as: 14 shutouts, 91 goals scored, and only 18 goals allowed it is no wonder they finished their challenging seasen with an outstanding record of 24-2-2. Coach Bauer, retiring from his MD soccer coaching career, stated, "This year's team didn't have any weak spots. It is by far the most talented team I've ever seen around this area at the high school level."

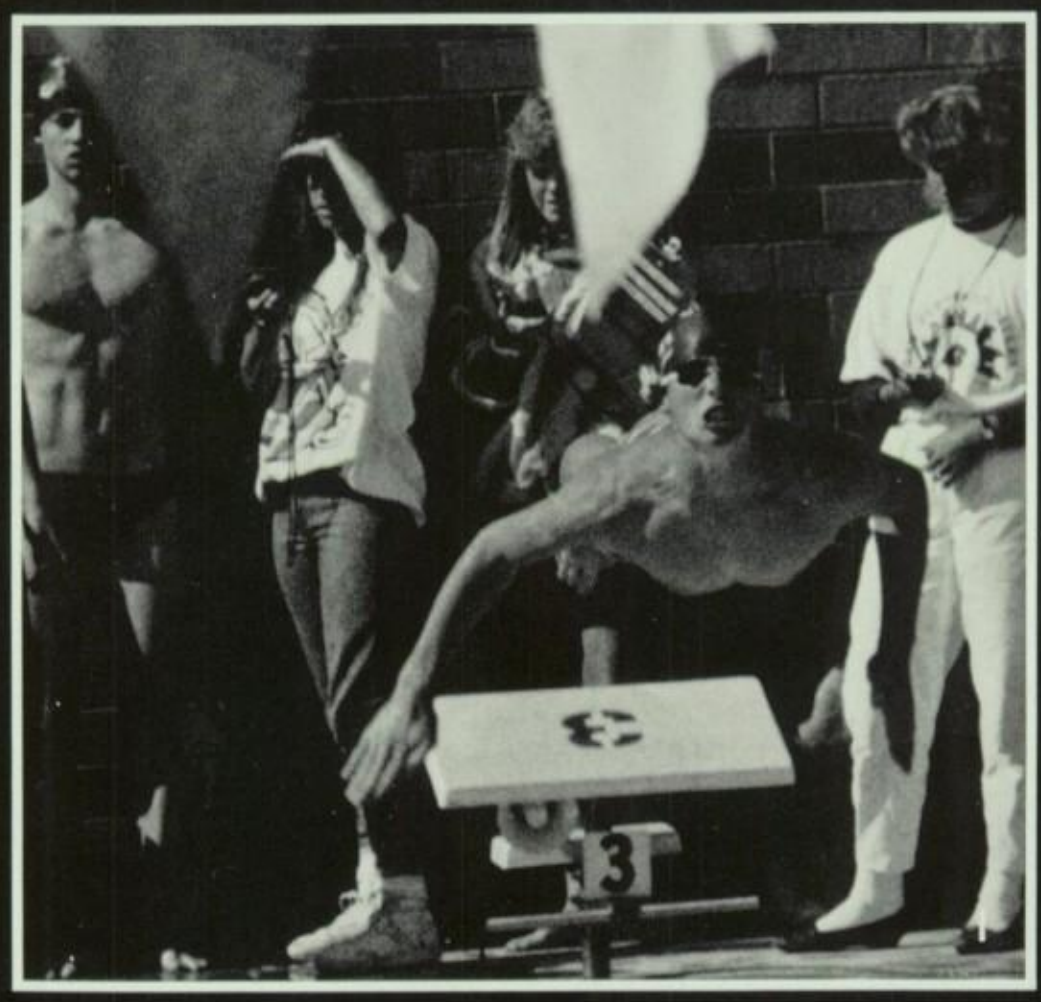
Monarchs Get Their Feet Wet

In spite of its youth as an athletic program at Mater Dei, the 1988 Mater Dei Swim Team has been very competitive against some of the best swim teams in Southern California. This success is mainly due to the inspiring coaching of Mr. Jim Robison.

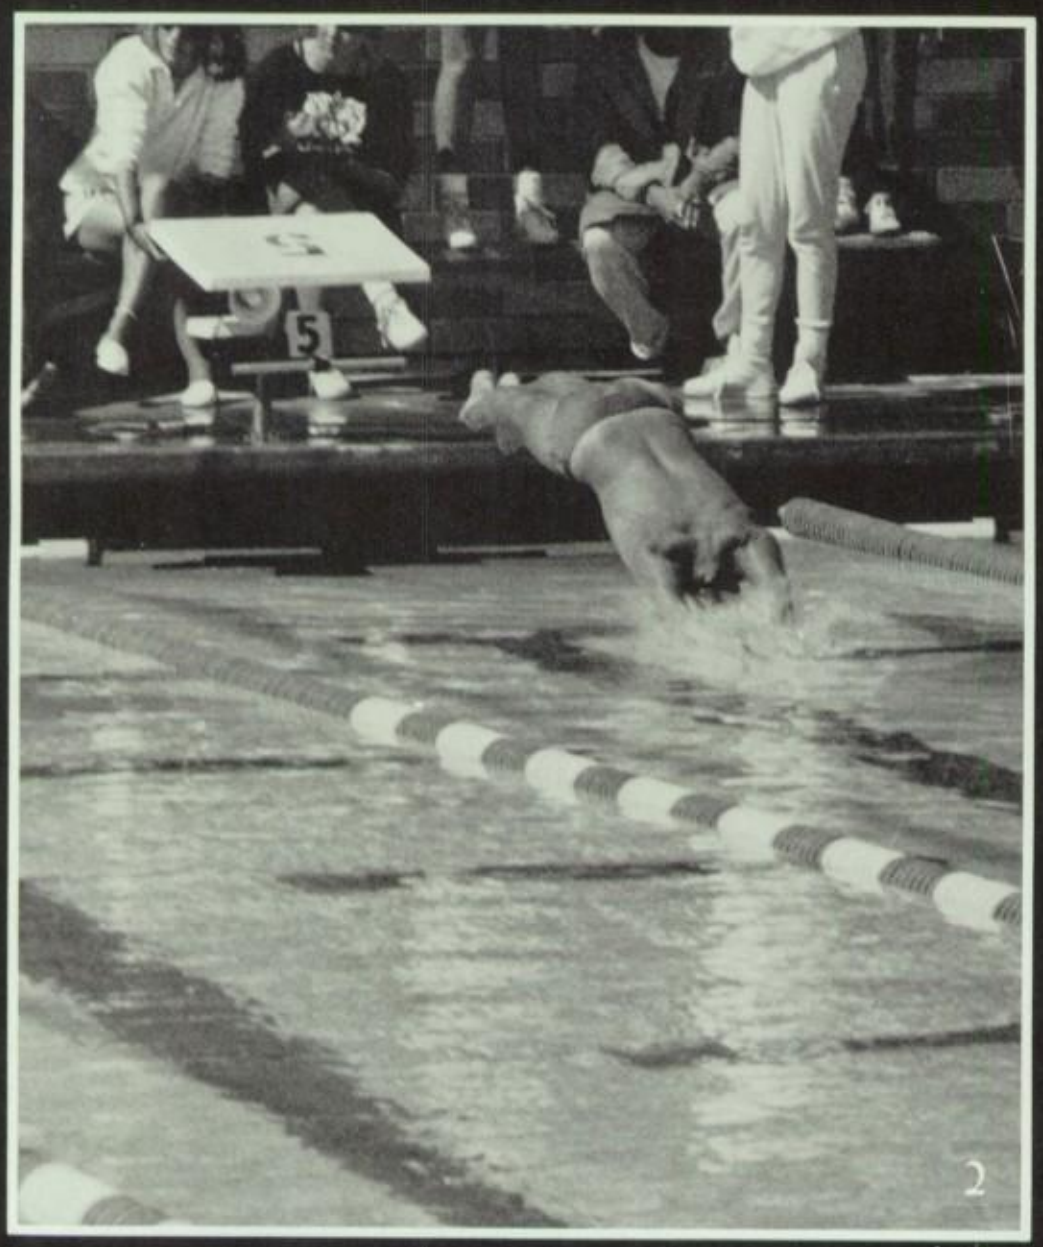
The girls' team excelled this year with almost all of its members qualifying for CIF. The Individual Medley Relay team of Peggy Burns, Erin Redfern, Lisa Dumbolton and Gayle Market placed fourth in CIF. Peggy Burns also finished 12th in the individual medley and 5th in the 100 backstroke. Ewa Zakrzewski placed 5th in the 200 freestyle and 3rd in the 500 freestyle. Sonia Steiner finished 7th in the 50 free and 4th in the 100 free. In addition, the 400 freestyle relay team finished 9th in CIF. Overall, the Girls Varsity Team finished in the San Fernando League and 3rd in CIF.

The boys are still a growing team. They had a 5th place finish in the San Fernando Valley League. The future of Mater Dei Boys' Swimming looks bright with Chris Mayer, only a sophomore, qualifying for CIF in the 500 Free.

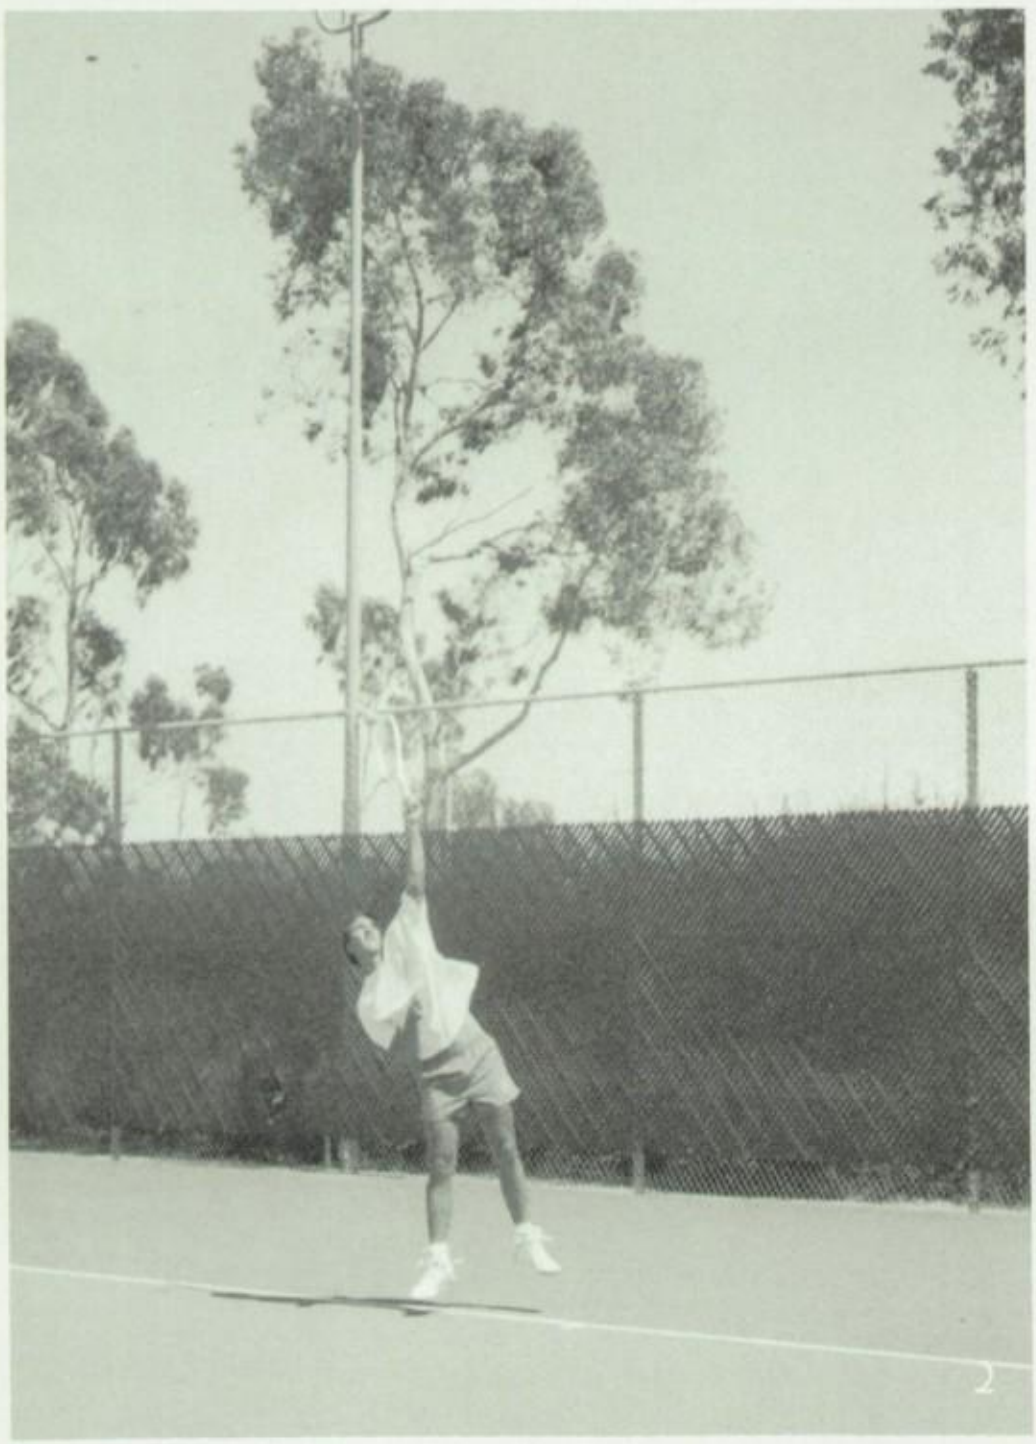
At the banquet, the Frosh-Soph Boys' and Girls' Most Improved Award went to Vilto and Rebecca Gurdis with Kathleen Keating and Frank Kennedy earning Most Improved Honors. The Coaches' Award went to Kelly Finerty and Kyle Winslow. The Varsity Coaches' Awards were captured by Julio Macedo and Peggy Burns. The swimmers voted most inspirational by their teammates were Jackie McCarthy and Marcus Garcia.



1. Charlie Wallace, one of the many up and coming champions, shows both good form and extraordinary effort in his 100 freestyle race at the San Fernando League Finals.



1. The Mater Dei Girls' and Boys' Swim Team 2. Mike Smith, a junior on the varsity team, performs a textbook entry on his way to a victory in the 200 freestyle. **3. Charlie Bush listens** intently to Peggy Burns give him some pointers on improving his stroke as Marcus Garcia joins in. **4. After a tough** meet, these Mater Dei Swimmers are ready to let off some steam.



1. The 1988 Mater Dei Boys' Tennis Team. 2. Dax Peterson, number one singles player, reaches to hit an ace. 3. Tony Awadallah, a senior, poses for the camera while switching sides in a very important league match.

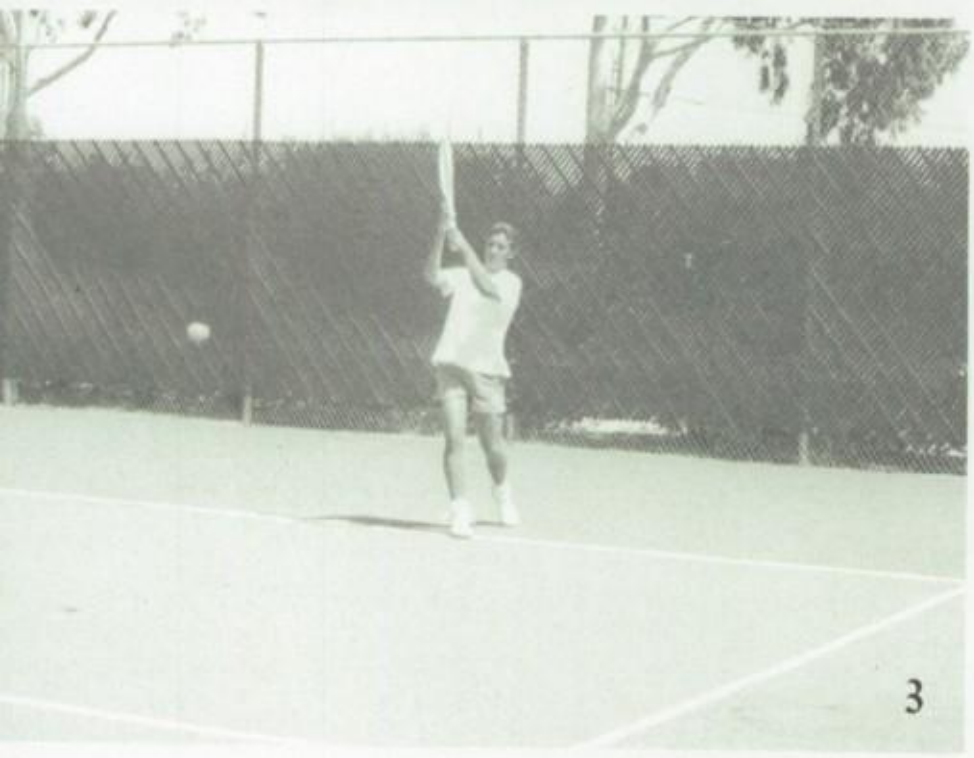
Boys' Tennis Aces Season

The 1988 Boys' Tennis Team vas a combined team of var- ity and junior varsity players. laying number one singles vas Dax Peterson, a consis- ent leader of the team. lumber two singles was ason Harnett, another strong layer. Placing third in singles vas Ken Rollen. The doubles eams were a major part of he team's success. Repre- enting the number one spot doubles was the team of eff Giltiana and Adam Willet. acing second were Tony wadallah and Matt Sinacori. Finally, the third place team was Kevin Larson and Anthony Wong.

This year's team had a smashing season with an Angelus League record of 9-3, second in League. The team also got to the second round of CIF.

A first-time coach, Coach Andres directed the team. Having a new moderator was a bit difficult for the team initially; however, with coach and team working together for a common goal of victory, the team achieved its potential.

Dax Peterson qualified for CIF individuals and the quarter finals before losing to a player ranked in the top 8 in California. Peterson was also the most valuable player, along with team captain Jason Harnett. The most improved player was Doug Bettencourt. Next year's team should prove just as strong, with only two seniors leaving.



1. Kevin Larsen and Dax Peterson at a home match, discussing their next matches. **2. Senior Tony Awadallah** pounds a line drive forehand down the line. **3. Junior, Dax Peterson** was voted the Most Valuable of the 1988 Boys' Tennis team.

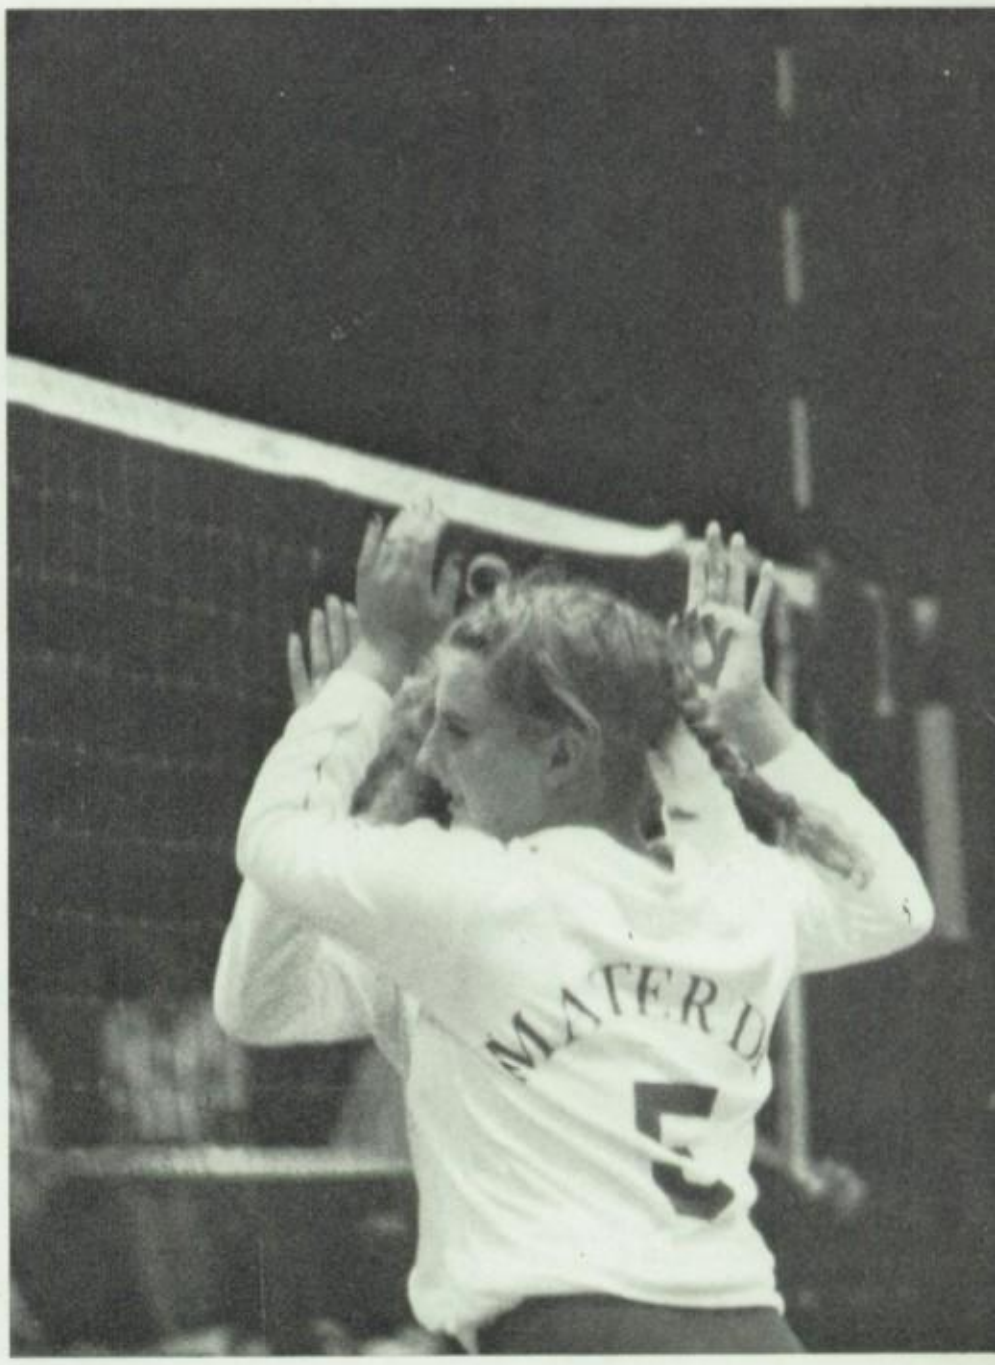
Setting For Victory

Volleyball. To everyone else it may seem like the most feminine sport . . . and the easiest. But ask any of the Mater Dei Girls' Varsity Volleyball players just how easy it really is and you'll hear another story. From the beginning of the season to the end, the coaches and the girls have worked hard, with many hours of practice to perfect their techniques. Their long hours most assuredly paid off. Ending the season with an overall record of 12 and 4, a league record of 8 and 2 placing them as Angelus League Champs, and making it to the third round of CIF playoffs, the coaches and the girls definitely have something to be proud of.

The girls are coached by Barbera Zamora and Assistant Brenda Yeche. When asked on how she felt the team was doing, Coach Zamora had no hesitation in expressing her pleasure of the team's performance. "They're all really great this year. I've felt no hesitation at all in using any of the girls. It's sad because we will be losing five good players, but I know next year will be just as good because I see a lot of promise in many of the new girls."

This year awards went to Joli Eberhart and Nicole Smith, who made First Team All-Angelus League, Wendy Dumbolton made Second Team All Angelus League and Carla Dispalatro, who was most inspirational. Carla badly injured her knee early in the season and was unable to play in the remaining games, nevertheless she came to every game and sat with the teammates on the bench to lend moral support.

The spirit and pride of the Mater Dei Monarch has forever been carried upon the shoulders of its athletes since M.D. has first opened its doors. This year's Girls' Varsity Volleyball Team is no exception. It wasn't just the coaches that made the team and it wasn't just the players . . . it was a combination of both, the team, that has once again put M.D. in the spotlight.



Junior Varsity	Freshmen
Tamara Arboit	Michelle Boehle
Joy Coston	Patty Braendle
Tricia James	Stephanie Drass
Brenda Joyce	Cristin Flathers
Lori Klinkhammer	Rosemarie Imbriano
LeeAnn Moeller	Suzanne Madrigal
Melissa McDonald	Sheila Manio
Monica Pinedo	Nicole Simms
Celeste Rivera	Heidi Timmons
Sharon Topf	Cindy Villalobos
Cary Vande Zande	
Zsu Zsi Burdhalter	

Undefeated!

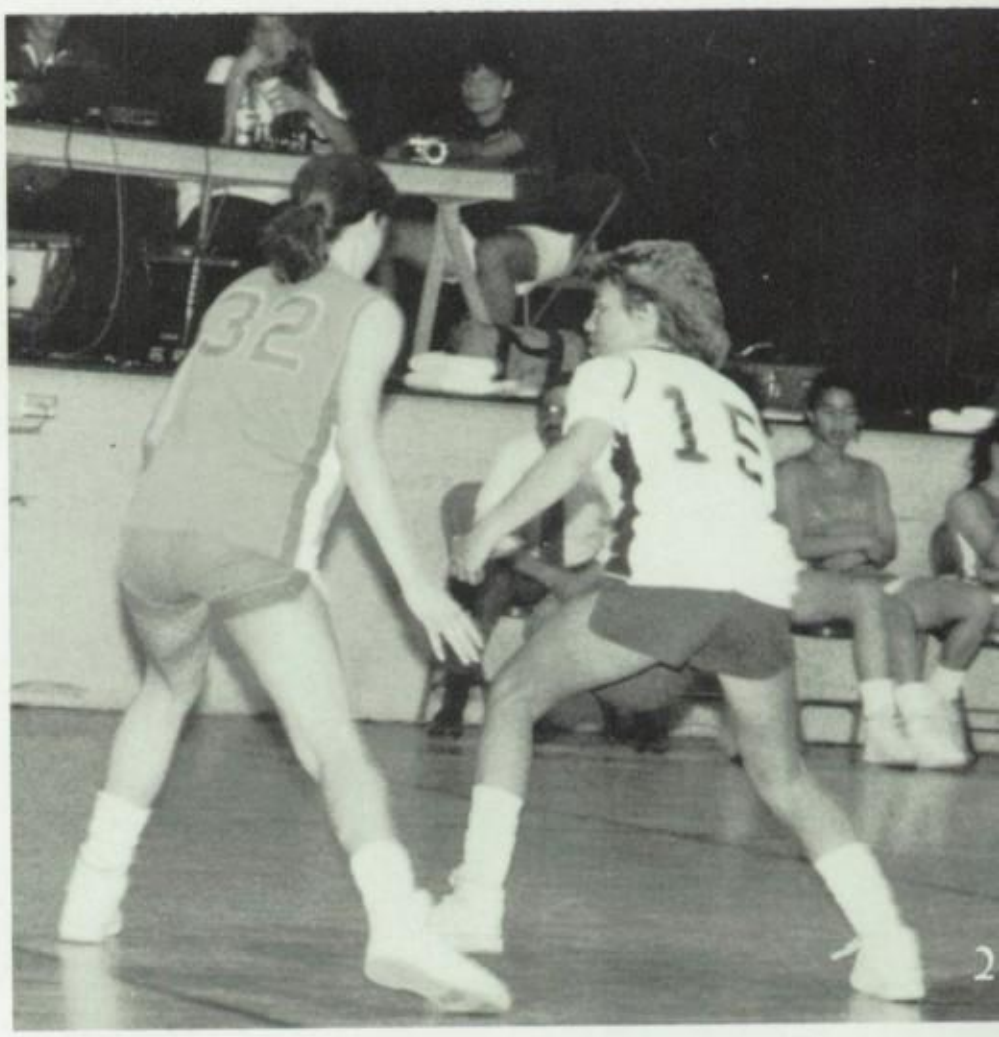
Both Junior Varsity basketball teams were especially strong and talented this year. Their domination shows in the J.V.'s undefeated record of 10-0, and in the Frosh record of 8-0.

According to Coach Kathleen Strass, the Junior Varsity's biggest assets were their fast inside breaks to the basket and their zone press. Lead players such as Lee Ann Moeller and Tammy Arboit, made these plays successful. Lee Ann's ability to handle pressure and her consistent scoring often helped shift the advantage to the Monarchs. Freshmen players Zsu Zsi Burkhalder, Celeste Rivera, and Melissa McDonald brought new talent and spirit to the team. During the season they gained valuable experience of both competition and team support.

The Freshmen team also had an incredible undefeated season, despite the fact that it was their first year together as a single team. The players ability to adjust to new situations quickly and without panic was largely responsible for their victories. According to coach Tom Riel, "The team had a really strong man to man offense". He also says that the girls ability to change and adjust to new offenses was probably the teams greatest asset.

The Freshmen also had a few very strong leaders. This year's M.V.P., Rose Embryano, led the team in both scoring and rebounding. Michelle Bailey, who improved throughout the season, was a natural defensive leader, and quickly picked up many offensive abilities.

Altogether, the J.V. teams had a very successful and exciting year. Their talent and newly gained experience should prove to make even stronger teams for next year.



1. Celeste Rivers locates the basket and positions herself for an inside shot. 2. LeeA Moeller dribbles aggressively past her opponent. 3. Coach Kathleen Strass gives Monarchs a few pointers at a time-out. 4. Brenda Joyce shoots to gain an ex freethrow point.

1. The 1987-88 Mater Dei student trai
ers. A well rounded group of gals. 2. Ly
Ingram, the backbone of the trainer pr
gram. As usual she is hard at work.
Senior trainers instructs younger traine
about different situations. Most girls
through the program all four years.
Trainer Andrea Pescarolo tapes a tra
athletes ankle. Her expertise is w
known.

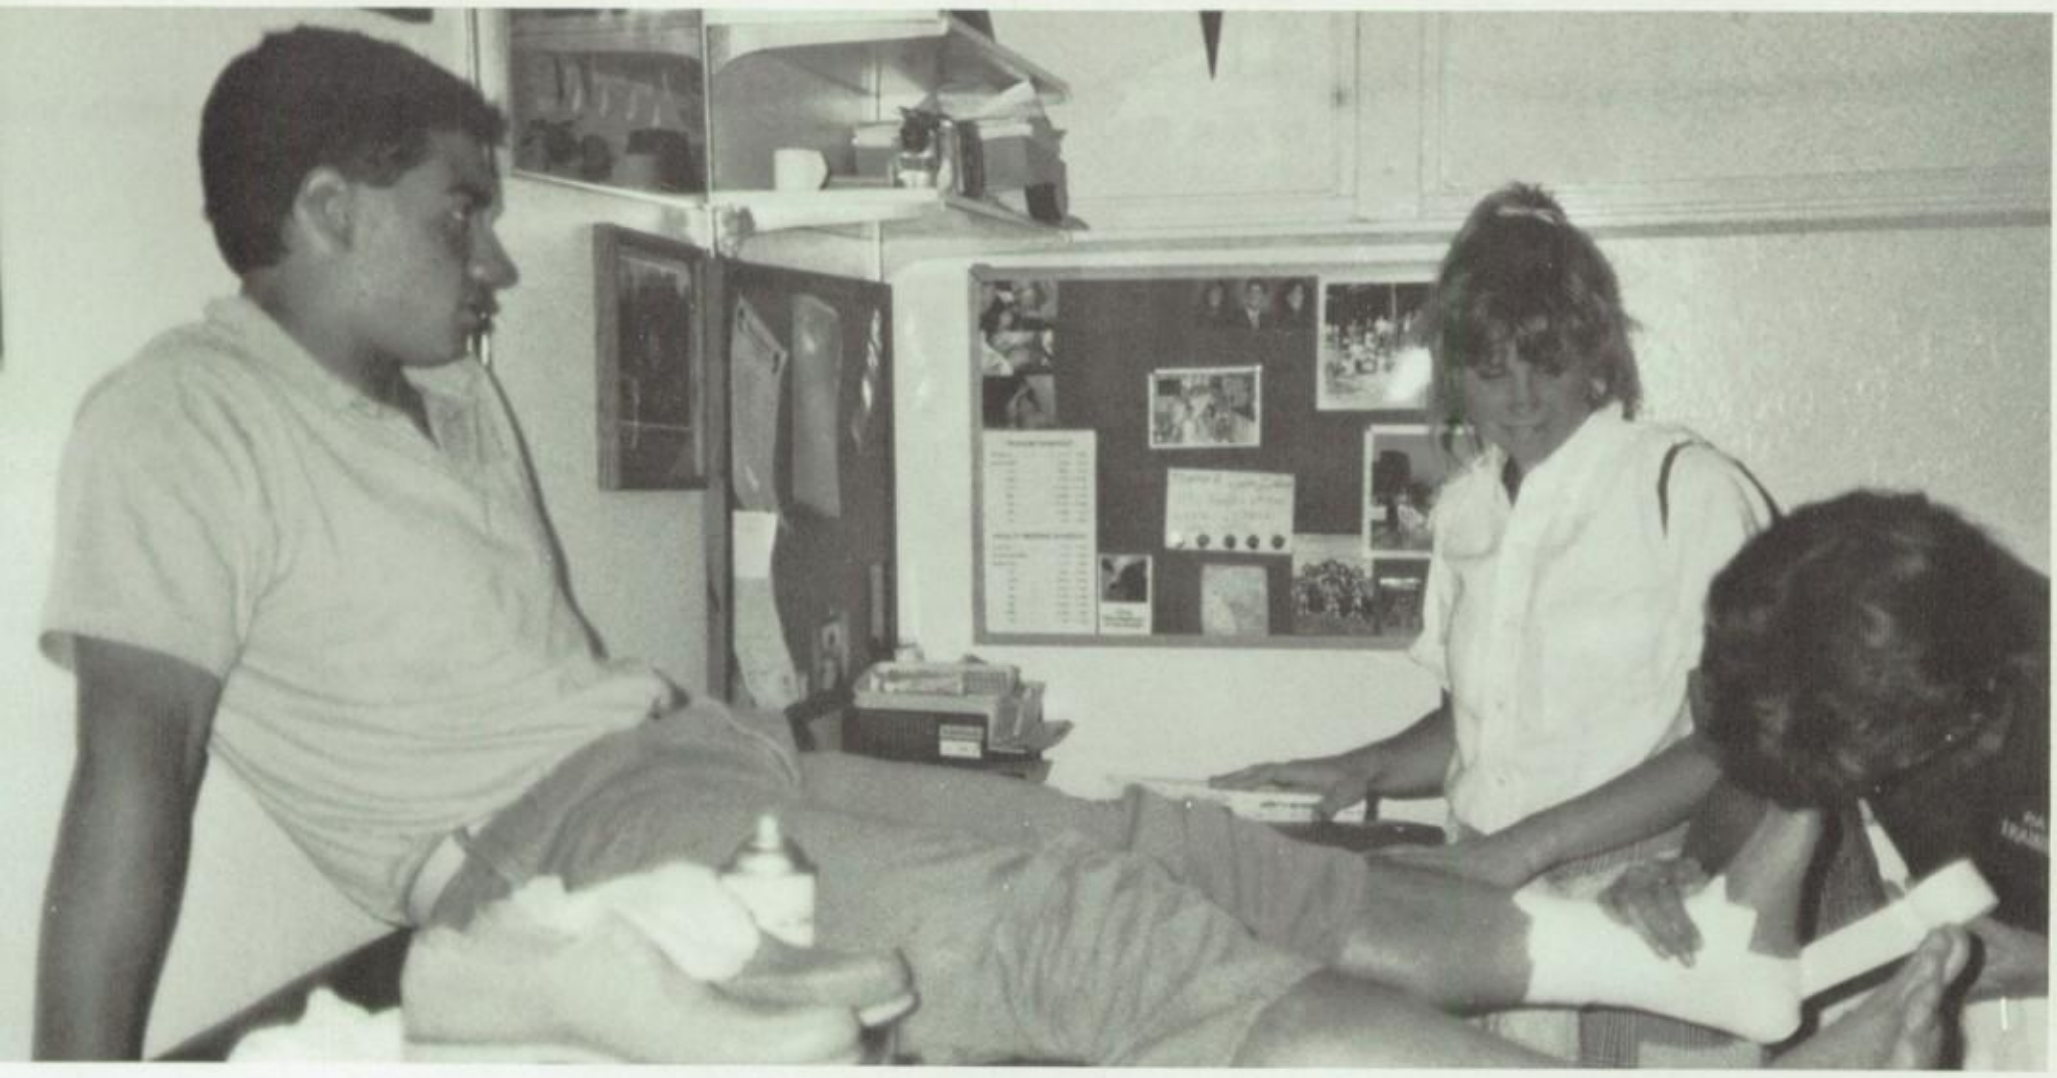
Trainers In Action

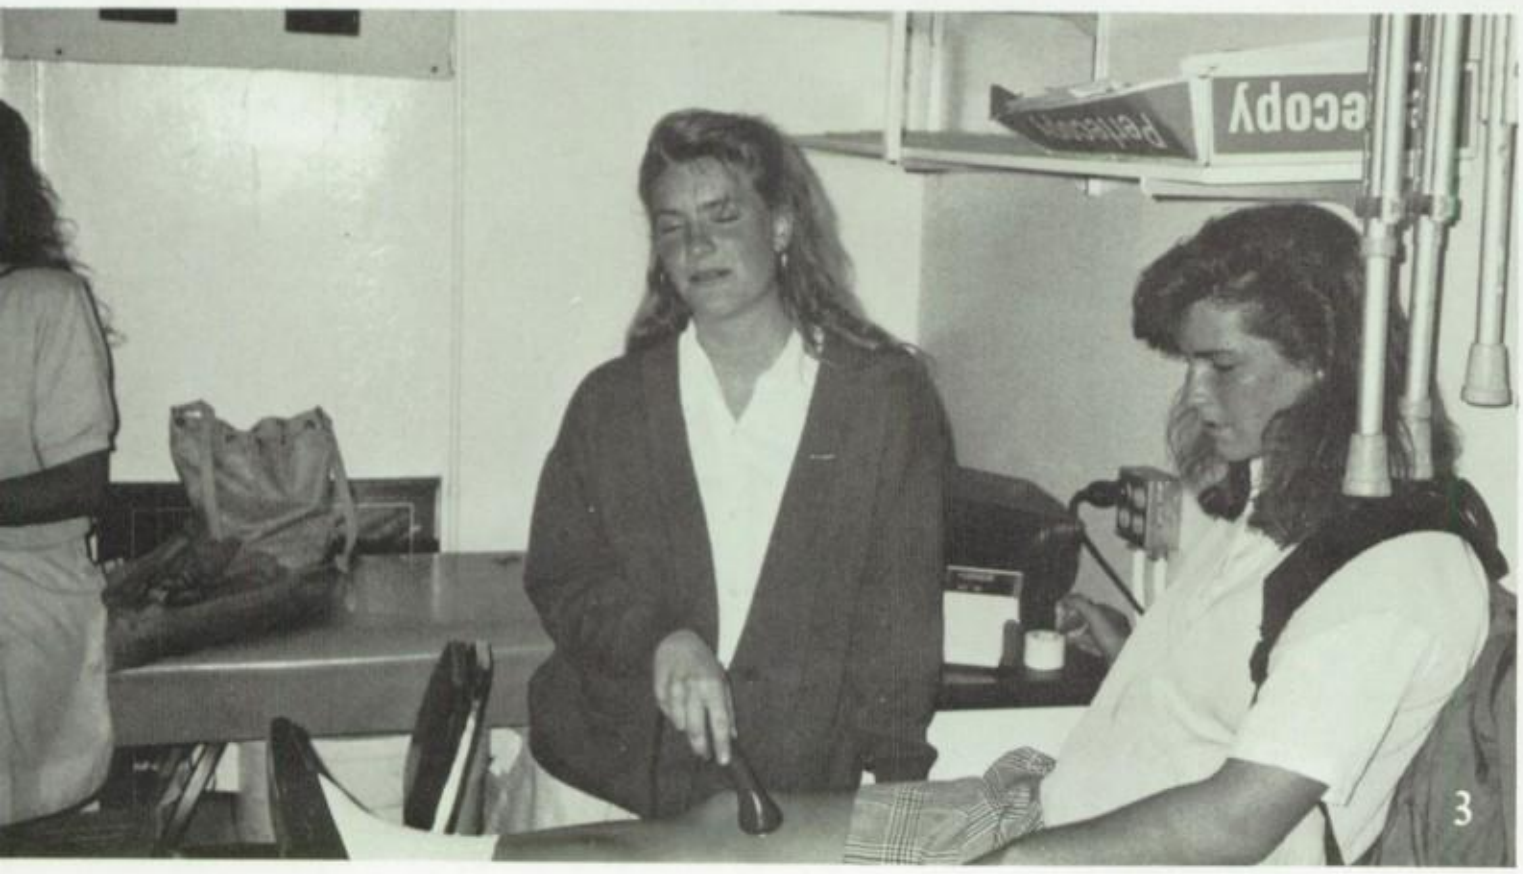
At Mater Dei, the athletic trainers play a small, but vital role in the athletic programs and activities. They do everything from taping ankles, knees, elbows, and wrists, to performing ultra sound therapy. They are also at every football game giving their support, both physically and emotionally.

There was a select group of gals this 1987-1988 season. They included: Olivia Araiza, Kathleen Keating, Jen Barry, Mary Groetegood, Laura Eggleston, Sue Eggleston, Julie Reed, Andrea Pescarolo, and Natalie Sandino, Though many of them, they always had their work cut out for them. Some of their jobs included taping limbs and body parts before games and practices, delivering ultra sound treatments, and applying certain ointments and creams to the bodies of players, during all athletic seasons.

As these student trainers worked closely throughout the year they could not help but build strong bonds of friendship with one another. They also became acquainted with many of the athletes of various sports. As Laura Eggleston, junior, put it, "Monarch Football is a real experience and I am gald to have had the chance to be a part of it."

And lets not forget Lynn Ingram. She is in charge of the training program. She trains the trainers and supervises their many activities. Lynn is the backbone of the entire program. Well liked by everyone, Lynn Ingram is always full of vibrant energy and never-ending patience. Putting all these hard working, dedicated people together and you come out with the Mater Dei Athletic Trainers.





1. Lynn Ingram demonstrates her taping abilities. A young trainee eagerly looks on. 2. The Mater Dei Athletic Trainers are a diverse group of young ladies. They pose here for a lighthearted shot. 3. Laura Eggleston performs ultrasound on a track athlete. 4. Two trainers demonstrate a carry often used to help athletes off the field. They often have fun practicing.

You have made it through some of the hardest, most challenging years of your life and we are so proud of you that we are unable to express it in words. All we can say is that we love you dearly and may you make the wisest choices in your future years and your goals and dreams come true. Congratulations on everything, you're a winner, and don't forget to smile big and show those straight, white teeth of yours!! May God bless and guide you always. Love and care,

Thanks To . . .

- the administration, and especially Mrs. Dominguez, for their support and encouragement
- everyone at Jostens who have helped us every step of the way, through out trials and tribulations, our successes and failures, and just the everyday stresses involved in creating this yearbook.
- Buss Ponce who helped us in the especially stressful moments and checked our progress so as to keep us from falling behind.
- Mrs. Tanya Dhuyvetter for her moral leadership, eventemperedness, for teaching us everything we know, and especially for her extra effort above and beyond the call of duty in the hectic final moments.
- Miss Wagner, for her help with Crown '88. We wish her a happy future!
- the staff, for their hard work, single-mindedness, perseverance, and for their rich and colorful personalities that have made this long year a very pleasant and sociable one.
- the editors, for their work and constructive criticism.
- anyone not mentioned above who might have been missed, thank you.
